THE UNIVERSITY

MESSAGE FROM OUR PRESIDENT

Our nation and our world are faced with tremendous challenges—challenges that sometimes can seem insurmountable. But know this: the plans of God will not be thwarted! God is doing remarkable things through those who desire to serve Him.

This is why I founded Regent University—to provide you with a place to sharpen your skills and prepare you to help transform the world through Christian leadership.

Regent University is an academic environment where Christian leaders are taught to discern and respond to the times. And through the years we have created a university that is a leading center for thought and action. Our graduates are servant leaders who are providing godly solutions to many of the challenges we face as a society.

If there were ever a time to get involved in a worthy cause, this is that time. Regent University exists for such a time as this. America—and the world—need Christian leadership, and you may be one of those leaders.

I invite you to seize this opportunity. Be a part of what God is doing in these dramatic days. Cooperate with God and become a leader to your generation. And know that we at Regent University stand ready to assist you in fulfilling your academic and professional goals.

Dr. M. G. “Pat” Robertson
President and Chancellor

MISSION STATEMENT

Preamble

Regent University is an institution of higher learning that exists to bring glory to God the Father and His Son Jesus Christ through the work of the Holy Spirit.

Mission

Our mission is to serve as a leading center of Christian thought and action providing an excellent education from a biblical perspective and global context in pivotal professions to equip Christian leaders to change the world.

Vision

Our vision, through our graduates and scholarly activities, is to provide Christian leadership in transforming society by affirming and teaching principles of truth, justice and love as described in the Holy Scriptures, embodied in the person of Jesus Christ and enabled through the power of the Holy Spirit. *Soli Deo Gloria.*

PHILOSOPHY OF EDUCATION

Regent University is a Christ-centered institution. The Board of Trustees, as well as the faculty and staff of the university, is committed to an evangelical interpretation and application of the Christian faith. The campus community is closely identified with the present-day renewal movement, which emphasizes the gifts, fruits, and ministries of the Holy Spirit.

It is expected that our students will both understand and agree to receive an education in accordance with the following articles:

- That the Holy Bible is the inspired, infallible and authoritative source of Christian doctrine and precept.
- That there is one God, eternally existent in three persons: Father, Son and Holy Spirit.
- That man was created in the image of God but as a result of sin is lost and powerless to save himself.
- That the only hope for man is to believe on the Lord Jesus Christ, the virgin-born Son of God, who died to take upon Himself the punishment for the sin of mankind, and who rose from the dead, so that by receiving Him as Savior and Lord, man is redeemed by His blood.
- That Jesus Christ will personally return to earth in power and glory.
- That the Holy Spirit indwells those who receive Christ for the purpose of enabling them to live righteous and holy lives.
- That the Church is the Body of Christ and is comprised of all those who, through belief in Christ, have been spiritually regenerated by the indwelling Holy Spirit. The mission of the church is worldwide evangelization and the nurturing and making disciples of Christians.

HISTORY OF THE UNIVERSITY

Dr. M. G. “Pat” Robertson, founder and president of the Christian Broadcasting Network (CBN), had an inspired vision of establishing a graduate-level institution that would train mature men and women for the challenge of representing Christ in their professions. In 1977, that vision materialized when CBN University was incorporated as a nonprofit educational institution in Virginia Beach, Virginia. In the fall of 1978, 77 students began classes in modest, rented facilities.

By October 1989, CBN University had grown from a School of Communication and the Arts to seven professional schools with nearly 800 students. On January 1, 1990, in recognition of this growth, the Board of Trustees voted to change the name of CBN University to Regent University. A “regent” is one who represents a king in his absence. For us at Regent University, a regent is one who represents Christ, our Sovereign, in whatever sphere of life he or she may be called to serve Him.

The university has grown to some 4,000 students earning bachelors, masters, or doctoral degrees at our Virginia Beach Campus or online via the worldwide web.

STANDARD OF PERSONAL CONDUCT

Regent University encourages a close and edifying relationship between faculty and students, one that will deepen the spiritual growth of each and stimulate a vigorous intellectual life in the Regent community. In order to accomplish these aims, it is imperative that Regent University faculty, staff, and students conduct themselves in a Christ-like and professional manner and maintain an exemplary and involved lifestyle. Regular church and chapel attendance and participation in the activities of the Regent community and its founding organization are encouraged for students and expected for faculty and staff. In addition, the following expectations apply:

- Regent also forbids the use of alcohol, illicit drugs and tobacco on campus and prohibits the abuse of these substances by the Regent community. The Apostle Paul exhorted the body of Christ that, if they truly loved their fellow man, they would set aside their personal freedom by refraining from behavior that might be a stumbling block to their weaker brother. Regent University encourages members of the Regent community to exercise their personal responsibility and, guided by Paul's admonition, appropriately set aside their personal freedom and refrain from the use of alcohol, illicit drugs and tobacco. The full substance abuse policy is printed in the *Student Handbook*.
- Student discipline: Enrolled students are expected to conduct themselves in a manner consistent with the Honor Code and the Standard of Personal Conduct. Students shall be disciplined for actions that violate these policies which include, but are not limited to, academic dishonesty, theft or misuse of property, threats to the health and safety of others, abuse or intimidation, sexual misconduct, violation of housing rules or regulations or conduct deemed unlawful. The Student Discipline policy is printed in the Student Handbook.

CAMPUS FACILITIES

The Virginia Beach Campus is comprised of six stately Georgian buildings. The campus is a fascinating study of architecture accented with arched windows and hand-hewn brick. It is located just a few miles from the Chesapeake Bay and the Atlantic Ocean, skirted by 28 miles of beach. Guests can also visit a 360° virtual campus tour at www.regent.edu/admin/media/virtual.html. Beyond the main campus, others are earning Regent degrees through Regent's online Worldwide Campus.

Built in 1979, the **Administration Building** was the first building of Regent University. It houses the Office of the President, the Office of Academic Affairs, the Business and Finance Office, Administrative Services, Facility Services, Human Resources, Advancement Office, Creative Marketing, Public Relations, and the School of Education, including classrooms and a large multipurpose classroom/assembly hall.

Dedicated in 1984, the **University Library** is a four-story building that contains the School of Undergraduate Studies (academic affairs and faculty offices), library collections, an electronic reference center, listening rooms, curricular laboratories, a special collections area, a Psychology and Counseling training lab, a general-use computer lab, an auditorium, individual and group study areas, a prayer chapel, and a beautiful two-story, multipurpose atrium. The Law Library is located on the third floor. Mail Services and Copy Services are also located in the building.

Built in 1986, the **Classroom Building** contains the School of Global Leadership and Entrepreneurship, the School of Psychology and Counseling, the Psychological Services Center, and a Psychology and Counseling teaching lab, in addition to numerous classrooms and seminar rooms.

Dedicated in the fall of 1994, the four-story **Robertson Hall** is equipped with the latest technology in audio/video equipment and cameras for simultaneous broadcasting and has both tiered and seminar-sized classrooms. Robertson Hall houses the School of Law, the Robertson School of Government, the School of Divinity, and the School of Undergraduate Studies. The building also contains a 376-seat moot court/city council chamber, various student organizations and the offices for the American Center for Law and Justice (ACLI).

In January 2001, Regent opened **Regent University –Washington, D.C.**, a five-story building located across from the King Street Metro stop in Old Town Alexandria. Regent University - Washington D.C. was northern Virginia's only center for conservative Christian higher education. It offered students an opportunity to study just minutes from the nation's capital. (The D.C. campus closed January, 2008.)

Opened in the summer of 2002, the 140,000-square-foot **Communication and Performing Arts Center** houses the School of Communication and the Arts. The state-of-the-art center includes a 750-seat proscenium theatre, a 150-seat experimental theatre, TV studio, sound stage, costume and scene shops, acting and dance labs, two film-screening theatres, a complete film production suite, a computer graphics animation studio, and a journalism newsroom. In addition, the Information Technology and Media Services group and the Center for Teaching and Learning are located on the third floor.

Completed in fall 2002, the **Student Center** houses the offices of Student Services, Central Financial Aid, Central Enrollment Management, and the university Registrar. In addition, the University Bookstore, Writing Center, Council of Graduate Students offices, student lounge, and new dining facility are housed on the building's first floor.

At various times throughout the week, faculty, staff and students gather for times of ministry and prayer. In addition, special speakers are often invited for campus services. As with all community-wide events and programs, spouses of students and their families are invited to participate in these chapel services and special events when the campus meets as a community of faith.

Students with Documented Disabilities

Every effort is made at Regent University to accommodate all students. The university may provide academic support services and accommodations to students with disabilities including those with learning, mobility, sensory, health, or psychological impairments. These services may include liaison with faculty members, promotion of self-advocacy skills, and securing appropriate classroom accommodations. Some course-specific peer tutoring and examination accommodations may also be available.

Regent University will make appropriate efforts to provide a reasonable accommodation in compliance with the Americans with Disabilities Act (ADA); however, the university reserves the right to choose among reasonable accommodations as long as the chosen accommodation is effective. If a student refuses a reasonable accommodation, the university will be deemed to have complied with its obligation under the ADA.

Students with disabilities are encouraged to contact the Director of Student Life to discuss required documentation and appropriate accommodations. Documentation should be no more than three years old. Diagnosis by an appropriately trained professional is also required. For more information on our Disabilities, Anti-discrimination and Accommodation Policy, refer to the *Student Handbook* at http://www.regent.edu/admin/stusrv/student/Student_Handbook.pdf.

The University Writing Center

The University Writing Center (UWC) offers free, one-on-one assistance to any Regent student working on an academic writing assignment. The writing center staff follows a coaching model, offering individualized guidance in applying principles of effective writing, rather than focusing purely on “fixing” a paper. In addition, coaches help writers evaluate the source of problems they are encountering by reading segments of the work, eliciting the writer’s ideas, and suggesting solutions. In addition, the UWC offers an Academic Writing Seminar for broader assistance with writing, including grammar, punctuation, thesis sentence development, paper organization, and use of style manuals.

Coaching Sessions

Coaching sessions are available in person or over the phone, making it feasible for even distance education students to take advantage of our services. Coaching sessions last 45 minutes and focus on any aspect of the assignment, including the following:

- Selecting a topic
- Making sure a paper is on the right track to fulfill an assignment
- Establishing a clear thesis sentence
- Organizing ideas and clarifying thoughts
- Drafting and revising the paper
- Creating effective and varied sentences
- Evaluating the logical flow of ideas
- Discovering effective proofreading strategies

Academic Writing Seminars

The University Writing Center also offers several writing seminars to help students navigate through academic writing assignments. Each seminar is a semester long and costs \$350. Students can register for these seminars via *Geniys* or through their advisors.

The Academic Writing Seminar focuses on the basics of academic writing. Since academic writing is very different from personal or business writing styles, every student is encouraged to take this course. The course materials help the student review thesis and topic sentences, paragraph development, style manuals, grammar and punctuation, and avoiding plagiarism.

The Academic Writing – ESL seminar is the same Academic Writing course as above, but course assignments emphasize many of the specific needs of ESL students. Any student who has English as a second language should consider taking this semester-long workshop instead of the traditional Academic Writing seminar course noted above.

The Advanced Academic Writing seminar is designed for students who have already passed the Basic Academic Writing course but want to further enhance their skills in critical thinking, developing stronger arguments, and using more effective language. This course is especially useful to students who are planning to enter a Ph.D. program.

Workshops

Throughout the semester, the Writing Center offers workshops to help all students with their writing needs. These workshops are designed to help students avoid several of the most common errors in writing, to learn how to write papers using the different style manuals required by the schools at Regent, and to improve the overall structure and presentation of their papers.

The University Writing Center’s hours and contact information is available at our website www.regent.edu/writing.

STUDENT HOUSING

On-campus Living

Student Housing is dedicated to providing housing to full-time (9 credits per term for graduate students, 12 credits per term for undergraduate students) on-campus students. Two housing facilities are available to serve the housing needs of the Regent student

community. Apartments in the Regent Village are reserved for graduate students with families. Housing for single and married students without children is available in the Regent Commons.

The largest number of openings in student housing usually occurs in late May to early June. In order to secure housing for the Fall term, it is not uncommon for students to take financial responsibility for an apartment during this time. The heaviest demand for apartments usually occurs in August, though there are fewer vacancies during this period. Flexibility in date of occupancy and financial responsibility greatly increase our ability to facilitate each student's housing needs for both families and single students.

The Regent Village has two and three bedroom apartments. The kitchens include a refrigerator, stove, garbage disposal, and dishwasher (in Phase II there are electric washer/dryer hook-ups). There are laundry facilities, a grilling area, playground, and a basketball court on the premises. Activities for students and their family members are planned by the Village management staff and the Resident Council. The Village also sponsors the Village Youth Sports program which is open to children of the Regent University community. Children participate in soccer, t-ball, and flag football while learning the spirit of teamwork.

- All apartments are unfurnished.
- Utilities included in rental rates are water, sewer and garbage. Electricity, phone and cable television are the responsibility of the lessee.
- Pets are not allowed (except birds and fresh water fish).
- Families with children under 10 must live downstairs.
- Virginia Law prohibits more than two persons per room.
- Children of different genders cannot share a room.

The Regent Commons units are available to single students and married couples without children. The two four-story buildings with elevators are comprised of 206 fully-furnished housing units. The floor plans include studio, one-bedroom, and four-bedroom suites. The Regent Commons is conveniently located on campus and easily accessible to all campus facilities.

Apartment amenities include: fully-furnished apartments, all utilities (electricity and water), basic cable television and wireless internet service are also included in the monthly rental rate. The Commons also includes a 24 hour accessible state-of-the-art fitness center, secured buildings with intercom system, and planned social activities. Kitchens include refrigerator, stove/oven, dishwasher, and microwave oven.

Off-Campus Housing

The Student Housing office provides information on a number of apartment complexes which are close to the University and offer discounts to Regent students. Please refer to the Student Housing website for this information. For those students who prefer other living alternatives, our office provides an off-campus referral service. This includes listings of rooms, apartments, townhouses, and houses for rent.

For more information on Student Housing, visit the website at www.regent.edu/housing. For additional information, contact the housing office by emailing studenthousing@regent.edu or by telephone at 757- 226-4890.

SHUTTLE SERVICE

Regent University maintains a shuttle service, which runs between the Regent Village and other campus buildings. A schedule is available on the Shuttle Service page of the Student Services website and is also posted at campus shuttle stops.

INFORMATION TECHNOLOGY DEPARTMENT

The Information Technology (IT) Department secures and manages technology to support the university's academic and administrative mission. Computer users enjoy the benefits of a completely wired campus with a high-speed connection to the Internet. There are computer labs in five of our six buildings.. Lab computers are equipped with productivity software (Microsoft Office Suite, web publishing software, and other specialized software) as well as Internet access. Network ports are available in multiple locations to facilitate the utilization of notebook PCs for Internet research and communication. Wireless Internet access is available in specific areas in all buildings.. The IT Department also maintains all university servers and web-enabled services, which enable students to register for classes online, check financial accounts, access electronic information from the University Library, and engage in distance education via the Internet.

The IT Department utilizes the latest technology to support curriculum and departmental needs. Audiovisual equipment is provided and maintained within the Library and classrooms. The IT Department also has the capability to stream video and audio over the Internet and to connect remote teaching sites via video conferencing systems.

Computer Requirements

Many of the degree programs and courses are delivered entirely or in part through computer-mediated learning. Computer literacy is required of all students. It is imperative that all students have access to a computer system that meets the minimum requirements outlined at <http://www.regent.edu/it/standards.html>.

Given the rapid rate of change in computer technology, please refer to the Regent University Information Technology web site at www.regent.edu/it/ for the most current information regarding computer requirements and support, frequently asked questions (FAQs), and tips. Also check the web sites of the individual schools. It is the students' responsibility to keep up with changes in software.

Community colleges, public libraries, or computer training centers can provide valuable courses on basic Internet and personal computer use or other topics. Successful completion of a preparatory course will build students' confidence and help facilitate successful completion of the program. Technical questions concerning personal hardware, software, or telecommunication support should be directed to the appropriate vendor(s). Regent University does not teach or train students in basic computer use.

E-Mail Account

Students must have an Internet Service Provider (ISP) and a working e-mail address to register for classes. Students receive a personal e-mail account at Regent University upon enrollment. All official university correspondence will be sent to this e-mail account. It is the students' responsibility to access this account. Students may have their Regent e-mail account forwarded to their ISP e-mail account if so desired. For directions on forwarding e-mail, see http://www.regent.edu/general/student_orientation/tutorials/webmail.cfm.

PSYCHOLOGICAL SERVICES CENTER

The Psychological Services Center (PSC) at Regent University is open to all students and their families. The PSC provides individual, family, couple, and group counseling, in addition to psychological and intelligence testing. Psy.D. students, who are supervised by licensed clinical psychologists, conduct all services. All information is kept in strict confidence in compliance with the ethical standards set by the American Psychological Association. The PSC provides the highest professional quality of therapy and diagnostics utilizing a Christian worldview. There is no counseling fee for students and their immediate families; testing fees are set at a reduced rate. Employees of Regent, CBN and others from the general community are welcome to make appointments on a sliding scale fee basis. In addition, referrals from pastors and local community partners have a set low fee. Call 226.4488 for more information.

GRADUATION PROCEDURE

1. All students desiring to graduate must file a Graduation Application with the Registrar's Office by September 15 for fall graduation and by December 15 for spring and summer graduation.
2. The Registrar's Office obtains approval of the Graduation Application from each student's dean and advisor.
3. Students who are not approved to graduate in the semester stated on the Graduation Application must file another Application in a subsequent semester. It is not necessary to pay the graduation fee again.
4. The Registrar's Office issues diplomas and posts degrees on transcripts only when the registrar and the dean have certified that all graduation requirements have been met. These requirements include the following:
 - a. Satisfactory completion of all degree requirements as specified in the Catalog for the student's degree program. Students who have been approved to pursue a degree according to an Approved Degree Plan (ADP) must satisfy all course and credit requirements of that plan prior to graduating.
 - b. Completion of all requirements within five years for the master's degree (seven years for the M.Div.) and full-time juris doctor program, six years for the part-time juris doctor program and seven years for all doctoral degrees from the date of the student's initial enrollment. Extensions may be granted for good cause and with approval of the student's advisor and the dean of the school in which the student is enrolled.
 - c. A minimum cumulative GPA of 3.00 (2.00 for J.D. students)
 - d. Payment of graduation fee (joint degrees applicants pay two fees) and all university financial obligations, including housing
5. Students on academic or disciplinary probation will not be allowed to graduate.

COMMENCEMENT

Regent University holds an annual commencement at the end of the spring semester. Students must obtain approval to participate. Students approved to graduate in the spring, summer, or fall semesters are strongly encouraged to participate in commencement for the conferring of the degree. Students who are unable to attend should notify the Registrar's Office in writing at least one month prior to commencement.

All students must have completed all requirements toward graduation prior to participating in commencement. However, due to the uniqueness of some programs and the fact that there is only one commencement yearly, Regent provides the opportunity for students who have not completed all requirements to participate in commencement, if they meet the following criteria:

1. The student has no more than two courses remaining for graduation and these courses must be completed in the summer. The coursework may include an internship or practicum experience, which can also be completed during the summer.
2. Theses, dissertations and portfolios must have been successfully defended or approved before the spring cut-off date (varies by school) and all that remain are final edits.

Students requesting permission to participate in the commencement ceremony who have not completed all graduation requirements but who are eligible to walk under the above criteria must:

1. Receive certification from the dean of the school from which they are graduating that they are eligible to participate in commencement. The school must send certification to the Registrar's Office by March 1.
2. Receive final written approval from the Registrar's Office that they are eligible to participate in commencement.
3. Register and pay for coursework during summer registration.

Participating in commencement exercises prior to completing all graduation requirements is a privilege and does not guarantee the student's right to graduate unless all requirements have been met.

GRADUATE ACADEMIC INFORMATION AND POLICIES

FREEDOM OF EXPRESSION

Regent University holds that the right of expression is as necessary as the right of inquiry and that both must be preserved as essential to the pursuit and dissemination of knowledge and truth. Consequently, university members, individually and collectively, may express their views through normal student, faculty and administrative channels of communication.

Students, particularly those producing theses, dissertations, portfolios and other creative works, may pursue truth within their disciplines by research, discussion and other forms of inquiry. Exercising academic freedom requires a responsibility to truth and scholarly integrity, as well as complete honesty and loyalty to the Mission Statement, Standard of Personal Conduct and the Student Honor Code (see the *Student Handbook*).

STUDENT RECORDS CONFIDENTIALITY

Regent University protects the confidentiality of the education records of current and former students. This policy is in compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. FERPA rights apply once a student is considered "in attendance" by the institution. Regent defines "in attendance" as being registered for at least one class at 12:01 a.m. on the first day of the student's first term, as determined by the official university academic calendar. At its discretion, the institution may provide directory information to include: student name, address, email address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph and participation in officially recognized activities. Students may withhold directory information by notifying the Registrar's Office, in writing, within two weeks of the posting of the annual fall notice that advises students of their rights. The full text of this policy, including procedures for inspecting and amending one's education records, are printed in the Student Handbook.

ACCESS TO STUDENT EDUCATIONAL RECORDS BY OTHERS

1. Directory Information

At the end of the fall add/drop period the Registrar's Office will send to students a notice of the students' right not to have student directory information released. Students may, at any time, request that directory information not be released by writing to the Registrar's Office. Information already published will not be affected by this request. Without such written request, the university may release directory information to outside parties if considered appropriate. Students may request in writing that future releases of directory information not be made.

Directory information includes: name, address, email address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph and participation in officially recognized activities. Only the Registrar's Office should disseminate directory information. All inquiries for such information should be forwarded to the Registrar's Office.

Student Services may distribute in-school directories to students if this policy is followed. If additional information is added, the Registrar's Office must receive signed waivers from students whose names and other information will appear in the directory. Names or lists must not be released to outside parties.

2. Nondirectory Information

The university will maintain the confidentiality of student educational records and such nondirectory information may be released only with the student's written request. However, information may be released to the following:

- Officials of other institutions in which students seek to enroll;

- Persons or organizations providing students financial aid.;
- Accrediting agencies carrying out their accreditation function;
- Persons in compliance with a judicial order;
- Persons in an emergency in order to protect the health or safety of students or other persons;
- As otherwise legally required as the university deems appropriate.

Health and counseling records may be provided to physicians and licensed psychologists of the student's choosing.

Faculty and staff access to student educational records for administrative reasons is allowed provided that such persons are properly identified and can demonstrate a legitimate educational interest in the material. Students may have access to appropriate information as designated by the dean or department head. If a breach of confidentiality occurs, appropriate formal disciplinary action will be taken up to and including dismissal from employment.

3. Parental Access

The definition of "student" under FERPA refers to a person who either has reached the age of 18 or who is attending an institution of post-secondary education. At the post-secondary level parents have no inherent rights to inspect student records; this right is limited solely to the student. It is the University's policy to release academic or financial information to parents and/or guardians of students (whether or not the student has reached the age of 18) only upon the student's written authorization. The student may complete a "Student Information Release" (FERPA waiver), available in the Registrar's Office or online at <http://www.regent.edu/admin/registrar/studentforms.cfm>, to grant this authorization.

VIRGINIA TIDEWATER CONSORTIUM PROGRAM

Regent University is a member of the Virginia Tidewater Consortium (VTC) Exchange Program. This membership enables Regent students to enrich their programs by taking courses at another VTC institution.

Only on-campus, credit courses offered by participating VTC institutions are allowed in the exchange program. Therefore, the program does not accommodate online distance education students. Contact the Registrar's Office for details.

Joint Degrees

To meet the growing demand for professionals who are trained in more than one field, Regent University offers joint degrees between its various graduate schools and programs. Thus, students may earn two graduate degrees in fewer total credit requirements than if the two degrees were earned separately. For reasons such as content duplication, the total credit hour requirement may be reduced up to 20 percent from the requirements of the two degrees if earned separately.

Joint degrees apply to master's degree and Law students only. The requirements and percentage of credit hour reduction is determined by the individual schools and programs.

Students should ordinarily seek admission to a joint degrees program before the completion of one-third of any single degree program. This should coincide with the completion of the student's Approved Degree Plan (ADP). A joint degrees program will normally require a minimum of two-and-one-half to three years of full-time study (four years for the J.D. or M.Div. degree). Because they receive two separate degrees, joint degrees students pay two graduation fees when applying for graduation.

For further information about the joint degrees program, contact the Admissions Office and see the catalog section of the individual schools.

GRADUATE FULL-TIME CLASSIFICATION

To be classified as full time for enrollment certification purposes, a graduate student must satisfy one of the following conditions:

1. Be enrolled for a minimum of nine (9) credit hours (masters level), ten (10) credit hours (law), and six (6) credit hours (doctoral) per regular academic semester or six (6) credit hours during the summer session(s). This definition will be used for enrollment reporting purposes.
2. Be enrolled for at least one credit hour per semester in one of the following culminating academic experiences: dissertation, thesis, portfolio, internship or any other equivalent. The student's advisor may be required to certify in writing to the Registrar's Office that the student is working full time on the culminating experience. With the exception of doctoral students working on dissertations, a student shall not be classified as full time for more than two semesters while working exclusively on a culminating experience except as approved by the dean of the school or college.

3. Be enrolled for at least one (1) credit hour in the last semester of enrollment necessary for completing the degree. It is the student's responsibility to notify the Registrar's Office in writing, via Academic Petition, at the beginning of the applicable term.
4. If program design does not allow for at least nine (9) credit hours per session, full time classification will be considered the maximum number of credit hours offered per session in that program. It is the student's responsibility to notify the Registrar's Office in writing, via Academic Petition, at the beginning of each applicable term.

ACADEMIC ADVISING

Schools normally assign an advisor to students to help them plan degree programs and to give career and personal guidance during their graduate program. It is the student's responsibility to meet the requirements of the degree as defined in the student's Approved Degree Plan (ADP). Advisors may assist students during the registration process and throughout the year. More information is available from the student's school and in the *Student Handbook*.

REPEATING A COURSE

Students who receive a grade of F, FX, or NP in a required course must repeat and pass that course in order to graduate. Students may elect to repeat any course in order to obtain a higher grade. When a course is repeated, the last grade points and credit hours earned replace the previous grade points and credit hours in computing the GPA. However, all grade entries on the transcript remain a part of the students' permanent academic record. If the course being repeated is offered under a different course number than when students first took the course, students must indicate that it is a repeat course at the time of registration.

- **Divinity Courses**

Students who receive a grade of C- or below in a course of the *academic* Masters of Arts degree must repeat and pass that course in order to graduate.

- **Law School Courses**

Students who receive a grade of F in a required course must repeat and pass the course in order to graduate. Students who receive a D- grade in a non-sequential required course must repeat the course prior to graduation. Students who receive a D- grade in a required course or courses in a sequence of courses (e.g., Contracts I, II and III) must repeat the course(s) except upon the granting of a petition showing good cause that the course or courses need not be repeated. Students may elect to repeat a course in which any other grade is received.

When students repeat a course, the grade received on the repeat course will be averaged with the original grade received according to the following procedure:

1. The total grade points for all earned letter grades in the repeated courses will be divided by the total credit hours taken in calculating the average grade points to be assigned per credit hour. The average grade points per credit hour shall not exceed 2.00 (C grade).
2. The average grade points (not to exceed 2.00) will be assigned only to the final repeat credit hours. The credit hours and grade points earned for each prior taking of a course shall be deleted from the transcript. However, all grade entries on the transcript remain a permanent part of the student's academic record.

Only the credit hours successfully completed for the repeat course may be used in calculating cumulative credit hours earned toward satisfying degree requirements. If the course being repeated is offered under a different course number than when students first took the course, students must indicate that it is a repeat course at the time of registration.

GRADING SYSTEMS

To remain in good academic standing in the Ph.D., M.B.A., D.Min., M.F.A., M.Ed. and the M.A. degree programs, a student must maintain a 3.00 GPA. (A 2.00 GPA is acceptable for good academic standing in the J.D. program). The following grading scale is the authorized grading scale for the university. [see the School of Undergraduate Studies catalog for the undergraduate grading scale]

A+	4.00	
A	4.00	Superior
A-	3.67	
B+	3.33	
B	3.00	Good
B-	2.67	
C+	2.33	
C	2.00	Satisfactory
C-	1.67	

D+	1.33	
D	1.00	Poor
D-	0.67	
F	0.00	Failing

AU	Audit (No Credit)	(Used for audit courses only)
FX	Failure to make up or finish an Incomplete	
I	Incomplete	
IP	In Progress	
NP	No Pass	(Used for pass/fail courses only)
P	Pass	(Used for pass/fail courses only)
W	Withdrew	
WF	Withdrew Failing	

The instructor determines all grades. The basis for evaluation and grade calculation shall be published in the course syllabus available at the first formal class meeting. Formative grade assessment may utilize systems different than the required system for final grading, as long as the system allows for equitable conversion.

The GPA is obtained by dividing the total number of quality points earned by the total number of credit hours attempted exclusive of P/NP, Audit and courses in which an Incomplete or In Progress is assigned. Grades of F, FX, W, WF, NP or Audit may not be used to meet minimum credit hour requirements. Professional development courses such as an internship or practicum will be graded on a P/NP basis.

Incomplete Grades

Students desiring an incomplete must submit their request to the course instructor (or Academic dean) **prior to the end of the term** (ordinarily two weeks before the last day of class). An incomplete grade will be given in a regular course only for legitimate deficiencies due to illness, emergencies, or extraordinary reasons acceptable to the professor and/or Academic dean including equipment breakdown or shortages, and not because of neglect on the student's part. Students on academic probation are not eligible for an incomplete in any course. Incomplete grades require the final approval of the school dean or his or her authorized representative. A regular grade will be given by the instructor if all requirements for the course are submitted by the end of the following academic term. The instructor will submit the new grade to the Registrar's Office no later than two weeks after the beginning of the subsequent term. If all work is not submitted by the end of the term following the granting of the incomplete, a grade of FX (NP for pass/fail courses) will be posted automatically unless a Request for Extension of Incomplete has been approved and submitted to the Registrar's Office. The FX shall be counted as an F in the computation of the GPA. Any student desiring reinstatement to the course after an FX or NP has been posted must register for the course in a subsequent term and pay the full current tuition for the course.

In-Progress Grades

In-Progress (IP) grades shall be given when work is not completed by the end of the term for the following academic work: independent studies, internships, practicums, portfolios, theses and dissertations. An IP may be continued for a maximum of two terms when the student requests an extension and the approved form is submitted to the Registrar's Office prior to the end of the first term. If the requirements for removal of the IP grade are not completed by the end of these two terms, a grade of NP will be posted automatically. Exceptions may be made for dissertations, which may continue without penalty. Any student desiring reinstatement to the course after an NP has been posted must register for the course in a subsequent term and pay the full current tuition for the course.

APPEALS AND GRIEVANCES

The Student Appeals and Student Grievances policies are printed in the *Student Handbook*.

ACADEMIC INTEGRITY

The Regent University community of teachers and scholars affirms that the biblical principles of truth and honesty are absolutely essential. Indeed, the Bible contains numerous admonitions against false witness, dishonesty and cheating. Upholding the standard of academic integrity with its reliance on honesty is a responsibility of both faculty and students. Conduct that violates academic integrity includes:

1. **Dishonesty.** This is lack of integrity exhibited through lying, cheating, defrauding or deceiving. Examples of dishonesty include: copying from the examination paper of another, allowing one's own examination paper to be copied, reading without the instructor's consent a copy of the examination prior to the date it is given, giving or receiving unauthorized aid on a take-home examination; use of unauthorized aids; submitting the same work product in more than one course without the express permission of the instructor(s); or disclosing or accepting information if one takes a test at a different time than other students in the same course.
2. **Plagiarism.** This is stealing or using the ideas or writings of another as one's own. It involves failure to acknowledge material copied from others or failure to acknowledge one's indebtedness to another for the gist of important thoughts in a formal statement, written or oral. Plagiarism has been on the rise in recent years because of the emergence and expansion of the Internet, and serves as a strong threat to academic integrity. Instructors use resources to assist them in accurately detecting plagiarism and preventing plagiarism before it occurs, as well as safeguarding the academic integrity of the work of students who have properly researched and properly cited their sources. Charges of violating academic integrity shall be handled according to established student discipline procedures published in the Catalog and the Student Handbook.

ACADEMIC PROBATION AND DISMISSAL

It is expected that students will maintain a 3.00 (2.00 for Juris Doctor) cumulative GPA for courses taken at Regent University. However, individual programs may have more stringent requirements. A student's academic status will be determined at the end of each term by the Registrar's Office. Students on academic probation are not eligible for an incomplete in any course.

1. Academic Probation

When a student's cumulative GPA falls below 3.00 (2.00 for Juris Doctor), the student shall be placed on academic probation for the next term of enrollment of substandard GPA. Students on academic probation should consult with their advisors to improve their academic performance. Academic probation status is recorded in the student's academic record. When a student is placed on probation, the dean shall notify the student in writing of any specific instructions for improving academic performance. A student will be removed from academic probation when the cumulative GPA is 3.00 (2.00 for Juris Doctor) or above.

2. Academic Dismissal

A student on probation whose cumulative GPA is below 3.00 (2.00 for Juris Doctor) at the end of the probationary term shall be subject to dismissal. (In other words, the student has one term to bring the low GPA back to the acceptable 3.00 [2.00 for Juris Doctor,]). In the School of Law, the dismissal action is taken at the end of the spring term. The dean will notify the student, in writing, of the dismissal.

PETITIONING FOR REINSTATEMENT

Students who have been dismissed may petition for reinstatement through the school, after one academic year, unless other criteria for possible reinstatement were contained in the dismissal letter. All petitions for reinstatement will be considered on an individual basis. Reinstatement will be granted only on a petition demonstrating that there is a strong likelihood that the student possesses motivation and capacity to complete the academic requirements successfully. The dean shall notify the student in writing of the school's decision regarding reinstatement. Students who are reinstated shall be required to comply with any conditions set forth in the letter of reinstatement. The school sends a copy of the reinstatement form and all letters regarding academic status to the Registrar's Office to be placed in the student's university file.

GRADUATION REQUIREMENTS

Regent graduates those students who are in good standing upon the satisfactory completion of all degree requirements. Note: To graduate is to be granted an academic degree or diploma. Students are subject to the degree requirements listed in the Catalog for the year during which the student first enrolls. A student may petition the dean to use a subsequent Catalog. If the student is not enrolled for more than one year and is later readmitted then the student must meet the degree requirements current at the time of readmission. See "Graduation Procedures" in the previous section, "Student Life, Campus Services and Academic Support."

INFORMATION RESEARCH AND RESOURCES COURSE

The university library offers a required and noncredit information research and resources course. The charge for this course is \$50. Students graduating from Regent University must demonstrate that they possess basic competencies in the use of computer and related information technology research and resources, including use of the library. No student will be allowed to graduate or

participate in commencement without having completed the information research requirements. Students who demonstrate proficiency in the competencies by passing the online challenge test, will not be required to take the course. The online information research and resources course is not required for students in the School of Law. Law students complete their information research requirements by taking Legal Analysis, Research & Writing I & II.

The library will certify to the dean of each school and the registrar that a student has passed the information research course and/or will certify that those students have demonstrated the competencies of the course through a challenge test. Students should demonstrate the competencies during the first term of enrollment either through the challenge test or by completing and passing the research course. If they do not, a grade of NP will be assigned and they will be automatically enrolled in the course in the second term.

The Registrar's Office will include on each student's transcript the course name and a P for successful completion.

WRITING SKILLS

Effective writing skills are vital for successful academic and professional performance. Students entering Regent University must demonstrate the basic writing skills essential to building the professional writing skills expected of scholars and/or leaders in the field. Students graduating from Regent University must demonstrate the writing skills necessary to be successful scholars and/or leaders. As a component of the admissions process, every school shall assess the writing skills of prospective students.

CORNERSTONE AND CAPSTONE REQUIREMENT

Consistent with the mission, values, and goals articulated by the Board of Trustees, each school of Regent University requires a cornerstone and capstone experience for each bachelor and master degree program. The essential content of the cornerstone experience is a focus on (1) biblical literacy, (2) an understanding of Christian historical perspectives, (3) articulation of a biblical and Christian worldview, and (4) the Regent ethos. The cornerstone expectation is generally completed within the first year of program requirements. The capstone consists of a culminating experience prior to graduation that demonstrates student growth and understanding of these foundational values since entrance into Regent University.

OFF-CAMPUS STUDY OPPORTUNITIES

While many of the off-campus study opportunities are undergraduate in nature, many of the following also have graduate possibilities. Coordinate any such activities through the individual schools' chief academic officers.

Summer Study Abroad at Oxford University

Regent's Summer Study Abroad Program at Oxford University enables students to study at Hertford College of Oxford University while taught by Regent faculty from across Regent University as well as by Oxford tutors. Founded in the thirteenth century, Hertford College is regarded as one of the most beautiful campuses at Oxford. It offers students an ambience of history and academe while they engage in a multi-disciplinary study of politics, business, religion, history, art, and other areas. Topics and courses vary by year; see www.regent.edu/acad/undergrad/study_abroad/oxford.cfm for more information. Students can earn 6 semester hours of credit in one summer of study.

Off-Campus Study Programs through the Council for Christian Colleges and Universities

Because Regent University is an affiliate member of the Council for Christian Colleges and Universities (CCCU; www.cccu.org) — an association of over one hundred Christian, liberal arts colleges and universities—a number of travel-abroad or off-campus domestic study opportunities are available for undergraduate students. These programs have been developed by deans and faculty of other Christ-centered, accredited institutions worldwide and offer students either culture-crossing opportunities, through an experience of living and studying abroad, or culture-shaping opportunities, through engaging culture via U.S.-based programs. All of the CCCU programs are taught and led by Christian faculty members who seek both to support and challenge students in their Christian faith and their personal and academic growth. Complete details can be found through www.bestsemester.com. The CCCU study-abroad programs include the following:

- **The Australian Studies Centre** is a cultural studies program with an arts emphasis, based in Sydney, Australia. This opportunity is intended to provide undergraduates of all majors and career interests with opportunities to integrate the firsthand observation and study of Australian culture, history, religion, and politics with experiential service learning and formal instruction in the arts. The program also educates students in indigenous affairs and Australia's involvement in world issues. The Australian school year is divided into two semesters, Semester 1 (Feb.-June) and Semester 2 (July-Nov.) The program is comprised of two culture classes designed especially for ASC students and three or four discipline classes chosen from Wesley Institute's list of courses. Students earn 16-17 semester hours of credit.
- **The China Studies Program** enables students to engage this ancient and intriguing country from the inside. While living in and experiencing Chinese civilization firsthand, students participate in seminar courses on the historical, cultural, religious, geographic and economic realities of this strategic and populous nation. In addition to the study of standard Chinese language, students are given opportunities such as assisting Chinese students learning English or working in an orphanage, allowing for one-on-one interaction. Students choose between completing a broad Chinese Studies concentration or a Business concentration including an internship in an international business in Shanghai. The program introduces students to the diversity of China, including Beijing, Shanghai, Xi'an, and Xiamen. This interdisciplinary, cross-cultural program enables students to deal with this increasingly important part of the world in an informed, Christ-centered way. Students earn 16-17 semester hours of credit.
- **Latin America Studies Program**, based in San Jose, Costa Rica, introduces students to a wide range of experiences through the study of the language, literature, culture, politics, history, economics, ecology, and religion of the region. Living with a Costa Rican family, students experience and become a part of the day-to-day lives of typical Latin Americans. Students also take part in a service opportunity and travel for three weeks to nearby Central American nations. Students participate in one of four concentrations: Latin American Studies (offered both fall and spring terms); Advanced Language and Literature (designed for Spanish majors and offered both fall and spring terms); International Business: Management and Marketing (offered only in fall terms); and Environmental Science (offered only during spring terms). Students in all concentrations earn 16-18 semester credits.
- **Middle East Studies Program**, based in Cairo, Egypt, allows students to explore and interact with the complex and strategic world of the modern Middle East. The interdisciplinary seminars give students the opportunity to explore the diverse religious, social, cultural, and political traditions of Middle Eastern peoples. Students also study the Arabic language and work as volunteers with various organizations in Cairo. Through travel to Israel, Palestine, Lebanon, Jordan, Syria, and Turkey, students are exposed to the diversity and dynamism of the region. Courses include "Introduction to Arabic Language," "Islamist Thought and Practice in the Middle East," "Conflict and Change in the Middle East," and

“Peoples and Culture of the Middle East.” At a time of tension and change in the Middle East, MESP encourages and equips students to relate to the Muslim world in an informed, constructive and Christ centered manner. Students earn 16 semester hours of credit.

- **Programmes in Oxford** include two opportunities for students:
 - **Scholars Semester in Oxford** is designed for students interested in doing intensive scholarship in this historic seat of learning. Working with academic tutors, students hone their skills and delve into the areas that interest them most. As Visiting Students of Oxford University and members of Wycliffe Hall, students have the privilege to study and learn in one of the university’s historic halls. SSO students enroll in a Primary and Secondary Tutorial, an Integrative Seminar and the course *Christianity and Cultures*. The SSO is designed for students interested in the fields of Classics, English & Literature, Theology & Religious Studies, Philosophy, and History, though all majors may apply. Applicants are generally honors and other very high-achieving students. Students earn 17 semester hours of credit.
 - **The Oxford Summer Programme** is a joint program of the Council for Christian Colleges and Universities and Wycliffe Hall, Oxford. The program is designed for students wishing to gain a more comprehensive understanding of the relationship between Christianity and the development of the West and who wish to do specialized work under expert Oxford academics in the areas of History, Religious Studies, Political Theory, Philosophy, English, and History of Science. The Programme is structured for rising college sophomores, juniors, and seniors, graduate and seminary students, non-traditional students, teachers, and those enrolled in continuing education programs.
- **Russian Studies Program** students are exposed to the depth and diversity of the culture during a semester spent in Russia’s three largest cities: Moscow, St. Petersburg, and Nizhni Novgorod. In addition to three seminar courses entitled “History and Sociology of Religion in Russia,” “Russian Peoples, Culture, and Literature,” and “Russia in Transition,” students receive instruction in the Russian language, choosing either 4 or 6 semester hours of language coursework. For those choosing 4 hours of Russian, a seminar course, “International Relations and Business in Russia,” is available. RSP strives to give students as wide an experience as possible in this complex nation. Students spend time in Moscow, the heart of both medieval and modern Russia. Students also spend 12 weeks in Nizhni Novgorod, a strategic city on the Volga River. After six weeks of language instruction, students live with a Russian family for the remainder of their stay in this city. Students participate in a service opportunity in Nizhni Novgorod. The program also includes time in the complex and intriguing city of St. Petersburg, the Russian “window to the West.” Students earn 16 semester hours of credit.
- **Uganda Studies Program** All students take the USP Seminar (Faith & Action in the Ugandan Context) taught by USP staff. This course includes multiple components of experiential learning including home stays, service projects, and educational travel. Throughout the semester students explore issues of cross-cultural life and use the unique perspective of living in Uganda to take a fresh look at American Christianity. In addition to the USP Seminar, students choose at least 2 of the core courses, which deal with different aspects of African culture including history, politics, religions, and literature. These courses are designed specifically for USP students and taught by Uganda Christian University professors. Students earn 16 semester hours of credit.

The CCCU off-campus programs conducted within the United States include the following:

- The **American Studies Program** is an interdisciplinary, issue-oriented program that explores the meaning of the gospel for contemporary American life as understood through the public policy dynamics at work in the nation's capital. Students consider policy related to breaking events while also drawing on readings and concepts from a variety of fields, including political science, economics, history, sociology, ethics, theology, and the policy sciences. The program provides internship opportunities for the diverse majors and career interests of university juniors and seniors. Students live together in the ASP campus apartments, work as voluntary interns, and participate in a seminar program for which they receive full academic credit. Students earn 16 semester hours of credit.
- The **Contemporary Music Center** provides students with the opportunity to live and work in community while seeking to understand how God will have them integrate music, faith, and business. Both interdisciplinary and multidisciplinary in nature, the CMC offers two tracks: the Artist Track and the Executive Track. The Artist Track is tailored to students considering careers as vocalists, musicians, songwriters, recording artists, performers, producers, and recording engineers. The Executive Track is designed for business, arts management, marketing, communications, and related majors interested in possible careers as artist managers, agents, record company executives, music publishers, concert promoters, and entertainment industry entrepreneurs. Both Artist and Executive track students receive instruction and experience a uniquely Christian perspective on creativity and the marketplace while working together to create and market a recording of original music. Both tracks include course work, labs, directed study, and a practicum. Students earn 16 semester hours of credit.
- The **Los Angeles Film Studies Center** is designed to train students to serve in various aspects of the film industry with both professional skill and Christian integrity. Each semester, students live, learn, and work in L.A. The curriculum

consists of two required seminars, “Hollywood Production Workshop” and “Theology in Hollywood,” focusing on the role of film in culture and the relationship of faith to work in this very influential industry. In addition, students choose one elective course from a variety of offerings in film studies. Internships in various segments of the film industry provide students with hands-on experience. The combination of the internship and seminars allows students to explore the film industry within a Christian context and from a liberal arts perspective. Students earn 16 semester hours of credit, 6 from the internship and 10 from seminar study.

- The **Washington Journalism Center** is a semester-long study program in Washington, D.C., created for students interested in the field of journalism. It is an advanced, experiential semester on Capitol Hill intended to cultivate professional news skills and encourage students to think through the implications of being a Christian working in the news media in a city that is home to the powerful and the powerless. While in Washington, students take classes focusing on the history and future of the media and how the media relate to the public as they also hone their writing skills. These classes – “Foundations for Media Involvement,” “Reporting in Washington,” and “Washington: News and Public Discourse” – combined with an internship at a top news publication enable students to consider the relationship between the Christian faith and a journalism career. Students also participate in service learning opportunities and live with families in home stays as part of the WJC experience.

ADMISSION CRITERIA

Regent University accepts all qualified individuals on a competitive basis who agree to be taught from the perspective articulated in our Philosophy of Education and who are willing to abide by the Standard of Personal Conduct outlined in the admission packet. The following are general admission criteria for the various programs at Regent University. Refer to the individual schools for additional criteria for their programs.

Master’s or Professional Degree Programs

Generally, admission to a master's or professional degree program at Regent University requires a completed four-year bachelor's degree from a regionally accredited post-secondary institution or an institution accredited via approved, Council for Higher Education Accreditation (CHEA) listed accrediting bodies, such as ABA, APA, ATS, CACREP, or TEAC. Applicants with a bachelor's degree from a non-regionally accredited institution will be considered on an individual basis.

Post-Master's or Doctoral Program

Normally, applicants for a post-master's or doctoral program must have a master's degree in the same academic discipline as the discipline to which admission is sought or in a closely related field from a regionally accredited institution or an institution accredited via approved, Council for Higher Education Accreditation (CHEA) listed accrediting bodies, such as ABA, APA, ATS, CACREP, or TEAC. Professional experience in the academic discipline is preferred, but not required. Applicants may be required to submit a writing sample reflecting research skills. See the individual schools for this and other requirements.

Law School's Juris Doctor Program

The priority application deadline for the fall term for the School of Law is March 1. Every law school applicant must take the Law School Admission Test (LSAT) and submit a Law School Data Assembly Service (LSDAS) report.

The School of Law may admit a limited number of second-year transfer students. No third-year transfer students will be accepted; however, a third-year student may apply for visitor status. Transfer students must submit, along with the application for admission, a letter signed by the dean of the current law school certifying that the applicant is a student in good standing and eligible to return to that school. A maximum of 30 term credits or 45 quarter credits, with course grades of C (or equivalent) or better, may be accepted for transfer credit, subject to a determination of course similarity or otherwise acceptable course content. All transfer students are required to take Common Law and Constitutional Law at Regent University.

Joint Degrees Program

Joint degrees apply to master's degree and Law students only. Applicants must apply for admission to both schools of a joint degrees program and meet the admissions criteria of each school. Applicants should choose one of the two schools to be the primary school, mark the application as joint degrees and apply to the primary school first. The primary school should copy and send all application documents to the secondary school. The exception would be a joint degree with the School of Law. Due to ABA regulations, the School of Law application should be used, even if law is the secondary school. Each school notifies applicants regarding acceptance into its degree program. Joint degrees applicants who are accepted in only one school may enroll in that school but not in a joint degrees program. Students already enrolled who are applying to a joint degrees program must comply with the admissions procedures set forth by the other Regent school in which they seek admission. The school notifies students of the status of their application after all requirements have been met.

Graduate Application Process

The following items are considered in the admissions process of degree-seeking status:

- Completed application form. (Forms in admissions packet.)
- Nonrefundable application fee
- Signed Community Life Form, which includes the Philosophy of Education, the Nondiscriminatory Policy and the Standard of Personal Conduct (Form in admissions packet)
- Personal goals statement, including long-range professional and scholarly interests
- Recommendations (academic, professional and/or personal) attesting to the applicant's ability to pursue and complete graduate work as an independent student and the applicant's leadership potential. (Forms in admissions packet.)

Transcripts cannot be returned to the applicant and cannot be forwarded to other universities. Photocopies or unofficial student copies of transcripts are not acceptable.
- Photograph (optional)
- Applicants whose primary language is not English must take the Test of English as a Foreign Language (TOEFL®); a score of 577 (paper), 233 (computer), or 90 (Internet-based test--iBT) or higher for the master's and doctoral is required to be considered for admission. Those who have taken the TOEFL® and scored 577 (paper), 233 (computer), or 90 (iBT) or higher do not need to take the test again. Applicants who have previously taken the TOEFL® and scored less than 577 (paper), 233 (computer), or 90 (iBT) may retake the test. The test should include the Test of Written English (TWE). [NOTE: the Law School has separate criteria; see Admission Requirements, Law School.]

TOEFL® test scores of international applicants are not required in the following instances:

- nonnative speakers who hold degrees or diplomas from postsecondary institutions in English-speaking countries (e.g., the United States, Canada, England, Ireland, Australia, New Zealand);
- nonnative speakers who have successfully completed at least a two-year postsecondary course of study in which English was the language of instruction;

If the prospective student's school of interest requires test scores, the prospective student must register for and take the test required by that school. An official copy of the score results should be sent to the school Admissions Office.
 - Students may apply for the Graduate Record Exam (GRE), Miller Analogies Test (MAT) or GMAT by contacting the following and asking for the closest test site: a local university testing office; Educational Testing Service, Princeton, NJ 08541, www.ets.org, (609) 771-7670 for the GRE; and/or The Psychological Corporation, 555 Academic Court, San Antonio, TX 78204-3956, (210) 921-8802 or (800) 622-3231 for the MAT. The Regent University test codes are: GRE, R5135; MAT, 2358; GMAT, 5135. Scores on the general portion of the GRE or MAT of the 50th percentile or higher are preferred. The test must have been taken within the last five years.
 - Law School applicants should contact the Law School Admission Council (LSAC) for information regarding the Law School Admission Test (LSAT), to subscribe to the Law School Data Assembly Service (LSDAS) and/or to obtain LSAT prep materials, videos and publications. The contact information is Law School Admission Council, Box 2000, 661 Penn Street, Newtown, PA 18940-0998, (215) 968-1001 (phone), (215) 968-1119 (fax), Lsacinfo@LSAC.org (e-mail), or www.LSAC.org. The code is 5822.
 - Interviews. Each school determines the number of interviews required and designates who may conduct the interviews. In-person interviews are preferred, but telephone interviews may be arranged.
 - Writing samples. Some Regent schools require a writing sample. These samples include: an essay written for college credit, a published article, a letter to the editor or a typed, 500-word essay on some topic of public importance.
 - Additional material as required by schools.
 - All items submitted become the property of Regent University and cannot be returned. Students should retain a photocopy of their application materials for their records.

Admission to Graduate Nondegree Status

Graduate applicants desiring to enroll in courses who do not intend to obtain a degree may be accepted on nondegree status. Nondegree students are not eligible to receive financial aid and may enroll in courses on a space-available basis only. Nondegree students are limited to a maximum of 18 credits and must maintain a 3.0 minimum GPA. Academic probation and dismissal policies apply to nondegree students. Normally the School of Law does not admit students on a nondegree basis. Admission requirements include:

- A bachelor's degree from an accredited post-secondary institution.
- A minimum cumulative undergraduate GPA of 2.50 on a 4.00 scale.
- Maturity in spiritual and/or character qualities.
- Personal goals consistent with the mission and goals of Regent University.

To be considered for admission as a nondegree student at Regent University the following items must be submitted:

- Regent University Application Form;
- Nonrefundable application fee;
- A transcript confirming the applicant's attainment of at least a bachelor's degree and the required grade point average from a regionally accredited institution. The official transcript is preferred but a copy will be accepted for nondegree status. International applicants are required to provide official evaluations of college credit from evaluation agencies recognized by Regent University, which will require official transcripts.
- Signed Community Life Form, which includes the Nondiscriminatory Policy and Standard of Personal Conduct;
- One general recommendation (clergy, faculty or employer);
- One interview with a representative of the desired school.

Nondegree students may apply for degree status through the dean's office after completing the minimum number of hours and course and grade requirements established by each school. The applicant must meet all deadlines set forth in this policy and submit all official transcripts and any additional material required for degree status. The Admissions Committee will consider the application in the same way it would for a new applicant.

Processing and Notification

It is the applicant's responsibility to ensure that all required information is submitted to the Central Enrollment Management Office. The school Admissions Committee will review the applicant's records when all information is received and the application is complete. Applications are reviewed and evaluated in the order in which they are received for most programs. Admission decisions are communicated to applicants in writing as soon as possible after the decision has been made, typically within one to two weeks.

If an application, or any of its supporting materials, is received after the application deadline, the Admissions Committee reserves the right to defer the application until the start of the next admissions cycle.

Upon notification of acceptance, applicants will be asked to sign an enrollment agreement, which must be returned with an enrollment deposit. The deposit is applied to tuition at the time of registration. It is refundable if applicants notify the Admissions Office of their intent not to enroll by July 1 for the fall term, December 1 for the spring term and May 1 for the summer term.

Professional Development Enrollment

At the discretion of the individual schools, graduate students may be enrolled on a nondegree professional development status. Applicants must have a bachelor's degree to be eligible for enrollment for graduate credit. Applicants who do not have a bachelor's degree may register for classes on an audit basis only or may consider application to the School of Undergraduate Studies programs (refer to the School of Undergraduate Studies catalog). Professional development applicants will not be considered admitted; they will be classified as enrolled in the Professional Development Program. Professional development students are not eligible to receive financial aid and may enroll in courses on a space-available basis only.

The following items must be submitted to be eligible as a professional development student:

1. Professional Development Enrollment Application/Registration Form;
2. Nonrefundable application fee;
3. Other items as required by the school.

To be eligible for any other academic status, professional development students must submit a regular application or a nondegree application for a specific school by the application deadline for the term desired. All additional admissions requirements must be met. The school will notify the students of its decision. Since all courses completed by professional development students are posted on a nondegree transcript, students accepted to a specific school must petition in writing to have those credits count toward their academic program completion. The petition must include an official transcript verifying attainment of a bachelor's degree. The number of credits transferred from professional development courses cannot exceed 25 percent of the credits required for academic program completion.

Readmission

Former students who have not been enrolled for one calendar year or more and who desire to enroll in the same degree program to which they were originally admitted should apply for readmission through the appropriate dean's office. Such students should submit a readmission application to their school. Students who have not been enrolled for more than one year must meet the degree requirements current at the time of readmission.

Regent students, former students or graduates who seek admission to a different degree program than that of their last term of enrollment must contact the admissions office of their school of interest.

TRANSFER OF GRADUATE CREDIT

For all programs, Regent University limits the number of transfer credits to a maximum of 25 percent of the appropriate Regent degree program, except for the School of Law programs and for programs that have articulation agreements with other colleges and universities. Articulation agreements may authorize transfer credit for up to 49 percent of the degree to be earned.

To be approved for transfer, credits must have been taken from a regionally accredited institution or one approved by the Regent school in which the student is enrolled. Coursework transferred or accepted toward a graduate degree must represent coursework relevant to the degree, with course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled in Regent's own graduate degree programs. Except for some divinity programs, credits accepted for transfer cannot have been counted on a previously completed degree program at Regent or any other institution. Courses with grades below B (C for the J.D. program) will not be accepted for transfer. When transfer courses are approved, the course title and credit hours, as well as the name of the institution where the credits were earned, are entered on the Regent University transcript. However, the grades are not entered on the transcript and are not used in the calculation of the Regent University cumulative grade point average.

1. Students who want to transfer graduate credits to a Regent University degree program shall initiate an official request for transfer credit through the dean's office or the student's academic advisor.
2. Students submit an official transcript for each proposed transfer course.
3. Schools may establish other requirements or documentation for evaluating the transfer credit, such as a copy of the course syllabus or a copy of the course description from the institution's Catalog. Schools make their specific transfer credit evaluation procedure available to students.
4. When the evaluation process is complete and courses are approved for transfer, the dean's office forwards a copy of the official transcript(s) and Transfer Credit Evaluation form to the Registrar's Office for entry of the transfer courses and credits on the student's academic transcript and degree program audit.
5. Students who transfer from one Regent degree program to another complete the transfer of credit procedure for all courses taken in the previous degree program that they desire to apply to the new degree program.

ADMISSION FOR INTERNATIONAL STUDENTS

The following is to supplement the University Admissions requirements mentioned previously for all non-immigrant applicants and outlines additional information and materials necessary to be eligible for admission to Regent University as an international student. Non-immigrant applicants are defined as those applicants who are *not citizens* of the United States and are *not seeking to become citizens* or permanent residents of the United States. Non-immigrant applicants are required to submit financial statements and are subject to other requirements. All other visa types may not need to submit financial statements. Please contact Central Enrollment Management for further clarification. The following requirements are subject to change in order to meet United States Citizenship and Immigration Services (USCIS) regulations. Initial enrollment should occur during the fall term whenever possible; both for undergraduate and graduate students, due to the extensive mandatory SEVIS Orientation offered each fall semester. The school's director of admissions is responsible for obtaining necessary approvals from the school's dean for any exceptions to policy.

International Students Admission Requirements

In addition to the admission requirements mentioned previously, international applicants must comply with the following:

1. In order to provide prospective students with sufficient time to apply for the student visa, Regent University should receive admission materials at least six months prior to the anticipated semester of enrollment. This will provide adequate time to process the application, determine acceptance and admittance decisions, and issue the SEVIS I-20 or DS-2019 which is needed for the student visa application.
2. All application materials must be completed in English, or have appropriate English translations attached.
3. An applicant must have completed a bachelor's degree from an accredited U.S. post-secondary institution or the equivalent degree from a foreign institution (16 years of formal education).
4. The applicant must meet the normal minimum undergraduate GPA requirements or provide evidence of equivalent academic performance if a standard grade point system was not used.
5. Applicants must submit an official **course-by-course** evaluation of all academic credit received from foreign educational institutions. These evaluations will serve as the applicant's official record of academic achievement and will be used to determine eligibility for Regent's program offerings. Regent University will only accept official **course-by-course** evaluations from agencies accredited through NACES. Please see the list below for Regent recommended evaluation agencies:

Those who have taken the TOEFL® and scored a 577 (paper), 233 (computer), 90 (iBT) or higher need not take the test again unless it is two years old. TOEFL scores are only valid for two years. Applicants who have previously taken the TOEFL® and scored less than 577 (paper), 233 (computer), or 90 (iBT) may and should retake the test to achieve the required score. The test should include the Test of Written English (TWE).

TOEFL® test scores of international applicants are not required in the following instances:

- nonnative speakers who hold degrees or diplomas from postsecondary institutions in English-speaking countries (e.g., the United States, Canada, England, Ireland, Australia, New Zealand);

- nonnative speakers who have successfully completed at least a two-year postsecondary course of study in which English was the language of instruction;
- transfer students from institutions in the United States or Canada whose postsecondary academic course work was favorably evaluated in relation to its demands and duration;
- nonnative speakers who have taken the TOEFL® test within the past two years and met Regent standards;
- non-native speakers who have successfully pursued postsecondary academic work at schools where English was the language of instruction in an English-speaking country for specified period, generally two years.

Please see www.toefl.org for testing information and scheduling.

7. Recommendations must include an assessment of the applicant's English ability.
8. Applicants must register for and take any entrance test required by the school to which they are applying.
9. Applicants must complete the Supplementary International Application packet and include all pertinent non-immigrant information for USCIS reporting.
10. Applicants must complete a Certification of Financial Responsibility form certifying adequate finances (based on current costs) for at least the first year, and indicate how they will meet expenses for subsequent years of study if necessary. If the applicant has one or multiple sponsors, all must complete the Sponsor Financial Support Affidavit, and return it to Central Enrollment Management.
11. Applicants who cannot come to Regent University for interviews must interview by phone with the director of admissions and a faculty member of the desired school of enrollment or other appropriate representative of the school.
12. Applicants should retain a copy of their application materials for their records.
13. Ordinarily international students may not be admitted "provisionally" or "conditionally."

International Transfer Students

1. According to USCIS definitions, the following applicants are considered Transfer students:
 - a. If currently attending a school in the U. S. on an F or J visa, and changing schools.
 - b. If changing degree levels: for instance moving from Masters' program in one school to Ph.D. level/program in another school.
 - c. If changing degrees: for instance finishing one doctoral degree and beginning another at a new institution.
2. The applicant's current institution's Designated School Official (for F-1) or Responsible Officer (for J-1) should fill out a *DSO Release Form for International Transfer Students* and mail it to the Regent University DSO in Central Enrollment Management. Because of federal deadlines with immigration transfer procedures, this form should be submitted to Regent's CEM office within 30 days after the student completes his/her studies at his/her latest U.S. institution.
3. The applicant should include copies of the current immigration documents with their application materials: I-20 form or DS-2019 form, U. S. Visa history, I-94 card, work permit, etc.

Visa and Passport Information

According to USCIS regulations, foreign nationals are strictly prohibited from enrolling in on-campus degree programs in the B-1/B-2 immigration status. To apply for (F-1) or (J-1) student immigration status /visas, foreign nationals must meet all international student requirements in order to receive a SEVIS I-20 or DS-2019 from Regent.

An F-1 or J-1 visa is not needed for Canadian or Bermudan citizens to enter the United States, but these citizens must obtain the F-1 or J-1 student immigration status upon entry. The SEVIS I-20 or DS-2019 form will be sufficient for obtaining F-1 or J-1 student immigration status, unless the student is coming into the United States from outside the Western Hemisphere. As of 1/23/07 all citizens of Canada, Mexico, and Bermuda are now required to have a valid passport when entering the U.S. by air/at any airport. In the near future, the passport requirement will also be extended to the same citizens who are entering the U.S. by land or sea as well. Those who enter the United States by land/sea prior to the passport requirement who do not have a passport should travel with a driver's license and/or birth certificate .

International Students and Residency

Residency is a term that Regent University uses to describe the portion of an on-line academic program that meets on-campus for seminars, workshops, or intense study during a one to four week period of time. Residency may be one week in length during the first year of the program or it may be one or two weeks in length each year of the program depending on the academic program requirements. A residency may consist of on-line classes or on-campus classes.

Some residencies (such as Divinity) that require full-time enrollment in on-campus classes will require an I-20 for the F-1 visa/F-1 student immigration status. In order to obtain the F-1 visa/F-1 student immigration status for this type of residency, all required documentation included in the Application and the Supplementary International packet must be submitted to Central Enrollment Management (for new students) so that an I-20 can be issued to the student. The I-20 is required for the F-1 visa application (if applicable) and application for the F-1 student immigration status at the U.S. Port of Entry.

Other residencies do not entail full-time enrollment in on-campus classes, but rather seminars or workshops. Participants in these types of residencies will not qualify for the I-20 and F-1 student immigration status and will be instructed to apply for the B-1 visitor immigration visa/status. Specific instructions will be provided by the Office of Central Enrollment Management.

Special Notes:

--Students from Canada & Bermuda, Bahamian Nationals, & British Subjects in the Bahamas, Cayman, Turks, or Caicos Islands do not need an F-1 visa, but will need the Regent I-20 to apply for the F-1 student immigration status at the U.S. Port of Entry.

--Students admitted to Regent University for on-campus degree programs should NOT enter the U.S. in the B-1/B-2 tourist status to attend classes at Regent because they will not be able to enroll in an on-campus degree program in the tourist status. (However, students in some on-line programs that require residencies at Regent, such as the GLE programs, will not qualify for the F-1 student immigration status, so they must enter the U.S. in the B-1 visitor immigration status for their short-term seminar and workshop attendance. Those students will receive specific instruction from Central Enrollment Management (CEM) by e-mail prior to their residency.)

--Due to immigration rules, students who are in F-1 immigration status cannot remain in the U.S. for on-line programs which do not meet on campus-during the fall and spring terms. These students must depart the U.S. for those semesters.

International Admission Process

Academic acceptance- Once all application requirements are met, the applicant's file will be sent to a faculty committee for review. Upon review of the applicant's file, a decision will be made on whether or not the applicant meets Regent University's academic requirements and will issue an academic decision. International students should not book their flights to the U.S. until they know the dates of the mandatory International Student Orientation program.

University Admission- Once academically *accepted*, an Enrollment Deposit of \$5,500 U. S. dollars (\$4,000 will be applied toward tuition for the first semester of study) is due. When the deposit is received and all financial documentation is verified, the applicant will be considered *admitted* to the University. Regent University will then issue the SEVIS I-20 or DS-2019 to the student.

Conditions for Issuing SEVIS Forms I-20/DS-2019

Before Regent University can issue the SEVIS Forms I-20/DS-2019 to an applicant, the following conditions must be met:

1. Academic acceptance for admission to Regent University must be granted at least four months prior to semester of enrollment. Only "regular" acceptance can be considered. "Provisional" or "conditional" acceptance may not be permissible.
2. Regent must receive Personal Certification of Financial Responsibility and, if applicable, the Sponsor Financial Support Affidavit documents, verifying that the applicant's financial resources meet the financial needs for their first year of study.
3. Regent must receive the applicant's \$5,500 enrollment deposit to Regent University. Of this amount, \$4,000 will be applied to the student's account for the first semester's tuition. The balance of \$1,500 will be held as a deposit by Regent University (without interest) for the duration of enrollment at Regent University and may be applied against unpaid fees and expenses (including, without limitation, any charges that Regent University may be required to pay on your behalf or on account of your status with Regent University) that the student incurs. A deposit is required of all applicants unless waived by the school's dean. If a student receives full tuition from any Regent school, then the enrollment deposit will be \$1,500 which will be held as a deposit by Regent University (without interest) for reasons mentioned above.
4. Verification that the student and dependents will maintain an insurance policy with coverage for Accident/Illness (\$50,000), Medical Evacuation (\$10,000) and Repatriation of Remains (\$7,500) through Regent University's student insurance company. These minimum coverage amounts are subject to change based on federal immigration regulations.

The following **DEADLINES** apply for submission of all required items before an I-20 may be issued:

1. For initial attendance students: May 15 for fall term enrollment; October 15 for spring term; and February 15 for summer term.
2. For transfer or continuing students: June 15 for fall term enrollment; November 15 for spring term; and March 15 for summer term.
3. For change of visa status: May 15 for fall term enrollment; September 15 for spring term; and February 15 for summer term.

Mandatory International Student Orientation

At the beginning of each fall and spring semester, the Office of International Student Services (OISS) offers a mandatory international student orientation, which all new and transfer F-1 and J-1 students are expected to attend. F-1 and J-1 students should not book their flights to the U.S. until they have checked the dates of the International Student Orientation program for the semester they were admitted to Regent. Students who are admitted to Regent for the summer term must attend the fall orientation in August. All international students are strongly encouraged to enroll during the fall semester due to the extensive SEVIS orientation that is offered for that particular term. Details regarding the International Student Orientation can be found on the OISS website at: www.regent.edu/iss

ENROLLMENT STATUS CLASSIFICATION

Regular (Degree-Seeking) Students

Applicants who intend to obtain a degree from Regent University are defined as regular students. All regular students are eligible for all forms of financial aid, unless otherwise specified below, and contingent upon successfully meeting other eligibility criteria of the individual financial aid programs. Upon acceptance, some graduate students may be sub-classified as provisional and/or conditional, if they have not met all admission requirements.

Provisional

If the admissions committee believes that the applicant has the potential for success in the degree program to which admission is sought, they may accept the applicant into the degree program on a provisional basis. Students accepted on a provisional basis may be considered for need-based assistance grants and student employment, but will not be considered for scholarships until the provisional designation is removed. The student on provisional enrollment basis must meet the following requirements to no longer be classified as provisional.

1. **Law School:** Students admitted to the J.D. program on a provisional basis must register for a minimum of 10 credits the first term and must receive a GPA of 2.00 for the courses taken that term. If students do not earn a GPA of 2.00 or better for courses taken the first term, the students will be placed on academic probation. All provisions of the Academic Probation and Dismissal policy will then apply. After completing a minimum of 14 credits with a cumulative grade point average of 2.00 or better the students will no longer be considered provisional.
2. **All Other Graduate Degree Programs:** Students accepted on a provisional enrollment basis in all other degree programs are limited to a maximum of 12 credit hours the first term of enrollment. Each school may establish specific course requirements for the provisional students' first term of enrollment. After completing a minimum of 9 credit hours with a 3.00 or better GPA and meeting the course requirements set by the school, the provisional designation will be removed. Students entering Regent on a provisional basis, who do not achieve a 3.00 GPA for the first term of enrollment, are subject to immediate dismissal. All provisions of the Academic Probation and Dismissal policy will then apply.

Conditional

Graduate applicants who have submitted all application material except test results, an official transcript or a letter of reference may be admitted on a conditional enrollment status. Those on conditional status have one term to submit all of the required admissions material. The student will not be eligible to register for a second term until the school removes the conditional designation. Any request for an exception to this registration block must be submitted to the dean of the school through an academic petition.

Nondegree Students

Graduate applicants desiring to enroll in courses who do not intend to obtain a degree may be accepted on nondegree status.

AUDITING A COURSE

Students who wish to enroll for a credit course on a noncredit basis are classified as auditors. Auditors must be admitted to Regent University via regular admission procedures to audit a course. Audit courses will appear on the student's transcript but will not receive credit. Students taking courses for credit shall be given enrollment priority over auditors. Students auditing a course will pay one-half the tuition as those taking it for credit. Financial aid is not applied to audited courses.

Changing from Audit to Credit

Students who enroll in a credit course as an auditor and later decide to take the course for credit shall file an approved academic petition form with the Registrar's Office no later than three weeks prior to the end of the term (two weeks prior to the end of a summer session). The student shall pay the additional tuition and must submit all course assignments by the end of the term. Financial aid will not be applied to the credit hours unless the change is completed in the first four weeks of classes (first two weeks of a summer term).

Changing from Credit to Audit

Students who enroll in a credit course for credit and later decide to audit the course shall file an approved academic petition with the Registrar's Office no later than three weeks prior to the end of the term in which the course is taken and no later than two weeks prior to the end of a summer term. Students who request to change from credit to audit must be passing the course at the time the request is made and upon approval must continue to attend classes. No refund will be granted unless the student changes from credit to audit in the first four weeks of classes (first two weeks of a summer term), according to the normal refund policy.

In cases of emergencies or unusual circumstances, exceptions may be made to the above deadlines with the submission of an approved academic petition.

COURSE CHANGES (ADDS/DROPS) AND REFUND POLICY

Students may change their class schedules online via GENISYS® until the day before the start of the university-defined term. (Law students are issued a "time-ticket" for their online registration period). For a two-week period, beginning on the first day of the university-defined term, students may add classes or drop classes and receive a 100 percent refund of tuition and fees by contacting the appropriate staff representative at their school. This two-week period is defined as the university's authorized add/drop period. Courses dropped during this period will not appear on the student's transcript. Courses dropped after the add/drop period up to the mid-point of the term will appear on the student's transcript with a "W." Courses dropped after the mid-point of the term will result in a grade of "WF." NOTE: In instances where courses are significantly concentrated (e.g., summer course with fewer class meeting dates) or are in a modular or other non-standard format, students must receive the approval of the dean before adding or dropping such a course after it has already begun, and these courses may not be subject to the above refund provisions. Dropping such a course after the stated school deadline will result in a grade of "WF" on the transcript.

Students who have not attended a course, or who show no participation in any instructional events for an online course will, at the end of the add/drop period, be administratively withdrawn from that course in accordance with university practice.

After the add/drop period, student requests for schedule changes must be submitted to the Registrar's Office with the properly completed add/drop form, including all appropriate school signatures. Student registration changes after the add/drop period are subject to the following refund provisions, except for courses described in the note above.

- 50% refund during the third and fourth weeks of the university-defined term
- No refund after the fourth week of the university-defined term
- NOTE: withdrawal from a course may have significant financial aid consequences resulting in repayments of distributed funds. Students are responsible for seeking counsel from the Central Financial Aid Office.

See the university calendar for specific dates each term. Course lab fees are not refundable after the second week of classes (first week of summer sessions). The university reserves the right to make adjustments in charges and refunds, if necessary, with proper notification to those affected.

GENISYS®

GENISYS® is the web-based student information system that allows students access to their student data record including access to personal information such as address, grades, online registration and financial aid information.

INDIVIDUAL STUDY

The academic programs at Regent University provide opportunities for students to pursue individual study under the guidance of a competent faculty member. Depending upon the school, individual study may include: special courses and seminars, workshops,

special topic courses, practicum, independent study, internship or thesis. Each school establishes specific guidelines for the thesis/portfolio proposal, as well as the thesis/portfolio itself, and shall provide those guidelines to students.

Enrollment for individual study credit is subject to dean's office and advisor approval. For more information, contact the individual schools.

REGISTRATION

Only students who have formally applied and have been officially accepted to enroll at Regent University may register for courses. An open registration period for each term shall be conducted in the previous term. Students may enroll for a maximum of 17 credit hours per term in master's programs, 16 credit hours per term in the J.D. program, and 15 credit hours per term in doctoral programs. Exceptions must be approved in writing by the dean of the school in which the student is enrolled prior to registration.

All student accounts must be resolved through the Business Office by the school deadlines prior to the beginning of each term. Unresolved accounts after the end of the appropriate deadline will be charged a late fee. Settlement of a student's account includes either payment in full or use of a university-endorsed payment plan. Students who have not satisfied all payment requirements by the end of the add/drop period will be administratively dropped from courses.

Registration for a practicum, independent study, internship, portfolio, thesis or dissertation shall coincide with the authorized registration periods and payment deadlines. Students should complete the Individual Study Form and submit it to the school in which they are registering. The normal late fee applies to those students who register for such courses after the final registration period.

Students applying for veteran's benefits should register during the open registration period. Students need to apply early as it may take up to 45 days for students to receive payment. All necessary paperwork should be processed through the Registrar's Office.

WITHDRAWAL FROM COURSE GRADES

For standard courses, a non-punitive grade of W (Withdrawn) is assigned to a student who withdraws from a course after the authorized add/drop period up to the midpoint of the term registered. For courses taught in non-standard formats (i.e., modulars cluster courses, etc.) the deadline to withdraw with a W is determined by the individual school. A grade of WF (Withdrawn Failing) will be assigned if the course withdrawal takes place after the stated deadline, unless the dean grants an exception. The designation WF is counted as an F in the computation of the GPA; the designation of W is not counted in the computation of the GPA. Any student who seeks to complete a course to which a W or WF grade has been posted must register in a subsequent term and pay the full current tuition for the course.

TRANSCRIPTS

All requests for official copies of transcripts from Regent University must be made in writing to the Registrar's Office. Three copies of a transcript will be given to students upon completion of graduation requirements. Current students and alumni will be charged a fee for transcript orders of two or more per term. Transcripts will not be released for current or former students who have unresolved financial accounts with the university. Requests by students for copies of their transcripts from other educational institutions are not honored.

FINANCIAL HOLDS ON ACADEMIC RECORDS

The Business Office will place a financial hold on the academic records of present and former students who have an outstanding account with the university. Such individuals will not be allowed to register for classes nor will any academic documentation or information (i.e., grades, transcripts, diplomas, etc.) be released to them until the Business Office receives the necessary payment. Once the account is settled, the Business Office will notify the Registrar's Office that the financial hold has been removed. The Registrar's Office is then allowed to release any requested academic documentation or information to the individual.

WITHDRAWAL FROM THE UNIVERSITY

Students who wish to withdraw voluntarily from the university during a term shall meet with the dean of the school or his/her designee and secure school approval on the withdrawal form. Students must satisfy all financial obligations before leaving campus or they will not receive transcripts or be allowed to re-enroll. Grades of W (Withdrawn) or WF (Withdrawn Failing) shall be placed on the students' transcripts for the courses in which they were enrolled.

The grade W (Withdrawn) will be posted on the transcript for all standard courses taken during the term if the student withdraws before the mid-point of the term; a grade of WF (Withdrawn Failing) will be posted thereafter. Withdrawal from courses taught in non-standard formats (i.e., modular cluster courses, etc.) will result in either a W or WF on the transcript, depending on the withdrawal deadline determined by the individual school. Students who have not attended any classes for which they are registered that term, or distance students who have not participated in instructional events by the end of the add/drop period, will, in accordance with university practice, be assumed to have unofficially withdrawn and will be administratively withdrawn.

For students who leave the university during the term or for students who are suspended for disciplinary reasons, a grade of W or WF will be recorded on the transcript for the courses in which the students were enrolled. The regular refund policy applies for a student suspended for disciplinary reasons.

PAYMENT

For information pertaining to payment options, financial aid and scholarships please refer to the Financial Aid & Scholarships section.

TUITION AND FEE PAYMENT DEADLINES

Each term's tuition and fees are due according to the payment deadline specified in the university academic calendar. Regent University accepts cash, checks, MasterCard or Discover card. Credit card payments must be made through GENISYS® with a 2.75% processing fee. Checks are also accepted through Genisys with no processing fee. All payments made after the payment deadline will incur a late fee. Enrollment will be canceled for any student who has not paid in full or enrolled in the university Tuition Installment Plan by the end of the applicable add/drop period. Any student whose enrollment is canceled will no longer be authorized to attend classes.

TUITION INSTALLMENT PLAN

Those students needing to pay tuition over a two or three month period may enroll in the Regent University Tuition Installment Plan (TIP) for a fee of \$45 per semester. With a completed and signed TIP agreement, the payments are automatically debited from the student's bank account each month. The TIP form is available on the Business Office website.

FINANCIAL AID

Regent University offers a decentralized financial aid program. Awards for which students in all schools are eligible are awarded through the Central Financial Aid Office. Awards that are unique to each school and/or program of study are awarded by the student's school of enrollment. Students should contact their school of attendance to inquire about financial aid offerings unique to their school.

The Central Financial Aid Office administers the following programs: federal and private education loans; the Virginia Tuition Assistance Grant Program (VTAG); and the university-wide endowed scholarships. Students should apply and/or re-apply annually for these financial aid programs.

VIRGINIA TUITION ASSISTANCE GRANT

Regent University participates in the Virginia Tuition Assistance Grant Program (VTAG). Virginia residents who are enrolled full-time, as defined in the VTAG regulations, (a minimum of 9 credit hours per semester for graduate students) in a degree program, excluding divinity or religious studies students, may be eligible for an award. An applicant must have been a Virginia domiciliary resident for one year prior to enrollment. If the student begins classes within one year of moving to Virginia, the student is ineligible. Domicile is established by at least 12 months of consecutive residence in Virginia prior to enrolling in school supported by actions that demonstrate intent to remain in Virginia indefinitely. The amount of the award varies per academic year. The maximum graduate level award for the 2008-2009 academic year is \$1,900 (\$950 per semester) for graduate students. Awards are based upon State funding and may be reduced to an amount lower than originally offered; depending upon the State's appropriated funds. TAGP awards are only available for the fall and spring semesters. Summer term awards are not available with VTAG awards. A completed VTAG application must be submitted to the Central Financial Aid Office by July 31 for the following academic year. The recommended application date is April 15 to ensure the appropriate coordination of all aid offered to a student. For more information and an application, contact the Central Financial Aid Office.

STATE ASSISTANCE FOR STUDENTS FROM STATES OTHER THAN VIRGINIA

We suggest students contact the Department of Education in their home state to ask about state-funded financial aid opportunities for students attending school out of state. In some states, the agency/department responsible for higher education financial aid programs may be called the State Board of Higher Education, State Council of Higher Education, State Education Assistance Agency (or Authority), Office of Student Financial Assistance, etc. Generally, the appropriate office/agency/department is located in the state's capital. If students have difficulty locating the address of their state's Department of Education, contact Central Financial Aid for assistance, or check the Central Financial Aid website at www.regent.edu/admin/finaid/stateags.cfm.

UNIVERSITY-WIDE ENDOWED SCHOLARSHIPS

Through the generosity of the University's donors, Regent is able to offer various university-wide scholarship programs. The selection process is highly competitive. The number of awards is limited and varies each year. Endowed scholarships are open to graduate level, degree-seeking students who meet the posted minimum qualifications for an award. Applications may be completed through the online GENISYS® system beginning mid-January. The deadline for all university-wide scholarship applications is normally April 1 for the following academic year. Awards are made for one academic year at a time, with the award being effective beginning in the fall semester through the following summer term(s). To retain the award from one semester to the next, the student must maintain at least the minimum appropriate grade point average each semester as defined in the university catalog as necessary to avoid being placed on academic probation. Awards offered are based upon a required enrollment of at least six (6) credit hours per semester. If there is a variance from this requirement, the award is subject to cancellation and/or revision. Exceptions may be made to this requirement if it is the student's final semester of enrollment where less than six credits are needed to graduate. More details will be provided to awardees when notified of selection. An application must be submitted each year by the published deadline for consideration of an award in a subsequent year. Previous recipients are not guaranteed renewal from one year to the next. Each of the university-wide endowed scholarships is only available to graduate/professional students. The exception to the application process and enrollment criteria is the Robertson Endowed Honors Scholarship. See the paragraph below for specific criteria for this scholarship. Contact Central Financial Aid for more information. More information is also available at www.regent.edu/admin/finaid/endowed.cfm.

Azusa Scholarship

The Azusa Scholarship is a 100 percent tuition scholarship for those who are called to serve the African-American community in the United States. Recipients are eligible to receive a book stipend up to \$150 each semester depending upon the number of credits for which the student enrolls.

Beazley Scholarship

The Beazley Scholarship is a 100 percent tuition scholarship established in memory of the late Fred W. Beazley. All applicants with a record of academic excellence are encouraged to apply. First preference is given to individuals from the Hampton Roads region of Virginia. Recipients are eligible to receive a book stipend up to \$150 each semester depending upon the number of credits for which the student enrolls.

Dooner Scholarship

The Dooner Scholarship is a 50 percent tuition scholarship established by Mr. William J. Dooner in order to assist Regent University students who are active members of the Roman Catholic Church. A letter of recommendation from the applicant's current priest must accompany the Dooner Application.

John G. C. Miller Scholarship

A Regent University alumnus who is physically disabled as a quadriplegic, established the John G. C. Miller Scholarship fund to honor her father. The scholarship assists physically disabled Regent students in meeting their tuition costs. The award may not be available every year. Contact Central Financial Aid for more information.

The Luther J. Stallings Jr. and Elizabeth A. Stallings Memorial Scholarship

Friends of the University, in memory of Luther J. Stallings Jr. and Elizabeth A. Stallings, have generously established this scholarship fund to assist students in meeting the tuition costs of attending Regent University. Virginia domiciliary residence is preferred for at least half of the scholarships awarded, while there is also the intent to have at least one recipient who is an international student on an annual basis. Need is a consideration, as derived by the use of the Free Application for Federal Student Aid (FAFSA).

The Robertson Endowed Honors Scholarship

This scholarship was established by Regent University to recognize the vision, leadership, and Christian service of its founder Dr. M.G. "Pat" Robertson. The scholarship pays for 100 percent tuition plus a yearly stipend of at least \$2,000 per semester. Graduate students must be enrolled in at least 6 credits per semester unless they are in the last term of their program. This scholarship application is by invitation only.

LOAN PROGRAMS

Regent University students may apply for assistance through the Federal Stafford Loan Program and PLUS Loans. The University also offers a variety of alternative education loan program options through private lenders.

To have eligibility determined for a Stafford loan, the student must complete a Free Application for Federal Student Aid (FAFSA). Students pursuing a loan for the next academic year (beginning with the fall semester) should submit the FAFSA as close as possible to, but not before, January 1. Submission of the FAFSA by March 15 is recommended for students who will be attending the following fall semester.

Any United States citizen or eligible non-citizen enrolled at least half-time as a regular degree-seeking student may apply for any of the loan programs Regent University offers. Applications for loans should be submitted a minimum of two months prior to your final registration payment deadline to assist in expediting the arrival of funds for disbursement by the first day of classes.

Stafford Loan Program

Eligibility for the Stafford Loan Program is not based on credit history, unless the student has defaulted on a previous federal student loan or owes a repayment for an over-award of an undergraduate federal grant. Stafford loans are made through private lenders who participate in this federal program. The student must be making satisfactory academic progress in order to qualify for this program (see explanation below).

First-time Stafford Loan borrowers at Regent are required to complete an online entrance interview counseling session prior to disbursement of loan funds. In addition, all loan recipients must complete an exit counseling session prior to graduation, withdrawal, or otherwise ceasing to be enrolled on at least a half-time basis.

Disbursement of Stafford loans takes place no sooner than the final payment deadline for the term (if timely application was made and all requirements are met). Loan proceeds must be split into at least two disbursements regardless of the length of the loan period. If a student withdraws from classes, a refund may be due to the student, and/or a "return of federal funds" calculation completed that may require some of the loan proceeds to be returned to the lender or paid back by the student. See the University refund policy and Return of Title IV Funds policy for more information. Any student who receives financial aid funds, but does not attend any of the classes (or complete any distance coursework) for which the disbursement was made is required to have the entire amount returned to the funding entity immediately. This is done by returning the payment received to Regent. Regent will, in turn, refund it to the funding entity on the student's behalf. This may result in a balance due the university.

There are two types of Stafford loans available: subsidized and unsubsidized.

1. Subsidized Stafford Loans

The subsidized Stafford loan is a low-cost loan to help pay education costs. A graduate/professional student may be eligible for up to \$8,500 with the federal subsidized Stafford loan per academic year. The amount is based on need. The federal government pays the interest on the loan while the student is enrolled at least half-time and during authorized deferment periods. The interest rate for the 2008-2009 academic year is 6.8 percent while in school and 6.8 percent upon entering repayment. The interest rate is fixed at 6.8 percent. The student has a six-month grace period after graduation or dropping below half-time status, before entering the 10-year repayment period. (See note in this section below.)

2. Unsubsidized Stafford Loans

A graduate/professional student may be eligible for up to \$20,500 per academic year with the Unsubsidized Stafford Loan. If the student is eligible for the maximum subsidized loan (\$8,500), the maximum unsubsidized loan is \$12,000, depending on the cost of attendance less other aid and resources. Clinical Psychology students are eligible for a maximum of \$37,167 per academic year. If the student is eligible for the maximum subsidized loan (\$8,500), then maximum unsubsidized loan eligibility would be \$28,667 depending on the cost of attendance less other aid and resources. Unsubsidized loans are not

based on need and interest begins to accrue at disbursement. Borrowers may exercise the option of making monthly or quarterly interest payments before the principal repayment period begins, or deferring interest repayment and having the interest capitalized and added on to the principal of the loan. Otherwise, the same rates and terms apply to the unsubsidized Stafford loan as to the subsidized Stafford loan. Students classified as dependent for federal financial aid purposes are not eligible for the unsubsidized Stafford loan program.

Note: Subsidized and unsubsidized federal Stafford loans may be consolidated once you are in the repayment period. Consolidation may extend the length of your repayment period and therefore, lower your monthly payments. However, the amount of interest paid over the life of the loan will increase substantially. Consolidation may or may not be the best option for you. Contact your lender or the Central Financial Aid Office for more information.

Federal PLUS Loans

There are two types of PLUS Loans offered: Graduate Plus and Parent PLUS (undergraduates only).

1. Graduate Plus Loans are available to graduate students. Unlike private alternative loans, Graduate Plus Loans are not based on your credit score. This difference should make the loan more easily obtainable for those with little or no credit history. Adverse credit includes the following:
 - Currently 90 days or more delinquent on repayment of any debt
 - Has had debt discharged in bankruptcy during the past five years
 - Evidence of a default, foreclosure, tax lien, repossession, wage garnishment, or write-off of a Title IV debt during the past five years
2. Parent PLUS loans are available to parents of dependent undergraduate students (see the Undergraduate Catalog for more information).

Alternative Education Loan Programs

For some students, the maximum Stafford Loan is not enough to meet the cost of attendance. For these students, private education loans are available to help bridge this gap. Alternative loans are not guaranteed and lenders will examine your credit history and may utilize a process of “credit scoring” to determine eligibility. Contact the Central Financial Aid Office for more information and applications. Information on loan repayment schedules is available.

Estimated Monthly Payments Based on a 10-year Repayment Period

Amount Borrowed	6.8% Interest	8.5% Interest
\$10,000	\$115	\$124
\$20,000	\$230	\$248
\$30,000	\$345	\$372
\$50,000	\$575	\$620
\$70,000	\$806	\$868
\$90,000	\$1,036	\$1,116

Deferment of Prior Loans

Students may apply to have their prior student loan payments deferred. It is the responsibility of the student to contact the lending institution and/or loan servicer to obtain the appropriate deferment forms. Students submit these forms to the Registrar’s Office for processing.

Private Grants and Scholarships

Students are strongly encouraged to research other sources of private grants and scholarships. More information on private scholarships is available at www.regent.edu/admin/finaid/privschol.cfm.

SATISFACTORY ACADEMIC PROGRESS (SAP)

A student must be in an admitted/enrolled status as a regular student in a degree-seeking program and making satisfactory academic progress toward a degree, in order to be considered for participation in financial aid programs (federal and/or private) administered through the university's Central Financial Aid Office. Making satisfactory academic progress, for these purposes, means that a student must maintain a minimum prescribed cumulative grade point average (GPA) defined by the school, as well as proceed through the program at a pace leading to completion in a specified time frame. Satisfactory progress is measured at the end of each academic semester.

Minimum Requirements

A student achieving at least the minimums specified below will be considered making satisfactory academic progress.

- Minimum Cumulative GPA of 3.00 in the student's current academic program transcript level (except students in the J.D program transcript level which requires a 2.00 minimum)
- Successful completion* of 50percent of all credits attempted at a particular transcript level of graduate and/or professional programs of study (e.g., general graduate, Law, M.Div., etc.)

* "Successful completion" is defined as credits finished with grades other than an "F," "I," "IP," "W," "WF," "WX," "FX," "NP," "NG," or "AU" at the time grades are posted for the term being reviewed and/or when the satisfactory academic progress review for the prior term is made.
- For students enrolled in a master's or the juris doctorate program, the student has been enrolled for no more than five calendar years from the beginning of the semester in which the program was initially begun, including periods of non-enrollment.
- For students enrolled in a doctoral program, the student has been enrolled for no more than seven calendar years from the beginning of the semester in which the program was initially begun (including periods of non-enrollment).
- Student must be in otherwise good academic standing with the university (as defined by the university's academic policies).
A student placed on academic probation is automatically on financial aid probation.

In the event that a student fails to meet any of the above criteria at the end of an academic semester/term, the student will be placed on "financial aid probation" for the immediately following period of enrollment. That is, a student in this category may receive financial aid for the next term of enrollment, but must meet the above stated minimums by the end of that time period. The second time that a student fails to meet one or more of the requirements, the student will no longer be making satisfactory progress for financial aid purposes. As a result, he or she will be ineligible for financial aid offered through the Central Financial Aid Office, including federal and private loans, scholarships, etc., for the following academic term in which the student may enroll.

Appeal Procedures

If a student is found to be ineligible for financial aid because satisfactory progress requirements were not met, the student may appeal this decision to the Dean of the School through the school's financial aid representative. Reasons for appeal may include such extenuating circumstances as prolonged illness, hospitalization, death of an immediate family member, etc. The appeal must be in writing and indicate the reasons why the minimum requirements were not met and why aid should not be terminated.

The Dean of the School (or designee) will review the appeal and determine whether suspending aid is justified. The student and Central Financial Aid Office will be advised, in writing, of the decision. The Director of Central Financial Aid may consult with the Dean of the School regarding the decision provided before Central Financial Aid clears an ineligible status.

Reinstatement

To reestablish satisfactory progress after being terminated from aid eligibility, a student must improve his/her academic standing to meet the designated standards.

Repeated Courses

When a course is repeated, the last grade points and credit hours earned replace the previous grade points and credit hours in computing the grade point average. Please refer to the university catalog for the method in which repeated courses in the School of Law are calculated.

Transfer Students

Courses that transfer students took at previous institutions prior to attending Regent are counted only in the number of hours successfully completed, i.e., they do not show up as hours attempted or in the GPA calculation, per the university's academic policy.

Periods of Non-Enrollment

Periods of non-enrollment in a particular degree program have no effect on a student's satisfactory academic progress upon reentering for these purposes, except that the maximum five- to seven-year time limit still applies (as described in "*Minimum Requirements*" above). Any exceptions to the time limit due to periods of non-enrollment must be appealed to the Dean of the school through the school's financial aid representative. See "Appeal Procedures" above.

Joint Degrees and/or Multiple Degree Programs

A joint degree student or student enrolling in multiple degree programs at different academic transcript levels (e.g., Law and Government, or a Master of Divinity degree program and a master's degree program in Counseling, etc.) will be evaluated for SAP based upon each transcript level. Failure to meet the standards on either academic transcript level will classify the student as not making satisfactory academic progress for financial aid purposes.

Students having academic records in multiple programs at the same transcript level will be evaluated based upon all grades at that level, regardless of current enrollment status in any of the programs. It is vital that students monitor their classification in each academic program to ensure accurate representation of their intended degree plans, especially as it relates to satisfactory academic progress for financial aid purposes.

The maximum time limits as defined under "Minimum Requirements" above are still applicable to students in joint degree and/or concurrent multiple degree programs.

NOTE

The SAP policies are for financial aid purposes. They are required to ensure that recipients of federal student aid and other aid administered by the Central Financial Aid Office are meeting qualitative and quantitative progress toward their degree as required by program regulations and policies. A particular scholarship, grant, etc., offered through your school might have different individual award eligibility requirements unique to that particular award.

STUDENT EMPLOYMENT

In addition to awarding scholarships and grants, and administering the various loan programs, the Central Financial Aid Office posts employment opportunities with Regent University, CBN and other employers in the surrounding communities. The Central Financial Aid Office is in no way responsible for placement or student/employer relations. Job postings do not necessarily imply University endorsement of the employer. See www.regent.edu/admin/finaid/jobs.cfm for current job listings.

A limited number of part-time positions are available at the university. These jobs include assistants to individual professors and administrative staff, lab assistants, library workers, etc. Employment is normally limited to 20 hours per week. Applications for posted jobs are available from the Human Resources Department at www.regent.edu/admin/prsnel or through Central Financial Aid.

The program is directed toward those who desire to be writers, editors, critics, directors, producers or other key media professionals. The various programs and courses in the department attempt to balance examination of the content with acquisition of practical production and management skills. Students are welcome to self-fund other projects of their own interest that reflect the mission and vision of the School. The resources of the Department of Cinema-Television include a fully equipped television studio, a film sound stage, non-linear editing suites, an animation lab and fully digital audio post-production facilities.

Master of Fine Arts (Script & Screenwriting major)

The MFA major in Script & Screenwriting is based on the unique nature of Regent University and its mission. Each student accepted into the MFA Script & Screenwriting major will be challenged to grow academically, professionally and spiritually. Academically, the concentration is devoted to applying current knowledge, research and skills in communication to develop writers who effectively communicate through stage and media productions. Specific areas of writing focus are determined by the strengths of current faculty. The major is administered and shaped to help students integrate the Christian faith with their chosen profession.

Requirements for the MFA with a major in Script & Screenwriting

All those pursuing the MFA major in script and screenwriting must complete the following:

1. Completion of a minimum of 60 credit hours beyond the bachelor's degree. While the number of hours is dependent upon a student's individually approved degree program in conjunction with his or her faculty mentor(s), ordinarily no more than 70 credit hours are required of an individual student.
2. Completion of the 10 (30 credit hours) mandatory courses. These are included in the total hours required. Students who want to emphasize writing for theatre may take THE 632 or THE 633, in lieu of either CTV 602 or CTV 603.
3. At least 3 credit hours of an approved course with a research methodology component. Students should consult their academic advisor to determine which courses will fulfill this requirement.
4. Completion of at least 9 credit hours of critical studies courses.
5. Completion of at least 12 credit hours of elective or seminar courses.
6. Completion of at least 3, but not more than 6, credit hours of MFA Script & Screenwriting practicum (SSW 680).
7. Completion of at least 4 credit hours of MFA Portfolio (SSW 698). There is no maximum number of portfolio credit hours that can be taken once all other requirements are met.
8. Completion of all requirements associated with the MFA portfolio, including public presentation of the portfolio project. A student may apply a maximum of 6 credit hours of portfolio credit toward the minimum requirement of 60 credit hours. Advanced Standing: applicants who already have an M.A. degree may apply for up to 6 credit hours of advanced standing toward the MFA degree with approval of the MFA committee and the dean of the School.

Course Offerings and Instruction

Many of the courses offered to students in the MFA program are also available to cinema-television students and theatre arts majors under the Communication M.A. degree. MFA students who pre-register can expect enrollment preference in script & screenwriting classes over students who are taking such classes as electives. Likewise, MFA students will take a number of courses in cinema-television and/or theatre arts in order to ground them in a thorough understanding of the history, structure and practices of these media. Moreover, the MFA Practicum and the MFA Portfolio and the School core class, COM 600 Communication Theory, Ethics & Worldview, are crafted specifically for the needs of the MFA student with a higher degree of faculty mentoring than is typical in the M.A. program.

Master of Fine Arts (MFA) in Acting

The MFA is a terminal degree that places more emphasis on skills and performance than on original research. In addition to the MFA listed in the preceding section, the Master of Fine Arts (MFA) in Acting is offered by the Department of Theatre Arts.

Department of Theatre Arts

The Department of Theatre Arts is dedicated to equipping artists of the theatre who wish to pursue a career in the professional theatre, the academy, and in the ministry with professional and technical skills based on a Judeo-Christian perspective on the theatre arts. One of the primary goals of the department is to train high caliber professionals who will function with moral and spiritual integrity in their chosen field. The various programs and courses the department offers attempt to balance examination of the content with acquisition of practical performance, production and management skills. Overall, then, it is the department's mission to equip theatre artists to practice their discipline with excellence even as they offer redemptive messages creatively expressed through a variety of creative venues.

The Theatre Arts Department, offers the MFA in Acting with a concentration in Directing and a General concentration

NOTES:

- All students pursuing the M.F.A. in Acting in the Department of Theatre Arts must take the Theatre Arts General Knowledge Entrance Examination. This exam is scheduled during the first week of classes to facilitate proper advisement. Students should contact the Theatre Arts Office (757.226.4237) to find out when the examination is scheduled. To remain in their chosen program of study, the student must pass this examination with a score of 70% or higher by the completion of their first two semesters of study. A study guide for the exam maybe found at <http://www.regent.edu/theatre/entranceexamstudyguide05.pdf>
- Students seeking entrance into the MFA program must audition and interview. See the "Admissions Requirements," School of Communication & the Arts above. The Department of Theatre Arts holds auditions during January, February, and March of each year at a variety of venues around the country. This itinerary is published each fall on the Department's internet home page at: <http://www.regent.edu/acad/schcom/theatre/auditions.shtml>
Videotaped auditions are accepted, but it is highly recommended the student attend one of the national audition sites or the on-site auditions at Regent University held each spring. Preference is afforded candidates who can sing and move with facility.

Students who already have an M.A. degree may apply for a maximum of 6 credit hours of "advanced standing." This should be requested at the time of admission.

At Regent University, theatre students benefit from the close relationship the Department of Theatre Arts enjoys with the Department of Cinema-Television. Students pursuing the MFA in Acting receive not only a firm grounding in stage acting, but also intensive study in acting for TV and the cinema (including opportunities to participate in cinema-television productions and to take approved CTV courses as electives).

Students also benefit from Society of American Fight Directors stage combat training in a variety of SAFD sanctioned styles and weaponry. MFA Actors take three stage combat courses and, with the approval of the instructor, may take the SAFD Skills Proficiency Test each spring, which can lead to achieving Actor-Combatant status with the Society of American Fight Directors.

The MFA in Acting degree has two concentrations: one is a General Concentration in Acting; the second is a Directing Concentration. Both concentrations require a minimum of 60 credit hours taken over six semesters.

MFA in Acting (General Concentration)

The MFA in Acting (*General Concentration*) includes intensive study in stage acting techniques, camera acting technique, voice production, stage dialects, singing, movement, dance, stage combat and textual analysis. The MFA in Acting culminates in a Thesis/Creative Project where the student is either assigned a major role in a Main stage production or required to create a 45 minute recital consisting of a predetermined list of scenes and monologues culled from a variety of dramatic genres, periods and styles. The written (or "Thesis") portion of the Creative Project consists of a detailed character analysis, play analysis (including a score of the role, beat by beat), research, a production journal, reviews and whatever appendices the student and his or her MFA committee deem necessary to complete the effort effectively.

Each MFA student is assessed and advised each semester and is required to have an “End-of-Year Interview” with the performance faculty, at which time progress will be discussed in detail. **Continuation in the program is by invitation.** This degree is primarily designed to prepare actors to enter the marketplace and compete as professional actors.

The MFA in Acting is a highly structured course of study consisting of a minimum of 60 credit hours. Many of the courses in the program are on a two-year rotation. It is incumbent on the student to communicate closely with his or her advisor to insure that the appropriate courses are taken as they arise in the rotation.

MFA in Acting (Directing Concentration)

Students must apply and interview to be accepted into this concentration (see “Admissions Requirements,” School of Communication & the Arts above). Only a small number of students will be accepted into this concentration each year. If the applicant has any evidence or documentation of directing experience, such as promptbooks, video tapes, and critiques or reviews, the applicant should present such documentation for review when they interview.

The MFA in Acting (Directing Concentration) focuses primarily on acting, but also affords students who have exhibited acumen--and who have a strong desire to explore directing in more depth--the opportunity to do so. The student takes the same 48 credits of Required Core Courses as the General Concentration, students. This course of study includes intensive study in stage acting techniques, camera acting technique, voice production, stage dialects, singing, movement, dance, stage combat and textual analysis. However, in addition to taking the 48 required core credits of acting related course work, the Directing Concentration student will take 9 credits of directing oriented course work: Advanced Directing 1, Advanced Directing 2, and Stage Management. The student will also be strongly encouraged to take a directing oriented course to fulfill their 3 elective credit hours—such as The Theatrical Design Process 1, The Theatrical Design Process 2, or Actor Coaching for the Stage and Screen.

The MFA in Acting (Directing Concentration) culminates in a Thesis/Creative Project where the student is assigned a major role in a Department of Theatre Arts Main stage production or required to create a 45 minute recital consisting of a predetermined list of scenes and monologues culled from a variety of dramatic genres, periods and styles.

Each MFA student is assessed and advised each semester and is required to have an “End-of-Year Interview” with the performance faculty, at which time progress will be discussed in detail. **Continuation in the program (and this concentration) is by invitation.** This degree is primarily designed to prepare actor/directors to enter the marketplace and compete as professionals but may also be of use to those who already know they wish to seek employment in the academy.

The MFA in Acting (Directing Concentration) is a highly structured course of study consisting of a minimum of 60 credit hours. Many of the courses in the program are on a two-year rotation. It is incumbent on the student to communicate closely with their advisor to insure he or she takes the appropriate courses as they arise in the rotation.

Doctor of Philosophy (Ph.D.) in Communication

This program enables students to conduct pure and applied research in all areas of study offered in the School. The strengths and research interests of current faculty determine original research projects. Students develop their coursework in consultation with their doctoral advisor.

The doctoral program in communication is designed to prepare a select number of students to enter either the School teaching profession or to fill research and top-level administrative roles in organizations in need of highly educated professionals. The mission involves an intense effort to develop scholars who are able to integrate a Christian worldview with their chosen discipline within communication as they teach, conduct research and practice their professions. A primary goal of the program is to prepare graduates to become Christian leaders who will contribute to communication research, writing, and scholarship.

Requirements for Ph.D. in Communication

All those pursuing the Ph.D. degree in communication must complete the following degree requirements:

1. The completion of all core courses and additional courses required by the student's doctoral committee. While the number of hours is dependent on a student's individually approved degree program developed in conjunction with his or her doctoral mentor(s), ordinarily no more than 52 credit hours and no less than 44 credit hours are required of an individual student.
2. COM 700 Introduction to Doctoral Studies in Communication, which is offered on campus and is taken the summer before the first full semester of doctoral coursework.
3. Completion of nine credit hours of doctoral research courses listed below. Students must take all three research courses and must demonstrate their research competence in the methodology they plan to use in their dissertation research.
 - COM 701 Communication Research: Historical/Critical Methodologies
 - COM 702 Communication Research: Qualitative Methodologies
 - COM 703 Communication Research: Quantitative Methodologies
4. Students who have not previously taken a graduate-level research methods course will be required to take COM 601: Evaluation Methods.. Completion of four additional mandatory doctoral courses listed below:
 - COM 705 Advanced Communication Theory
 - COM 707 Philosophy & Communication
 - COM 708 History of Communication
 - COM 709 Theology & Communication
5. Completion of at least 4 credit hours of doctoral seminar coursework (COM 785). The maximum number of this type of course is dependent upon the student's individual program. Successful completion of a two-part qualifying examination following the doctoral student's coursework. The first part examines the student's knowledge of the whole field of communication and the ability to think in broad research terms. It is interdisciplinary in nature and based in part on material covered in the mandatory doctoral courses. The second part of the qualifying examination covers the student's

major field of study (and minor area of study if so chosen). The field-specific portion of the qualifying examination will also cover the research methodology area (COM 701, COM 702, COM 703) that the student plans to employ in his or her dissertation research.

Design of the Program

The program emphasizes each student's academic, professional and spiritual growth. It is devoted to pure and applied research in the study areas offered in the School as determined by the strengths of current faculty. Students in the program have concentrated their studies within such areas as interpersonal communication, organizational communication, rhetoric, intercultural/international communication, cinema studies, media effects and new communication technologies, theatre arts studies and journalism studies. Each student encounters both broad interdisciplinary study and very specialized, field-specific coursework and research. The program encourages in-depth study using quantitative, qualitative, and historical-critical approaches. Coursework and research activities are tailored to the expressed interests and goals of the individual student.

Each student's program of study, which ordinarily must be completed within five (5) years from admittance, is developed in conjunction with and guided by an individually assigned doctoral advisor/mentor chosen from faculty members whose expertise relates to the student's expressed goals and interests. The structure of the doctoral student's individual program of study will be dependent upon the student's special interest in the communication and arts fields and the topic and research needs relative to writing a dissertation. The dissertation topic normally will be chosen early within the program. Other than the dissertation study area, each student's program will incorporate a combination of the following types of courses:

- Mandatory doctoral courses. Seven required courses are designed to expose the doctoral student to the theories and research methodologies common to the communication and arts fields and to the philosophical and theological perspectives of communication, the arts and their sub-disciplines. These courses, though broad and interdisciplinary in scope, provide flexibility in allowing students to undertake course assignments that relate to their specific fields of study. These courses are designed for the first two years or early part of the student's program of study.
- Seminars. Special topics seminars are offered every semester and during summer sessions. These seminars are broad in nature and of interest to all students or reflect subject matter in a particular discipline within the field of communication. A visiting professor is often invited to teach a doctoral seminar every summer. Independent Studies. Highly individualized courses called independent studies provide opportunities for students to pursue specialized areas of research and to be mentored by professors on a one-on-one basis. Independent Studies are patterned after the Oxford and Cambridge Universities' models of higher learning.
- Selected regularly offered graduate courses that are open to both master's and doctoral students.
- Minor area of study. Up to 12 credit hours of study in a minor area of study from participating School(s) of Regent University are available to doctoral students.
- Supporting courses. Graduate courses are available to doctoral students outside the School of Communication and the Arts but in other Schools within Regent University, or at graduate institutions outside Regent University that prepare them to complete their specialized program of study.

Admission to Candidacy

Admission to the doctoral program DOES NOT constitute a student's admission to candidacy for the Ph.D. degree. Admission to candidacy is contingent upon:

1. Successful completion of all coursework, with a minimum of a B average (3.0 CGPA);
2. Successful completion of both portions of the qualifying examinations;
3. Meeting the residency requirement for the track in which the student is accepted into the program;
4. Recommendations by the student's doctoral committee/mentor(s); and
5. The approval vote of the doctoral faculty committee and the faculty of the School.

Residency

Residency is a necessary component to building academic fellowship and camaraderie among a community of scholars. On-campus doctoral students meet the residency requirement by completing two consecutive semesters in which they are registered for at least 6 credit hours each semester, excluding summer sessions.

All doctoral students, must attend a 3-credit hour, on-campus seminar, COM 700 Introduction to Doctoral Studies in Communication, scheduled during a two-week summer session preceding the student's first fall term of study. This seminar is a daily, intensive reading/lecture/writing course in the field of communication studies. The course also is designed to orient students to the doctoral program, the School's faculty, and doctoral-level study in the communication field.

Doctoral students have a five -year limit within which they are normally expected to complete all requirements for the Ph.D. degree. Doctoral coursework is designed for a two-year, full-time commitment. In light of this time frame and degree completion deadline, students may choose to register for part-time coursework any semester.

Emphasis is placed on freedom and release rather than control, believing that the actor's focus should be on the integrity of his or her role and the voice should be free to follow the actor's intuition and imagination. Voice work should make the vocal instrument available while remaining healthy. Its use is not limited to the creation of beautiful sounds. While this course is not designed to be a singing class, better singing may be a by-product of the work.

SCHOOL OF DIVINITY

DEAN'S MESSAGE

How do we approach the most important issues of life? How do we communicate a gospel of reconciliation in the midst of a changing and uncertain world? What priorities, relationships, meanings, and actions shape us into who we are individually and as a community of faith? How should the Church and her leaders respond to challenges not yet identified or imagined?

There are no easy answers. Ideas and practices are tested and improved through interaction with others who share the spiritual journey and the search for truth and wholeness. Regent University School of Divinity encourages spiritual enthusiasm, theological discernment, biblical knowledge, character formation, academic excellence, worship, service, listening, practice, and perseverance to shape Christian leaders who can change the world.

As you sense God giving you a vision for this kind of ministry, we invite you to join us, through our Virginia Beach, or distance education programs, for a season of preparation in a scholarly community of believers who truly desire to change their world.

Michael D. Palmer, Ph.D.

As an educational and faith community we assume that students are active and experienced in ministry. Correspondingly, we seek to encourage growth in spiritual formation, theological and biblical integrity, fruit and gifts of the Spirit, a commitment to the Church, and the outward thrust of evangelism and missions. Our vision, through our graduates and scholarly activities, is to provide Christian leadership in transforming society by affirming and teaching principles of truth, justice and love as described in the Holy Scriptures, embodied in the person of Jesus Christ and enabled through the power of the Holy Spirit. *Soli Deo Gloria.*

Divinity Incentive Awards

Divinity Incentive Awards are merit-based awards that seek to provide incentive for: 1) previous academic achievement (cumulative GPA and entrance test scores); 2) professional excellence; and 3) ministry/leadership potential. This category includes the Dean's Leadership Incentive Award, the Harvey Memorial Scholarship, the J. Rodman Williams Scholars Award and the Wright Scholarship for Preaching.

Divinity Investment Grants

Divinity Investment Grants are awards that are investments into the lives of students who demonstrate potential for ministry and are in financial need. These awards are designed to encourage students to complete studies as rapidly as possible and to assume active ministry roles. This category includes the Church and Seminary Matching Grant, the Ministry Partnership Award, the Seminarian Investment Grant (for part-time students), the Seymour/Mason Diversity Award, the Divinity Women in Ministry Award, the Distance Education Award and the Benny Hinn Endowment for World Evangelization.

Grants for International Students

International students may qualify for one of three awards based on academic merit, ministry/leadership potential and demonstrated financial need. These awards are the International Ambassadors Grant, the International Student Fund and the Benny Hinn Scholarship for World Evangelism.

Military Discount

The online distance education program is approved by DANTES. Military students who receive tuition assistance through DANTES are eligible to receive a tuition discount from Regent University. Once accepted to the program, students may receive extensions to complete their coursework as needed. Students must be in good academic standing (i.e., **cannot** be on academic probation) and be making satisfactory academic progress toward a degree. For additional information, contact the Enrollment Services Office.

PROGRAM OVERVIEW

The School of Divinity offers both non-degree and degree programs. The School of Divinity has the following non-degree programs: Alumni Continuing Education Program, Certificate Programs, A.C.T.S.; Spouse Observer's Program; Local Pastors' Program; and Continuing Education Program. The School of Divinity grants the following degree programs: Master of Arts (M.A.) [in a variety of academic concentrations]; Master of Arts (M.A.) in Missiology [Professional]; Master of Arts (M.A.) in Practical Theology [Professional]; Master of Divinity (M.Div.), Concentrations in Missiology and Practical Theology [Professional]; Doctor of Ministry (D.Min.); and Doctor of Philosophy (Ph.D.) in Renewal Studies.

NON-DEGREE PROGRAMS OVERVIEW

Alumni Continuing Education Program

Allows graduates of the School of Divinity to take one course per term (15 credits maximum) for \$100 (plus a one-time \$25 application fee). Alumni are designated as non-degree students for this ACE program.

Certificate Programs

Graduate certificate programs are designed for those seeking advanced study for continuing education and professional development. Graduate certificates are available in Biblical Studies (3 courses), Church Leadership (3 courses), and Practical Ministry (3 courses). These certificates can be completed through a combination of online and modular course formats. Courses earn graduate credit which can be applied toward a degree program if further study is desired. Complete the abbreviated application form for non-degree students. Certificate students wishing to earn an academic degree must apply separately to that degree program and meet full admission requirements. Acceptance into a certificate program does not guarantee acceptance into a degree program.

Advanced Courses in Theological Studies (A.C.T.S.)

The A.C.T.S. is a non-degree program of up to 36 credit hours. It is designed to assist applicants who possess a masters degree in a theological discipline and three or more years of full-time ministry experience, and wish to become academically eligible to apply to a Doctor of Ministry (D. Min.) program [those wishing to apply to a seminary Doctor of Philosophy (Ph.D.) program might also be accommodated]. Normally, applicants to D.Min. programs must possess the Master of Divinity (M.Div.) or its academic equivalency to be eligible to apply for admission. The A.C.T.S. builds upon a student's academic experience to provide the academic equivalent of the M.Div. (normally considered to be a minimum of 72 hours).

The primary objective of the program is to offer the student theological education as enrichment for professional development, while serving as a prerequisite for applying for admission to a D.Min. [or seminary Ph.D. program]. Completion of the A.C.T.S. program does not automatically guarantee admission to the doctoral program.

A.C.T.S., although a non-degree program, is graduate level, theological study. To be eligible for the A.C.T.S., applicants must possess an ATS accredited master's degree in a theological discipline, with no less than 36 credit hours of academic work. The certificate is awarded upon successful completion of all course work. Courses are offered in the areas of Bible, theology, Church history, biblical Greek and Hebrew, and a ministry specialization, depending on the student's individual needs regarding M.Div. equivalency. Courses required for the A.C.T.S. are individualized according to the student's needs and previous work reflected on graduate transcripts. A variety of venues for completing the A.C.T.S. are available, including on-campus courses, one-week intensive courses (modular), online courses, and independent studies.

Spouse Observer's Program

The commitment of the School of Divinity does not end with its students, but extends to families also. In many instances after graduation, a student spouse may share in considerable ministry responsibilities. The Spouse Observer's Program allows spouses the opportunity to experience some of the spiritual, academic and professional development opportunities alongside the seminarian. With the permission of the instructor of the course, spouses may join Divinity students in class as a nonparticipating observer. While credit is not granted for the experience, the perspectives and skills gained result in stronger seminary families and, eventually, ministry families. Participation is contingent upon space availability and the permission of the instructor.

Pastor's Continuing Education Program

The Pastor's Continuing Education program (formerly known as the Local Pastors' Program) is designed for any full-time pastor (regardless of geographic location) to take one course per year as a non-degree student for a special rate of \$150 (plus a one-time \$25 application fee). Like all non-degree students, the PCE program allows a life-time maximum of 15 credits in this status. To be eligible, pastors must have a four-year degree from an accredited undergraduate institution. Pastors who do not meet the minimum requirements and do not wish to receive credit of any sort, may take courses through our Continuing Education Program.

Regent students in auxiliary pastoral roles are not eligible, nor are pastors who are current Regent students and receiving financial aid awards. Current, inactive, or former Regent University Divinity students are not eligible. Pastors seeking a degree should apply through the normal admissions process and ask about the local pastors' *tuition discount* (not the Pastor's Continuing Education). Due

to the current INS regulations for International students, this program only applies to U.S. citizens and Permanent Residents of the U.S.

Pastors may take advantage of this benefit each academic year without ever having to reapply. *Only graduate-level Divinity courses* are offered under the Local Pastors' Program. This program only applies to the Master's-level courses; Doctor of Ministry, and Ph.D. courses are exempt from the program (as well as some Master's courses with prerequisites).

A pastor wanting to enter the program must download, and complete the online application form on the School of Divinity website. If accepted, he/she will be contacted by the Divinity Registration Representative to facilitate registration for the first course. A "pastor's hold" will also be placed upon the student's account, meaning that he/she will be unable to register for another course until the next academic year. The next time the pastor wishes to register for a course, he/she will need to contact the Divinity Registration Representative.

Continuing Education Program

For more information about the CEU Program contact the Divinity Registration Representative.

PARTNERSHIPS AND AFFILIATIONS

The School of Divinity is one of the Associated Schools of Jerusalem University College (formerly the Institute of Holy Land Studies), and is recognized by the Association of Clinical Pastoral Education as providing academic certification requirements. The School of Divinity is a charter member of the Pentecostal Research and Preservation Consortium along with Asbury College, Billy Graham Center at Wheaton College and Oral Roberts University. These partnerships are in keeping with the mission and expanding impact of the School of Divinity and Regent University.

MASTER'S DEGREE REQUIREMENTS

- Academic Writing, unless an exemption is issued. This exemption is based solely on the writing sample submitted in the admissions process.
- Students who plan to graduate in a given year must fulfill the requirements and timetable on a clearance sheet available from their advisor and the dean's office. Items that must be met include:
 1. Review and complete an Academic Degree Plan (ADP) with the registration representative prior to completion of the first year of courses.
 2. Completion of core courses for the degree plan.
 3. Completion of elective hours.
 4. Completion of internship or culminating experience (thesis or comprehensive exam). Details for comprehensive exams are available from the divinity academic dean's office.
 5. Exit survey.
 6. NOTE: A student in the LAST TERM of a master's program may apply for an exemption to the final exam(s) in any or all courses taken during the final term. The conditions of an exemption include ALL of the following: (1) a 3.5 average in the class; (2) a 3.5 CGPA in the student's overall program; AND (3) if the professor agrees and concurs that the final exam is not "essential" to the course material and content [i.e., an exemption from final exam will not unduly penalize the student's learning of the course material and content]. The application for exemption is not automatic. The professor is not obligated to grant the request.

Students who choose the internship must follow the procedures in the *Internship Manual*. Students who opt for the thesis must follow the procedures and timetable in the *Thesis Manual* available on the divinity website.

COURSE ATTENDANCE

In order to receive credit for a course, students must attend a minimum of 70% of courses which have a residency or an on-campus requirement. Whether the course is standard, modular or hybrid in type, residency is an essential component of the requirements for these courses. Merely completing the assigned work is not sufficient to receive a grade for courses that have a residency requirement. This applies to masters and doctoral courses in the School of Divinity. NOTE: particular courses may assign credit for attendance and discount the final grade for a lack of attendance, even above 70% (see course syllabus for particular procedures and requirements).

ADMISSIONS REQUIREMENTS for the Masters Programs

Refer to the "Admission to Regent Graduate Schools" section of this Catalog for additional information regarding admission procedures and requirements.

The School of Divinity does not require students to have undergraduate courses or degrees in Bible, theology, religion or philosophy. However, the school does expect students to possess knowledge of the Bible as a basis for seminary study. Students

may either pass a Biblical Knowledge Placement Exam or take the Bible survey courses in the University's School of Undergraduate Studies. Admission to degree programs is a competitive process and is based on academic achievement as evidenced by college grades (minimum 2.75 GPA; 3.00 GPA preferred), an extemporaneous writing sample, maturity in spiritual and character qualities, personal interview, clergy recommendation, and personal goals consistent with the mission of Regent University. The School of Divinity encourages applications from men and women of all Christian church traditions, denominations and national and ethnic origins. See also the University

M.A. (academic) [several concentrations], **M.A. in Missiology** (professional), **M.A. in Practical Theology** (professional), and **M.Div.** [concentrations in Practical Theology & Missions] are degrees offered at the Virginia Beach campus. The degrees offered via online distance education are: **M.A. in Practical Theology**; **M.A. [concentrations: English Bible, Christian Doctrine and History]**; and **M.Div. [concentration: Practical Theology]**.

ADVANCED STANDING

Advanced standing may be granted to students as follows:

- Graduates with an M.A. from Regent University who wish to be readmitted as M.Div. students must submit an application to the M.Div. program. No more than one-half of the M.A. degree can be used to give advanced standing for the M.Div. program. This petition is subject to formal review by the Associate Dean for Academics, Admissions Committee and faculty. The formal review will include an evaluation of leadership merit, student performance and clarity of professional goals. Applicants are not re-admitted into a degree program nor are eligible to take classes until they have received positive notification from the dean's office;
- Students applying to Regent from **an accredited institution** (the "Admission Criteria: Master's or Professional Degree Program" section of the Catalog for approved accredited work regarding admissions is ordinarily the same for transfer of credit or advanced standing) must demonstrate through examination and/or through sufficient evidence a professional or academic proficiency equivalent to the coursework in the School of Divinity. In this case, the duration of the degree may be shortened. A maximum of 15 credit hours can be allowed toward Advanced Standing for the M.A. and 22 credit hours toward the M.Div. (i.e. 25% of the degree total);
- Students applying to Regent from **a non-accredited institution** must demonstrate through examination and/or through sufficient evidence a professional or academic proficiency equivalent to the coursework in the School of Divinity. In this case, the duration of the degree may be shortened. A maximum of 10 credit hours may be allowed toward Advanced Standing for the M.A. and 15 credit hours toward the M.Div.

CAREER OBJECTIVES

Master of Arts (Academic)

The purpose of the Master of Arts (M.A.) degree is to provide a basic understanding of theological disciplines for further graduate study or for general educational purposes. In theological and ministerial careers, the degree is ideal for those interested in academic and research pursuits leading to academic doctoral work. The School of Divinity offers five concentrations of this academic M.A.: English Bible; Old Testament; New Testament; Christian Doctrine & History; and Biblical Interpretation, Pre-doctoral Studies.

M.A. (Specialized Ministry)

The primary purpose of degrees that ATS designates as M.A. (Specialized Ministry) is to equip persons for competent leadership in some form of specialized ministry in congregations and other settings. Although the M.Div. is the standard degree for ordination, this type of M.A. is often sufficient for those interested in ordination within some ministry contexts. The School of Divinity offers two M.A.'s of this type: M.A. in Missiology and M.A. in Practical Theology.

Master of Divinity (M.Div.)

The M.Div. is considered by ATS the "normative" professional degree for ministry careers, especially those that focus on congregational ministries wherein ordination is desired. Foundations for sound ministerial philosophy and practice are laid through the in-depth study of biblical interpretation, biblical languages, church history and doctrine. Practical skills and values are emphasized in practical theology, church leadership and missions-related courses. Students are offered opportunities to specialize in professional concentrations designed with the needs of the Church and society in mind. Patterns of ministerial practice are encouraged and confirmed in spiritual formation groups, fieldwork and internships in the areas related to students' vocational interests. The M.Div. is configured with emphases in Missiology or Practical Theology. Each of these offers a variety of professional concentrations. According to ATS standards, it is the required degree for admission to the Doctor of Ministry program and the recommended first theological degree for admission to advanced programs oriented to theological research and teaching.

ONLINE DISTANCE EDUCATION (DE)

While the content of the online distance education program is the same as that of the residential degree, the delivery system is different. Without relocating to Regent, students can complete their degree by taking a combination of online courses (30 credits in the M.A. and 60 credits in the M.Div.) and modular (hybrid) courses at the Virginia Beach campus (30 credits in the M.A. and M.Div.). The program requires attendance at the Spiritual Formation Seminar, a one-week residency on the Virginia Beach Campus in the first term of work. The degrees available through online distance education are: M.A. (concentration: Biblical Studies: English Bible; Christian Doctrine and History); M.A. in Practical Theology; and M.Div. (concentration: Practical Theology).

GRADUATE DEGREE PROGRAMS

M.A., Biblical Studies

The M.A., Biblical Studies is an academic degree available in five concentrations: English Bible; Old Testament; New Testament; Christian Doctrine & History; and Biblical Interpretation, Pre-doctoral Studies. Graduates of this program will be able to:

- Explain historical and cultural backgrounds of the biblical books and how the leading biblical themes relate to each other in the unfolding of salvation history.
- Apply sound interpretive and hermeneutical methods to the Bible including the proper use of resources such as lexicons, concordances, dictionaries and commentaries in the broader context of spiritual development, preaching and teaching.
- Articulate major doctrines, historical perspectives and theological issues, including those related to spiritual renewal as these bear on Christian life and mission.
- Understand and respond to contemporary issues, particularly in relation to how, with a global perspective, the Church is able to influence societies with a Christian worldview.
- Express a breadth of knowledge of biblical and theological issues in ways supported by informed scholarship and sound reasoning.

M.A. (concentration: English Bible)

The M.A. (concentration: English Bible) is available on the Virginia Beach campus and through online distance education. It is a 60-credit-hour degree program designed to impart a working knowledge of English translations of the Scriptures. Basic interpretation skills, outlay of the Bible's essential unity and survey of scriptural themes represent the main features of this degree plan. In addition to the core biblical studies courses, English Bible students receive program exposure to all other parts of the Divinity course selections, including course choices from doctrine and history, missiology and practical theology.

The English Bible concentration is ideal for those planning to teach biblical studies in a church-related secondary school or a church educational program, and also for those desiring biblical studies enrichment while pursuing a profession or vocation other than Christian ministry.

Graduates with this concentration will be able to:

- Explain historical and religious backgrounds of the biblical books and how the leading biblical themes relate to each other in the unfolding of salvation history.
- Apply sound inductive hermeneutics to the interpretation of the English Bible including the proper use of such resources as lexicons, Bible dictionaries and commentaries in the broader context of spiritual development, preaching and teaching.
- Articulate major doctrines, historical perspectives and theological issues, including those related to spiritual renewal as these bear on Christian life and mission.
- Understand and respond to contemporary issues, particularly in relation to how, with a global perspective, the Church is able to influence societies with a Christian worldview.
- Express a breadth of knowledge of biblical and theological issues in ways supported by informed scholarship and sound reasoning.

Location of Instruction

The M.A. (concentration: English Bible) is offered in two venues: on the Virginia Beach Campus and online via the Worldwide Campus. The online version requires that at least 50 percent of the coursework (i.e. 30 credits) be completed on the Virginia Beach Campus, while up to 50 percent of the coursework (i.e. 30 credits) may be completed online.

M.A. (concentration: Old Testament)

The M.A. (concentration: Old Testament) is designed to ground the student in an academic understanding of the biblical history, chronology, language and culture of the Old Testament (OT) Scriptures. Students are challenged to understand the essential unity of the Scriptures, as well as the progressive and practical nature of the biblical record. To this end, students will sample classes from New Testament and Practical Theology areas, as well as cultivate a broad working knowledge of OT Hebrew. Elective hours offer OT students an opportunity for intensive and directed study of OT books or themes and interpretational issues.

The concentration provides an extensive exegetical exposure to OT studies for those students whose career focuses may require an expositional treatment of the Scriptures, or the need for specialized academic research skills. The program in OT is an ideal academic foundation for post-graduate work, as well as a foundational teaching degree at the Bible college and Bible institute level. The literary and spiritual richness of this portion of the Bible supplies a wealth of study and ministry resources—whether one studies for personal enrichment or for Christian educational and/or pastoral leadership.

Graduates with this concentration will be able to:

- Explain historical and religious backgrounds of the biblical books—especially those of the Old Testament—and how the leading biblical themes relate to each other in the unfolding of salvation history.
- Apply sound inductive hermeneutics to the interpretation of the Bible including the proper use of such resources as lexicons, Bible dictionaries and commentaries in the broader context of spiritual development, preaching and teaching.
- Articulate major doctrines, historical perspectives and theological issues, including those related to spiritual renewal as these bear on Christian life and mission.
- Demonstrate basic skill and translation ability in Biblical languages.

M.A. (concentration: New Testament)

The M.A. (concentration: New Testament) provides an academic understanding of the chronology, culture and language of New Testament (NT) Scriptures. It is ideal for students seeking to cultivate accurate interpretative tools for exegetical and expositional work in NT Bible, theology or Greek.

The NT concentration is an ideal research foundation for doctoral work leading to careers in research, scholarly writing or teaching at the seminary and Bible college level. Students who plan such careers should choose—with the mentorship of NT faculty—an area of textual research in the earliest part of their seminary studies. Whether studying for an academic career, pastoral leadership or for personal growth, the NT degree offers tools for a life-long literary and spiritual appreciation of this portion of the Bible.

Graduates with this concentration will be able to:

- Explain historical and religious backgrounds of the biblical books—especially those of the NT—and how the leading themes relate to each other in the progressive unfolding of salvation history.
- Apply sound inductive hermeneutics to the interpretation of the Bible including the proper use of such resources as lexicons, Bible dictionaries and commentaries in the broader context of spiritual development, preaching and teaching.
- Articulate major doctrines, historical perspectives and theological issues, including those related to spiritual renewal as these bear on the Christian life and mission.
- Demonstrate basic skill and translation ability in Biblical languages.

M.A. (concentration: Christian Doctrine & History)

The M.A. (concentration: Christian Doctrine & History) is designed to cultivate a mature understanding of the Christian faith, and the Church and society from biblical and theological perspectives. Church history and the theological enterprise have much to offer Christians in our day—the faithfulness of church fathers and martyrs, the devotional legacy of classical spiritual disciplines, the expanding testimony of the church and mission through the ages, the recurrent theme of spiritual awakenings and renewal—these concepts, and more, make up this academic program.

Regent Divinity students in this concentration have unparalleled opportunity for mentorship and specialization in renewal theology and renewal church history. The program is distinguished by world-renowned, in-residence experts in Pentecostal/Charismatic church history and theology. Elective hours may be used for faculty-directed research or for personalized study in an area of interest.

A degree in theological or historical studies may provide the knowledge base needed by Christians seeking to engage the thought structures of society in such careers as educational and governmental policy advocates, responsible media managers, journalists and textbook writers. The program provides the ideal foundation for teachers of theology/church history in the seminary, Bible college, Bible institute and church/mission school settings.

Graduates with this concentration will be able to:

- Express a sound theological reasoning on contemporary societal issues by cultivating knowledge of historical, critical, biblical and theological themes.
- Understand classical principles of spiritual formation and be able to apply them to their own lives, as well as to those lives within the church to which they are called to serve in Christian ministry.
- Sensitively respond to the implications of a biblical and Christian worldview in ways that are consistent with the Church through the ages.

M.A. (concentration: Biblical Interpretation, Pre-doctoral Studies)

The M.A. (concentration: Biblical Interpretation, Pre-doctoral Studies) is a comprehensive academic degree allowing exposure to the entire seminary program, while providing the pre-doctoral student opportunities to hone specialized interpretational language and analytic writing skills through the direction of Ph.D. mentors on the faculty.

The concentration supplies the research foundation for doctoral work leading to career paths in scholarly research, textbook writing or teaching at the seminary, Bible college and missions school level. Usually an academic degree (with thesis) is sufficient for the pursuit of a research Ph.D. in the context of a university, while the professional M.Div. degree is often prerequisite when a seminary offers the Ph.D. This particular degree meets the criteria for the ATS prerequisite of “an educational equivalency” of an M.Div. for purposes of admissions into ATS accredited D.Min. or Ph.D. degrees. NOTE: Students should determine the requirements of the post-Regent institution before deciding whether to pursue the M.A. or M.Div. degree.

Graduates with this concentration will be able to:

- Express through a demonstration of scholarly writing a broad knowledge of critical, biblical and theological issues that prepares one for doctoral work.
- Apply sound inductive hermeneutics to the interpretation of the Scriptures including the original languages and the proper use of such resources as lexicons, Bible dictionaries and commentaries in the broader context of spiritual formation, preaching and teaching.
- Articulate major doctrines, historical perspectives and theological issues, including those related to spiritual renewal as these bear on Christian life and mission.
- Demonstrate basic skill and translation ability in Biblical languages.

M.A. in Missiology and M.A. in Practical Theology

These two *professional* degrees may be sufficient for those interested in ordination within some ministerial contexts. The standard, and usually preferred degree for ordination, is the Master of Divinity (see below). Both the M.A. in Missiology and the M.A. in Practical Theology are essentially two thirds of the two concentrations we have in our Master of Divinity degree presented below. These two professional M.A. degrees have the same grade-point average requirements as the M.Div. degree.

M.A. in Missiology

The M.A. in Missiology is a professional degree that prepares short-term career missionaries for evangelism, church planting and discipleship and leadership training for churches and parachurch ministries in cross-cultural contexts. This degree is ideally suited for those going out with mission-sending agencies not requiring extensive ordination prerequisites. Several areas of missions specialization are offered.

This degree prepares a student for a career-level calling to cross-cultural ministry from the mission fields of North America to the most unreached regions of the world. The particular focus on missiology and strategy development in this program prepares students to assume executive and organizational leadership roles in mission and parachurch ministries. The professional concentration provides technical skills that lead to competence and confidence in situations in which the gospel message must be preceded by addressing human quality of life needs. Our graduates will assume leadership in strategy planning, church planting and expanding the base of national leaders who can lead their own evangelization movements and holistic responses of compassion, mercy and community development.

Program Competencies

Graduates of this program will be able to:

- Articulate strategies for effective leadership, evangelism, and discipleship training in the local church;
- Apply a biblical theology of mission to strategies for evangelism and church revitalization;
- Demonstrate skill in pastoral ministry and church leadership;
- Apply spiritual formation practices to personal and professional life, ;
- Interpret and articulate doctrines, history and traditions of the Church and ethical issues in a compelling way, including those relative to the spiritual renewal as these bear on the Christian life and mission;
- Understand and respond to contemporary issues, particularly in relation to how, with a global perspective the Church is able to influence societies with a Christian worldview;

Program Length

For a student who has no undergraduate background in the biblical and theological disciplines, the M.A. in Missiology will take two years of full-time study to complete. Other students who have undergraduate coursework in Bible, theology, biblical languages and religion may be granted advanced standing (subject to proficiency examinations), thus shortening the length of the degree. In this case, students are expected to possess an intellectual maturity clearly above the undergraduate level. Students who take part-time course loads will need more time to complete the M.A. degree.

Location of Instruction

The M.A. in Missiology is intended to be a residential program and is available at the Virginia Beach campus only. However, since the degree is intended to prepare students for cross-cultural ministry, some of the courses may be practical, onsite educational experiences in another culture and under supervision of the School of Divinity's faculty. All such learning programs must be pre-approved. Mission students are encouraged to plan practical application experiences into their program that are cross-cultural in nature and allow students the possibility of developing a database of financial and prayer supporters.

For the Approved Degree Plan (ADP) for the M.A. in Missiology, see www.regent.edu/acad/schdiv/assets/students/docs/ADP-MA-Missiology.xls

M.A. in Practical Theology

The M.A. in Practical Theology, available at the Virginia Beach campus, and online via the Worldwide Campus is a 60-credit-hour professional degree for those who have been called to specialized ministry settings. The heart of this program is the biblical understanding that theology is intensely practical in its application. Further, this program underscores the importance of balanced biblical reasoning, which precedes and inspires works of effective ministry. Spiritual formation, coursework, research, internship and practica are directed toward the development of practical solutions to ministry challenges.

This degree is intended to provide biblical studies and ministry foundations for pastors, staff ministers, missionaries, military personnel and other professionals pursuing further graduate work. It is an excellent preparation for anyone aspiring to leadership-service positions within the church, the church staff or within nonprofit organizations, e.g., Christian education director, minister to youth, staff pastoral counselor. Also, the program is ideal for ordination preparation for some churches and denominations.

The M.A. in Practical Theology is a professional degree related to and carrying the same GPA requirements as the M.Div. degree. The M.A. in Practical Theology is designed to prepare church leaders and Christian workers in foundational biblical studies and ministry skills. Ideal for ministry specialists, it prepares one for roles and tasks that might differ from those expected of senior pastors or other traditional church leadership roles.

Ministry specialists such as pastors to youth, evangelists, discipleship instructors and support-role missionaries may find this degree perfect for their individualized training needs. It provides the biblical and ministerial foundations for those called to bi-vocational ministries, i.e., one pastoring a newly planted church while employing professional skills in the marketplace for financial support. The M.A. in Practical Theology is well-suited for ministers at the entry-level stage of development seeking the clarifying input of mentors and faculty. It is just as appropriate for senior ministry staff desiring a sabbatical or refresher experience. This program is the suggested degree plan for those on campus seeking a joint degrees option with one of the other colleges or schools at Regent University.

Graduates of this program will be able to:

- Apply spiritual and holistic formation practices which personify Christ-like character within personal, family, church, and professional contexts
- Demonstrate basic competence in biblical interpretation and languages related to the Greek and Hebrew texts.
- Articulate and design effective strategies for leadership and discipleship training, in ministry contexts
- Demonstrate skill in pastoral ministry and church leadership
- Express a breadth of knowledge of biblical and theological issues in ways supported by informed scholarship and sound reasoning
- Understand and respond to contemporary issues, particularly in relation to how, with a global perspective, the Church is able to influence societies with a Christian worldview

Location of Instruction

The M.A. in Practical Theology degree program is offered on the Virginia Beach Campus, or online via the Worldwide Campus

The online program requires that at least 50 percent of the coursework (30 credits) be completed on the Virginia Beach Campus while up to 50 percent of the coursework (30 credits) may be completed online.

The Master of Divinity (M.Div.)

The M.Div. is the traditional 90-credit-hour seminary degree that prepares men and women for professional church leadership roles. The M.Div. is a degree available in two concentrations: Missiology and Practical Theology.

The Regent M.Div. focuses on traditional and professional ministry skills orientation by giving special concentration to New Testament ministry emphases such as: skillfulness at evangelism, church planting, making disciples and leadership training for churches and parachurch ministries throughout the world, equipping believers for the work of the ministry and selecting reliable

leaders who can finish well and pass on gifts and perspectives to others. This demands that faculty and students interact on a personal level with issues of personal integrity and spiritual formation, while probing the corporate and global levels of church-wide revitalization principles and strategies for the establishment of Spirit-empowered churches and ministries around the world.

M.Div. (concentration: Missiology)

The M.Div. (concentration: Missiology) is designed to lead to ordination with a full-time, cross-cultural ministry in view. The degree concentration prepares students in evangelism, church planting, discipleship and leadership training for churches and parachurch ministries throughout the world. Students will be equipped to train and mentor leaders in a cross-cultural context and to lead the local church in its role in world evangelization. The purpose of this concentration is to produce dynamic, “master builder” leaders who can help mobilize the global Church for the strategic completion of the Great Commission. Several areas of missions specialization are offered. The School of Divinity offers this as a concentration of its primary professional degree.

The M.Div. (concentration: Missiology) prepares students for a career-level calling to cross-cultural ministry either on the mission fields of North America or the most unreached regions of the world. The particular focus on missiology and strategy development in this program prepares students to assume executive and organizational leadership roles in mission and parachurch ministries. The professional concentration provides technical skills that lead to competence and confidence in situations in which the Gospel message must be preceded by addressing human quality of life needs. Our graduates will assume leadership in strategy planning, church planting and expanding the base of national leaders who can lead their own evangelization movements and holistic responses of compassion, mercy and community development.

Graduates of this concentration will be able to:

- Articulate strategies for effective leadership, evangelism, and discipleship training in ministry contexts.
- Apply a biblical theology of mission to strategies for evangelism and church revitalization
- Demonstrate skill in pastoral ministry and church leadership
- Apply spiritual formation practices to personal and professional life
- Understand and respond to contemporary issues, particularly in relation to how, with a global perspective, the Church is able to influence societies with a Christian worldview.
- Explain historical and religious backgrounds of the biblical books and how the leading biblical themes relate to each other in the unfolding of salvation history.
- Apply sound inductive hermeneutics to the interpretation of the Bible including the proper use of resources such as lexicons, Bible dictionaries and commentaries in the broader context of spiritual development, preaching and teaching.

Program Length

For a student who has no undergraduate background in the biblical and theological disciplines, the M.Div. will take three years of full-time study to complete. Other students who have undergraduate coursework in Bible, theology, biblical languages and religion may be granted advanced standing (subject to proficiency examinations) thus shortening the length of the degree. In this case students are expected to possess an intellectual maturity clearly above the undergraduate level. Students who take part-time course loads will need more time to complete the M.Div. degree.

Location of Instruction

The Regent M.Div. (concentration: Missiology) is intended to be a residential program; however, since the degree is intended to prepare students for cross-cultural ministry, some of the courses may be practicums—onsite educational experiences in another culture and under supervision of the divinity faculty. All such learning programs must be pre-approved. Missions students are encouraged to plan practical application experiences into their program that are cross-cultural in nature and that allow students the possibility of developing a database of financial and prayer supporters.

M.Div. (concentration: Practical Theology)

The M.Div. (concentration: Practical Theology)—available online—prepares students for full-time Christian service leading to ordination by providing training and mentoring for the general pastorate of a church or a specialized ministry as a staff minister. This M.Div. concentration provides the broad theological and ministry perspectives required by most ordaining bodies, and is the standard prerequisite for the D.Min. and other terminal degrees. Students planning to pursue ordination or terminal degrees should consult those bodies to determine specific requirements. The practical theology concentration is particularly designed to orient

seminary students in traditional and classical church leadership skills and responsibilities—biblical interpretation, pastoral care, pulpit ministry and church and ministry administration.

Graduates of this concentration will be able to:

- Apply spiritual and holistic formation practices which personify Christ-like character within personal, family, church, and professional contexts.
- Demonstrate skill in pastoral ministry and church leadership
- Articulate strategies for effective leadership and discipleship training in ministry contexts
- Understand and respond to contemporary issues, particularly in relation to how, with a global perspective, the church is able to influence societies with a Christian worldview
- contemporary issues, particularly in relation to how, with a global perspective, the Church is able to influence societies with a Christian worldview
- Explain historical and religious backgrounds of the biblical books and how the leading biblical themes relate to each other in the unfolding of salvation history
- Demonstrate basic competence in biblical interpretation and languages related to the Greek and Hebrew texts
- Express a breadth of knowledge of biblical and theological issues in ways supported by informed scholarship and sound reasoning
- Apply sound inductive hermeneutics to derive biblical theologies of ministry and mission for effective strategies in the broader context of spiritual development, preaching and teaching
- Articulate major doctrines, historical perspectives and theological issues, including those relative to the spiritual renewal as these bear on the Christian life and mission

Location of Instruction

The M.Div. on-campus degree program normally requires students to be in residence for most courses except internship and similar practical courses. The M.Div. degree can also be taken with up to two-thirds of the course material completed online, while at least one-third is completed at the Virginia Beach Campus.

MASTERS GRADING: PHILOSOPHY and CRITERIA

The following evaluation rubric is employed in the Masters programs of the School of Divinity and is in keeping with grading policies at most U.S. graduate schools.

A A-

Work of superior quality in all areas. Work displays an outstanding mastering of the facts, a creative and critical use of the data, and an analysis or evaluation of facts, research, and trends, that shows real scholarship and talent for graduate work at the highest level. Practical or formational implications of work are included, as appropriate.

B+ B B-

Good grasp of facts, creativity and analysis, showing good comprehension of the subject. Practical or formational implications of work are included, as appropriate. The grade for such work will vary from B+ to B- according to the quality and quantity of the work.

C+ C C-

The student has shown a minimal grasp of the facts of the course, and does not demonstrate the desired level of creativity, analytical performance, or comprehension. Practical or formational implications of work are included, as appropriate. The grade will vary from C+-C-

DOCTORAL DEGREE PROGRAMS

DOCTOR OF MINISTRY (D.MIN.)

According to ATS standards, the purpose of the D.Min. is to enhance the practice of ministry for persons who hold the M.Div. and have engaged in ministerial leadership. The D.Min. is a terminal professional degree primarily for leaders in the Church and its various agencies who desire to build upon the foundation of a M.Div. degree. It is a blend of academic coursework and practical training by online distance education. The degree is ideal for those who serve the Church in congregational ministries, institutional chaplaincies, counseling ministries, parachurch organizations, missions agencies and any other ministry setting wherein advanced leadership skills and training would make a difference. The D.Min. is a foundational teaching degree in some seminaries. The associated study period can also serve as a mid-career sabbatical or retooling for career changes in ministry.

This advanced professional degree enhances and builds upon the M.Div. degree for those involved in ministry leadership. The D.Min. degree requires an M.Div. or its educational equivalent (ordinarily a *seminary/theological* master's degree [e.g., M.A., M.R.E., MACE] enhanced by additional credits in biblical, theological/historical and pastoral/practical studies bringing the transcript total to a minimum of 72 credit hours). This equivalency *must* be satisfied completely before application can be made. The successful completion of the equivalency in no way guarantees admittance into the D.Min. program. Accordingly, specific goals have been established for the School of Divinity D.Min. degree:

- Foster continued growth in spiritual maturity;
- Build advanced understanding of the nature and purposes of ministry;
- Enhance competencies in ministerial analysis and skills;
- Explore and present new knowledge about the practice of ministry;
- Foster integration of these dimensions into the theologically reflective practice of ministry.

Through practical reflection, graduates deepen their knowledge and practice of leadership, enabling them to engage in fruitful ministry for Christ with increased intellectual and spiritual integrity. The program provides for time to reflect and rebuild personal, spiritual and professional resources.

ADMISSIONS REQUIREMENTS for the Doctor of Ministry (D.Min.)

See the "Admission to Regent Graduate Schools" section of this Catalog for admissions requirements. In addition, the School of Divinity requires applicants to submit the following:

- M.Div. transcript (minimum 3.00 GPA) from an ATS-approved seminary or an *M.Div. equivalency* (ordinarily a *seminary* master's degree [e.g., M.A., M.R.E., MACE], enhanced by additional credits in biblical, theological/historical and pastoral/practical studies, bringing the transcript total to a minimum of 72 credit hours). Applicants from non ATS

accredited schools will be considered on a case-by-case basis. Note: Those interested in the program that have a Master of Arts, but no M.Div., may wish to consider the Advanced Courses in Theological Studies (A.C.T.S.) as a prerequisite for application.

- A signed D.Min. Study Agreement.
- A D.Min.-specific résumé reflecting at least three years of significant ministry leadership experience subsequent to completion of an M.Div. (ordination is desirable).
- Clergy recommendation.
- A five-page writing sample reflecting on the Student Entrance Profile (in admissions packet).
- D.Min. students may only enter the program during the fall semester.

PROGRAM FORMAT for the D.Min.

The D.Min. program has been designed within a “cohort” framework. The “cohort” system refers to the process of tracking through the program with other D.Min. students in a consistent, relational format. D.Min. students may only enter the program during the fall semester. As cohorts, students will take classes and “track” together throughout core courses, creating a sense of synergy and mutual support. Applicants should be aware that each D.Min. course requires students to complete substantial pre-session assignments. D.Min. courses are offered during the fall, spring and summer semesters.

Career and Life Focus

The D.Min. is a terminal professional degree primarily for leaders in the Church and its various agencies who desire to build upon the foundation of a M.Div. degree. It is a blend of academic coursework and practical training through distance education. The degree is ideal for those who serve the Church in congregational/pulpit ministries, institutional chaplaincies, counseling ministries, parachurch organizations, missions agencies and any other ministry settings wherein advanced leadership skills and training would make a difference. The D.Min. is a foundational teaching degree in some seminaries. The associated study period can also serve as a mid-career sabbatical or retooling for career changes in ministry.

Doctor of Ministry Learning Process

The D.Min. is based on the adult learning model requiring students to attend a one-week seminar for each course, while completing pre and post-session assignments at home. This model significantly affects the manner in which doctoral seminars are conducted. The professor’s role is less of a lecturer and presenter and more of a facilitator. Students accepted into the program are expected to approach this level of learning from perspectives that are scholarly, professional, practical, solution-oriented and self-directed.

The Regent Leadership Profile

A fundamental principle in strategic planning is “beginning with the end result in view.” As we designed the Regent D. Min. in Leadership & Renewal, we envisioned a degree that anticipates skills and perspectives needed in most ministry contexts on a daily basis. We coupled this with Regent Divinity’s unique theological vision for spiritual revitalization of leaders and the expansion of the Church at home and abroad. Lastly, we configured every instructional experience—course selection, faculty teams, textbook choices, assignments and dissertations—to foster deep personal and professional transformation, spiritual renewal and ministerial effectiveness. We pledge to produce the following eight leadership capacities in each successful graduate. At the completion of the degree, students will have gained a greater capacity to:

- Foster Spiritual Health in Self, Others and Ministry—A profile ministry leader displays self-awareness, self-directedness and self-improvement toward growth goals on personal, spiritual and professional levels in ways that honor God through service to family, ministry, community and world. Such a leader also replicates healthy growth patterns in the lives of others by capitalizing upon opportunities to be an improving influence. Such a leader seeks to appropriate and engender spiritual renewal in self, others and groups in which they are affiliated (2 Timothy 4: 11-16).
- Merge Biblical and Theoretical Solutions to Problems—A profile ministry leader applies sound exegetical method and hermeneutical sense to contemporary life-circumstances that ministry leaders encounter. Such a leader draws on the resources, foundations and skills of biblical, historical and theological studies for the development of relevant faith perspectives, the fostering of spiritual growth in self and others and the praxis of faithful ministries in various settings (1 Timothy 2:15; 2 Timothy 3:16).

- **Manage Vision, People, Processes and Resources**—A profile ministry leader consistently and skillfully directs ministry structures toward the fulfillment of biblically derived ministry objectives. They have an experiential command on the nature, philosophy, contexts and conditions affecting the provision of ministry support in situations to which they are called. They express leadership in God’s church as servants to Him and His people. The profile ministry leader prayerfully gauges ministry situations through strategic planning and decision-making, fosters clear direction for ministry teams, manages organizational structures, delegates team ministry, directs financial/personnel resources, collects and interprets feedback. Such a leader expresses prayerful dependence upon God in all phases of strategic planning, implementation, evaluation and refinement (Acts 11: 25-26).
- **Reckon Prophetically with Local and Global Ministry Call**—A profile ministry leader understands the ministerial call, with its implied aptitudes and abilities. Such a leader knows his or her giftedness and its implications at personal, family, church, community and societal and global levels. One’s ministry can be related to the completion of the cultural and redemptive mandates of Scriptures. (1 Timothy 3: 1-15; Titus 1: 5-9; 1 Peter 5: 1-11; Matthew 24:14; Matthew 28:18-20).
- **Critique and Adapt to Leadership-Needs Situations**—A profile ministry leader applies critical thinking and skills to practical problems related to life and ministry with the result that innovative programs are formulated and implemented. Such a leader is grounded in biblical, theological and philosophical ministry values and discerns, processes, integrates, facilitates, designs and implements God-honoring and people-serving responses to needs (Acts 6:2-4).
- **Fulfill Aims by Mobilizing and Empowering Others**—A profile ministry leader consistently displays a quality of interactional skill between leaders and constituents that expresses itself in sensitivity, clarity, confidence and conviction. Such a leader facilitates change by effectively serving individuals and teams in ways that result in the achievement of ministry objectives; this involves efforts to motivate, organize, instruct, nurture, promote and empower others to fulfill ministry corporate plans. This also implies relational and communicational style, which affirms and cultivates biblically-derived values of human dignity, diversity, justice and integrity (Colossians 4:7-18).
- **Catalyze Innovations and Change in Ministry**—A profile ministry leader is solution-oriented in ministry contexts wherein challenges and opportunities demand a creative response. Such ministry situations are met with decisiveness, resourcefulness, innovation and resolution. Basic to this aptitude is the incorporation of input, skill and creativity from others (Philemon).
- **Promote Spiritual Renewal in Self and the Church**—A profile ministry leader practices awareness, promotion and assessment of historical and contemporary spiritual renewal movements. Such a leader does so with the intention of being prophetically relevant to one’s times, people and ministry. Advocating spiritual renewal, the profile ministry leader also advocates the advancement of truth, soundness, judgment, wisdom and balance as renewal is appropriated among God’s people. (Romans 12: 1, 2; Acts 3:19; Acts 17:11; 2 Timothy 1:6).

Phase I: Seminar Phase

The program begins each fall with a cluster of students attending courses that build upon one another sequentially throughout the year. Five core courses (listed below) are offered annually. Students select all core courses and three additional elective courses—total of eight courses—to complete the coursework in the seminar phase. The core courses are listed below:

DCOR 700 D.Min. Leadership Profile (Orientation)	2
DCOR 701 Leader’s Life & Values	4
DCOR 702 Vision, Mobilization & Management.....	4
DCOR 703 Leading Spiritual Formation & Renewal (Retreat)	4
DCOR 704 Prophetic Leadership & Redemptive Focus	4
Select Elective/Professional Concentration Courses Credits in Year 1 or Year II	9

Pre-Session Preparation

Students prepare for courses by conducting a series of pre-reading and reflection exercises. Each core course is supplemented by a D.Min. Course Manual that is keyed to the D.Min. Leadership Profile. The manuals contain course syllabi, a pre and post-reading list (approximately 1,300 pages per course), self-reflection probes and self-administered ministry audits.

In-Session Interaction

The on-campus sessions are designed to facilitate faculty and peer-minister interaction. They are designed to be retreat-like, fostering spiritual refreshment, personal growth and new learning. We seek to bridge gaps between theory, practice and relevance through small group interaction, student case presentations, guest experts, self-reflection and local/regional field trips. A Leadership and Renewal Resource Table of recently published resources from national publishers is on hand during each session to allow students to review current resources in the field. Every effort is made to infuse each visit with innovative learning experiences and strategies that allow students to apply course principles immediately to their ministry situations.

Post-Session Reflection

Upon the completion of on-campus sessions, students begin the work of post-session reflection and integration. The D.Min. Course Manual contains post-session probes and exercises that integrate readings, class lectures and case study feedback in a highly practical application. Instructional teams encourage students to complete work in ways that fulfill problem-solving objectives in one's ministry context. The course manuals allow students to conduct work that can be used in the development and completion of the final ministry project/dissertation design.

Professional Concentrations

Leadership & Renewal

Leadership & Renewal concentrates on issues affecting ministry leaders in church ministry, both traditional congregational and nontraditional parachurch settings. Employing case studies, selected reading and practical projects, participants are challenged to align their lives and ministries with transformative, innovative and relevant approaches to solution-oriented management, organization, planning and service.

Clinical Pastoral Education (CPE)

The School of Divinity is a member seminary of the Association of Clinical Pastoral Education (ACPE). D.Min. students may transfer completed CPE units as elective hours, reducing the time and cost of their degree by one-third. Additional leveling work may be required to prepare CPE students for their dissertation project. Clinical Pastoral Education transfer students are expected to pursue a ministry project and dissertation direction that incorporates leadership and renewal within the clinical context.

Community Transformation

This concentration is designed to equip ministry leaders with the critical skills necessary to lead successful community transformation with high impact strategies that change lives and communities. Courses examine nuances of equipping leaders to function in a diverse multi-ethnic context for ministry. This is done by examining the current trends, issues and methodologies that lead to transformation in communities and produces a holistic understanding of the social, cultural, and ministry-related dynamics that lead to transformation.

Military Ministry

This concentration is committed to equip the men and women who serve their country in various branches of the armed forces as chaplains. It works with the various armed forces to integrate Joint Professional Military Education (J.P.M.E.), Military War College training and other advanced military training for advanced standing. Up to 6 credit hours can be transferred into the program, based on individual evaluation of transcripts, and applied toward this professional concentration.

Ministry Leadership Coaching

The nuts and bolts of effective ministry leadership is the ability to select, train, equip and deploy other leaders for ministry. This concentration explores the paradigm of ministry leadership coaching to facilitate this process. Leadership coaching is a highly relational method for forming ministry leaders that can be used as a rapid deployment strategy in your context of ministry. Its focus helps you learn foundational coaching for healthy relationships, life focus, and for a variety of specific leadership training needs.

Independent Study and Flexibility Plans

It may be necessary to modify the program's design in order to accommodate the special needs of students, especially military chaplains, missionaries on furlough, international students and pastors on call. In the event of scheduling conflicts or course cancellations, students have the option of remaining on schedule through a maximum of six (6) credit hours of independent study or directed field research. Requests must be submitted in writing for approval.

Phase II: Doctoral Candidacy Phase

After all seminar coursework is completed, students synthesize the learning experience in a required integrative essay. This essay forms the basis of an oral examination conducted by a faculty committee. After passing integrative essays and oral examinations, students enter D.Min. candidacy. In this status they develop and complete the D.Min. project and dissertation, generally a one-year experience. This portion of the program requires no campus visits for coursework—only for the dissertation defense and graduation. The stages of this phase are as follows:

Integrative Examination/Ministry Project Proposal	3
Ministry Project	3
Ministry Dissertation	3

D.Min. Culminating Experiences

Integrative Examination

The integrative examination is a culminating two-part exercise wherein the students demonstrate scholarly, professional, practical and spiritual integration of the D.Min. experience. The student writes both a response to the Mid-Course Student Profile and a ministry project/dissertation proposal. In part one, the student submits and defends the Mid-Course Profile, integrating themes in the seminar phase of the program. Students are encouraged to reflect how achievement of the leadership profile has been facilitated during the program. The examination is a discussional interview based on the content of the profile. A passing grade on the exam marks the beginning of doctoral candidacy.

In part two, the student submits and defends a ministry project/dissertation proposal according to guidelines outlined in the D.Min. Ministry Project/Dissertation Research Guidebook. The proposal is equal to chapter one of the dissertation. After approval of the proposal from the dissertation committee, the research and writing phase is conducted under the close supervision of the faculty. Major portions of the ministry project and dissertation have been planned into the development of the D.Min. course sequence.

Ministry Project and Dissertation

The final experience of the D.Min. Program is a two-step, in-ministry reflection process. The first step is a ministry project. A student identifies a problem in ministry and proposes solutions. The ministry project is a specialized application of the curriculum to the student's ministry context. The project may be scheduled to occur over several months after the student's coursework is completed. After the student has collected, interpreted and evaluated his or her ministry projects sufficiently, the second step begins—writing dissertation reports. Using the skills and materials provided in the prerequisite training component of the D.Min. Orientation, the student writes a publishable, multi-chapter report about his or her ministry project.

Visiting the Campus for In-Residence Seminars

D.Min. sessions are configured as five-day modular seminars. D.Min. classes are available each term. Students complete in-residence requirements with several visits over a one- to two-year period. All post-session coursework is due for evaluation by the deadline published in individual syllabi.

DOCTOR OF PHILOSOPHY (PH.D.) IN RENEWAL STUDIES

The purpose of the Ph.D. is to become a scholar, that is, to discover, integrate, and apply knowledge, as well as communicate and disseminate that knowledge. The Ph.D. program emphasizes the development of a student's capacity to make significant original contributions to knowledge in a context of freedom of inquiry and expression. The School of Divinity's Ph.D. in Renewal Studies program is designed to provide training for teachers and researchers in theological schools, colleges, and universities, and for the scholarly enhancement of ministerial practice for persons serving the Renewal Movement worldwide. Graduates of this program will be expected to produce original research in Renewal Studies, write authoritative histories of this movement, and become world-class educators specializing in Renewal Studies.

This advanced academic degree builds upon the M.Div. degree for those involved in scholarship and advanced theological education. The Ph.D. in Renewal Studies degree requires an M.Div. or its educational equivalent (a *seminary* master's degree [e.g., M.A., M.R.E., MACE] enhanced by additional credits in biblical, theological/historical and pastoral/practical studies).

ADMISSIONS REQUIREMENTS for the Ph.D. in Renewal Studies

Refer to the "Admission to Regent Graduate Schools" section of this Catalog for additional information regarding admission procedures and requirements. Admission will be selective and offered only to students who have demonstrated the intellectual ability, preparation, and motivation for this program. See the "Admission to Regent Graduate Schools" section of the Catalog for admissions requirements. In addition, the School of Divinity requires the following of applicants:

- Admission normally requires the M.Div. from an ATS accredited graduate institution, or first graduate theological degree providing equivalent theological background, or its educational equivalent (ordinarily a *seminary*/theological master's degree [e.g., M.A., M.R.E., MACE], enhanced by additional credits in biblical, theological/historical and pastoral/practical studies, bringing the transcript total to 72 credit hours).
- A GPA of 3.5 on a 4.00 grading scale in previous graduate work.
- A writing sample in the form of an academic paper (3000-5000 words). This paper should demonstrate scholarly capacity in the field selected. It will be evaluated by the following standards as evidence of the applicant's ability to work on the doctoral level: (1) understanding of the subject treated and the materials used; (2) knowledge of relevant bibliography; (3) cogency and clarity of argument; and (4) constructive originality of thought. It may be a published work, Master's thesis, or a substantial graduate-level research paper.
- An autobiographical essay of the applicant's intellectual and professional history and goals (750 - 1000 words) indicating the factors that have brought them to their present focus of intellectual interests, spiritual formation and vocational objectives. The essay should also address the applicant's goals and expectations for doctoral study.

- All students shall be required to fulfill the following language requirements. (1) Students are required to demonstrate the appropriate levels of competence needed to read the language(s) in which relevant primary texts are written, as well as the ability to read important secondary material. Normally, this would include at least one ancient and one or more modern languages. (2) Students will concentrate on either History or Theology. Those concentrating on History with a dissertation in that field, will not be required to have Greek on their transcript. Those concentrating on Theology, with a dissertation in that field, will be required to have completed eight semester hours of Hebrew or Greek before being admitted to the program. (3) By the time students reach the dissertation phase (the last two years of the program), they will be required to demonstrate the ability to read a modern European language (the choice of this language is determined by the dissertation topic).
- Three letters of recommendation (two faculty references, clergy references)
- The GRE, including the writing skills test

Program Mission

The particular mission of the Ph.D. Program in Renewal Studies is to provide training for teachers and researchers in theological schools, colleges, and universities, and for the scholarly enhancement of ministerial practice for persons serving the more than 650,000,000 Christians in the Renewal Movement worldwide. The phenomenal growth of the Renewal movement has created an unprecedented need for specialized training for scholars and leaders. Our singular mandate is to train teachers and historians for the scores of educational institutions that have been created following the 20th century outpouring of the Holy Spirit. Graduates of our program will be expected to produce landmark original research in Renewal Studies, write authoritative histories of this movement, and become world-class educators specializing in Renewal Studies. To this end, we have developed a program that both meets the highest academic standards for Ph.D. studies and is coherent with the Renewal ethos.

Ecumenical Focus

The Ph.D. in Renewal Studies has a strong ecumenical focus. We envision our doctoral program becoming the research hub of a vast community of academics, ministers, and worshippers—one where the scholarly activity and collective concerns of the worldwide and transcultural Renewal movement can be both synergized and analyzed.

Contextual Focus

The program addresses both the development of the specialized theological competencies appropriate to the scholarly study of renewal and the particular needs of students in the program. Of central concern is a higher educational program that breathes the ethos of the Pentecostal/Charismatic Renewal. As the name of the movement suggests, Renewal theology is characterized by an emphasis on the experiential and transformational context of Christian thought and activity.

The degree format utilizes a contextual model. It satisfies the demands of Renewal pedagogy by allowing students to remain within their teaching and ministry contexts as an integral part of the learning experience. This goal is achieved by combining intensive residential periods of instruction with instructor mentoring facilitated via modern educational technology.

Online Course Management

Use of the Internet, computer technologies, multi-media and other delivery systems support the residential program of theological research and educational experience. Through Regent's online course management system, *Blackboard*® (Bb) students will be guided in an overview study of the prescribed material before the on-campus residential period. A student must have access to an Internet Service Provider (ISP) that has the necessary capabilities to function within this online environment.

These technologies allow professors to actively guide learners to reflect on educational experiences, as well as address the appropriate application of program content in professional contexts. This allows authentic connections between the formal curriculum and the realities of the workplace.

Each course in the curriculum will have both pre-residential and post-residential assignments which are often delivered and submitted within Bb. There will be required weekly communication between professor and students using both asynchronous and synchronous features within Bb. These methodologies enable frequent and meaningful contact between professor and students regardless of geographical location. This arrangement creates an enhanced opportunity for mentoring, allowing professors to be in regular communication with students in order to guide them in their courses, as well as in the challenges and issues of contextual application.

Residency Requirements

Students will only come to campus during the residency portion of each course. It is not necessary to relocate to Virginia Beach to complete the program. On-campus residencies occur for four weeks in June, two weeks in the Fall, and two weeks in the Spring. Students should make plans to attend the entire residency each semester.

Instructional components of courses run the length of a *full academic semester* and consists of three phases: (1) Pre-residency, (2) Residency, and (3) Post-residency. Course syllabi will outline these three phases with specific dates and corresponding assignments. A student's schedule must allow for ongoing participation in a course throughout the entire term. For example, summer courses

usually begin early May and end late July/early August; fall courses begin late August and end mid-December; spring courses begin early January and end in late April. Please consult the online Academic Calendar for specific semester dates.

Program Goals and Competencies

Accordingly, specific goals have been established for the School of Divinity Ph.D. in Renewal Studies degree:

- To equip learners with a *comprehensive knowledge* of the history, theology, and praxis of Renewal Studies;
- To enable them to engage in *original research* and writing that *advance theological understanding* for the sake of academy, church, and society;
- To study at a doctoral level the broad spectrum of theological traditions, as well as all periods of Church history, with special attention given to the Renewal dimensions of each subject area;
- To enable the student to develop a *commitment to the vocation of theological scholarship* in its dimensions of *teaching, learning, and research*.

The Ph.D. in Renewal Studies program with concentrations in Theology and History includes a curriculum to equip doctoral students with the appropriate breadth of academic learning and practical skills needed to perform theological research and instruction of the highest order. The following outcomes may be formulated as responses to three question areas: (1) What will our students *know*? (2) What will our students *experience* (in terms of values clarification)? (3) What will our students *be able to do* with their knowledge at the end of the program?

At the successful completion of this program, graduates should be able to:

- Demonstrate a broad knowledge of the history of global Christianity, especially the roots and histories of Renewal movements worldwide
- Demonstrate an understanding of the ecumenical breadth of theological traditions and the major issues in contemporary theology
- Identify major issues of biblical interpretation and demonstrate knowledge of Renewal perspectives on the interpretation of Scripture
- Produce original research in Renewal biblical interpretation, history, or theology
- Apply appropriate research methodologies to approaches in biblical interpretation, history and theology with special reference to Renewal studies
- Exhibit familiarity with instructional planning and assessment techniques

Program Phases

The PhD program consists of four basic phases: 1) first year qualifying period, 2) coursework, 3) comprehensive examinations, and 4) dissertation.

First Year Qualifying Period. During the first year, courses may include extensive unassisted writing requirements designed to assess student understanding and the ability to articulate arguments and important concepts. Each student will be carefully evaluated at the end of this qualifying period to determine if continuation in the program is recommended.

Coursework. The degree program requires 48 credit hours of coursework (in addition to the Comprehensive Examinations and Dissertation). The coursework covers various aspects of Renewal Studies, including systematic theology; theological and church history; methodology in research, teaching, and historiography; etc. Course descriptions for all PhD courses can be located in School of Divinity section of the university catalog available online at: <http://www.regent.edu/general/catalog/>. The PhD Program Coordinator and program advisors assist the student in planning the schedule of courses and supervise the student's progress.

Comprehensive Examinations. Upon completion of all coursework, language requirements, reading log, and student portfolio, students will request to take comprehensive examinations. After a thorough review of their academic performance, students who qualify will be permitted to take the exams before engaging in formal work on the dissertation. Students must have a 3.25 GPA in order to qualify for the exams. The Comprehensive Examinations evaluate the student's attainment of program study objectives. The examinations include both written and oral exams. Detailed information is available in the *Guide to the Comprehensive Examinations* (see Divinity website). The comprehensive exams will normally be taken the semester following the completion of all required coursework. Written and oral examinations will be taken on site at Regent University. Students with extreme extenuating circumstances may request to take the oral exam comps at an alternate location by submitting an academic petition to the dean.

Dissertation. Official candidacy for the doctorate signifies an advanced stage in the student's progress and is characterized by self-directed research in the completion of a dissertation under the direction of a faculty dissertation advisor. In order to be admitted to candidacy, the student must have successfully (1) passed the comprehensive examinations, and (2) received approval of a dissertation proposal by the students' dissertation committee.

After passing the Comprehensive Examinations, the student will enroll for the dissertation (1 credit hour per semester). Dissertation students are considered full-time. When the student enters the dissertation phase (or earlier, depending upon the student's progress) a supervisory committee is established for each student. Doctoral students must submit a dissertation

evidencing high attainment in original scholarship. Dissertations must be of a quality to be publishable in respected refereed scholarly series. The final examination is an oral defense of the dissertation before the student's dissertation committee and other invited guests.

In order to support students in the dissertation phase, we request that sending institutions grant students a six month sabbatical when they enter the dissertation phase. This sabbatical is to be spent at the location where students can find most of the resources they need for the writing of their dissertations. This period may be broken up into smaller segments of time (e.g., two three-month periods, or three two-month periods at this research location).

Program Requirements

Students will be required to competently use the language(s) in which relevant primary texts are written, as well as those in which there is important secondary material during both their course of studies and their dissertation research. This includes at least one ancient and one or more modern languages.

The degree has two concentrations, Theology and History, and requires 48 units of classes plus the comprehensive examinations and dissertation. This course work deals with different aspects of Renewal Studies, such as Renewal Theology and understanding the history of the Renewal movement, as well as skill-building courses in research and academic writing, communication and teaching, and spiritual formation.

Time Limit for Completion of the Degree

Students have a maximum of seven years from the date of entry into the Ph.D. program to fulfill all degree requirements. During this seven-year period, a continuous acceptable registration status must be maintained. Active registration requires a minimum of six credits per term (full-time). Only students who have been approved for formal leaves of absence may extend beyond the seven-year limit. Exceptions to the time limit other than the approved leave of absence are granted only in extraordinary circumstances (e.g., a medical emergency, or unexpected active duty service in the United States military). Exceptions to the time limit must be approved by the Program Director.

Residential Requirement during Dissertation

In order to support students in the dissertation phase, sending institutions are *required* to grant students a six-month sabbatical upon entrance into the dissertation phase. The site of the sabbatical should coincide with the location of the pertinent resources needed for the writing of the dissertation. Should this not be possible, a student may spend two three-month periods, or three two-month periods at this research location.

Graduation Requirements

See the "Graduation Procedure" section of the Catalog for graduation requirements. In addition, the School of Divinity requires all graduates to have completed all required coursework with a minimum 3.25 GPA, satisfactorily pass all comprehensive examinations, and present an acceptable dissertation in order to qualify for graduation.

A submitted copy of the current professional teaching license is required along with the admissions application.

For administration and supervision endorsement, the student must complete an internship or its equivalent to earn endorsement. Exact guidelines for a specific endorsement area will be supplied upon request.

Doctor of Education and Doctor of Philosophy Admissions Requirements

All application pieces listed above are required in addition to those listed below.

1. A master's degree.
2. At least three years of relevant professional experience.
3. Evidence of reasonable potential to successfully complete the doctoral program, including a comfortable working knowledge of electronic communication. If computer expertise is lacking, taking a course on personal computer basics, the Internet or other computer areas at a local community college or library is suggested.
4. Official GRE test scores (quantitative, verbal and analytical writing).
5. A scholarly or published writing sample that demonstrates the applicant's research, writing, analytical and problem-solving skills. This writing sample may include either a copy of the applicant's master's thesis (or a portion of it, plus bibliography) or a formal paper or report. 6. Evidence of successful completion of a graduate level research and/or statistics course.

Applicants will be notified if additional requirements are needed. The school maintains accepted applications for one year from the applicant's initial enrollment semester as noted on the application. Due to the high number of qualified applicants and the competitive nature of entry into the doctoral program, automatic deferral of entry is not permitted. However, accepted applicants who defer entrance into the doctoral program must apply for readmission.

Applicants for the K-12 Leadership cognate in the Ed.D. program, who are seeking the Administration and Supervision PreK-12 add-on endorsement from the Virginia Department of Education, must hold a professional teaching license and have a minimum of three years teaching experience upon program completion. A submitted copy of the current professional teaching license is required along with the admissions application.

Elementary Education Initial Licensure (39 credit hours)

The Elementary Education Licensure Program is a state approved teacher preparation program that leads to teacher certification in the state of Virginia in Elementary Education (pre K–6) upon the successful completion of all program requirements. Students are required to complete a minimum of 39 credit hours toward the master's degree (M.Ed.). Courses must be taken either at the main campus in Virginia Beach, Virginia or in the metro Washington, D.C. area. The courses are in a hybrid format, meaning they are completed both online and face-to-face. Depending on the needs of the individual student, some students may be required to complete more than the required 39 hours in order to be eligible for the initial teaching license. During the admission process, applicant transcript(s) and skills will be evaluated to determine competency achievement (in areas such as science, math, history, and economics). Applicants will be allowed to enroll and begin classes with nine (9 credits) or less outstanding competences or credit hours. All outstanding VDOE competences must be completed before the submission of the internship application and review process.

New applicants will be required to complete these outstanding competencies **in addition** to the required curriculum for program completion and graduation. Furthermore, applicants are required to have successfully passed the Praxis I assessment (reading, writing, and math) prior to admission into the program with a composite score of 532. Students in this program are also required to have successfully passed the Praxis II assessment in Elementary Education Content Knowledge, the Virginia Communication and Literacy Assessment (VCLA), the Virginia Reading Assessment, and the Child Abuse and Neglect Training prior to student teaching, degree posting and being recommended by the institution to the state for licensure. Program adjustments are made accordingly as the Virginia Department of Education's licensure regulations are subject to change.

For more information on the licensure regulations governing Elementary Education preK-6, please visit the Virginia Department of Education website.

CEAI membership also includes a subscription to Teachers of Vision.
- *Criminal Background Check*
All Virginia school divisions are now required by state code to obtain background checks on their employees. The School of Education also requires background checks for their teacher candidates. Please see the following website, <http://www.doj.state.wi.us/dles/cib/sclist.asp#V>, for more information on background checks.
- Residents of Virginia should review the requirements found at www.virginiatrooper.org and complete form SP-167.
- Policy on Criminal Background History in States That, By Law, Prohibit Such Checks:

If the state does not provide a state-wide criminal background check because of the law, the student must obtain checks from every county/parish in which they have resided for at least 6 months since the age of 18 or for the past 10 years, whichever is less.

If the student is unable to obtain the county/parish checks because it is prohibited by state law, they must sign and have notarized the "Criminal Background History Statement", which will go into their permanent student file. They must also provide documentation of their good faith efforts to obtain the state and county/parish checks.

Christian School (32 credit hours)

The purpose of the Christian School major is to equip teachers, administrators and parents to prepare their students to live as God's holy people. The focus is on ardent and obedient discipleship to Christ for the purpose of building His body of believers worldwide. The motto of the Christian School major is from Romans 12: "Do not be conformed to this world but be transformed by the renewing of your mind." Its slogan is "The heart of education is the education of the heart." Major areas of emphasis include restoring parental educational responsibility, promoting bibliocentric curricula, building loving relationships and forming distinctly Christian character. This program offers a variety of tracks, including: curriculum development, teaching, at-risk populations, cross-cultural/missions, and leadership. Courses are taught primarily online via the Worldwide Campus with audio, video and personal meeting supplements. The major can be completed in four or five semesters. The Christian School program has been approved by the Association of Christian Schools International (ACSI) for accreditation and the required number of credits in biblical studies, educational philosophy and educational administration are available for ACSI endorsement. Beyond the required coursework, the major allows elective courses both within and across the various schools of the university. The address for the Christian School web site is www.regent.edu/acad/schedu/academics/christian_school/.

Educational Leadership (37credit hours)

Educational leadership encompasses school administration and other leadership roles within schools. From the foundation of a Christian worldview, this program develops administrators and teacher leaders who seek knowledge and wisdom in order to serve and edify others in a spirit of excellence. Students attend classes during intensive on-campus summer semesters and online to complete the fall and spring semesters. The major is completed in as fast as one to one and one-half academic years of full-time study, including a required internship, and a four-week summer Instructional Leadership Residency at the Virginia Beach campus. The primary knowledge-base for this program is the Interstate School Leaders Licensure (ISLLC) Standards. The program is designed to partner with The Center for Performance Assessment. The Center's founder and chairman is Dr. Douglas Reeves, a leading national authority on academic standards, performance assessment, and accountability, who has extensive experience working with educators and educational leaders from across the country and internationally. This program is approved by the Commonwealth of Virginia Department of Education to provide the Administration and Supervision preK-12 add-on endorsement for individuals who already hold a teaching license. Students seeking this endorsement for the purpose of obtaining principal or assistant principal positions are required to complete the School Leaders Licensure Assessment (SLLA). Program adjustments are made accordingly as the Virginia Department of Education's licensure regulations are subject to change. Requirements for endorsement or licensure are different in every state. Students should contact the Department of Education in their state of interest for administrator licensure requirements.

For more information on the licensure regulations governing the Administration and Supervision preK-12 endorsement, please visit the Virginia Department of Education website.

Applicants for the Educational Leadership major, who are seeking the Administration and Supervision preK-12 add-on endorsement, should have a minimum of three years teaching experience upon program completion. A submitted copy of the current teaching license is required along with the admissions application.

Leadership in Mathematics Education (35 credits)

The K-8 Leadership in Mathematics Education major is designed for the classroom teacher who wants to improve instructional skills as well as expand knowledge and skills in mathematics. Virginia teachers at the elementary and middle school levels must possess a deep understanding of the mathematics they are teaching, an understanding of how it connects to higher levels of mathematics, and a skilful use of methods to guide students in the learning. Coursework focuses upon increasing a teacher's understanding of mathematics and how students develop a core knowledge base of concepts and processes within the discipline of mathematics that include:

- number systems and number theory
- geometry and measurement
- statistics and probability
- functions and algebra
- discrete mathematics

Participants will develop coaching and leadership knowledge and skills needed to provide job-embedded professional learning opportunities and to improve mathematics programs at their schools, including addressing the needs of high and low-achieving students as well as the needs of diverse learners.

Applicants to this program must hold a valid Collegiate Professional Teaching License or equivalent from another state and have taught for a minimum of three (3) years in which the teaching of mathematics was an important area of responsibility. MATH courses listed in this program are only open to those students accepted into this program or licensed teachers who are taking these courses for professional development.

Student Affairs (37 credit hours)

Student affairs professionals administer programs affecting the social development of college students that influence their academic success and future success after graduation. Career counseling, residence life, orientation, admissions, financial aid, and the Dean of Students office represent some of the many areas where student affairs administrators are to be found. Because there are no undergraduate programs that prepare professionals to work in college student affairs, the master's degree represents the initial academic credential for those interested in pursuing a student affairs career. The curriculum for this degree typically focuses on the unique developmental issues relevant to the college student (e.g., psychology and moral development), the business aspects of higher education (e.g., law, governance, and administration), and field experiences that provide authentic indicants of work in this field. The mission of the Regent University M.Ed. in Student Affairs is to provide Christ-centered, professional preparation for

student affairs administrators working in higher education. Because the objective of the student affairs professional is to attend to the developmental needs of the student that influence maturation and academic achievement, this program will focus on fostering an understanding of the student as a person, the higher education landscape, and processes important in building successful student service programs.

Cross-categorical Special Education (35-62 credit hours)

Today’s schools are looking for general and special educators who can address a wide range of student needs. In the cross-categorical program, students can complete a master’s degree with endorsement in learning disabilities, mental retardation, emotional disturbance and/or reading specialist. Acceptance into the major requires completion of the Praxis I assessment (reading, writing and math). In addition, students will be required to take and pass the Virginia Communication and Literacy Assessment (VCLA) the Virginia Reading Assessment (VRA), and the Child Abuse and Neglect Training prior to receiving their degree and being recommended for licensure/endorsement. Students attend classes during an intensive on-campus summer residency and online. The major can be completed in as little as 4 semesters. Participation in field experiences and final projects is contingent upon successfully demonstrating key competencies, which will be outlined during student orientation. The State of Virginia requires a minimum of three years of general teaching experience in which reading is of primary importance in order to earn the reading specialist endorsement. Candidates for the Reading Specialist endorsement are required to take and pass the Virginia Reading Assessment for Reading Specialists prior to receiving the degree and being recommended for licensure/endorsement.

Program adjustments are made accordingly as the Virginia Department of Education’s licensure regulations are subject to change.

Individualized Degree Plan (32 credit hours)

The Individualized Degree Plan allows the greatest flexibility of course selection and rate of completion of any of our majors. The major requires 13-14 hours of core classes. The remainder of the courses can be pulled from other School of Education majors or taken in any school at Regent University (except Law) with their permission. At least 50% of the courses in the Individualized Degree Plan must be taken in the School of Education, unless you are completing the Career Switcher or Reading Specialist programs in which all of the courses are required School of Education courses. On-campus or online courses are available. Elective courses can be combined in a multidisciplinary grouping to meet the student’s interests. Although the program is designed for those who are already licensed or not seeking traditional state licensure, some courses may fulfill state requirements. The average completion time is 18 months.

Joint Degrees (26 credit hours)

A joint degree with the M.Ed. and another master's degree from the Graduate School of Business, School for Leadership Studies, School of Communication and the Arts, School of Divinity, Robertson School of Government or the School of Psychology and Counseling may be earned simultaneously at a reduced number of credits, resulting in a substantial cost reduction. This major is designed to meet the needs of traditional teachers, as well as those who are committed to being educators in other settings.

The 26-credit-hour minimum M.Ed. may be completed in as little as 12 months; the total completion time for both degrees will vary depending upon the other degree requirements. The program is offered on our Virginia Beach Campus and online, and it may be started in any semester.

EDUCATIONAL SPECIALIST (Ed.S.)

Ed.S. in Educational Leadership with an Emphasis on Special Education

The Ed.S. requires a completion of 35 credit hours and can be accomplished in 18 months. The primary emphasis for this program is leadership and administration. The Ed.S. in Educational Leadership with an emphasis on Special Education adds an extra emphasis on the unique knowledge that is specific to special education. Those wishing to accomplish an add-on endorsement for Administration and Supervision to their license must meet all current state requirements, including any testing or experiences required by the state. Students must complete all coursework, internships, and testing. Most courses are offered on-line but some summer residency work is required. Those seeking the add-on endorsement must already hold a professional license and pass the School Leaders Licensure Assessment (SLLA). Program adjustments are made accordingly as the Virginia Department of Education's regulations change and program requirements are subject to change. Requirements vary from state to state and students should contact their respective state departments of education for specifics.

Leadership in Mathematics Education (38 credits)

This major emphasizes acquiring knowledge and understandings of content knowledge and leadership in mathematics in order to assume the role of a school-based K-8 mathematics specialist. Coursework focus upon increasing a teacher's understanding of mathematics and how students develop a core knowledge base of concepts and processes within the discipline of mathematics, including:

- number systems and number theory
- geometry and measurement
- statistics and probability
- functions and algebra
- discrete mathematics

Participants develop coaching and leadership knowledge and skills needed to provide job-embedded professional learning opportunities and to improve mathematics programs at their schools, including addressing the needs of high and low-achieving students as well as the needs of diverse learners.

Applicants to this program must hold a valid Collegiate Professional Teaching License or equivalent from another state and have taught for a minimum of three (3) years in which the teaching of mathematics was an important area of responsibility. MATH courses listed in this program are only open to those students accepted into this program or licensed teachers who are taking these courses for professional development.

DOCTOR OF EDUCATION (Ed.D.)

Doctoral students have seven years to complete the program. All students are required to complete a culminating experience. The Ed.D. is designed to facilitate the learning styles of adults and provide a collaborative community for higher-level thinking and problem solving. The problem-oriented curriculum and cognate specialties allow for individualization of programs. Undergirding the entire program is critical thinking, scholarly research that informs practice, writing and learning from a Christian worldview. The capstone project, as with any doctoral program, is the submission and defense of a doctoral dissertation.

Each student will designate a cognate from one of seven concentration areas: Adult Education, Character Education, Christian Education Leadership, Distance Education, Higher Education, K-12 School Leadership, and Special Education/Educational Psychology. Some cognates, if completed with the addition of an internship, may fulfill licensure requirements in the State of Virginia.

The doctoral program may be completed in a minimum of three years; however, this minimum is for those who meet all required deadlines in regard to coursework, candidacy requirements and dissertation defense. The average time for completion is three to four years. A Certificate of Advanced Graduate Study (CAGS) is earned when 30 credits of doctorate-level coursework is completed. The maximum time that is allowed to complete the program is seven years. In addition, doctoral students must maintain continuous enrollment in the program during all academic years (i.e., three semesters each calendar year).

Admission to the doctoral program does not guarantee the earning of an Ed.D. Graduation is contingent upon the following: successful completion of coursework (with at least a 3.0 GPA), residency requirements and comprehensive examinations; the recommendation of the student's doctoral committee; approval by the doctoral faculty committee; and compliance with all applicable requirements of Regent University.

Courses

A minimum of 60 credit hours is required beyond the master's degree to complete the Ed.D. It is, however, the demonstration of independent scholarly ability at the doctoral level, rather than the mere accumulation of credits, that is required to successfully complete the program. Doctoral courses may only be taken by students who have applied and have been accepted into the doctoral program.

Complete 18 credit hours within one of the following cognates:

Adult Education

The Adult Education cognate is designed to prepare students for careers and leadership in programs and organizations involved in the education of adults. This program will equip organizational and institutional decision makers with the knowledge and skills to design, implement and evaluate professional development programs for adult populations. Decision makers in the areas of higher education, K-12 public and private education, business, government, and corporate settings will be prepared to effectively deliver results-based programs that will further the professional practice of adult learners within their domain.

This cognate emphasizes theory and research of teaching and learning, motivational aspects, self-efficacy, supervision, organizational and institutional change, design, delivery and evaluation issues in teaching and learning, and curriculum design for the adult learner.

Character Education Cognate

Character education as an instructional component of K-12 public education in the United States began to take center stage with the passing of the bipartisan “No Child Left Behind” legislation, during the early years of President George W. Bush’s first term. This legislation requires schools, at all levels, to design, develop, implement, and assess character education programs within a short time frame.

Unfortunately, many education professionals lack training in the area of character education leading to either non-existent or poorly validated implementations. Schools continue to struggle with the mandate of character education; higher education through teacher preparatory programs, have done little to prepare the education profession for this initiative.

Regent University recognizes the need to provide excellently trained professionals who can teach and lead, not only in K-12 education settings but also at the undergraduate and graduate levels of preparation. Through its’ doctoral program in education, Regent University has designed a cognate that specifically focuses upon sound theory and up-to-date research in the area of character education. In addition, the cognate builds upon and extends the recognized work of the National Character Education Clearing House, established at Regent University by the U. S. Department of Education. Participants in Regent University’s doctoral program, with emphasis in character education, will have at their fingertips the *best* materials currently available in the field, as well as interaction with faculty who are leading innovative and effective programs on a local, state, and national level.

Christian Education Leadership

The Christian Education Leadership cognate is designed to equip educators (including parents and pastors) with vision and accompanying skills for bringing full biblical fidelity to Christian education. The Bible strenuously admonishes that each generation be raised to love and obey God in every dimension of life. We are thus compelled to excel in Christian education for our Lord and Savior Jesus Christ. The Christian Education Leadership cognate focuses on how to make Christian education as biblically sound as possible. It is intended to “produce” fully orbited disciples of Jesus Christ who can, in turn, “reproduce” others. Special emphasis is placed on practical applications in Christian education as guided by expert professional understandings. Instruction in the program is problem-based, case-study, and project oriented. Mentoring and personalization of professional interests within courses are emphasized as much as possible. This cognate does not require our master’s degree with a Christian School major (see www.regent.edu/acad/schedu/academics/christian_school/) as a prerequisite, but it is a logical follow-up to it.

The cognate courses emphasize skills in both leadership and curriculum/teaching and can be taken in several combinations to total 6 credit hours for each of the three cognate semesters.

Distance Education

The Distance Education cognate is designed for K-12, higher education and corporate educators involved in distance and online education. It builds upon the principles of curriculum, instruction, assessment and evaluation provided in the core courses by applying these principles to a distance education setting with emphasis on program development and management of online learning. This cognate considers research and effective practices along a continuum of distance education delivery models and learning technologies to prepare a student for leadership in the field. The research done by students is usually applied research, that is, searching for solutions to distance education problems or seeking ways to deliver new research-based educational concepts or services to individuals, organizations, families or groups at a distance.

K-12 School Leadership (Ed.D. only cognate)

The K-12 School Leadership cognate focuses upon preparation for the position of principal, superintendent or other executive leadership and supervisory positions in educational organizations. The knowledge for this cognate has been organized around the endorsement competencies for administration and supervision K-12 as issued by the Virginia Department of Education.

Students seeking the Administration and Supervision preK-12 add-on endorsement must already hold a professional teaching license. Students seeking this endorsement for the purpose of obtaining principal or assistant principal positions are required to complete the School Leaders Licensure Assessment (SLLA). Program adjustments are made accordingly as the Virginia Department of Education's licensure regulations are subject to change. Requirements for endorsement or licensure are different in every state. Students should contact the Department of Education in their state of interest for administrator licensure requirements.

For more information on the licensure regulations governing the Administration and Supervision preK-12 endorsement, please visit the Virginia Department of Education website.

Applicants, who are seeking the Administration and Supervision preK-12 add-on endorsement, should have a minimum of three years teaching experience upon program completion. A submitted copy of the current teaching license is required along with the admissions application.

The core of the K-12 School Leadership cognate focuses upon: leadership in educational organizations; student growth and systems and organizations; conditions and dynamics of the diverse school community; the purpose and role of education in modern society; representative governance that under girds the system of American schools; and the use of technology in administration and supervision.

Special Education/ Educational Psychology

The fields of Special Education and Educational Psychology have always been closely related. However, since the introduction of non-intrusive brain imagery technology, especially with “special populations,” the fields have become almost inseparable, especially for school psychologist, counselors, and educational diagnosticians. Therefore, the combining of Special Education and Educational Psychology into one major cognate area opens up courses and opportunities germane to both fields.

While recognizing the similarities in the fields, there are those professionals who may desire to specialize in either Special Education or Educational Psychology. The options are available through the various tracks within the program: Special Education or Educational Psychology (with sub-tracks in Human Learning and Development or Research and Program Evaluation).

Educational Psychology Emphasis

The Educational Psychology emphasis includes three areas of study: research and evaluation, learning and development and school psychology. The research and evaluation track allows one to specialize in testing and program assessment at the school district level. A heavy emphasis will be placed on quantitative analysis. The learning and development track equips school professionals to utilize the most appropriate theories and research to improve the chances of academic and behavioral success for students. The study of brain research in relationship to learning will be emphasized. The school psychology track is offered in conjunction with the School of Psychology and Counseling at Regent University. The courses in individual testing, counseling and family systems lead to a school psychologist endorsement. Currently, all of the school psychology courses are offered on the Virginia Beach Campus or at the Graduate Center, Alexandria, VA.

EFND 705B Residency – Year Two	2
EFND 705C Residency – Year Three	2

The Ed.D. is committed to the historical foundations of the applied doctoral degree in which a community of scholars and experts is created among faculty-mentors, successful professionals in the field and learners. Regent University mirrors historical tradition by using intensive residencies. Residencies occur in the summer, and they allow learners to interface with faculty and other students to provide specialized professional experiences outside the usual course of study and provide interaction with various constituencies. In view of this goal, waiving residency requirements will not be considered. Three residencies are required, with 2 credit hours being awarded for each residency. Residency takes place on the Virginia Beach Campus for one week (M-F).

DOCTOR OF PHILOSOPHY (Ph.D.)

The basic premise of the PhD degree is that it is primarily reserved for those professionals who will utilize research skills in their vocations of choice in institutions of higher education. Through coursework and residential study with faculty researchers much emphasis will be placed on (a) acquiring rigorous analytical research skills and tools (quantitative and qualitative) for vocations in higher education; (b) supporting research that will result in publication in refereed conference, journals and books; (c) significant interaction and mentorship by doctoral faculty; (d) vocations in higher education; and (e) developing a mature understanding of an integrative personal and professional life centered on the historic Christian faith.

Similar to the Ed.D., students have seven years to complete the program. A Ph.D. student will (a) complete 18 hours associated with the EdD core curriculum (excludes mandatory summer residency), (b) complete 18 hours associated with the Ed.D. cognate, (c) complete an additional 12 hours of research and statistics related credit, (d) complete 6 hours of residency requirements according to cognate specific expectations tailored to individual needs in a fashion that promotes significant interaction and mentorship with the faculty, and (e) complete 18 hours of dissertation credit—the total program is 72 hours. The comprehensive examination will be administered upon completion of the additional 12 hours of research and statistics related credit. The culminating experience for the Ph.D. is a research based dissertation that significantly contributes to the candidate's field of interest.

In general, students should apply to the Ph.D. program before beginning doctoral work; that is, the expected path is immediate entrance into the Ph.D. program rather than transferring from the Ed.D. program. However, Ed.D. students may apply for transfer into the Ph.D. program but a separate admissions decision will occur and no guarantee of admission should be presumed.

Courses:

In addition to all Ed.D. course and residency requirements, Ph.D. students are required to take the following:

EDCO 801 Strategic Planning & Program Evaluation.....	3
---	---

EDCO 802 Analysis of Variance	1
EDCO 803 Regression & Correlation	1
EDCO 804 Structure & Reliability Analysis	1
EHEA 805 Advanced Research Design and Analysis	3

If any of the above courses were taken as part of the student's Ed.D. program, the credit earned will not count toward the 12 additional hours required for the Ph.D. The balance of hours needed to satisfy the 12-hour requirement shall result in enrolling in EFND 790 – Independent Study with a resident faculty researcher. These independent study hours shall be used to focus on research collaboration in the faculty member's area of interest.

Educational Leadership (Ph.D. only cognate)

The Ph.D. in Education with a cognate in Educational Leadership is a non-licensure research degree designed for professionals interested in the broad arena of educational reform. SCHOOL OF GLOBAL LEADERSHIP & ENTREPRENEURSHIP

DEAN'S MESSAGE

“Do not be conformed to this age, but be transformed by the renewing of your mind, so that you may discern what is the good, pleasing and perfect will of God.” Romans 12:2

In the School of Global Leadership & Entrepreneurship, we believe that inspired innovation is granted through Divine transformation following a thorough critical analysis of the past, the present, the environment and how these elements might project into the future. Therefore, we seek to assist in the transformation of current and future leaders and entrepreneurs by guiding them through a rigorous immersion in the study of secular and sacred knowledge so they may discover the deeper Truths of Scripture as they relate to organizations in the U.S. and around the globe. Through the use of self-directed, blended learning methods, our distinguished faculty members serve as facilitators leading students through the prescribed degree requirements, yet allowing them to experience God-inspired revelations and applications throughout their studies.

The School of Global Leadership & Entrepreneurship has two distinct, yet related sides. The leadership programs represent the relational aspect of people interacting together to build transformational organizations, while the entrepreneurship programs represent the creation and innovation of processes that help organizations produce goods and services. The two aspects of the School of Global Leadership & Entrepreneurship work together to create a “whole” organization, while allowing students to focus on either relationship or process.

Our fully-accredited, online, doctoral and master’s degree programs provide a unique and innovative blend of knowledge, critical thinking, practical application, technology and Judeo-Christian values to enhance and empower professionals, entrepreneurs, emerging scholars, teachers, and leaders to adapt to the ever-changing global and technological climates, to clearly communicate a vision and motivate others to action, and to discover and maintain a life-long pursuit of God’s Truths for leadership and organizational development. As our students and alumni work independently and corporately as part of a global network of scholars and leaders, organizations, societies, and the world are being, and will continue to be, transformed for the glory of God.

Bruce E. Winston, Ph.D.

Joint degree students subsequently earn a separate degree from each school and must complete both degree programs before being approved for graduation. Completion of these two degrees usually requires two to three years of full-time study. Joint degree students in the School of Global Leadership & Entrepreneurship must complete all core course requirements. The School of Global Leadership & Entrepreneurship joint degree requirement is 42 credit hours for the MBA and 24 credit hours for the M.A. See the General Information section of the catalog for a further description of the joint degrees program.

FINANCIAL AID

Regent University offers a limited number of awards on an institution-wide basis. Students are strongly encouraged to apply for these centrally endowed awards. Applications for these awards are due to the Central Financial Aid office by April 1 for consideration for the following academic year. Regent University also offers financial assistance through the Virginia Tuition Assistance Grant, the Tuition Installment Plan, federal student loans and private loans. For more information, see the Tuition, Fees, and Financial Aid section of this catalog.

The following is a list of school-specific scholarships and awards available through the School of Global Leadership & Entrepreneurship. You can also find these at www.regent.edu/acad/global/admissions/financial_aid.shtml.

Funded Awards – Master of Business Administration Program

Friends and alumni of Regent University have graciously funded ten financial awards for students in the School of Global Leadership & Entrepreneurship's Master of Business Administration (MBA) program. These annual awards range from \$500 to \$5,000 and are given three times per year to select students beginning the MBA in the fall, spring or summer terms.

Based on the admissions application information, the MBA admissions committee nominates incoming students each semester. The school's dean, in conjunction with the admissions committee and the donors, per their request, will review the nominations and grant the financial awards. Nominations for these awards are confidential; therefore, only award recipients will be notified.

Students applying for entry into the MBA program are considered for a full academic year of enrollment, which is considered to be the fall, spring, and summer semesters. Although financial awards are made for one academic year, students receiving an award are given preference in consideration for subsequent awards.

Each award is given based on a presumed number of credit hours per semester. If a student receives an award and then reduces his or her enrolled credits, the amount of the award will be reduced according to the percentage of credits below the presumed number of credit hours.

Students who receive a funded award will be asked to write a letter of acknowledgement and thanks to the donor. Information will be provided to each scholarship recipient at the time of the award. Regent University's Office of Advancement requires that the letter be received by their office before the funded award monies are transferred to the student's account.

While no financial award carries with it an encumbrance to contribute back to Regent, all students are asked to consider the generosity of Regent friends and alumni who have contributed to the financial support of the university and to, likewise, become supporters of the university after graduation.

Military Financial Assistance

The School of Global Leadership & Entrepreneurship provides tuition rate reductions for those who are serving as active duty men or women in the United States military. The current tuition rate reductions are as follows:

- 25% tuition rate reduction for master's and graduate certificate programs
- 10% tuition rate reduction for doctoral and advanced graduate certificate programs

Students who qualify for this tuition reduction need to fax a copy of their active duty military ID card to the school's manager of academic services at 757-226-4754 in order for the reduction to apply to their accounts. Qualified students need to submit a copy of the active duty military ID every academic year (fall, spring, summer) when they want to receive this tuition discount.

In addition, education benefits are available to U.S. military veterans and personnel. Benefits are certified by the [Registrar's Office](#). If you are a Regent University student who is also a veteran receiving VA benefits, go to the [Veteran's Benefits](#) website. More information is available at the official [Department of Veterans Affairs](#) web page.

Project Bridges Scholarship

Regent University offers participating Project Bridges church members a 25% tuition discount to individuals who are admitted to academic degree programs in the undergraduate and graduate degree programs. In order to receive this scholarship, qualified accepted applicants must submit the Regent University Tuition Grant (Application and Verification Form for Members of Project Bridges) form. The form, guidelines, and procedures are available at: www.regent.edu/general/corporate_partners/docs/project_bridges.doc

In addition, all School of Global Leadership & Entrepreneurship applicants must meet the [graduate admission requirements](#) prior to applying for the scholarship.

Tuition Assurance Plan (Ph.D., DSL, and CAGS only)

The school may, from year to year, increase or decrease tuition as guided by the Regent University Board of Trustees. To assist doctoral students in planning for expenses, the tuition rate assigned at the time of a student's first semester of enrollment is the same tuition rate that will follow that student throughout the remainder of the student's program provided the student follows the prescribed course schedule. However, if a student requests and receives a leave of absence and then resumes study with a new cohort, or if a student slows the pace at which he/she takes the elective courses and/or dissertation/doctoral project credits, then that student's tuition rate will become the same tuition rate as the cohort to which that student is then aligned (i.e., if a student in Cohort 2005 is taking elective courses at the same time that Cohort 2006 students are taking elective courses, then the Cohort 2005 student's tuition rate will be the same as the Cohort 2006 student's tuition rate). The tuition rate for dissertation continuation credit is set as close to the student's original cohort tuition rate as administratively possible.

ACADEMIC POLICIES

Enrollment Policy

Students enrolled in the School of Global Leadership & Entrepreneurship may be enrolled in 3 to 16 credit hours per semester. A full-time course load for the master's programs is 9 credit hours per semester. A full-time course load for the doctoral programs is 6 credit hours per semester. This works well for those students employed full time. A doctoral student may take additional course hours above the normal load up to 16 credit hours per semester if they:

1. Have completed at least one full semester with a 3.0 GPA or higher.
2. Petition and gain approval from the dean of the School of Global Leadership & Entrepreneurship.

Tuition for courses taken through other Regent University schools outside the School of Global Leadership & Entrepreneurship programs will be charged at that school's per-credit-hour rate. Those courses may or may not be approved for transfer into the School of Global Leadership & Entrepreneurship programs. Students should consult their advisor prior to registration.

Transfer of Graduate Credits

Students who have been admitted into the doctoral or master's degree programs may request that graduate-level coursework completed at another accredited college or university be applied toward their degree at Regent University. For information concerning the university's Transfer of Credit policy, refer to the Admission to Regent University section of this catalog.

Additional requirements for those students transferring graduate credits into the School of Global Leadership & Entrepreneurship programs include:

- While a maximum of 6 credit hours may be applied toward the M.A. programs, transfer of credits into the MBP program is not permitted due to the streamlined nature of the program.

- A maximum of 12 credit hours may be applied toward the elective coursework of the Ph.D.
- The school does not offer credit for portfolio-based experiential learning undertaken prior to admission into its programs.
- Graduate courses that students complete at other institutions after they have enrolled in the School of Global Leadership & Entrepreneurship programs at Regent University are not accepted for transfer.

Students requesting transfer credits for elective courses must obtain approval from their faculty advisor. Due to the nature and content of the School of Global Leadership & Entrepreneurship programs, transfer credits are not permitted to replace required courses, including residency courses.

Satisfactory Progress

Students are considered to be making satisfactory progress if they are completing a minimum of 12 credit hours of coursework each academic year with a GPA of 3.0 or above. In addition, satisfactory progress requires that no student have more than two courses with either an Incomplete or In-Progress grade at the start of any single semester.

If a student is maintaining satisfactory progress, the Certificate of Graduate Studies can be completed within 12 months and the master's degree can be completed within three years. However, the maximum time that is permitted to complete all coursework at the master's level is five years.

If a student is maintaining satisfactory progress, the doctoral programs can each be completed within five years. However, the maximum time permitted to complete all doctoral coursework is seven years.

Students who are not maintaining satisfactory progress may be placed on academic probation. Each semester, students on probation will be reviewed for continuance in the program. If they remain on probation for more than one semester, they may be dismissed from the program.

Students who have been dismissed may petition for reinstatement through the School of Global Leadership & Entrepreneurship Dean's Office. All petitions for reinstatement will be considered on an individual basis. Reinstatement will be granted only on a petition demonstrating that there is a strong likelihood that the student possesses motivation and capacity to successfully complete the academic requirements. The dean shall notify the student in writing of the decision regarding reinstatement. Students who are reinstated shall be required to comply with any conditions set forth in the letter of reinstatement.

FACULTY ACCESS

Members of the Regent University faculty are available to students through a variety of means, including the Internet, e-mail, telephone, and the postal service. Scheduled in-person appointments with faculty members are also available for students living in or visiting the Virginia Beach area.

STUDYING ONLINE AT REGENT

All School of Global Leadership & Entrepreneurship programs are offered online. From the onset, our online students are exposed to virtual communication and to the mass of worldwide information available. Significant portions of the online programs are delivered via global communication links. In this format, faculty conferences, and exchanges between students are virtual. This delivery model is an essential component in a graduate program, providing leaders with Internet and computer communication skills that must become second nature. Future scholarship and lifelong learning in the leadership discipline require expertise in these skills.

Computer Requirements

Since the School of Global Leadership & Entrepreneurship programs are delivered primarily through computer-mediated learning, computer literacy is required of all students. Given the rapid rate of change in computer technology, please visit www.regent.edu/acad/sls/computer_requirements/home.htm for the most current information regarding computer requirements and support.

Residencies

Residency is not required for the M.A. programs; however, it is an option for traditional MBA, MOL, and MSF students and a requirement for Executive MBA, CAGS, DSL and Ph.D. students.

Residency offers an incredible opportunity for students to meet and build relationships with one another, faculty, and staff that may last an eternity. In addition, residencies provide wonderful networking and mentoring opportunities for students with faculty and peers. These opportunities facilitate in-person discussions with faculty concerning the doctoral dissertation and DSL project and allow time for students to seek a faculty dissertation or project chair.

When planning for the on-campus residencies, students should consult the School of Global Leadership & Entrepreneurship website for detailed information.

The School of Global Leadership & Entrepreneurship programs are committed to the historical foundations of the doctoral degree in which a community of scholars is created among faculty mentors and student scholars. Regent University mirrors this historical tradition by using student cohorts, intensive on-campus residencies and a variety of interactive discussion modes that extend

beyond topical course discourse. In view of this goal, the waiving of residency requirements will not be considered.

Ph.D. Residency Course Information

Each online Ph.D. student must complete a total of three 10-day residencies, while those students enrolled in the full-time, on-campus option must complete a total of two 10-day residencies. Each of the residencies occurs before the official beginning of either the summer or fall semester and is considered to be an event rather than a course. However, the material and assessments gained from participation in the residencies are incorporated into either the summer or fall semester courses. The residencies are structured as a series of workshops that help prepare students for the coming year's courses and for professional life after completing the doctoral program. Certain activities related to the dissertation may require additional time on campus.

DSL Residency Course Information

Each DSL student must complete a total of three 10-day residencies. During the first residency, DSL students complete the orientation and tool development coursework required for successful completion of LDSL 701. In the second residency, students complete the introduction to LDSL 704. During the third and final residency, students complete the introduction to LDSL 707. Each of these three courses begins during the on-campus residency and then continues online throughout the remainder of summer or fall semester. Certain activities related to the DSL project may require additional time on campus.

CAGS Residency Course Information

CAGS students must be enrolled in either the Ph.D. or DSL program. Therefore, a student's residency requirements follow those of the program in which they are enrolled. However, only the first two residencies are required to receive the CAGS.

Executive MBA Residency Course Information

Utilizing a blended program delivery method, EMBA students are only required to attend two weekend residencies per semester at the Virginia Beach Campus - the balance of the coursework is completed online.

Each residency event begins on Thursday evening and concludes Saturday afternoon. Residency sessions will include a variety of faculty lectures, guest speakers, working sessions and special projects. Lodging and meals are included in tuition.

Optional Residency for MBA, MOL & MSF Students

MBA, MOL, and MSF students may attend the optional May residency one time at no cost other than personal transportation. The School of Global Leadership & Entrepreneurship will cover lodging expenses for Thursday and Friday night and meals from Thursday evening through lunch on Saturday. Students or alumni who wish to attend additional residencies will have a fee to cover rooms, meals, and speaker fees. This optional residency event provides an excellent opportunity to network with other students, learn more about Regent University and, of course, meet personally with the faculty and staff of the School of Global Leadership & Entrepreneurship.

DEGREE PROGRAMS

Recognizing that true leadership is a combination of education and God-given talent, the School of Global Leadership & Entrepreneurship offers several graduate programs that provide the educational foundation to enhance one's leadership and entrepreneurial abilities and meet various needs in the global marketplace. The select faculty members who teach in these programs have proven themselves in both application and research. In addition, the unique multidisciplinary nature of the School of Global Leadership & Entrepreneurship programs allows students from a variety of professional backgrounds to interact with one another and faculty, incorporating first-hand professional experience into online class discussions that enhance the pure and applied research found in these programs.

The School offers the: Doctor of Philosophy (Ph.D.) in Organizational Leadership, Doctor of Strategic Leadership (DSL), Certificate of Advanced Graduate Studies (CAGS) in Leadership, Master of Business Administration (MBA), Executive Master of Business Administration (EMBA) Master of Arts in Management (MAM), Master of Arts in Organizational Leadership (MOL), Master of Arts in Strategic Foresight (MSF), and Certificate of Graduate Studies (CGS) in Leadership.

Doctor of Philosophy (Ph.D.) in Organizational Leadership (60 credit hours)

The Ph.D. in Organizational Leadership is a research-based terminal degree that seeks to immediately enhance the leadership abilities and roles of strategic mid-career professionals through its multidisciplinary theoretical approach, enabling these professionals to influence and invigorate organizations around the world as scholars, teachers, and leaders. Students select one of five majors in which to specialize: Entrepreneurial Leadership, Global Leadership, Human Resource Development, Organizational Leadership or University Teaching & Research. The required core courses provide a multidisciplinary foundation, integrating knowledge and research from the disciplines of psychology, sociology, theology, and organization theory, as well as from allied disciplines. The central theme of the program is to provide a terminal degree that synthesizes knowledge from these diverse fields into a focused yet flexible plan of study that is useful to leaders in all forms of organizations. Undergirding the entire program is critical thinking, scholarly research, writing and learning from a Judeo-Christian worldview.

The Ph.D. can be completed in a minimum of three years (nine semesters, including residencies), but usually is completed in four to

four and a half years. The maximum time allowed to complete the program is seven years. In addition, doctoral students must maintain continuous enrollment in the program during all academic years (i.e., three semesters, including residency, each calendar year). However, a student may request a leave of absence during the first five semesters of required courses. The student would then resume doctoral studies one year later at the start of the unfinished semester and would participate as a member of the new cohort. Each semester is approximately 13 weeks in length.

Requirements

During each year of the online program, students take 6 credit hours in the fall, 6 credit hours in the spring and 6 credit hours in the summer semesters. If a student needs additional time to complete the dissertation after registering and paying for 60 credit hours, the student then continues to register for one dissertation credit hour per semester for each semester until the dissertation is successfully completed and defended.

A minimum of 60 credit hours is required beyond the master's degree to complete the Ph.D. It is, however, the demonstration of independent scholarly ability at the doctoral level, rather than the mere accumulation of credits, that is required to successfully complete the program.

Global Leadership (60 credit hours)

Students who wish to complete the Ph.D. in Organizational Leadership with a major in Global Leadership will complete coursework using a tutorial design rather than cohort-based computer-mediated methods. Students progress through each of eight core courses in a sequential manner and can take one or more courses at a time as long as the students complete LDGL 701, 702, 703, 704, and 705 before taking LDGL 706, 707, and 709. These courses are equivalent in objectives and content covered to related courses in the Organizational Leadership and Human Resource Development majors. The Global Leadership major uses a different curriculum delivery method compared to the Organizational Leadership major and the Human Resource Development major in that the Global Leadership major is designed for students whose schedules do not allow them to participate in a cohort model. Global Leadership major students may take one, two, or three courses at a time and interact with the tutor rather than with instructors and other students as occurs in the Organizational Leadership and Human Resource Development majors. The courses for the Global Leadership major are 3 credits each and are offered multiple times a year where as most of the core courses for the Organizational Leadership and Human Resource Development courses are 6 credits and are offered once a year. It is recommended that students carefully consider the choice of majors before beginning their studies so that they may have continuity of course work and not lose momentum as a result of changing majors. It is possible that students may change from the cohort model to the tutorial model or from the tutorial model to the cohort model and a request to do so would be reviewed on a case by case basis.

- Completion of 24 credit hours of required courses plus a 0-credit-hour library research course and a 0-credit-hour professional development residency.
- Completion of 24 credit hours of elective courses.
- Completion of a minimum of 12 credit hours of dissertation.
- Successful completion of the comprehensive exams following the student's coursework.
- Completion of all requirements associated with the doctoral dissertation, including an oral defense.

Global Leadership students do not attend the second-year Ph.D. residency, but do attend the third-year Ph.D. residency after completing at least 36 hours of coursework. It may be more than three years before the student takes the final residency. During the third-year residency, Global Leadership students present papers at the International Leadership Studies Conference, interact with professors on dissertation topics, prepare for the comprehensive exams, and participate in dissertation workshops.

Participating Schools and the Elective Courses

Participating schools may develop and deliver, through their own curriculum methods, 24 credits of doctoral-level courses that have global and regional foci on leadership and organizational studies. The course content and instruction, to be offered by participating schools, must be approved by the dean of the Regent University School of Global Leadership & Entrepreneurship prior to the student enrolling in the courses. The participating schools will register the students, charge their school's tuition rate and handle all student-related issues during the time that the student takes classes with the participating school. Upon completion of the 24 credits of doctoral-level work, the student will ask the participating school to send an official transcript of the courses showing passing grades in all courses. Upon receipt of the transcript, GLE staff will submit an academic petition on behalf of the student asking for transfer of credits to the Ph.D. in Organizational Leadership degree program.

Admission to Candidacy

Admission to the Ph.D. program does not constitute or guarantee a student's admission to candidacy for the Ph.D. in Organizational Leadership. Admission to candidacy is contingent upon the following:

- Successful completion of coursework (with at least a 3.0 GPA).
- Successful completion of comprehensive examinations.
- Successful completion and defense of the dissertation proposal.
- The recommendation of the student's doctoral committee.
- Approval by the doctoral faculty committee.

Doctor of Strategic Leadership (DSL) (60 credit hours)

The Doctor of Strategic Leadership (DSL) is a terminal professional degree designed to provide immediate solutions for today's organizational challenges through its applied multidisciplinary approach, enabling professionals to effectively renew and transform the organizations they lead. The DSL emphasizes the value and implementation of effective organizational leadership, organizational communication, structure, and development in relation to people, team building, and cultural understanding. While this program is thoroughly grounded in theoretical concepts, the courses place greater emphasis on the practical components of those theories essential to the student's leadership of the organization and the processes critical to organizational transformation.

Graduates of the DSL program will possess a comprehensive framework for effective leadership applicable to organizations of all sizes. This includes business enterprises, nonprofit organizations, educational institutions, government agencies and the military.

Students may select one of three majors in which to specialize: Strategic Leadership, Leadership Coaching, or Strategic Foresight. All of the courses in the doctoral program incorporate the underlying scriptural principles that are essential to creating and sustaining transforming organizations.

The DSL can be completed in as little as three and a half years, but most likely in four to four and a half years. The maximum time allowed to complete the program is seven years. In addition, doctoral students must maintain continuous enrollment in the program during all academic years (i.e. three semesters, including residency, each calendar year). Each semester is approximately 13 weeks in length.

Requirements

During each year of the program, students take 6 credit hours in the fall, 6 credit hours in the spring and 6 credit hours in the summer semesters. If a student needs additional time to complete the DSL Project after registering and paying for 60 credit hours, the student then continues to register for one DSL Project credit per semester for each semester until the project is successfully completed and defended.

- Completion of three residency course orientations.
- Completion of all required coursework.
- Successful completion of the culminating integrative paper.
- Completion of a minimum of 6 credit hours of the DSL Project.
- Completion of all requirements associated with the DSL Project.

FINANCIAL AID

Regent University offers a limited number of awards on an institution-wide basis. For more information, see the Tuition, Fees and Financial Aid section of this Catalog.

To encourage academic excellence, the Robertson School of Government (RSG) offers merit-based scholarships to outstanding students. Customarily considered by RSG in awarding these scholarships are an applicant's: (1) undergraduate grade-point average, (2) undergraduate program, and (3) GRE and/or LSAT score(s). All awards fund RSG coursework only. Awards are generally made for one academic year, but may be renewed for a second year by reapplication. Awards are applicable for Fall and Spring terms only. All admitted students who complete the RSG financial aid application, whether entering in the fall or spring semester, receive immediate consideration for RSG scholarships by the Scholarship Committee, which awards scholarships through a "rolling" admissions process. Applicants admitted earlier enhance their prospects for receiving scholarship awards.

To apply, complete and submit the RSG Financial Aid Application. Early applications are given priority consideration. Only accepted applicants who meet the criteria of the specific award will be considered. Applicants are encouraged to apply for school based financial aid at the time that they submit their admissions application. Applicants seeking Federal Financial Aid are advised to apply even before they have been admitted to the school.

After achieving the required GPA in the first academic year, students must reapply for aid for each of their remaining academic years with RSG. All awards are conditional on the student achieving or maintaining satisfactory academic progress while in school.

JOINT DEGREE OPTION

See the *General Information* section of the *Catalog* for the description of the joint degrees program. Joint degrees are available with any of the other graduate schools at Regent University.

The joint degree program with law is particularly relevant for government and public policy careers. The Juris Doctor and Master of Arts in Government degrees form a potent combination for leadership in public affairs. Such leadership involves a mixture of legal, social, governmental and policy analysis capabilities. Students in this program gain the legal training and professional standing afforded by the law school, and the theoretical, policy analysis and practical political skills provided by RSG.

The joint degree program for the Master of Business Administration (M.B.A.) and Master of Arts (M.A.) in Government provides extensive preparation for principles-based leadership in public administration. In combination, the two degrees prepare administrators who will have substantial skills in policy analysis and public affairs activism. Such people will be well positioned for leadership in government service, politics and policy-making.

In each of the programs, the government component requires completion of the required core courses and electives, for a total of 30 credit hours.

It is important to note that those pursuing a joint degree must apply to and receive an offer of admission from both the Robertson School of Government and the additional school of choice.

SCHOOL OF LAW

DEAN'S MESSAGE

There is a vital need today for lawyers who exhibit both skill and integrity. At Regent University School of Law we offer rigorous training in the substance of the law and the skills needed to succeed as an attorney. But that explains only part of who we are. We are also committed to teaching the law from a biblical perspective. Ultimately, our goal is to graduate men and women who will serve their clients effectively and who will be “salt and light” in their law firms, their communities and at the state and national levels.

As you consider a career involving the law, I encourage you to consider the benefits of a legal education that recognizes the critical role that our Christian faith should play in our professional lives and our legal system. I trust that in doing so you may be drawn to Regent University School of Law for your legal studies.

PROGRAM OVERVIEW

- Juris Doctor (J.D.)
- Joint Degrees (with the J.D.)
- LL.M. in American Legal Studies (for international lawyers)

LAW LIBRARY

The Law Library occupies the entire third floor of the Library building, immediately adjacent to Robertson Hall. Its 35,680 square feet are designed to facilitate access to Law Library collections and provide ample relaxed and formal seating areas for students and faculty. This space encompasses an atrium, which facilitates windows to the inside as well as on the perimeter, bringing natural light to much of the interior of the law library. Study rooms for individual or group study are also available.

The Law Library staff is committed to serving the research needs of students, faculty, and members of the local bar. When classes are in session, the Law Library is open until midnight, six days a week. Those hours extend until 2:00 a.m. during the exam and reading period. Professional reference support is regularly available to assist with student research.

Electronic access to essential databases and resources is key to legal research in the global information environment. In addition to a computer lab, the Law Library boasts wireless access and over 200 LAN ports for student laptops. Students may access the university network to send e-mail or use the World Wide Web. An extensive collection of legal research databases, are available to our students via the Internet.

The Law Library's collection of over 382,000 volumes is continually maintained and updated. Holdings include statutes and digests of all 50 states and three U.S. territories, the complete national reporter system, all cases prior to the reporter system, and an extensive collection of federal materials. The Law Library holds many international and foreign law titles, significant materials for research in public policy and law, topical treatises, loose-leaf services, and an excellent collection of law journal and law review material. The strengths of the collection are in legal history, family law, law and religion and Anglo-American constitutional law. The library also collects materials on the philosophy and theory of law, law and society and those humanities and social science materials necessary to support contemporary legal scholarship. New materials are carefully selected to support the Law School curriculum and the legal research needs of students, faculty, and the bench and bar.

The Law Library is the proud possessor of the Founders Collection, the almost intact library of the first law school west of the Appalachians, established in Lexington, Kentucky in 1799. This pioneer law school was one of the most renowned of its day, praised by Thomas Jefferson, Justice Story and John Marshall Harlan. The volumes of its library were used to train many of our young nation's finest lawyers, legislators and statesmen. Henry Clay was among the first faculty, and was a strong force in helping to support and expand the library. The Founders Collection totals 1,023 volumes and spans four centuries. Careful research in the original catalog has revealed only a very few missing volumes two centuries later.

Other special collections held by the Law Library include the Ralph Johnson Bunche Personal Library, the John Brabner-Smith Library and Papers, the First Amendment & Civil Rights Collection, the Mary Elizabeth Menefee Collection of Law & Film, and a collection of early American political sermons.

ACADEMIC BOARDS

Dispute Resolution and Client Counseling Board

The Dispute Resolution and Client Counseling Board focuses its efforts on the development of skills necessary to resolve disputes before trial. This technique often costs only a small fraction of the trial process and also often avoids or reduces the potentially devastating relationship destruction that frequents typical courtroom resolution.

The Board is comprised of both second- and third-year law students. The Board conducts mock negotiations for the Negotiation classes, as well as mentoring Negotiations students in the early portion of the course.

The Board hosts an intramural negotiation competition each spring as well as the Regional ABA Negotiation Competition every two or three years. The Board sends teams to compete in the Regional ABA Negotiation Competition each fall and other available competitions in the spring.

Moot Court Board

The Moot Court Board is dedicated to equipping students with the skills to be effective advocates. Students are encouraged to build their advocacy on sound legal reasoning and their commitment to God.

The Moot Court Board has 12 permanent and 12 associate members. Each year the Board hosts two intramural competitions. The Board annually sends teams to up to eight regional and national tournaments to compete against the best written and oral advocates in the country.

Helping first-year students become effective written and oral advocates through a mentoring program is one of the most important functions of the Board. Through the mentoring program, the Board assists the first-year students in writing their first brief and preparing them to argue an appeal based on the brief. In addition to the mentoring program, the Board sponsors special presentations promoting and teaching effective advocacy.

Regent University Law Review

The *Regent University Law Review* is fulfilling its vision to “provide a forum for a Christian perspective on law and the legal profession, especially through the application of biblical principles to law.” It publishes three issues per year. Student editors and staff members, chosen on the basis of academic achievement and writing ability, edit the *Law Review* under the guidance of the law faculty.

Trial Advocacy Board (TAB)

The TAB sponsors a monthly forum for speakers who discuss litigation, presents tips for those interested in a litigation practice and helps students find summer job opportunities involving litigation. The TAB hosts an intramural Trial Competition each spring. This Trial Competition, which is open to all law students, requires participating students to litigate a case, from developing trial strategies to opening arguments to closing arguments. Local judges and attorneys serve as judges for the competition. First-year students, who are provided with selected information on evidence, try cases against other first-year students. Second- and third-year students, who are expected to apply all of the rules of procedure and evidence, are grouped together for their trials. Students may participate in the Trial Competition in each of their three years, providing a great opportunity to develop practical skills.

Journal of International Law

The Regent *Journal of International Law* is a publication of the International Law Society. Founded in 2000, the Journal is the only Judeo-Christian academic forum for scholarly reviews of international law in the world. Its mission is to publish incisive analyses of international legal issues by some of the most important scholars and practitioners in the field. The student editorial board and staff associates are selected on the basis of their interest in international law, academic performance and writing ability. In addition to a faculty advisor, the *Journal of International Law* has an external Board of Advisors.

STUDENT ORGANIZATIONS

American Bar Association (ABA), Law Student Division

The Law Student Division chapter has three objectives, all emphasizing service. First, the chapter serves students with educational needs. Second, the chapter suggests ways students, once they graduate and become attorneys, can serve their clients. Third, the chapter provides students with service opportunities in the community. The first two objectives are met through the *ABA Journal* and the *Student Lawyer*, publications members receive each month. The third objective is met through activities and events planned by the chapter’s Executive Committee. Further, all of these objectives can be met through membership in ABA sections.

American Inns of Court

The James Kent Chapter of American Inns of Court is part of an 800-year-old English tradition, brought to this country by Supreme Court Chief Justice Warren Burger to encourage passing down high standards of ethics and excellence within the legal profession. Through our local chapter, selected third-year students are united with judges and respected senior lawyers in a formal mentorship program that encourages high standards of ethics and civility. Participating students receive firsthand insight into legal issues.

Association of Trial Lawyers of America (ATLA)

The Student Chapter of ATLA and Virginia Trial Lawyers Association (VTLA) is the student association specifically for those who want to be litigators. The chapter helps law students become actively involved in promoting the civil justice system; further, students are encouraged to be champions for those needing legal redress.

Business Transactions Law Society (BTLS)

The BTLS serves the law school and Regent University by integrating the Christian faith with corporate, commercial, and transactional law. The BTLS partners with the law school, the university and the community to provide law students with learning opportunities pertaining to business and transactional law career paths. The organization accomplishes this goal by sponsoring activities involving students, faculty, and members of the local bar.

Black Law Students Association (BLSA)

The BLSA has two primary goals: to promote community service in neighboring black communities and to be a vehicle of spiritual, academic and cultural awareness and support for black law students. The BLSA provides community service through projects with the area boys and girls club; in the future, it will add programs geared toward service in the community.

Christian Legal Society (CLS)

Founded in 1961, CLS is a professional organization of over 4,500 attorneys, judges, law professors, law students, paralegals and their families who desire to do justice with the love of God. The Society's diverse membership contributes to its unique mission: to nurture and equip a national network of skilled lawyers, law students and interested lay people committed to loving and serving Jesus Christ and advocating reconciliation, justice and religious freedom.

Council of Graduate Students (COGS)

The COGS is the student government organization for the university. In cooperation with other student organizations within Regent University, the purpose of COGS is to foster and encourage a quality academic and professional environment; to facilitate the interchange of ideas and programs between respective schools and colleges; to promote the university's commitment to biblical principles and spiritual development; in everything to bring glory to God and His Son, Jesus Christ, through the Holy Spirit; and to advocate and represent the collective ideas, interests and concerns of the student body to the administration and vice versa.

Entertainment and Sports Legal Society (ESLS)

The ESLS provides a forum for Regent students and legal professionals to meet and discuss entertainment and sports law. The ESLS seeks to supplement the legal education of Regent's students by creating opportunities for dialogue with industry leaders and experts; symposia, lectures, panel discussions and moot court competitions provide unique avenues for such interaction. Above all, the ESLS seeks to operate as a witness about the good news of Jesus Christ to the entertainment and sports communities at large, while encouraging law students to be "salt and light" in the profession.

Federalist Society for Law and Public Policy Studies

The Federalist Society is a group of conservatives and libertarians interested in the current state of the legal order. It is founded on the principles that: the state exists to preserve freedom; the separation of governmental powers is central to the constitution; and it is emphatically the province and duty of the judiciary to say what the law is, not what it should be. The Federalist Society seeks both to promote an awareness of these principles and to further their application through its activities.

International Law Society (ILS)

The principle goal of the ILS is to bring student attention to the university's mission of *Christian Leadership to Change the World*. The ILS works to increase student, faculty and staff understanding of the many and varied aspects of international law and global affairs. It is dedicated to promoting student involvement in international law through extracurricular activities and programs such as the Philip C. Jessup International Law Moot Court Competition. Although the ILS is based in the School of Law, it is open to all members of the Regent University community. The ILS sponsors the Regent *Journal of International Law*.

Law Wives Association

The Law Wives Association of Regent University has been established to support and encourage spouses of law students. Social events are regularly scheduled and are open to all students and their families. Opportunities for Christian fellowship are offered as well. Several spouses participate in Bible studies.

Newman Club

The Newman Club is an organization of Catholic students. The Club is committed to helping students develop spiritually. It sponsors weekly masses and an annual Red Mass on the university's campus. In addition to its spiritual emphasis, the Club provides an array of social activities as well as opportunities for students to perform community services.

Public Interest Legal Advocates of Regent (PILAR)

The Public Interest Legal Advocates of Regent seek to provide a venue through which students can act to begin eliminating the inequality of legal resources in our country. PILAR also strives to foster lifelong participation in the law-related areas of the public sector by referring students to opportunities that match their career goals. PILAR is continually seeking to encourage a law school curriculum that: is supportive of public interest law students; has financial programs to assist students interested in public interest with summer and post-graduate employment; and develops relationships with organizations and alumni to provide resources for students.

Student Bar Association (SBA)

The SBA is a student organization comprised of most law students. The SBA serves law students in many ways. First, it provides social events that, in part, help the students to cope with the stresses of law school. Second, the SBA supports students academically by providing a book exchange, an outline bank and mentorship programs; sponsoring alumni networking programs; distributing the 1L Survival Guide; and hosting lectures by the members of the local legal community. Finally, the SBA provides students with opportunities to serve the community, helping promote a “sense of belonging” for the students.

THE OFFICE OF CAREER & ALUMNI SERVICES

The School of Law is dedicated to preparing students for their legal careers. The Office of Career & Alumni Services is dedicated to meeting the needs of law students in each year of study. Services include extensive individualized counseling, help with self-assessment, formal mock interviews, informal mock interviews, job postings, on-campus interviews, a resource library, and assistance in refining job search techniques.

Workshops are offered each semester addressing topics such as résumé and cover letter writing, networking, interview techniques, summer employment options and fall recruitment strategies. Students and legal professionals from the Hampton Roads area participate in panel discussions and presentations on judicial clerkships, prosecutorial positions, public interest employment and other areas of practice. The Office of Career & Alumni Services is dedicated to cultivating and augmenting a solid working relationship with the legal community at large.

STUDENT PROFILE

The School of Law attracts students from all over the United States, making Regent a national law school. The J.D. entering class for fall 2006 was comprised of 161 students from 125 academic institutions; 79% were residents outside the state of Virginia; 54 percent were women and 11 percent were minority. The age range was 19-51; the average age was 25. The anticipated entering class for fall 2007 will likely reflect Regent's expanded minority recruitment programs resulting in a more ethnically diverse class. Given the anticipated profile of the applicant pool, we expect to enroll approximately 150 students with an average LSAT of 154 and a UGPA of 3.3. Applications from prospective students with LSAT scores above 150 and undergraduate GPAs above 3.0 are especially encouraged, as the law school has seen that such students are very likely to succeed in law school and pass the bar exam on their first attempt. The financial aid program at the School of Law is very strong with over 70% of our students receiving aid from our \$2.6 million annual scholarship program.

JURIS DOCTOR (90 CREDIT HOURS)

Students in the full-time program normally complete their degrees in three years. The Part-time Program is designed for students who desire to be employed for more than twenty hours per week during law school, or who for other reasons, need a more flexible course load. All courses are taken in regular sections with full-time students; there are no special part-time classes. Depending on the number of course hours taken each semester, students may complete the J.D. degree in four to five years. The Part-time program is offered "in-residence" only on the Virginia Beach campus.

Admissions Requirements

Refer to the "Admission to Regent Graduate Schools" section of this Catalog for additional information regarding admission procedures and requirements.

For admission requirements and further information, visit www.regent.edu/law. A major part of the application review process focuses on the applicant's LSAT score(s) and academic history. In addition, the admission committee carefully considers the rigor of courses completed, the competitiveness of the institution attended, and grade trends. The committee also places significant importance on the applicant's personal statement, character and fitness response, mission harmony with Regent University, and the required three letters of recommendation. Applicants must subscribe to the Law School Data Assembly Service (LSDAS). The priority consideration date for submitting an application is February 1.

Degree Requirements

The J.D. degree requires a minimum of 90 credit hours; joint degrees students must earn a minimum of 83 credit hours. Candidates for the degree must complete the program with a minimum cumulative GPA of 2.00 on a 4.00 scale. All degree requirements for full-time students must be met within five calendar years from the date of entry into the School of Law. Part-time students have a maximum of six years to complete their degree requirements. Exceptions to the time limit are granted only in extraordinary circumstances (e.g., unexpected active duty service in the United States military). Part-time students will probably need to attend summer school during two summers to graduate on schedule.

Candidates for the J.D. degree must meet the residency, unit, grade and course requirements in effect at the time of their admission. Students who withdraw and later re-enter the law school will be bound by the requirements in effect at the time of their readmission. A waiver of certain new or changed requirements may be granted for good cause shown.

The nature, content and number of units awarded for courses are subject to change without notice. The curriculum is set forth below. Elective courses are offered according to faculty availability and student enrollment.

Residency Requirements

Juris Doctor students must satisfy residency requirements. For more detailed information concerning residency and other academic requirements, please consult the School of Law Policies and Procedures Manual.

Transfer Students

Transfer students can only receive up to 30 credit hours toward the J.D. degree.

Concentrations

In order to guide students in selecting their upper-level courses, the School of Law maintains a list of concentrations that identify particular courses that would benefit students intending to work in particular areas after graduation. These concentrations are not specialization degrees, and students need not declare a concentration in order to graduate. Many courses are listed in more than one concentration. The School's concentrations include course listings in the following areas: (1) Virginia Bar Exam Preparation; (2) Corporate, Commercial, and Transactional Law; (3) Public Law, Litigation, and Dispute Resolution; (4) Family Law; and (5) Theology, Philosophy, and the Law. The list of the specific courses included in each concentration is available in the School's Records and Registration Office.

Joint Degrees

See the General Information section of the Catalog for the description of the joint degrees program. Courses in the School of Law are not normally taken concurrently with courses in other schools. However, several joint degrees are available.

Juris Doctor and Master of Business Administration or M.A. in Management (School of Global Leadership and Entrepreneurship)

The law faculty and the business faculty recognize a great interdependence within the business and legal professions. The business professional who has an understanding of basic principles of law, as well as the specialized areas of law that relate to business will be in a much better position to make business decisions in the fast-moving and complicated business environment. The lawyer who represents businesses and has a knowledge of the fundamental principles of business will be much better equipped to give counsel and advice to individuals, partners, corporate officers and directors. In addition, the lawyer will especially benefit from a knowledge of business principles in the operation of the business of a law practice.

Juris Doctor and M.A. in Communication and M.A. in Journalism (School of Communication and the Arts)

The interpretation and use of legal information in our modern society is greatly influenced by various media journalistic skills. The worldviews of the people in a society are shaped by the content and manner of this information flow. The relativistic views of many current-day journalists have helped to undermine the foundations of our legal system by presenting the law as only an evolving set of values. Today we need journalists and those involved in media presentation who understand the historical roots of our legal system, as well as current legal theories and practices. A joint degrees program in law and communication or journalism gives students the opportunity to integrate a knowledge of the law with communication skills and the media.

Juris Doctor and M.A. in Counseling (School of Psychology and Counseling)

The law and counseling faculties recognize a great interdependence between the counseling and legal professions. The lawyer who understands basic principles of counseling, as well as the specialized areas of law that relate to counseling, will be in a better position to work with and on behalf of clients. Likewise, the counselor or psychologist who understands the basic legal rules that relate to counseling and family relationships has a great advantage. This joint degrees program is designed to give counseling skills training to students in law who want or need such practical skills training. This interdisciplinary approach enriches careers by broadening the student's scope of understanding, as well as training and expertise to meet specific needs in legal services where legal remedies may be only a part of the solution.

Juris Doctor and M.A. in Divinity or M.Div. (School of Divinity)

The law and divinity faculties recognize an interdependence between the professions of law and divinity. The lawyer who understands and operates within a Christian worldview and based on Christian ethical/character foundations of personal spiritual formation will be in a much better position to work with and better represent clients. Likewise, the various ministerial professionals who also understand basic legal rules that relate to ministry, both corporate and family, have a great advantage.

These joint degree programs are designed to provide divinity courses and ministerial skills training to students in law who want or need such training. This interdisciplinary approach enriches careers by broadening the student's scope of understanding as well as training and expertise to meet specific needs in legal services where legal remedies may be only a part of the solution.

Juris Doctor and M.A. in Government (*Robertson School of Government*)

The education offered in government school prepares students for service in government, politics and policy making. Some government students may desire to add legal training for particular legal positions in government service or for specialization in law related to all governmental and political activity. The joint degrees program in law and government meets the needs of all these students. The law school teaches the technical skills to practice law; the government school offers training in policy analysis and political methods, integrating biblical and natural principles for government, economics, history and natural science, as well as law.

Juris Doctor and M.A. in Organizational Leadership (*School of Global Leadership and Entrepreneurship*)

Companies, organizations and nations need proven, qualified leaders. True leaders distinguish themselves through their vision, their ability to conceive and implement strategies and their ability to transform organizations and the lives of the people within them. The M.A. in Organizational Leadership teaches key organizational leadership elements such as ethics, motivation, creativity, vision, strategic planning, teamwork, group development, technology, customer service and organizational development. The joint degree program in law and leadership provides unique training for future lawyers who are called to lead.

SCHOOL OF PSYCHOLOGY AND COUNSELING

DEAN'S MESSAGE

We in the School of Psychology & Counseling present ourselves as “academically excellent, distinctively Christian.” We are poised to produce leaders who will help individuals and organizations make positive changes in their lives through promoting understanding, healing, reconciliation and faith. Although we live in a world that is increasingly complex and dependent upon technology, the souls of human beings require the same basic care as they have in the past. The challenge to the mental health professional is to synergize personal faith with practice in public, private, academic and corporate arenas. Graduates of our programs have positions in churches, schools, colleges, private practice and public agencies nationally and internationally. We are committed to producing graduates who will take their learning and their faith into all lands, to truly change the world.

MISSION AND PHILOSOPHY

“Academically Excellent, Distinctively Christian” is the foundation for our efforts of educating counselors and psychologists who make a difference. This stems from two central Scriptures, “Love the Lord your God with all your heart and with all your soul and with all your mind. This is the first and greatest commandment. And the second is like it: Love your neighbor as yourself” (Matthew 22:37-39); and “. . . Love each other as I have loved you” (John 15:12). The methods and purposes of counseling and psychology are always to be held against these biblical standards.

Our vision is to train mental health professionals to provide healing and restoration to members of the local and world community, through the application of biblical principles and professional excellence.

DISTINCTIVES OF THE SCHOOL

The School of Psychology & Counseling (SPC) prepares counselors and clinical psychologists from a Christian worldview, while striving to adhere to the highest standards of the profession, meeting accreditation, certification and licensure standards.

These programs are designed for individuals to take their knowledge into every corner of the world in order to assist people in the prevention and resolution of the problems of human living. A strong emphasis is placed on the restoration of relationships: individual to God; individual to individual; and restoration within the family, the church and the community. It is our goal that individuals who graduate from the School of Psychology & Counseling will be exemplary counselors and clinical psychologists who will reflect the character of Christ within their professional involvements. Some unique features of the school are:

- Integration of Judeo-Christian principles into the curriculum and programs.
- A clinic to train students in the practice of counseling and psychology practice, as well as to conduct research on the efficacy of Christian counseling.
- Cooperative ventures with other Regent schools, such as the School of Divinity, the School of Law and the School of Education, in programs for families, churches and the larger community.
- Curriculum established to meet national accrediting standards and state licensure.

ACCREDITATION

As a school within Regent University, the School of Psychology and Counseling is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS).

The School of Psychology and Counseling has two additional accreditations: The American Psychological Association (APA), Office of Program Consultation and Accreditation, 750 First Street, NE, Washington, DC 20002-4242, 202-336-5979, www.apa.org/ed/accreditation/, approved to offer the Doctor of Psychology (Psy.D.), www.apa.org/ed/accreditation/clinpsymz.html; and The Council for Accreditation of Counseling and Related Educational Programs (CACREP), 5999 Stevenson Avenue, Alexandria, VA 22304, 703.823.9800 ext. 301, www.cacrep.org/index.html, for its programs in Community Counseling and School Counseling (www.cacrep.org/CACREPDiretory04142006.pdf).

PROGRAM OVERVIEW

The SPC adheres to a Judeo-Christian worldview. The Judeo-Christian perspective provides a sound basis from which human behavior might be studied, and sets a standard by which counseling methods might most effectively be applied—one that recognizes the individual as a totality of body, soul and spirit. The research and experience of those who have pioneered the field are highly valued, as are biblical resources that contextually define and analyze the motives and patterns of human behavior.

The school designs each student's master plan of study to optimize employability in the various and diverse settings found in the field of counseling and psychology, such as:

- Community mental health agencies.
- Church and parachurch organizations.
- Public and private schools.
- Colleges and universities.
- Business and governmental settings.
- Private practice groups and hospitals.
- Health care organizations.

2. Have taken at least 18 completed credit hours in psychology courses. The following courses are recommended: Introduction to Psychology, Psychological Statistics/Research Methods, Personality Theory, Human Development, Abnormal Psychology, Psychological Tests & Measurements, Social Psychology and Physiological Psychology.
3. Submit the official GRE test scores. The GRE cannot be waived and must have been taken within the last three years. A minimum combined score of 1,000 between the verbal and quantitative portions of the GRE exam is desired. The GRE Writing exam is also required. For more information about the various graduate tests contact a local university testing office or the Educational Testing Service, Princeton, NJ 08541, 609.771.7670.

Acceptance into the Psy.D. program is based on a competitive consideration of the entire application. No student will be formally admitted to the program in any status until ALL required materials have been received and evaluated by the admissions committee. Applicants are evaluated based on their strength over all of the areas addressed in the application process. This “whole person” approach to applicant evaluation allows students who have relative weaknesses in a domain but also with off-setting strengths in other areas to be considered for admission. However, successful applicants will typically exceed all of the admission expectations noted above.

ACADEMIC POLICIES

Cross-Registration

Those students who elect to take a class in the SPC and are degree-seeking from one of the other Regent degree programs are considered cross-registered students. They must demonstrate that they have met any prerequisites for the course and obtain the signature of the professor teaching the course including advising to course content and relevance to desired degree outcome. Students may cross-register only if space remains available in the class. Degree-seeking students in the SPC have first preference for enrollment in SPC classes.

Cross-registered students may only take up to four courses (12 credit hours) in the SPC. Any exception to this policy can only be granted by the Dean or the Dean's designate, and must be petitioned for in the appropriate manner. An "Approval to Enroll in a Class in Another School" form, found on the web at www.regent.edu/admin/registrar/studentforms.cfm, must be completed by the student and signed by the appropriate professor prior to the student's registration through their home school.

Students who have previously applied for admission to the SPC, either by original degree-seeking application, non-degree application or as a joint degrees applicant, and have been denied admission to our school, will have to submit an Academic Petition to the SPC to be considered for cross-registration

GRE Writing Assessment Required (now part of the GRE General Test)

Students may be denied admittance in to a program in the SPC based on a poor evaluation of their writing sample/skills.

Failing Grades (B- or Below)

The general grading policy for each course in the SPC is that any grade below a B is considered not satisfactory for graduate level work. Receiving a grade of B- will result in the student retaking the course.

DEGREE PROGRAMS

PROGRAM CHANGES DISCLAIMER STATEMENT

Programs may choose to add or delete courses and course progressions from time to time; if a student is in a degree program over several years, there may be differences between what is offered and what is in the original catalog. Students will work with their individual advisors to ensure that they have met all requirements for graduation under the following stipulations:

The original numerical requirement for course credit hours must remain the same as stated in the catalog under which the student entered the program. The program may not add to the credit hour requirement unless the student is in a remedial situation that is clearly documented.

In the case of a student stopping out of a program and being readmitted, the student will be under the catalog of the year of readmission.

Students may, with approval, take more credit hours than required in their catalog. However, financial aid will not be available for courses outside of the approved degree program.

If a student has a required course that is no longer offered, the advisor will help the student find a substitute course at Regent or through the consortium.

Psy.D. in Clinical Psychology (123 credit hours beyond the bachelor's)

The Psy.D. integrates scholarly and rigorous academic training, clinical practice and research within a Christian worldview. Students are prepared to compete for national internships as well as subsequent licensure in Virginia and other states with similar requirements.

The Psy.D. is a terminal professional degree. The degree is designed to be responsive to society's need for Christian psychologists functioning in a variety of leadership roles. Graduates have the potential to serve in such diverse roles as clinical directors of agencies; hospital staff members; directors of Christian counseling centers and private practices; consultants to business and industry; academic instructors; supervisors of new clinicians; office-holders in local, state and national professional organizations; members of boards of directors of human services agencies; members of licensing boards; consultants to churches and schools; managed care case managers and administrators; and a variety of other roles.

The program is completed full-time in four years, plus one year of internship. Students entering at the master's level may be able to complete the coursework in three years with an additional year of internship for a total of four years. All students enrolled in Psy.D. are required to attend the program on a full-time basis. A fixed curriculum progression has also been established to ensure that students follow a logical and cumulative program of clinical training. While the Psy.D. program is designed to mentor general practitioners of clinical psychology, there is opportunity for each student to pursue more specialized interests through course electives and focused practice. This flexibility allows for students to adapt their training to meet the licensing requirements of many different states and jurisdictions. Before selecting such optional and individualized components of the program, each student should review the specific requirements of the jurisdiction in which they plan to practice.

The program coursework content includes biological, social, behavioral and affective bases of behavior, as well as study of individual differences. These courses provide a foundation for preparation as a clinical psychologist. The program has an integrative approach: integration of clinical work and coursework, integration of faith and practice and integration of multicultural, ethical and diversity issues in both didactics and practice. The program culminates in a 2,000-hour internship and the dissertation project.

The research sequence introduces the student to statistical methods, research design, program evaluation and outcome research in psychotherapy. These experiences prepare the student for completing the dissertation project requirement. The dissertation project may be empirical, theoretical or applied and is normally completed in the fourth year. The goal of the research sequence is to equip students with the knowledge and skills to effectively understand and apply research literature to appropriate clinical areas. The Psy.D. program includes yearly assessments of students, as well as a candidacy exam. A comprehensive examination given in the third year serves to determine admission to doctoral candidacy.

Students are encouraged to apply to a wide variety of internship sites including the military, veteran's hospitals, state psychiatric hospitals and community and private outpatient clinics. The emphasis will be on obtaining the best American Psychological Association (APA) and Association of Psychology Postdoctoral and Internship Centers (APPIC) internships available for each student. The internship application process begins in the students' fourth year. These paid positions are located outside of the Virginia Beach area.

The faculty brings a wealth of experience and a diversity of theoretical background. Among these professionals are both full-time and adjunct faculty members. Despite a diversity of theoretical orientation, the faculty is united by a common commitment to a Christian worldview and to providing quality, professional training.

Ph.D. in Counselor Education & Supervision (63 credit hours beyond the master's degree)

The Regent Ph.D. in Counselor Education and Supervision is unique in this country, offering a rigorous biblical worldview curriculum and clinical training program entirely in an e-learning (online) format, with three brief residencies. Students receive the education and training necessary to become leaders who will make a difference in the discipline of counseling as college and university educators, advanced clinical practitioners and counseling professionals in a wide variety of career roles.

The Ph.D. in Counselor Education & Supervision represents the advanced degree in the pursuit of higher education in the discipline of counseling. Regent's Doctoral Program in Counselor Education & Supervision is both theoretical and experiential and is intended to prepare students to work as counselor educators, counselor supervisors, advanced practitioners in clinical settings and leaders in the field of counseling. The emphasis of the doctoral program is on training educators to teach counseling at the college and university level, with commensurate emphasis on the development of the advanced clinical skills, which are necessary to teach and supervise counseling effectively, as well as enhance the practice of the professional counselor.

The program requires the master's degree as a prerequisite. Students matriculate on a full-time basis in a lockstep course sequence the first two years of the program. Students may be able to complete the program within three and one-half to four years, including the capstone events of the one-year internship and completion of the dissertation project.

The program is offered entirely online via the Regent Worldwide Campus, with three mandatory brief residencies during which students will be required to come to a designated location, most likely the Virginia Beach Campus, for 10 to 14 days for intensive teaching, orientation and workshop events. The program may be especially appealing to individuals who want or need the flexibility of an online, nonresident program to meet their current commitments to family or job.

The Ph.D. in Counselor Education & Supervision will prepare individuals for a wide variety of counseling leadership positions, including those who want to teach counseling and supervision at the college or university level; practicing professional counselors who want to provide supervision services; licensed professional counselors who want to advance the level of their clinical skills; individuals who want to assume leadership positions in the discipline of counseling (e.g., Director of Mental Health Services for an agency or non-profit organization); school counselors seeking promotion or leadership positions (e.g., Director of Guidance positions for school districts); individuals who want to do research and/or write professionally; and individuals who want to add consultation or program evaluation to their array of existing professional counseling services or develop a practice based on these professional counseling services.

Coursework has been developed along an educator/practitioner paradigm. The precepts underlying the education and training of counseling professionals at Regent University follow the developmental model. Students are trained to understand the individual in terms of where he or she is in the ongoing process of growth, development and passage through life stages, and explore with the individual any aspects of development in social, cognitive, emotional and behavioral spheres that might have been delayed or interrupted. The program integrates and applies Judeo-Christian principles throughout its curriculum, to educate students cognitively, clinically *and* spiritually to work in a diverse society.

The Ph.D. program accepts as a primary obligation extending the knowledge base of the counseling profession in a climate of scholarly inquiry, and it prepares students to generate new knowledge for the counseling profession through research. Students receive a thorough experience in research via three advanced level courses designed to develop and sharpen their researching and professional writing skills. Students apply the knowledge gained from these courses to conceive, plan and complete their dissertation project.

The program faculty members consist of both full-time and adjunct educators sought after because of their particular experience and expertise in the cognate areas of the doctoral program. All faculty incorporate curricular experiences that address the integration of faith and learning in the pursuit of developing in each individual student the highest level of competence in counseling knowledge and skill, and in the counselor's ethical responsibility to respect each client's spirituality level, always mindful not to impart one's own values and beliefs on others. Because of the multifaceted training available in the program, graduates are able to function as effective and ethical counseling professionals in both secular and Christian settings.

M.A. in Counseling

The clinical M.A. is available in two study tracks: school or community counseling. This program and these two tracks are offered on both the Virginia Beach and Alexandria, Virginia campuses (through the academic year 2007-08). Graduates of these clinical programs will be prepared with the educational requirements for licensure in Virginia, and in states with compatible requirements. The counseling track is state-approved for licensure as a school counselor in Virginia and has reciprocity with 27 other states. The Council for Accreditation of Counseling and Related Educational Programs (CACREP), a specialized accrediting body recognized by the Council for Higher Education Accreditation (CHEA), has conferred accreditation to the following program areas offered by the School of Psychology & Counseling of Regent University in Virginia Beach: Community Counseling (M.A.) and School Counseling (M.A.).

Students must pass the Counselor Preparation Comprehensive Examination (CPCE) as part of their degree requirements for the M.A. in Counseling (community and school tracks). Students may take the CPCE after they have completed a minimum of 27 credit hours of coursework. It is recommended that full-time students take the exam in the fall term of their second year, or at least one full term prior to their term of expected graduation. Pertinent course work in each of the CPCE subject areas should be taken prior to the exam whenever possible.

Students should complete 30 credit hours of coursework before starting their internship experience. This will allow the 600 hours of internship to count towards licensure.

Competency Assessments

The School of Psychology & Counseling is committed to program effectiveness. As a means of fulfilling this commitment, and to ensure that students obtain mastery level skills, competency assessment probes have been developed throughout the training. These probes have been incorporated into several separate courses to allow students to demonstrate attainment of critical skills crucial to their development as counselors. Adequate performance on each probe is necessary to assure progress through the program. In addition, each student in the community or school program will take, as an exit exam, the Counselor Preparation Comprehensive Examination (CPCE). While all students must take the exam, as of the entering class of 2002, it will be a criterion for receiving the master's degree in counseling for those students.

Professional Development

Each student is expected to mature in several crucial areas that are considered essential to professional development. In each course, professors assess students' progress in each of these areas and help students take steps to remediate deficiencies. The areas are: general knowledge, subject knowledge, application skills, integration, workmanship, self-control/maturity, relationships, ethical practice and communication/expression.

Personal Growth Group

Since we live and grow in community, students will have a focused group experience as a lab component of the group-counseling course. The experience provides an opportunity for personal growth through a directed group experience, as well as an opportunity to apply concepts learned in the didactic sector of group class. All students are required to participate in this lab for one term.

Community Counseling Emphasis (60 credit hours)

This program provides the academic and applied training necessary for someone seeking employment as a counselor in a private practice, community agency or church counseling center. It also meets the Virginia Board of Counseling academic requirement for licensure of 60 credit hours. For qualified students, it can be structured for pre-doctoral studies. Academic work taken in a post-master's status is not eligible for financial aid.

To enhance students' training experiences, students in the community program will be required to participate in a minimum of four personal growth counseling sessions. Students are responsible for the cost incurred.

This program is designed to offer human relations training to clergy and others in Christian ministry and/or organizational settings who desire counseling skills. Graduates of the program will be prepared to work in a variety of settings not requiring licensure. This program is offered at our Virginia Beach campus and online via the Regent Worldwide Campus. Students must make a general commitment at the beginning of their program whether they plan on enrolling in the campus program or the online program. Students who are designated as on-campus HSC students must take the three skills-related classes (HSC 524, HSC 525, & HSC 552) on campus and may not take them online unless there are extenuating circumstances that can be justified on an approved Academic Petition. Those students completing the HSC Program in the online format are also required to attend a 5-day Residency at the Virginia Beach campus. The focus of the Residency experience will be in further sharpening individual/group counseling skills; addressing legal, ethical, and liability issues; and allowing for the benefit of some clinical supervision and feedback prior to graduation.

The purpose of this track is to provide training and practice in interpersonal skills using a biblical foundation of human nature. Its primary objective is to place into churches, the community, and work place, people who are skillful, caring and can help develop the spiritual and emotional well-being of those with whom they interact. The goal of the program is not to develop clinical professionals, but to train students who seek to help others within church, ministry, and care-giving settings.

For those students not seeking professional licensure, the HSC emphasis fulfills all requirements for joint degrees for all schools in the university. A listing of the courses that comprise the partner component of this joint degrees program may be obtained from the partner school.

Certificate of Advanced Counseling Studies (CACS) (30 Credit Hours)

Located at both the Alexandria and Virginia Beach campuses the CACS is a 30-credit hour continuation program for HSC students or for anyone who has obtained a master's degree in counseling or a related field of study and wishes to pursue additional coursework that will meet current State requirements for School Guidance Counseling or as a Licensed Professional Counselor.

Due to changes made in the HSC Program (effective for the 2006-2007 academic year) the CACS Program is not available to those HSC students who began their program after the Fall Term 2005. This is because some of the original HSC core courses which are required for the Community/School track, have been removed and either replaced with more ministry-oriented courses or have had only components of the original courses integrated into the updated program. Students who are considering the HSC Program but are ultimately interested in pursuing professional licensure, should plan on applying to and enrolling in the Community/School Counseling Program at the onset of their graduate studies. It is also important to note that if a student is relying upon Federal loan monies for their tuition, these types of loans typically do not cover certificate programs like CACS.

Students who have already successfully completed the HSC Program or have begun the program during the Fall Term 2005 or earlier, may apply for the CACS Program. The CACS Program is designed to augment the students' basic knowledge and skills that were acquired in the HSC Program and to fill in the necessary academic and experiential "gaps" in order to meet State licensure requirements. Passing CACS 623 Practicum is a prerequisite to be officially accepted into the program.

The following requirements must be satisfied for admissions into the CACS program:

1. All applicants must have successfully completed the HSC Program in either the on-campus or the online format or a degree program at another accredited university that is equivalent to the HSC degree.
2. All applicants must submit an updated Goals Statement to the SPC Admissions Department.
3. All Regent University applicants will submit an Academic Petition to the SPC Admissions Department, which has been signed by their current advisor requesting consideration for admission into the program. Approval of this petition does not mean that the applicant will automatically be admitted into the program. This is not necessary for applicants with equivalent degrees from another university.
4. All applicants will submit an additional letter of recommendation to the SPC Admissions Department from at least one current faculty member whom they have taken a course in their Counseling Program (other than their advisor).
5. All applicants will submit one of their APA formatted papers from the HSC Program or other equivalent university program to the Admissions Committee.
6. Any applicant who has received lower than a B+ in either HSC 524 (Intro. Counseling Skills & Techniques) or HSC 525 (Advanced Counseling Skills & Techniques) or has taken these classes online, must submit at least two videotapes from each class for review by the Admissions Committee. If the committee feels that a skill deficiency exists, the applicant may be required to take COUN 521 (Counseling Skills & Techniques) as an additional prerequisite along with CACS 623 (Practicum). If prior videotapes are unavailable or an applicant has a degree from another accredited university, the applicant will need to submit videotaped examples of their counseling skills at the direction and discretion of the Admissions Committee.
7. Any applicant who takes HSC 552 (Group Dynamics) in the online format will be required to take COUN 554 (Group Counseling) as an additional prerequisite since they will need to have the experience of participating in an actual process group under supervision. Applicants from another accredited university program will need to submit a copy of their Group Counseling course syllabus to the Admissions Committee.
8. Since CACS 623 is currently only offered in the spring term, CACS students who have been accepted into the program may take approved courses in the previous fall term and/or concurrently with CACS 623 by submitting an Academic Petition making the request, and with the understanding that they must successfully pass Practicum (as well as any other

identified prerequisites) before they can continue the program. Additionally, if students elect this option, they understand, consent to, and accept the risk of investing their finances and time into other CACS courses without any guarantee that they will be permitted to continue taking courses after the Practicum class. CACS 661 (Ethics) cannot be taken prior to the successful completion of the Practicum.

Students in the CACS Program will complete a required sequence of courses before going out on Internship, as in the MA in Community and School Counseling Programs. Students with counseling degrees from institutions other than Regent University will be handled on a case-by-case basis.

- The subject matter or academic activity is not included in regular course offerings and is pertinent to your degree interests.
- The subject matter of academic activity is significantly beyond the scope of scheduled course offerings.
- An independent study shall constitute a contract between student and teacher, and, as such, shall contain specific goals, expectations and evaluation criteria in written form. The quality and effort of the study shall be equivalent to that expected in the classroom.
- An independent study course shall be subject to the same academic policies as a regular course except that incomplete work shall be subject to the In Progress (IP) grade policy. The value of the independent study shall vary from one to four semester hours. Each school may establish limits to the total number of independent study credits that may be applied toward degree requirements. To register for an independent study, students must submit an approved Individual Study Form to the school registration representative and register for the independent study during the registration period for the term in which the student intends to begin the study.
