THE UNIVERSITY

MESSAGE FROM OUR CHANCELLOR & CEO

Our nation and our world are faced with tremendous challenges—challenges that sometimes can seem insurmountable. But know this: the plans of God will not be thwarted! God is doing remarkable things through those who desire to serve Him.

This is why I founded Regent University—to provide you with a place to sharpen your skills and prepare you to help transform the world through Christian leadership.

Regent University is an academic environment where Christian leaders are taught to discern and respond to the times. And through the years we have created a university that is a leading center for thought and action. Our graduates are servant leaders who are providing godly solutions to many of the challenges we face as a society.

If there were ever a time to get involved in a worthy cause, this is that time. Regent University exists for such a time as this. America—and the world—need Christian leadership, and you may be one of those leaders.

I invite you to seize this opportunity. Be a part of what God is doing in these dramatic days. Cooperate with God and become a leader to your generation. And know that we at Regent University stand ready to assist you in fulfilling your academic and professional goals.

Dr. M. G. "Pat" Robertson
Chancellor & CEO

MISSION STATEMENT

Preamble

Regent University is an institution of higher learning that exists to bring glory to God the Father and His Son Jesus Christ through the work of the Holy Spirit.

Mission

Our mission is to serve as a leading center of Christian thought and action providing an excellent education from a biblical perspective and global context in pivotal professions to equip Christian leaders to change the world.

Vision

To be the most influential Christian transformational university in the world.

PHILOSOPHY OF EDUCATION

Regent University is a Christ-centered institution. The Board of Trustees, as well as the faculty and staff of the university, is committed to an evangelical interpretation and application of the Christian faith. The campus community is closely identified with the present-day renewal movement, which emphasizes the gifts, fruits, and ministries of the Holy Spirit.

It is expected that our students will both understand and agree to receive an education in accordance with the following articles:

- That the Holy Bible is the inspired, infallible and authoritative source of Christian doctrine and precept.
- That there is one God, eternally existent in three persons: Father, Son and Holy Spirit.
- That man was created in the image of God but as a result of sin is lost and powerless to save himself.
- That the only hope for man is to believe on the Lord Jesus Christ, the virgin-born Son of God, who died to take upon Himself the punishment for the sin of mankind, and who rose from the dead, so that by receiving Him as Savior and Lord, man is redeemed by His blood.
- That Jesus Christ will personally return to earth in power and glory.
- That the Holy Spirit indwells those who receive Christ for the purpose of enabling them to live righteous and holy lives.
- That the Church is the Body of Christ and is comprised of all those who, through belief in Christ, have been spiritually regenerated by the indwelling Holy Spirit. The mission of the church is worldwide evangelization and the nurturing and making disciples of Christians.

HISTORY OF THE UNIVERSITY

Dr. M. G. “Pat” Robertson, founder and president of the Christian Broadcasting Network (CBN), had an inspired vision of establishing a graduate-level institution that would train mature men and women for the challenge of representing Christ in their professions. In 1977, that vision materialized when CBN University was incorporated as a nonprofit educational institution in Virginia Beach, Virginia. In the fall of 1978, 77 students began classes in modest, rented facilities.

By October 1989, CBN University had grown from a School of Communication and the Arts to seven professional schools with nearly 800 students. On January 1, 1990, in recognition of this growth, the Board of Trustees voted to change the name of CBN University to Regent University. A “regent” is one who represents a king in his absence. For us at Regent University, a regent is one who represents Christ, our Sovereign, in whatever sphere of life he or she may be called to serve Him.

The university has grown to 9,000 students earning associates, bachelors, masters, or doctoral degrees at our Virginia Beach Campus or online via the worldwide web.

STANDARD OF PERSONAL CONDUCT

Regent University encourages a close and edifying relationship between faculty and students, one that will deepen the spiritual growth of each and stimulate a vigorous intellectual life in the Regent community. In order to accomplish these aims, it is imperative that Regent University faculty, staff, and students conduct themselves in a Christ-like and professional manner and maintain an exemplary and involved lifestyle. Regular church and chapel attendance and participation in the activities of the Regent community and its founding organization are encouraged for students and expected for faculty and staff. In addition, the following expectations apply:

- Regent University requires members of the Regent community—faculty, staff, and students—to refrain from the illegal use of drugs and the abuse of addictive substances controlled by law.
- Regent also forbids the use of alcohol, illicit drugs and tobacco on campus and prohibits the abuse of these substances by the Regent community. The Apostle Paul exhorted the body of Christ that, if they truly loved their fellow man, they would set aside their personal freedom by refraining from behavior that might be a stumbling block to their weaker brother. Regent University encourages members of the Regent community to exercise their personal responsibility and, guided by Paul’s admonition, appropriately set aside their personal freedom and refrain from the use of alcohol, illicit drugs and tobacco. The full substance abuse policy is printed in the *Student Handbook*.
- Student discipline: Enrolled students are expected to conduct themselves in a manner consistent with the Honor Code and the Standard of Personal Conduct. Students shall be disciplined for actions that violate these policies which include, but are not limited to, academic dishonesty, theft or misuse of property, threats to the health and safety of others, abuse or intimidation, sexual misconduct, violation of housing rules or regulations or conduct deemed unlawful. The full Standard of Personal Conduct and student discipline policy is printed in the Student Handbook, which is located online at www.regent.edu/studenthandbook.

CAMPUS FACILITIES

The Virginia Beach Campus is comprised of eight stately Georgian buildings. In addition, several student housing facilities with varied configurations from resident halls to apartments are on or near the main campus. The campus is a fascinating study of architecture accented with arched windows and hand-hewn brick. It is located just a few miles from the Chesapeake Bay and the Atlantic Ocean, skirted by 28 miles of beach. Beyond the main campus, others are earning Regent degrees through Regent’s online Worldwide Campus.

Built in 1979, the **Administration Building** is the original building on campus. The building houses the offices of the Chancellor, Academic Affairs, Chief Financial Officer, Administrative Services, Facilities & Engineering, Human Resources, Advancement, Marketing, Public Relations, Alumni Relations, and the Business Office. It also houses the School of Education and several classrooms.

Dedicated in 1984, the **University Library** allows students to access online resources worldwide. The third floor of the library building houses the Law Library, the largest, most complete law library in Hampton Roads, with an extensive collection of federal and state materials. Established in 1986, the Law Library contains significant materials for research in public policy and law, constitutional law, legal history, religion and law, international law, and international human rights, among others. It also houses the Writing Center.

Built in 1986, the **Classroom Building** houses the School of Psychology & Counseling, the Psychological Services Center, offices for the School of Business & Leadership, the Applied Science and Ethics Laboratory and a PC teaching lab, Academic Advising offices, in addition to numerous classrooms and seminar rooms.

Dedicated in the fall of 1994, the four-story **Robertson Hall** is equipped with audio/video technology and cameras for simultaneous broadcasting. Many of the classrooms are tiered and seminar-sized. The 132,000-square foot building houses the School of Law, the Robertson School of Government, and offices for the College of Arts & Sciences, plus a 376-seat moot court/city council chamber, various student organizations and the offices of the American Center for Law and Justice (ACLJ).

Opened in the summer of 2002, the 135,000-square-foot **Communication and Performing Arts Center** houses all the functional areas of the School of Communication & the Arts, along with Media Services and Information Technology. Key elements in the building are a 710-seat proscenium arch theatre, a 195-seat experimental theatre, a TV studio, a film sound stage, nonlinear video editing suites, costume and scene shops, acting and dance labs, two film screening theatres, a complete film production suite, a computer graphics animation studio, a converged media journalism newsroom, and a film back lot.

Completed in fall 2002, the **Student Center** houses the offices of Student Services, Central Financial Aid, Registrar, and Career Services. In addition, Campus Dining Services (The Regent Ordinary), COGS offices, student government offices, student lounge, and a coffee shop (Café Moka) are housed on the building's first floor.

The **University Chapel** and the **Divinity School** were dedicated in March 2013 and are the centerpiece of campus life, providing a unifying venue where people can experience the presence of God. The 22,164-square-foot Chapel features a 1,000-seat sanctuary for services, convocations, commencements, weddings and baptisms, as well as for individual reflection and prayer. A smaller prayer room is open around the clock for prayer, Bible studies and devotions. In addition, a beautiful prayer garden offers respite for intercession and reflection. Connected to the Chapel by a covered walkway, the 36,645-square-foot Divinity building houses the Welcome Center, equipped to provide prospective students with admissions guidance, facilitate campus tours, and answer visitor inquiries. Campus Ministries, classrooms, meeting spaces, admissions and enrollment teams and offices for the School of Divinity are also here.

THE UNIVERSITY LIBRARY

The University Library supports the academic curriculum and research needs of Regent University through a comprehensive collection of resources, programs and services. Through reciprocal agreements, print resources are shared with students and faculty in Hampton Roads academic institutions and are available for community use.

The University Library collections consist of over 322,000 printed volumes, over 200 online databases, more than 400,000 electronic books, nearly 14,000 media items including DVDs, films, CDs, etc. Over 350,000 full-text journal titles are available 24/7 through our online resources.

Multidisciplinary and subject-specific databases available through the Library include: Academic Search Complete, ABI/Inform Complete, APA PsychNet, ATLA Religion, CQ databases, Communication & Mass Media Complete, Education Full-Text, International Index to the Performing Arts, ISTOR, LexisNexis, Oxford Reference Online, Project MUSE, Science Direct, Wiley Online Library, and many others. E-book collections include ABC-CLIO, eBook Academic (EBSCO), ebrary Academic Complete (ProQuest), Safari Books, and many others.

Over 593,000 microforms include archives of many journals and special sets, such as Evans Early American Imprints, Library of American Civilization, the complete *New York Times* and Educational Resources Information Center (ERIC) documents.

The Special Collections area includes the University Archives, the Rev. Dennis J. Bennett Papers, the Clark Hymnology Collection of 9,000 volumes, the Pentecostal Research Collection, the John Wimber Collection, the Baptista Film Collection comprising 125 early Christian Baptista films, the John Lawing Collection of Christian cartooning, and other rare books, documents, and artifacts. The Film Research Center on the fourth floor holds 5,500 films of different genres including over 3,000 Christian films, some of which date back to the 1930s.

A university-wide Information Research and Resources course is required of all graduate students outside the School of Law which has its own information research requirements. This online, non-credit course will benefit students' awareness and utilization of the vast information resources available in print and online. Special tours, individualized research consultations, library workshops, and course-specific library instruction sessions are available. A full complement of library services is available to all distance education students.

Library social media outlets include a Facebook Group, Pinterest, Flickr, YouTube, Google+, and a blog titled *Library Link*.

Services and equipment for library users with disabilities include a Kurzweil 1000, a 24" large screen computer monitor, special keyboard and Zoomtext, wide aisles, ramps, elevators and accessible restrooms.

The University Library is open approximately 100 hours each week. Special service hours for exam periods, holidays, breaks, summer sessions and special university events are posted. Reference service is available during most of these hours.

STUDENT LIFE, CAMPUS SERVICES AND ACADEMIC SUPPORT

STUDENT SERVICES

Student Services exists to engage, support, and challenge students to embrace responsibility for their Christ-centered, holistic development as they prepare for a lifetime of service and global impact. Through its various departments, Student Services offers programs that enrich the spiritual, social, emotional, occupational, and intellectual wellness of students. Student Services also establishes policies on student conduct and publishes the Student Handbook (www.regent.edu/studenthandbook) as a valuable reference tool for students.

The following services/departments are provided within Student Services and University Operations:

- Campus Ministries
- Career Services
- Center for Student Happiness
- Council of Graduate Students
- Counseling Services
- Disability Services
- Health Center
- International Student Services
- Regent Bookstore
- Regent Gift Shop
- Regent Ordinary/Food Service
- Residence Life
- Student Activities and Leadership
- University Shuttle Service

To contact Student Services, e-mail stusrv@regent.edu or telephone 757.352.4103. Visit the Student Services website at <http://www.regent.edu/students>

Campus Ministries

Campus Ministries exists to encourage students on their spiritual journey as they grow into an image of the Son. We believe that if Jesus was growing, so should we. Our hope is that students will take the opportunity to grow spiritually on four journeys while at Regent. We encourage the Journey Up through active participation in worship, weekly chapels, and prayer gatherings. The Journey Together involves weekly discipleship groups (LIFE Groups) as well as other leadership opportunities such as ministry teams. Our Journey In assists students in identifying their calling and gifting through our apprenticeship program and the practice of corporate spiritual disciplines. Finally the Journey Out sees students encouraged to activate their faith in service-based learning opportunities. Spring Break offers an opportunity to service urban cities on our annual mission trip. Regent is a rich tapestry of more than forty (40) denominations and religious

backgrounds which allows for diverse expressions of worship and Christian growth, in a context where we are learning from one another. We also strongly encourage involvement in one of the many wonderful local churches to students for their continued spiritual growth, as we see Campus Ministries as a support ministry to students; but not a substitute for church.

Career Services

Career Services exists to provide students and alumni with excellent services, programs, and resources, that will enhance their opportunities to choose, prepare adequately for, and enter career fields in which they can serve as global Christian leaders. Because your calling and career are intrinsically connected, we want to help you manage your career path well. Career Services offers students an abundance of resources to facilitate meaningful career development. You will find that some career services are offered one-on-one while others are school-specific and available on the web or your mobile device 24/7 in the career portal “CAREERLink.” We encourage you to actively engage with the opportunities: access job postings, network with alumni, improve your interview skills, receive career assessments and consultations, polish your résumé, and more. To learn more, go online at www.regent.edu/cs.

Center for Student Happiness

The Center for Student Happiness (CSH) exists to increase the quality of the student’s experience at Regent University. The heart of CSH is to cultivate an environment that engenders student happiness through a biblical model.

- **24/7 Support through Regent C.A.R.E.S.** – Regent C.A.R.E.S. (Connection, Access, & Resources for Every Student) is a student-focused peer support and information hotline providing minor technical support, connection to information and resources, and encouragement and prayer during difficult times. Contact Regent C.A.R.E.S. anytime at 757.352.4444 or toll-free at 855.352.4780.
- **Success Coaching** – This free service helps students discover the best of what God has already placed within them. Common topics include managing stress or time, setting goals and priorities, and overcoming obstacles to your success. Students will leave within an action plan as well as greater sense of focus, support, encouragement, and accountability. Appointments are available in person, by phone, or via video chat. Sign up through the Student section within the MyRegent portal or stop by SC 135.
- **New Student Orientation** – All new students studying on campus should plan to attend the appropriate orientation (www.regent.edu/orientation). Each school determines participation based on program. Check with your Academic Advisor.

Learn more about these services at www.regent.edu/csh. In addition, we welcome ideas or feedback about student happiness at csh@regent.edu.

Council of Graduate Students

The Council of Graduate Students (COGS) was organized for the purpose of campus-wide service, communication, professional development, social life and student representation at faculty and administrative levels. Members are elected by their peers for a service term of one academic year. The Council of Graduate Students facilitates several events such as Town Hall meetings, seasonal school-wide picnics, and Love Your School Week. Students can learn more about COGS at www.regent.edu/cogs.

Counseling Services

Counseling Services exists for the purpose of providing Christian mental health resources for the betterment of undergraduate and graduate students. Regent University provides counseling to any student, undergraduate or graduate, as a free service of Student Services. All counseling is provided or supervised by licensed professionals. Services are confidential and adhere to all laws and ethics of the counseling profession.

Disability Services

The university may provide academic support services and accommodations to students with disabilities including those with learning, mobility, sensory, health, or psychological impairments. These services may include liaison with faculty members, promotion of self-advocacy skills, and securing appropriate classroom accommodations. Regent University will make appropriate efforts to provide a reasonable accommodation in compliance with the Americans with Disabilities Act. However, the university reserves the right to choose among reasonable accommodations as long as the chosen accommodation is effective. Students with disabilities are encouraged to contact the Disability Services Coordinator to discuss required documentation and appropriate accommodations. Documentation should be no more than three years old. Diagnosis by an appropriately trained professional is also required. For more information on Disability Services,

please visit www.regent.edu/disabilities.

Health Center

In partnership with Sentara Medical Group, Regent University operates a health center on campus in Constitution Hall (Regent Commons), room 103. Resident students pay a per-semester fee to cover the operating costs and have unlimited access to the health center at no additional charge. The health center is staffed by a Nurse Practitioner who can diagnose and treat minor illnesses and injuries. Contact information and hours are located online at www.regent.edu/healthcenter.

International Student Services

The Office of International Student Services (OISS) provides vital services that support the immigration and adjustment needs of Regent's international students here on F-1 visas. From enrollment to graduation, and even beyond, the staff of the OISS is committed to providing the best services possible to our international student community. OISS develops and maintains university policies/procedures to insure Regent's compliance with federal government immigration regulations and makes determinations about immigration status. www.regent.edu/oiss

Regent Bookstore

The Regent University Bookstore transitioned to an online-only store in the summer of 2015. The bookstore is conveniently embedded within Blackboard. The Blackboard Store offers competitive pricing, upfront guaranteed buyback offers, rental options, financial aid credit, 24/7 customer support, and free ground shipping at the start of each term. To access the store, students should log in to the [MyRegent portal](#) to access their Blackboard account. The Blackboard Store is prominently located on the main Blackboard entry screen, and is also in the Tools and RU Resources sections. For guests and prospective students who do not have access to Blackboard, they can create a Regent Blackboard Store account [here](#). For more information, please visit www.regent.edu/bookstore.

Regent Gift Shop

Regent's Gift Shop is located on the first floor of the Student Center. You can purchase Regent clothing, gifts, school supplies, and snacks there. Open M-F, 10am-4pm. The Gift Shop also sells clothes and gift items online at www.regent.edu/giftshop.

Regent Ordinary/Food Service

Regent Ordinary is the campus dining facility, located in the Student Center. In colonial days, an ordinary was an establishment that served good food at reasonable prices. Likewise, Regent Ordinary is a dining establishment providing healthy, affordable food that is anything but "ordinary."

Residence Life

On-campus Living

The Office of Residence Life is dedicated to providing housing to full-time (9 credits per term for graduate students, 12 credits per term for undergraduate students) on-campus students. Two residential areas are available to serve the housing needs of the Regent student community. Apartment-style housing assignments in Regent Village are reserved primarily for graduate students or older undergraduate students (25+ years of age) with families or married couples. Housing for single undergraduate students between the ages of 17 and 24 is available in Regent Commons. Additionally, some upperclassmen undergraduate students reside in Regent Village.

Housing assignments are made based on a student's original date of application for housing. Only housing applications from admitted students will be processed. Students are highly encouraged to apply as soon as possible to better their chances of obtaining an on-campus housing assignment. The highest demand for housing occurs at the beginning of the academic year (August). Students seeking housing at the beginning of the academic year should apply for housing as soon as they are admitted to the University. New and transfer undergraduate students must complete the combined online enrollment agreement and housing application to be considered for campus housing. Graduate students and current/returning undergraduate students must complete and submit the online housing application found here: <https://www.regent.edu/campus/housing/app/step1.cfm>.

Regent Village has two- and three-bedroom apartment-style housing assignments. The kitchens include a refrigerator, range, garbage disposal, and dishwasher (in Phase II there are electric washer/dryer hook-ups). Regent Village amenities include a community room, cost-inclusive laundry facilities, a grilling area, playground, sand volleyball court, and a basketball court on the premises. Activities for students and their family members are planned by both members of the

residential community and Residence Life staff. Parents are typically involved in coordinating youth sports seasons which are open to children of the Regent University community.

- Some housing assignments in Regent Village are furnished and available for roommate configuration (two graduate or older undergraduate residents of the same sex sharing a two-bedroom apartment). There are also furnished shared two-bedroom apartments for traditional-aged undergraduate students, primarily upperclassmen. All other Regent Village assignments are unfurnished and available primarily for married and family graduate student housing.
- Utilities included in student housing fees are water, sewer, garbage, high speed internet and digital cable.
- Electricity and telephone service are the responsibility of the resident.
- Pets are not allowed, except fresh water fish in five gallon or smaller tanks.
- Families with children must live downstairs.
- Virginia Law prohibits more than two persons per bedroom.
- Children of different genders cannot share a bedroom.

Off-Campus Housing

The Residence Life website provides information on a number of apartment complexes that are close to the University. For more information on off-campus housing, please visit the following website: www.regent.edu/campus/housing/off-campus.cfm.

For more information on Residence Life, visit the website at www.regent.edu/housing. For additional information, contact the Residence Life office by emailing studenthousing@regent.edu or by telephone at 757.352.4890.

Student Activities and Leadership

The purpose of the Office of Student Activities and Leadership (OSAL) is to enrich the development of Regent University students outside of the classroom through the encouragement and engagement of social, cultural, recreational, and leadership development opportunities. Students can choose from over 55 student organizations to join, or can stay active by playing on an intramural sports team. The Student Activities Board (SAB) plans events on and off-campus to keep students involved and connected in the Regent community

University Shuttle Service

Regent University maintains a shuttle service, which runs between the Regent Village and other campus buildings. An operating schedule is available on the Shuttle Service page of the Student Services website <http://www.regent.edu/shuttle> and is also posted at campus shuttle stops.

THE UNIVERSITY WRITING CENTER

The University Writing Center offers free, one-on-one assistance to Regent students working on university writing assignments. The goal of the Writing Center is to help students become better self-editors. Therefore, Writing Center staff and coaches are trained to offer individualized guidance in applying principles of effective writing rather than merely focusing on “fixing” a paper. Coaches help writers evaluate the sources of problems through a collaborative coaching method that includes reading segments of the work together, eliciting the writer’s ideas, and suggesting solutions for the current work and for future assignments.

Coaching Sessions

Individual Coaching Sessions offer guidance for each stage of the writing process, including

- Establishing a clear thesis statement
- Organizing, drafting, and revising papers
- Creating effective and varied sentence structures
- Evaluating the logical flow of ideas

- Developing argumentative support
- Helping students evaluate the appropriateness of content and sources
- Formatting papers according to the appropriate style (APA, MLA, Turabian, etc.)
- Avoiding plagiarism

Each forty-five minute coaching session is available in-person, over the phone, or through Blackboard Collaborate benefiting both local and distance education students. Most sessions are by appointment, but some drop-in slots are available. Appointments can be scheduled via the Writing Center's online scheduler, which is located at www.regent.edu/writing.

Workshops

Writing Workshops are also provided throughout the calendar year and are available for both local and distance students. Scheduled workshops are listed on the Writing Center website and the University Events Calendar. Workshops are offered free of charge, but writers must register in advance to ensure a space. UWC Workshops cover a wide range of writing topics, including *The Most Common Errors in Writing*, *Style Guide Formatting*, *Clear & Coherent Writing*, *How to Write a Research Paper*, and *Avoiding Plagiarism*.

Online Resources Page

The Online Resources Page contains tutorial videos, sample papers, formatting checklists, and other tools for MLA, APA, Turabian, and APSA. The resources page also contains handouts designed to help with grammar and punctuation, sentence structure, and avoiding plagiarism.

Tutoring Writing

ENGL 501

The Department of Language and Literature and the University Writing Center also offer an academic course on effectively tutoring writing. ENGL 501 / ENGL 301 provides an introduction to the theory and practice of tutoring in a writing center context. Prerequisite: ENGL 102 or graduate standing.

Cross-listed with ENGL 301.

INFORMATION TECHNOLOGY

The mission of the Information Technology (IT) department is to provide the technology infrastructure and tools which increase the productivity of faculty, staff and students. The Information Technology department provides leadership, technical expertise, and support.

MyRegent

MyRegent is the single-sign-on portal into many of the systems and services available at Regent University. IT recommends using the MyRegent Portal for integrated access to all of the online Regent resources. After logging in to the MyRegent Portal, students can access Blackboard, Email, and Genisys without having to provide a username and password again. The MyRegent Portal is accessible via my.regent.edu.

Upon acceptance to Regent, students will receive an email with instructions on how to initialize their MyRegent account. For more information on MyRegent, please refer to www.regent.edu/myregentid.

Computer Requirements

Many of the degree programs and courses are delivered entirely or in part through the Blackboard Learn and Collaboration system. Computer literacy is required of all students. It is imperative that all students have access to a computer system that meets the minimum requirements outlined at <http://www.regent.edu/it/standards.html>.

Students should refer to the Regent University Information Technology web site at www.regent.edu/it for the most current information regarding computer requirements and support, frequently asked questions (FAQs), and tips. It is the students' responsibility to keep up with changes in software.

Community colleges, public libraries, or computer training centers can provide valuable courses on basic Internet and

personal computer use or other topics. Free basic computer skill learning resources are available online at www.gcflernfree.org/computers. Regent University does not teach or train students in basic computer use outside of specific undergraduate courses.

E-Mail Account

Students must have an Internet Service Provider (ISP) and a working e-mail address to register for classes. Upon successful enrollment, students will receive a Regent University email account. All official university correspondence will be sent to this email account. It is the students' responsibility to access this account. For more information about your Regent email account, please see the Regent Apps (Email) section of the Information Technology web site at www.regent.edu/it.

PSYCHOLOGICAL SERVICES CENTER

The Psychological Services Center (PSC) at Regent University is open to all students and their immediate families, in addition to those from the Regent and Hampton Roads community. The PSC provides consultation, workshops/trainings, individual, family, couple, and group counseling, as well as psychological and intelligence testing. Doctoral students in clinical psychology, under the supervision of licensed psychologists, are the primary service providers. All information is kept in strict confidence in compliance with the ethical standards set by the American Psychological Association. The PSC provides the highest professional quality of therapy and diagnostics utilizing a Christian worldview. There is no counseling fee for students and their immediate families; testing fees are moderately priced. Employees of Regent, CBN and others from the general community are invited to schedule appointments and reduced fees are available for those with financial need. In addition, referrals from pastors and local community partners can offset service costs. Call 352.4488 for more information.

COMMENCEMENT

Regent University holds an annual commencement at the end of the spring semester. Students must obtain approval to participate. Students approved to graduate in the fall, spring, or summer semesters are strongly encouraged to participate in commencement for the conferring of the degree. All graduates are asked to RSVP as per the instructions provided by the Registrar's Office in early spring.

All students must have completed all requirements toward graduation prior to participating in commencement. However, due to the uniqueness of some programs and the fact that there is only one commencement yearly, Regent provides the opportunity for students who have not completed all requirements to participate in commencement, if they meet the following criteria:

1. The student has no more than two courses remaining for graduation and these courses must be completed in the summer. The coursework may include an internship or practicum experience, which can also be completed during the summer.
2. Theses, dissertations and portfolios must have been successfully defended or approved before the spring cut-off date (varies by school) and all that remain are final edits.

Students requesting permission to participate in the commencement ceremony who have not completed all graduation requirements but who are eligible to walk under the above criteria must:

1. Receive certification from the dean of the school from which they are graduating that they are eligible to participate in commencement. The school must send certification to the Registrar's Office by March 1.
2. Receive final written approval from the Registrar's Office that they are eligible to participate in commencement.
3. Register and pay for coursework during summer registration.

Participating in commencement exercises prior to completing all graduation requirements is a privilege and does not guarantee the student's right to graduate unless all requirements have been met.

GRADUATE ACADEMIC INFORMATION AND POLICIES

FREEDOM OF EXPRESSION

Regent University holds that the right of expression is as necessary as the right of inquiry and that both must be preserved as essential to the pursuit and dissemination of knowledge and truth. Consequently, university members, individually and collectively, may express their views through normal student, faculty and administrative channels of communication.

Students, particularly those producing theses, dissertations, portfolios and other creative works, may pursue truth within their disciplines by research, discussion and other forms of inquiry. Exercising academic freedom requires a responsibility to truth and scholarly integrity, as well as complete honesty and loyalty to the Mission Statement, Standard of Personal Conduct and the Student Honor Code (see the *Student Handbook*).

STUDENT RECORDS CONFIDENTIALITY

Regent University protects the confidentiality of the education records of current and former students. This policy is in compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. FERPA rights apply once a student is considered “in attendance” by the institution. Regent defines “in attendance” as being registered for at least one class at 12:01 a.m. on the first day of the student’s first term, as determined by the official university academic calendar. At its discretion, the institution may provide directory information to include: student name, address, email address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph and participation in officially recognized activities. Students may withhold directory information by notifying the Registrar’s Office, in writing, within two weeks of the posting of the annual fall notice that advises students of their rights. The full text of this policy, including procedures for inspecting and amending one’s education records, is printed in the Student Handbook.

ACCESS TO STUDENT EDUCATIONAL RECORDS BY OTHERS

1. Directory Information

At the end of the fall add/drop period the Registrar’s Office will send to students a notice of the students’ right not to have student directory information released. Students may, at any time, request that directory information not be released by writing to the Registrar’s Office. Information already published will not be affected by this request. Without such written request, the university may release directory information to outside parties if considered appropriate. Students may request in writing that future releases of directory information not be made.

Directory information includes: name, address, email address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph and participation in officially recognized activities. Only the Registrar’s Office should disseminate directory information. All inquiries for such information should be forwarded to the Registrar’s Office.

Student Services may distribute in-school directories to students if this policy is followed. If additional information is added, the Registrar’s Office must receive signed waivers from students whose names and other information will appear in the directory. Names or lists must not be released to outside parties.

2. Non-directory Information

The university will maintain the confidentiality of student educational records and such non-directory information may be released only with the student’s written request. However, information may be released to the following:

- Officials of other institutions in which students seek to enroll;
- Persons or organizations providing students financial aid;
- Accrediting agencies carrying out their accreditation function;
- Persons in compliance with a judicial order;

- Persons in an emergency in order to protect the health or safety of students or other persons;
- As otherwise legally required as the university deems appropriate.
- School officials with “legitimate educational interests”

Regent University identifies the following as “school officials,” depending on their duties and only within the context of those duties: University faculty and staff, agents of the University, students employed by the University or serving on official University committees, and representatives of agencies under contract with the University, including but not limited to the CBN/Regent University Police Department.

Health and counseling records may be provided to physicians and licensed psychologists of the students choosing.

Students may have access to appropriate information as designated by the dean or department head. If a breach of confidentiality occurs, appropriate formal disciplinary action will be taken up to and including dismissal from employment.

3. Parental Access

The definition of “student” under FERPA refers to a person who either has reached the age of 18 or who is attending an institution of post-secondary education. At the post-secondary level parents have no inherent rights to inspect student records; this right is limited solely to the student. It is the University’s policy to release academic or financial information to parents and/or guardians of students (whether or not the student has reached the age of 18) only upon the student’s written authorization. The student may complete a “Student Information Release” (FERPA waiver), available in the Registrar’s Office or online at <http://www.regent.edu/admin/registrar/studentforms.cfm>, to grant this authorization.

VIRGINIA TIDEWATER CONSORTIUM PROGRAM

Regent University is a member of the Virginia Tidewater Consortium (VTC) Exchange Program. This membership enables Regent students to enrich their programs by taking courses at another VTC institution.

Only on-campus, credit courses offered by participating VTC institutions are allowed in the exchange program. Therefore, the program does not accommodate online distance education students. Contact the Registrar’s Office for details.

GRADUATE ACADEMIC PROGRAMS (Degrees, etc.)

Regent University offers graduate education through a variety of modes as well as bachelor’s degrees through the undergraduate programs in the College of Arts & Sciences (see College of Arts & Sciences Catalog). The Regent University graduate academic organization consists of: the School of Business and Leadership, the College of Arts & Sciences, the School of Communication and the Arts, the School of Divinity, the School of Education, the Robertson School of Government, the School of Law, and the School of Psychology and Counseling.

Regent embraces the Judeo-Christian tradition and enjoys a highly ecumenical environment. With faith as the foundation of its mission, Regent prepares leaders to make a positive impact upon American society and the world. In addition to the home campus in Virginia Beach, Virginia, the Regent School of Education offers programs in the metro Washington D.C. area as well as online via our Worldwide Campus.

Graduate Degree Programs Limits

Degree programs offered by Regent University must be approved by the university’s Board of Trustees. Students must complete all course requirements within two years for the Master of Theology program, five years for any certificate programs, other master’s degree programs (seven years for M.Div.), and the full-time juris doctor program; six years for the part-time juris doctor program; and seven years for all doctoral degrees from the date of the student’s initial enrollment.

Each graduate school is administered by a dean who is responsible for the school’s overall program. Following are the schools and authorized degree programs:

Business and Leadership (SBL)

- Master of Business Administration (MBA)

- Master of Arts (M.A.) in Business & Design Management (MABD)
- Master of Arts (M.A.) in Church Leadership
- Master of Arts (M.A.) in Not-for-Profit Leadership
- Master of Arts (M.A.) in Organizational Leadership
- Certificate of Graduate Studies in Franchising (CGS)
- Certificate of Graduate Studies in Leadership (CGS)
- Certificate of Advanced Graduate Studies (CAGS)
- Doctor of Philosophy (Ph.D.) in Organizational Leadership
- Doctor of Strategic Leadership (DSL)
- Certificate of Post-Doctoral Studies in Organizational Leadership (CPD)

College of Arts & Sciences (CAS)

- Master of Science (M.S.) in Cosmogony
- Master of Science (M.S.) in Cybersecurity
- Certificate of Graduate Studies in Cosmogony (CCS)

Communication and the Arts (SCA)

- Master of Arts (M.A.)
- Master of Arts (M.A.) in Journalism
- Master of Arts (M.A.) in Theatre
- Master of Fine Arts (MFA)
- Master of Fine Arts (MFA) in Acting
- Doctor of Philosophy (Ph.D.) in Communication

Divinity (SOD)

- Master of Arts (M.A.) in Practical Theology
- Master of Theological Studies (MTS)
- Master of Divinity (MDiv)
- Master of Theology (ThM)
- Doctor of Ministry (D.Min.)
- Doctor of Philosophy (Ph.D.), Theological Studies

Education (SOE)

- Master of Education (M.Ed.)
- Certificate of Advanced Graduate Studies (CAGS)
- Career Switcher Certificate (CGS)
- Educational Specialist Degree (Ed.S.)
- Teaching English to Speakers of Other Languages (TESOL) Certificate
- Doctor of Education (Ed.D.)
- Doctor of Philosophy (Ph.D.) in Education
- Certificate in Advancing Leadership (CAL)
- Certificate in Autism (CGS)

Government (RSG)

- Master of Arts (M.A.) in Government
- Master of Public Administration (MPA)
- Graduate Certificate Program

Law (SOL)

- Juris Doctor (J.D.)
- Master of Laws (LL.M.) in American Legal Studies
- Master of Laws (LL.M.) in Human Rights
- Master of Arts in Law

Psychology and Counseling (SPC)

- Doctor of Psychology in Clinical Psychology (On Campus) Doctor of Philosophy in Counselor Education & Supervision (Online)
- Doctor of Philosophy in Counseling & Psychological Studies (Online)
- Master of Science in Psychology (Online)
- Master of Arts in Clinical Mental Health Counseling (On-campus or Online)
- Master of Arts in Human Services Counseling (Online)
- Master of Arts in Marriage, Couple & Family Counseling (On-campus or Online)
- Master of Arts in Pastoral Counseling (Online)
- Master of Arts in School Counseling (On-campus or Online)

Joint Degrees

To meet the growing demand for professionals who are trained in more than one field, Regent University offers joint degrees between its various graduate schools and programs. Thus, students may earn two graduate degrees with fewer total credit requirements than if the two degrees were earned separately. Joint degrees apply to master's degrees and the J.D. degree only. For reasons such as content duplication, the total credit hour requirement may be reduced up to 20% from the requirements of the two degrees if earned separately. The requirements and percentage of credit hour reduction is determined by the individual schools and programs.

A joint degree will normally require a minimum of two-and-one-half to three years of full-time study (four years for the J.D. or MDiv.). Each joint degrees program requires completion of core courses, some electives and method courses, and in most cases an internship, thesis or their equivalent. The internship or thesis focuses on a topic involving interaction between both fields represented by the degrees being sought. Specific details about joint degrees programs may be obtained by contacting the Admissions Office or the dean's office of the individual schools.

Guidelines

1. Ordinarily, students should seek admission to a joint degrees program before the completion of one-third of any single degree program. This should coincide with the completion of the student's Approved Degree Plan (ADP).
2. Upon admission to two schools, the student will be assigned two advisors, one from each school. The student must obtain approval from both advisors in the registration process each term.
3. In consultation with both advisors, the student is responsible for planning and executing the joint degrees, taking into account sequencing of core courses, major courses and electives in both schools.
4. The student is responsible for fulfilling the specific requirements of individual schools and colleges, such as prerequisites and residency.

5. Students must complete both degree programs before being cleared for graduation in either program.
6. Because they receive two separate degrees, joint degrees students pay two graduation fees when applying for graduation.

GRADUATE FULL-TIME CLASSIFICATION

To be classified as full time for enrollment certification purposes, a graduate student must satisfy one of the following conditions:

1. Be enrolled for a minimum of nine (9) credit hours (master's level), ten (10) credit hours (law), and six (6) credit hours (doctoral) per regular academic semester or six (6) credit hours during the summer session(s). This definition will be used for enrollment reporting purposes.
2. Be enrolled for at least one credit hour per semester in one of the following culminating academic experiences: dissertation, thesis, portfolio, internship, comprehensive or qualifying exams or any other equivalent. The student's advisor may be required to certify in writing to the Registrar's Office that the student is working full time on the culminating experience. With the exception of doctoral students working on dissertations, a student shall not be classified as full time for more than two semesters while working exclusively on a culminating experience except as approved by the dean of the school or college.
3. Be enrolled for at least one (1) credit hour in the last semester of enrollment necessary for completing the degree. It is the student's responsibility to notify the Registrar's Office in writing, via Academic Petition, at the beginning of the applicable term.
4. If program design does not allow for at least nine (9) credit hours per session, full time classification will be considered the maximum number of credit hours offered per session in that program. It is the student's responsibility to notify the Registrar's Office in writing, via Academic Petition, at the beginning of each applicable term.

ACADEMIC ADVISING

Schools normally assign an advisor to students to help them plan degree programs and to give career and personal guidance during their graduate program. It is the student's responsibility to meet the requirements of the degree as defined in the student's Approved Degree Plan (ADP). Advisors may assist students during the registration process and throughout the year. More information is available from the students' school and in the *Student Handbook*.

REPEATING A COURSE

Students who receive a grade of F, FX, or NP in a required course must repeat and pass that course in order to graduate. Students may elect to repeat any course in order to obtain a higher grade. When a course is repeated, the last grade points and credit hours earned replace the previous grade points and credit hours in computing the GPA. However, all grade entries on the transcript remain a part of the students' permanent academic record. If the course being repeated is offered under a different course number than when students first took the course, students must indicate that it is a repeat course at the time of registration.

- **Divinity Courses**

Students who receive a grade of C- or below in a course of the *academic* Master of Arts degree must repeat and pass that course in order to graduate.

- **Law School Courses (JD/LL.M. only)**

Students who receive a grade of F in a required course must repeat and pass the course in order to graduate. Students who receive a D- grade in a non-sequential required course must repeat the course prior to graduation. Students who receive a D- grade in a required course or courses in a sequence of courses (e.g., Contracts I, II and III) must repeat the course(s) except upon the granting of a petition showing good cause that the course or courses need not be repeated. Students may elect to repeat a course in which any other grade is received.

When students repeat a course, the grade received on the repeat course will be averaged with the original grade received according to the following procedure:

1. The total grade points for all earned letter grades in the repeated courses will be divided by the total credit hours taken in calculating the average grade points to be assigned per credit hour. The average grade points per credit hour shall not exceed 2.00 (C grade).
2. The average grade points (not to exceed 2.00) will be assigned only to the final repeat credit hours. The credit hours and grade points earned for each prior taking of a course shall be deleted from the transcript. However, all grade entries on the transcript remain a permanent part of the student's academic record.

Only the credit hours successfully completed for the repeat course may be used in calculating cumulative credit hours earned toward satisfying degree requirements. If the course being repeated is offered under a different course number than when students first took the course, students must indicate that it is a repeat course at the time of registration.

GRADING SYSTEMS

To remain in good academic standing in all graduate degree programs, a student must maintain a 3.00 GPA (3.25 for ThM, 2.50 for MDiv, M.A. in Practical Theology, M.S. in Cosmogony and M.S. in Cybersecurity ; 2.00 for the J.D. and LL.M. programs). The following grading scale is the authorized grading scale for the university. [See the College of Arts & Sciences Catalog for the undergraduate grading scale].

A+	4.00
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
D-	0.67
F	0.00

Notes:

1. This grading scale does not preclude specific courses from being graded on a pass/no pass model.
2. Individual schools may choose to offer a subset of the grades listed above.

AU	Audit (No Credit)	(Used for audit courses only)
FX	Failure to make up or finish an Incomplete	

I	Incomplete	
IP	In Progress	
NP	No Pass	(Used for pass/no pass courses only)
P	Pass	(Used for pass/no pass courses only)
W	Withdrew	
WF	Withdrew Failing	

The instructor determines all grades. The basis for evaluation and grade calculation shall be published in the course syllabus available at the first formal class meeting. Formative grade assessment may utilize systems different than the required system for final grading, as long as the system allows for equitable conversion.

The GPA is obtained by dividing the total number of quality points earned by the total number of credit hours attempted exclusive of P/NP, Audit and courses in which an Incomplete or In Progress is assigned. Courses with grades of F, FX, W, WF, NP or Audit may not be used to meet minimum credit hour requirements. Professional development courses such as an internship or practicum will be graded on a P/NP basis.

Incomplete Grades

Students desiring an incomplete must submit their request to the course instructor (or Academic dean) **prior to the end of the session or term in which the course was taken** (ordinarily two weeks before the last day of class). An incomplete grade will be given in a regular course only for legitimate deficiencies due to illness, emergencies, or extraordinary reasons acceptable to the professor and/or academic dean including equipment breakdown or shortages, and not because of neglect on the student's part. To qualify for an Incomplete, the student must have completed over 75% of the course material and have a documented reason for requesting the incomplete. (75% means all assignments/exams up to and including the mid-term point, tests, and or assignments.) Students on academic probation are not eligible for an incomplete in any course. Incomplete grades require the final approval of the school dean or his or her authorized representative.

Once the grade of "I" has been approved, the student must complete all outstanding requirements for the course within **six** weeks of the last day of the course (for eight-week classes) or by the end of the following academic term (for full-term classes). The instructor will submit the new grade to the Registrar's Office no later than two weeks after the incomplete deadline. If all work is not submitted by the **specified deadline**, a grade of FX (NP for pass/no pass courses) will be posted automatically unless a Request for Extension of Incomplete has been approved and submitted to the Registrar's Office. The FX shall be counted as an F in the computation of the GPA. Any student desiring reinstatement to the course after an FX or NP has been posted must register for the course in a subsequent term and pay the full current tuition for the course. **No more than one Request for Extension of Incomplete may be granted for any course.**

In-Progress Grades

In-Progress (IP) grades shall be given when work is not completed by the end of the term for the following academic work: independent studies, internships, practicums, portfolios, theses dissertations, and clinical courses. An IP may be continued for a maximum of two terms when the student requests an extension and the approved form is submitted to the Registrar's Office prior to the end of the first term. If the requirements for removal of the IP grade are not completed by the end of these two terms, a grade of NP will be posted automatically. Exceptions may be made for dissertations, which may continue without penalty. Any student desiring reinstatement to the course after an NP has been posted must register for the course in a subsequent term and pay the full current tuition for the course.

APPEALS AND GRIEVANCES

An appeal is defined as a request to a higher authority to change a decision that was made, typically a decision that the student believes adversely affects her/his academic career. A grievance is defined as a complaint or concern of a student regarding a faculty or staff member or a policy of the University that the student believes adversely affects her/his academic career or personal well-being. For information on how to file an appeal or grievance, please see the “Student Appeals and Grievances” section in the Student Handbook.

ACADEMIC INTEGRITY

The Regent University community of teachers and scholars affirms that the biblical principles of truth and honesty are absolutely essential. Indeed, the Bible contains numerous admonitions against false witness, dishonesty and cheating. Upholding the standard of academic integrity with its reliance on honesty is a responsibility of both faculty and students. Conduct that violates academic integrity includes:

1. **Dishonesty.** This is lack of integrity exhibited through lying, cheating, defrauding or deceiving. Examples of dishonesty include: copying from the examination paper of another, allowing one’s own examination paper to be copied, reading without the instructor’s consent a copy of the examination prior to the date it is given, giving or receiving unauthorized aid on a take-home examination; use of unauthorized aids; submitting the same work product in more than one course without the express permission of the instructor(s); or disclosing or accepting information if one takes a test at a different time than other students in the same course.
2. **Plagiarism.** This is stealing or using the ideas or writings of another as one’s own. It involves failure to acknowledge material copied from others or failure to acknowledge one’s indebtedness to another for the gist of important thoughts in a formal statement, written or oral. Plagiarism has been on the rise in recent years because of the emergence and expansion of the Internet, and serves as a strong threat to academic integrity. Instructors use resources to assist them in accurately detecting plagiarism and preventing plagiarism before it occurs, as well as safeguarding the academic integrity of the work of students who have properly researched and properly cited their sources. Charges of violating academic integrity shall be handled according to established student discipline procedures published in the Catalog and the Student Handbook.

ACADEMIC PROBATION AND DISMISSAL

It is expected that students will maintain a 3.00 (3.25 for ThM, 2.50 for MDiv, M.A. in Practical Theology, M.S. in Cosmogony and M.S. in Cybersecurity; 2.00 for J.D. and LL.M.) cumulative GPA for courses taken at Regent University. However, individual programs may have more stringent requirements. A student’s academic status will be determined at the end of each term by the Registrar’s Office. Students on academic probation are not eligible for an incomplete in any course.

1. Academic Probation

When a student’s cumulative GPA falls below 3.00 (3.25 for ThM, 2.50 for MDiv, M.A. in Practical Theology, M.S. in Cosmogony and M.S. in Cybersecurity; 2.00 for J.D. and LL.M.), the student shall be placed on academic probation for the next term of enrollment of substandard GPA. Students on academic probation should consult with their advisors to improve their academic performance. Academic probation status is recorded in the student’s academic record. When a student is placed on probation, the dean shall notify the student in writing of any specific instructions for improving academic performance. A student will be removed from academic probation when the cumulative GPA is 3.00 (3.25 for ThM, 2.50 for MDiv, M.A. in Practical Theology, M.S. in Cosmogony and M.S. in Cybersecurity; 2.00 for J.D. and LL.M.) or above.

2. Academic Dismissal

A student on probation whose cumulative GPA is below 3.00 (3.25 for ThM, 2.50 for MDiv, M.A. in Practical Theology, M.S. in Cosmogony and M.S. in Cybersecurity; 2.00 for J.D. and LL.M.) at the end of the probationary term shall be subject to dismissal. (In other words, the student has one term to bring the low GPA back to the acceptable 3.00 [3.25 for ThM, 2.50 for MDiv, M.A. in Practical Theology, M.S. in Cosmogony and M.S. in Cybersecurity; 2.00 for J.D. and LL.M.]). In the School of Law, the dismissal action is taken at the end of the spring term. The dean will notify the student, in writing, of the dismissal.

PETITIONING FOR REINSTATEMENT

Students who have been dismissed for academic reasons may petition for reinstatement through the school, after one academic year, unless other criteria for possible reinstatement were contained in the dismissal letter. All petitions for reinstatement will be considered on an individual basis. Reinstatement will be granted only on a petition demonstrating that there is a strong likelihood that the student possesses motivation and capacity to complete the academic requirements successfully. The dean shall notify the student in writing of the school's decision regarding reinstatement. Reinstatement is at the discretion of the school and cannot be appealed. Students who are reinstated shall be required to comply with any conditions set forth in the letter of reinstatement. The school sends a copy of the reinstatement form and all letters regarding academic status to the Registrar's Office to be placed in the student's university file.

After academic dismissal from one school, admission of a student to a different school must be approved by the Executive Vice President for Academic Affairs in consultation with the deans of each school.

GRADUATION REQUIREMENTS

Regent graduates those students who are in good standing upon the satisfactory completion of all degree requirements. To graduate is to be granted an academic degree or diploma. Students are subject to the degree requirements listed in the Catalog for the year during which the student first enrolls. A student may petition the dean to use a subsequent Catalog. If the student is not enrolled for more than one year and is later readmitted then the student must meet the degree requirements current at the time of readmission. See "Graduation Procedures" in the previous section, "Student Life, Campus Services and Academic Support."

GRADUATION PROCEDURE

1. All students desiring to graduate must file a Graduation Application with the Registrar's Office by September 15 for fall graduation and by December 1 for graduation in either spring or summer of the following year. A \$25 late fee will be applied to all graduation applications submitted after the deadlines.
2. The Registrar's Office obtains approval of the Graduation Application from each student's dean and advisor.
3. Students who are not approved to graduate in the semester stated on the Graduation Application must file another Application in a subsequent semester. It is not necessary to pay the graduation fee again.
4. The Registrar's Office posts degrees on transcripts and issues diplomas only when the registrar and the dean have certified that all graduation requirements have been met. These requirements include the following:
 - a. Satisfactory completion of all degree requirements as specified in the Catalog for the student's degree program. Students who have been approved to pursue a degree according to an Approved Degree Plan (ADP) must satisfy all course and credit requirements of that plan prior to graduating.
 - b. Completion of all requirements within two years for the Master of Theology program, five years for any certificate, other master's degree programs (seven years for the MDiv), and the full-time juris doctor program; six years for the part-time juris doctor program; and seven years for all doctoral degrees from the date of the student's initial enrollment. Extensions may be granted for good cause and with approval of the student's advisor and the dean of the school in which the student is enrolled.
 - c. A minimum cumulative GPA of 3.00 (3.25 for ThM; 2.50 for MDiv, and M.A. in Practical Theology; 2.00 for J.D. and LL.M students)
 - d. Payment of graduation fee (joint degrees applicants pay two fees) and all university financial obligations, including housing.
5. Students on academic or disciplinary probation will not be allowed to graduate.

UNIVERSITY REQUIREMENTS

Students enrolling in a degree or certificate program at Regent University must demonstrate that they possess basic competencies in writing and traditional and electronic research methods.

UNIV 500: REGENT FOUNDATIONS FOR GRADUATE SUCCESS

Regent Foundations for Graduate Success (UNIV 500) is an online two credit course designed to help acclimate students to Regent University and online learning. It will provide the knowledge, resources, and essential skills needed for success at the graduate level. Topics include academic writing, online learning, information literacy, and advising and support services. It may be required for some students as a condition of admission, and may substitute for UNIV LIB Information Research and Resources and/or ENGL 500 Graduate Academic Writing Seminar.

UNIV 500 is a university requirement for all graduate students *with the following exceptions*:

- Students enrolled in doctoral and post-master's degree programs (except SOE)
- Students enrolled in master's or post-master's level certificate programs
- Students enrolled in master's level licensure programs in the School of Psychology & Counseling
- Students enrolled in the MFA in Acting program
- Students who score a 6 on the criterion admissions writing sample requirement (with the exception of M.A. in Law students – see below)
- Students returning to Regent who have previously completed UNIV 500 within the past three (3) calendar years

All students not required to complete UNIV 500 must complete the University Library's Information Research and Resources course (UNIV LIB) as specified below.

The University Library offers a required noncredit information research and resources course (UNIV LIB) for graduate students (see below for several exceptions). Completion of UNIV LIB or UNIV 500 is a requirement for graduation. The Registrar's Office will include on each student's transcript the course name and a P for successful completion.

School of Divinity: Divinity students will be automatically enrolled in a Divinity-specific section to UNIV LIB that, in addition to the content in the regular course, covers competencies for conducting graduate level religion research.

School of Education: Post-master's and doctoral Education students will take UNIV LIB if they score a 6 on the criterion admissions writing sample. If students do not score a 6, they must enroll in UNIV 500 their first semester of post-master's coursework.

School of Law: UNIV LIB is not required for J.D. and LL.M. students as these students complete their information research requirements by taking Legal Analysis, Research & Writing I & II. All M.A. in Law students must complete UNIV 500 (requirement may not be exempted or waived).

Returning Students: Students returning to Regent who have previously completed UNIV LIB must repeat the course if more than three (3) calendar years have elapsed since the course was completed. Students who have completed the undergraduate section of the course or who have completed GENE 101 must also complete the graduate section of the course.

CENTERS AND INSTITUTES

Regent University has developed a number of specialized centers to assist in the enhancement and promotion of the institutional mission. These include University-wide centers and individual graduate school centers (see list below for currently active Centers).

University Sponsored Center

- The Center for Teaching and Learning provides media services, resources for faculty development, specialized training, course design assistance, and various certifications in online delivery methods.

Specialized Graduate School Centers

Other specialized centers operate within the individual graduate schools. The purpose of each center varies. The centers provide training, specialized research, seminars, public awareness, certificate programs, and dissemination of information on various topics and issues of contemporary concern. Please contact each individual school for specific information.

Business & Leadership

- The Center for Entrepreneurship

Communication & the Arts

- Center for the Performing Arts
- Center for the Study of Faith and Culture

Divinity

- Center for Global Missions
- Center for Renewal Studies
- Center for Worship
- Youth and Urban Renewal Center

Education

- Institute for the Study of Disabilities and Bioethics (ISDB)
- Martinson Center for Math and Science

Law

- Center for Advocacy
- Center for Ethical Formation and Legal Education Reform
- Center for Global Justice, Human Rights, and the Rule of Law

Psychology and Counseling

- Center for Trauma Studies
- Institute for the Study of Sexual Identity (ISSI)
- Marriage, Ministry, Assessment, Training and Empowerment (MMATE)
- Psychological Services Center (PSC)

CORNERSTONE AND CAPSTONE REQUIREMENT

Consistent with the mission, values, and goals articulated by the Board of Trustees, each school of Regent University requires a cornerstone and capstone experience for each bachelor and master degree program. The essential content of the cornerstone experience is a focus on (1) biblical literacy, (2) an understanding of Christian historical perspectives, (3) articulation of a biblical and Christian worldview, and (4) the Regent ethos. The cornerstone expectation is generally completed within the first year of program requirements. The capstone consists of a culminating experience prior to graduation that demonstrates student growth and understanding of these foundational values since entrance into Regent University.

ADMISSION TO REGENT GRADUATE SCHOOLS

The following information is designed to provide a clear understanding of Regent's graduate programs. However, please refer to the specific school section for additional information and policies and procedures.

Regent University's admissions process obtains information about your personal and academic background in order to assess your potential for graduate study. Your attention to the process and Regent's prayerful and professional evaluation of your credentials and potential will result in a final decision that will work not only to your benefit, but also to that of your fellow students, Regent University and the kingdom of God. Submitting an application to the university assumes that you have carefully reviewed our programs and understand their requirements and options, and that you understand the Philosophy of Education and the Standard of Personal Conduct presented in the General Information section.

CONTACT INFORMATION

To apply for admission to Regent University, prospective students for all schools, except the School of Law, may contact Enrollment Support Services. Applications for admission may be completed online by visiting www.regent.edu and clicking the "Apply Now" link. School-specific questions and requests for paper applications should be directed to the individual schools; see their section for information.

ADMISSION CRITERIA

Regent University accepts all qualified individuals on a competitive basis who agree to be taught from the perspective articulated in our Philosophy of Education and who are willing to abide by the Standard of Personal Conduct outlined in the admission packet. The following are general admission criteria for the various programs at Regent University. Refer to the individual schools for additional criteria for their programs.

Master's or Professional Degree Programs

Generally, admission to a master's or professional degree program at Regent University requires a completed four-year bachelor's degree from a regionally accredited post-secondary institution or an institution accredited via approved, Council for Higher Education Accreditation (CHEA) listed accrediting bodies, such as ABA, ATS, CACREP, or TEAC. Applicants with a bachelor's degree from a non-accredited institution (i.e., no regional or other CHEA body accreditation) will be considered on an individual basis.

Post-Master's or Doctoral Program

Normally, applicants for a post-master's or doctoral program must have a master's degree in the same academic discipline as the discipline to which admission is sought or in a closely related field from a regionally accredited institution or an institution accredited via approved, Council for Higher Education Accreditation (CHEA) listed accrediting bodies, such as ABA, ATS, CACREP, or TEAC; the exception is the doctoral program in Clinical Psychology (Psy.D.) which admits students who have at least a bachelor's degree. Professional experience in the academic discipline is preferred, but not required. Applicants may be required to submit a writing sample reflecting research skills. See the individual schools for this and other requirements.

For those programs that require a master's degree for admission, applicants lacking a master's degree from a regionally or CHEA recognized institution will be considered on an individual basis and only for provisional admission via an evaluation of standardized test scores, completed professional courses, other achievements related to the Regent program of interest (e.g., a master's degree from a non-accredited institution), and/or additional material required by the program or school that lend insight into an applicant's ability to complete the Regent program.

Law School's Juris Doctor Program

The priority application deadline for the fall term for the School of Law is March 1. Every law school applicant must take the Law School Admission Test (LSAT) and submit a Law School Data Assembly Service (LSDAS) report.

The School of Law may admit a limited number of second-year transfer students. No third-year transfer students will be accepted; however, a third-year student may apply for visitor status. Transfer students must submit, along with the application for admission, a letter signed by the dean of the current law school certifying that the applicant is a student in good standing and eligible to return to that school. A maximum of 30 term credits or 45 quarter credits, with course grades of C (or equivalent) or better, may be accepted for transfer credit, subject to a determination of course similarity or otherwise acceptable course content. All transfer students are required to take Common Law and Constitutional Law at Regent University.

Joint Degrees Program

Joint degrees apply to master's degrees and the J.D. degree only. Applicants must apply for admission to both schools of a joint degrees program and meet the admissions criteria of each school. Applicants should choose one of the two schools to be the primary school, mark the application as joint degrees and apply to the primary school first. The primary school should copy and send all application documents to the secondary school. The exception would be a joint degree with the School of Law. Due to ABA regulations, the School of Law application should be used, even if law is the secondary school. Each school notifies applicants regarding acceptance into its degree program. Joint degrees applicants who are accepted in only one school may enroll in that school but not in a joint degrees program. Students already enrolled who are applying to a joint degrees program must comply with the admissions procedures set forth by the other Regent school in which they seek admission. The school notifies students of the status of their application after all requirements have been met.

Graduate Application Process

The following items are considered in the admissions process of degree-seeking status:

- Completed application form. www.regent.edu/apply
- Nonrefundable application fee
- Signed Community Life Form, which includes the Philosophy of Education, the Nondiscriminatory Policy and the Standard of Personal Conduct
- Personal goals statement, including long-range professional and scholarly interests

- Transcripts. Applicants to master's-level and Juris Doctor degree programs must submit an official transcript indicating successful completion of a bachelor's degree program from an accredited or approved unaccredited institution. Applicants to doctoral programs may be required to submit official transcripts indicating successful completion of both bachelor's and master's degrees. Graduate schools may require additional transcripts, if necessary. In order to receive credit for transfer courses, advanced standing and prerequisite courses, students must submit official transcripts from the school(s) at which the class(es) was/were taken. Transcripts cannot be returned to the applicant and cannot be forwarded to other universities. Photocopies or unofficial student copies of transcripts are not acceptable.

Applicants whose native language is not English may take either the Test of English as a Foreign Language (TOEFL®), PTE Academic® exam, or International English Language Testing System (IELTS®). The minimum TOEFL requirement is a score of 577 (paper), 233 (computer) or 90 (iBT). TOEFL scores are only valid for two years. Applicants who have previously taken the TOEFL® and scored less than 577 (paper), 233 (computer) or 90 (iBT) may and should retake the test to achieve the required score. The test should include the Test of Written English (TWE). The minimum PTE Academic® requirement is 61 (internet). The minimum IELTS® requirement is a band score of 7. The tests may be waived in the following circumstances:

- Nonnative speakers who hold degrees or diplomas from postsecondary institutions in English-speaking countries (e.g., the United States, Canada, England, Ireland, Australia, New Zealand);
- Nonnative speakers who have successfully completed at least a two-year postsecondary course of study in which English was the language of instruction;
- Transfer students from institutions in the United States or Canada whose postsecondary academic course work was favorably evaluated in relation to its demands and duration;
- Nonnative speakers who have taken the TOEFL®, PTE Academic® test, or IELTS® within the past two years and whose scores met Regent standards;
- Nonnative speakers who have successfully pursued postsecondary academic work at schools where English was the language of instruction in an English-speaking country for specified period, generally two years.

Please see www.toefl.org, <http://pearsonpte.com/Pages/Home.aspx>, or <http://www.ielts.org/default.aspx> for testing information and scheduling.

- Entrance exams. Not all Regent schools require entrance exams. If the prospective student's school of interest requires test scores, the prospective student must register for and take the test required by that school. An official copy of the score results should be sent to the school Admissions Office.
- Law School applicants should contact the Law School Admission Council (LSAC) for information regarding the Law School Admission Test (LSAT), to subscribe to the Law School Data Assembly Service (LSDAS) and/or to obtain LSAT prep materials, videos and publications. The contact information is Law School Admission Council, Box 2000, 661 Penn Street, Newtown, PA 18940-0998, (215) 968-1001 (phone), (215) 968-1119 (fax), Lsacinfo@LSAC.org (e-mail), or www.LSAC.org. The code is 5822.
- Writing samples. Some Regent schools require a writing sample. These samples include: an essay written for college credit, a published article, a letter to the editor or a typed, 500-word essay on some topic of public importance.
- Additional material as required by schools.
- All items submitted become the property of Regent University and cannot be returned. Students should retain a photocopy of their application materials for their records.

Admission to Graduate Nondegree Status

Graduate applicants desiring to enroll in courses who do not intend to obtain a degree may be accepted on nondegree status. Nondegree students are not eligible to receive financial aid and may enroll in courses on a space-available basis only. Nondegree students are limited to a maximum of 18 credits and must maintain a 3.0 minimum GPA. Academic

probation and dismissal policies apply to nondegree students. Normally the School of Law does not admit students on a nondegree basis. Admission requirements include:

- A bachelor's degree from an accredited post-secondary institution.
- A minimum cumulative undergraduate GPA of 2.50 on a 4.00 scale.
- Maturity in spiritual and/or character qualities.
- Personal goals consistent with the mission and goals of Regent University.

To be considered for admission as a nondegree student at Regent University the following items must be submitted:

- Regent University Application Form;
- Nonrefundable application fee;
- A transcript confirming the applicant's attainment of at least a bachelor's degree and the required grade point average from a regionally accredited institution. The official transcript is preferred but a copy will be accepted for nondegree status. International applicants are required to provide official evaluations of college credit from evaluation agencies recognized by Regent University, which will require official transcripts.
- Signed Community Life Form, which includes the Nondiscriminatory Policy and Standard of Personal Conduct;
- One general recommendation (clergy, faculty or employer);
- One interview with a representative of the desired school.

Nondegree students may apply for degree status through the Admission's office after completing the minimum number of hours and course and grade requirements established by each school. The applicant must meet all deadlines set forth in this policy and submit all official transcripts and any additional material required for degree status. The Admissions Committee will consider the application in the same way it would for a new applicant.

Processing and Notification

It is the applicant's responsibility to ensure that all required information is submitted to the Enrollment Support Services Office. The school Admissions Committee will review the applicant's records when all information is received and the application is complete. Applications are reviewed and evaluated in the order in which they are received for most programs. Admission decisions are communicated to applicants in writing as soon as possible after the decision has been made, typically within one to two weeks. If an application, or any of its supporting materials, is received after the application deadline, the Admissions Committee reserves the right to defer the application until the start of the next admissions cycle.

Upon notification of acceptance, applicants will be asked to sign an enrollment agreement, which must be returned with an enrollment deposit. The deposit is applied to tuition at the time of registration.

Professional Development Enrollment

At the discretion of the individual schools, graduate students may be enrolled on a nondegree professional development status. Applicants must have a bachelor's degree to be eligible for enrollment for graduate credit. Applicants who do not have a bachelor's degree may register for classes on an audit basis only or may consider application to the College of Arts & Sciences programs (refer to the College of Arts & Sciences Catalog). Professional development applicants will not be considered admitted; they will be classified as enrolled in the Professional Development Program. Professional development students are not eligible to receive financial aid and may enroll in courses on a space-available basis only.

The following items must be submitted to be eligible as a professional development student:

1. Professional Development Enrollment Application/Registration Form;
2. Nonrefundable application fee;
3. Other items as required by the school.

To be eligible for any other academic status, professional development students must submit a regular application or a nondegree application for a specific school by the application deadline for the term desired. All additional admissions requirements must be met. The school will notify the students of its decision. Since all courses completed by professional

development students are posted on a nondegree transcript, students accepted to a specific school must petition in writing to have those credits count toward their academic program completion. The petition must include an official transcript verifying attainment of a bachelor's degree.

Readmission

Former students who have not been enrolled for longer than one calendar year and who desire to enroll in the same degree program to which they were originally admitted should apply for readmission through the appropriate dean's office. Such students should submit a readmission application to their school. Students who have not been enrolled for more than one year must meet the degree requirements current at the time of readmission.

Regent students, former students or graduates who seek admission to a different degree program than that of their last term of enrollment must contact the admissions office of their school of interest.

ADMISSION FOR INTERNATIONAL STUDENTS

Regent University is authorized under Federal law to enroll non-immigrant F-1 students. New F-1 international students may begin their program of study in either the Fall or Spring semesters. Summer admission is not permitted for students who are new to the U.S. An International Student Orientation is offered each Fall and Spring semester to help new students acclimate to the University, Virginia Beach, and to the United States. Students should be aware that on-campus housing is limited and the area has inadequate public transportation, therefore early and careful planning is necessary.

The following admission requirements for international students are in addition to the University Admissions requirements mentioned previously for all Regent applicants. Those who are not seeking F-1 student immigration status may not need to submit financial statements. Please contact the International Admissions Counselor for further clarification. The following requirements are subject to change in order to meet United States immigration regulations.

International Students Admission Requirements

In addition to the standard admission requirements mentioned previously for all Regent applicants, nonimmigrant applicants must comply with the following:

1. In order to provide prospective students with sufficient time to apply for the student visa, Regent University should receive admission materials at least five to nine months prior to the anticipated semester of enrollment. This will provide adequate time to process the application, determine acceptance and admittance decisions, and issue the SEVIS I-20, which is needed for the student visa application.
2. All application materials must be completed in English, or have appropriate English translations attached.
3. An applicant must have completed a bachelor's degree (or its equivalent) from (a) an accredited U.S. post-secondary institution; (b) the equivalent degree from a foreign institution (16 years of formal education); or (c) an international institution with which Regent University has a special articulation agreement or has otherwise approved.
4. The applicant must meet the normal minimum undergraduate GPA requirements or provide evidence of equivalent academic performance if a standard grade point system was not used.
5. Applicants who do not meet the criteria specified in item 3 above must submit an official ***course-by-course*** or detailed evaluation of all academic credit received from foreign educational institutions. These evaluations will serve as the applicant's official record of academic achievement and will be used to determine eligibility for Regent's program offerings. Regent University will ***only*** accept official ***course-by-course*** or detailed evaluations from agencies accredited through NACES. 6. Applicants whose native language is not English may take either the Test of English as a Foreign Language (TOEFL®), PTE Academic® exam, or International English Language Testing System (IELTS®) exam. The minimum TOEFL requirement is a score of 577 (paper), 233 (computer) or 90 (iBT). TOEFL scores are only valid for two years. Applicants who have previously taken the TOEFL® and scored less than 577 (paper), 233 (computer) or 90 (iBT) may and should retake the test to achieve the required score. The test should include the Test of Written English (TWE). The minimum PTE Academic® requirement is 61 (internet). The minimum IELTS® requirement is a band score of 7.

The tests can be waived in the following circumstances:

- a. Nonnative speakers who hold degrees or diplomas from postsecondary institutions in English-speaking countries (e.g., the United States, Canada, England, Ireland, Australia, New Zealand);
- b. Nonnative speakers who have successfully completed at least a two-year postsecondary course of study in which English was the language of instruction;
- c. Transfer students from institutions in the United States or Canada whose postsecondary academic course work was favorably evaluated in relation to its demands and duration;
- d. Nonnative speakers who have taken the TOEFL®, PTE Academic® test, or IELTS® within the past two years and whose scores met Regent standards;
- e. Nonnative speakers who have successfully pursued postsecondary academic work at schools where English was the language of instruction in an English-speaking country for specified period, generally two years.

Please see www.toefl.org, <http://pearsonpte.com/Pages/Home.aspx>, or <http://www.ielts.org/default.aspx> for testing information and scheduling.

7. Recommendations must include an assessment of the applicant's English ability.
8. Applicants must register for and take any entrance test required by the school to which they are applying.
9. Applicants must complete the Supplementary International Application packet and include all pertinent non-immigrant information for government reporting.
10. Applicants must complete a Financial Certification Form certifying adequate finances (based on current costs) for at least the first year, and indicate how they will meet expenses for subsequent years of study. If the applicant has one or multiple sponsors, all must complete the Sponsor's Affidavit of Support and return it to the International Admissions Counselor at intladmissions@regent.edu. The financial documentation must be dated within six months of the designated program start date.
11. Applicants who cannot come to Regent University for interviews may be required to interview by phone with the director of admissions and a faculty member of the desired school of enrollment or other appropriate representative of the school.

12. Applicants should retain a copy of their application materials, including the Financial Certification Form and bank statements, for their records.
13. Applicants must provide a copy of their passports and current visa documentation.

Conditional Enrollment

International graduate applicants who have submitted all application materials except test results, an official transcript or a letter of reference may be admitted on a “conditional” enrollment status. Furthermore, except for situations where the language tests (TOEFL/PTE Academic/IELTS) may be waived—as explained in sections 6.a-e, the TOEFL/PTE Academic/IELTS test requirement cannot be excluded for the purpose of conditional admission. An acceptable TOEFL/PTE Academic/IELTS score must be received before conditional or full admission can be granted. Those on conditional status have one term to submit all of the required admissions materials. The student will not be eligible to register for a second term until the school removes the conditional designation. Failure to register is a serious violation of the F-1 status, which would result in the student’s need to depart the United States immediately. Any request for an exception to this registration block must be submitted to the dean of the school through an academic petition. F-1 non-immigrant students may not be admitted on a “provisional” basis.

International Transfer Students

1. According to immigration definitions, the following applicants are considered Transfer students and must abide by the F-1 nonimmigrant transfer procedures:
 - a. Those who are currently attending a school in the U.S. in F-1 immigration status and wanting to change schools before completing the degree at the first school.
 - b. Those in F-1 status who have just completed a degree at one U.S. school and want to attend another U.S. school for another degree program.
 - c. Those in F-1 status who are currently involved in post-completion Optional Practical Training through one school and are wanting to begin a new degree program at another U.S. school
2. The Designated School Official (DSO) at the applicant’s current institution should complete the *Transfer Eligibility Form* and email/fax/mail it to the International Admissions Counselor, Regent University’s DSO. Because of federal deadlines with immigration transfer procedures, this form must be submitted to Regent’s International Admissions Counselor within 30 days after an F-1 student completes his/her studies at his/her latest U.S. institution or his/her post-completion OPT.
3. The applicant should include copies of the current immigration documents with their application materials: I-20 form including the U. S. Visa history (copy of latest visa and the visa used to enter the U.S.), the biographical pages of the Passport; the electronic I-94 report, and the EAD work permit (if applicable).

International Admission Process

Academic acceptance- Once all application requirements are met, the applicant’s file will be sent to a faculty committee for review. Upon review of the applicant’s file, a decision will be made on whether or not the applicant meets Regent University’s academic requirements and will issue an academic decision. International student applicants should allow at least four to six weeks for an admission decision to be made once the applicant has submitted all required documents to the appropriate offices and has followed all processes and procedures required for an admission decision.

University Admission- Once academically *accepted*, an Enrollment Deposit is due for all international students enrolling in classes, which will be applied toward tuition for the first semester of study. Please contact your enrollment counselor for more information pertaining to your specific enrollment deposit. When the deposit is received and all financial and immigration documentation is verified, the applicant will be considered *admitted* to the University. Regent University will then issue the SEVIS I-20 to the student. NOTE: International students should not book their flights to the U.S. until they have received their student visa and know the dates of the mandatory International Student Orientation program.

Conditions for Issuing SEVIS Forms I-20

Before Regent University can issue the SEVIS Forms I-20 to an applicant, the following conditions must be met prior to the established I-20 issuance deadlines included in the chart below:

1. Academic acceptance for admission to Regent University must be granted at least four to five months prior to the semester of enrollment so the I-20 can be issued in enough time to secure the visa. For transfer applicants,

the admission decision must be made at least three to four months prior to the semester of enrollment. “Regular” or “conditional” acceptance may be considered. “Provisional” acceptance is not permissible.

2. Regent must receive all applicable immigration documentation.
3. Regent must receive the Financial Certification Form and all supporting documents by the established deadline.
4. Regent must receive the applicant’s program specific enrollment deposit by the established deadline. This deposit will be applied toward tuition for the first semester of study, and is required of all applicants unless waived by the school’s dean.

The following chart outlines the deadlines for application, acceptance and I-20 issuance:

Enrollment Term	International Application Deadlines <small>(Date by which the applicant must submit his/her application and all required Admissions documents)</small>	I-20 Issuance Deadlines <small>(Date by which all applicants must submit all documents required for the I-20)</small>
<u>Fall Semester</u>		
Overseas/Initial Attendance Students	February 15	April 1
Immigration Transfer Students/ Regent COL (F-1 students who are transferring from another U.S. institution or students who are changing their degree levels at Regent.)	March 15 *current I-20 must be valid	May 15
<u>Spring Semester</u>		
Overseas/Initial Attendance Students	June 15	August 1
Immigration Transfer Students/ Regent COL (F-1 students who are transferring from another U.S. institution or students who are changing their degree levels at Regent.)	July 15 *current I-20 must be valid	September 1

Visa Information

According to current regulations, foreign nationals are strictly prohibited from enrolling in on campus degree programs in the B-1/B-2 immigration status. F-2 visa holders may apply for admission for on campus or online degree programs, but on a part-time basis only (for more information see <https://www.ice.gov/sites/default/files/documents/Document/2015/dsoLimitsDependentStudyFAQs.pdf>). To apply for F-1 student immigration status /visas, foreign nationals must meet all international student requirements in order to receive a SEVIS I-20 from Regent. Applicants are strongly advised to begin the admission process nine to twelve months prior to the date they intend to enroll because they will need to have the I-20 issued at least three to four months prior to their enrollment date for their F-1 visa or change of status application. The visa application is a lengthy process that could take several months, and students should not book their flights to the U.S. until they have been approved for the visa. All

applicants are strongly encouraged to apply for their visa at the earliest date possible and to make their appointment as soon as they receive the I-20 from Regent.

An F-1 visa is not needed for Canadian or Bermudian citizens to enter the United States, but these citizens must pay the I-901 SEVIS fee and obtain the F-1 student immigration status at the U.S. Port of Entry. As of January 23, 2007, all citizens of Canada, Mexico, and Bermuda are required to have a valid passport when entering the U.S. by air/at any airport. As of June 1, 2009, Canadian and Bermudian citizens who are entering the U.S. by land/sea travel will need to present a single document that complies with the Western Hemisphere Trade Initiative (WHTI). The document must show proof of identity and proof of citizenship, such as a passport. Mexican citizens who are entering the U.S. by land/sea travel must present a passport with a nonimmigrant visa, or a laser visa border-crossing card. For more details, please visit: www.dhs.gov/western-hemisphere-travel-initiative.

Special Notes:

--Students from Canada & Bermuda, Bahamian Nationals, & British Subjects in the Bahamas, Cayman, Turks, or Caicos Islands do not need an F-1 visa, but will need the Regent I-20 to apply for the F-1 student immigration status at the U.S. Port of Entry.

--Students admitted to Regent University for on campus degree programs should NOT enter the U.S. in the B-1/B-2 visitor/tourist status to attend classes at Regent because federal regulations strictly prohibit enrollment in an on campus degree program in the B-1/B-2 visitor/tourist status.

--Due to immigration rules, students who are in F-1 immigration status through post-completion OPT or an on-campus degree program at another school, will not be able to remain in the U.S. for online enrollment at Regent once their F-1 status with the other school expires.

International Students and On-Campus Residencies

Residency is a term that Regent University uses to describe the portion of an online academic program that meets on campus for seminars, workshops, or intense study during a one to four week period of time. Residency may be one week in length during the first year of the program or it may be one or two weeks in length each year of the program depending on the academic program requirements. A residency may consist of online classes or on campus classes.

Residencies that are required for degree completion and that meet full-time on-campus credit requirements will require an I-20 for the F-1 visa/F-1 student immigration status. In order to obtain the F-1 visa/F-1 student immigration status for this type of residency, all required documentation included in the Application and the Supplementary International packet must be submitted to Enrollment Support Services (for new students) so that an I-20 can be issued to the student. The Form I-20 is required for the F-1 visa application (if applicable) and application for the F-1 student immigration status at the U.S. Port of Entry. A new I-20 must be requested from Enrollment Support Services prior to each and every residency. Returning residency students must submit the following items to the International Admissions Counselor at least four months prior to each residency: The Request for a New I-20 Form; the Financial Certification Form and supporting documents; and a copy of the biographical pages of the passport.

Mandatory International Student Orientation

All new and transfer F-1 students with I-20s who will be enrolled in on campus degree programs are required to attend the SEVIS/ International Student Orientation held by the Office of International Student Services (OISS). A comprehensive Orientation is typically held in the weeks prior to the beginning of classes in the Fall and Spring terms. Most of the academic schools will also hold a one-day orientation for all students in the Fall. Students who are transferring from another U.S. institution who are admitted to Regent for the summer term are required to be enrolled full-time in that first summer term, and must attend the mandatory SEVIS/International Student Orientation before the fall semester. Summer admission is not permitted for international students who are new to the U.S. F-1 students should not book their flights to the U.S. for the fall or spring semesters until they have received their student visa and have confirmed the dates of the SEVIS/International Student Orientation program for the semester they were admitted to Regent.

Lawful Immigration Status Required for Enrollment

Prior to enrollment at the University, non-immigrants who have been admitted to Regent must provide evidence that they are lawfully in the country and that they are in a status that allows for enrollment.

International Student Enrollment and Registration

International students are responsible for fully and properly complying with all federal, state and local immigration laws and regulations, and for maintaining lawful immigration status throughout their enrollment at Regent University. Students must provide current and proper verification of their immigration status upon request by University staff. In addition, all F-1 student visa holders must maintain full-time registration for each Fall and Spring semester until graduation. (Please note that U.S. federal regulations significantly limit the number of online and distance learning courses/credits that international students studying in the U.S. may apply to their degree/program requirements during a given term. Refer to Federal Regulation 8 C.F.R.214(f)(6)(i)(G) for more information.)

Students who fail to maintain legal immigration status and/or full-time enrollment will be considered “out-of-status” and may be subject to registration cancellation, withdrawal from the University, and other legal and academic actions. Out of status students may also be reported to the USCIS. Please contact the OISS for additional information regarding these policies.

ENROLLMENT STATUS CLASSIFICATION

Regular (Degree-Seeking) Students

Applicants who intend to obtain a degree from Regent University are defined as regular students. All regular students are eligible for all forms of financial aid, unless otherwise specified below, and contingent upon successfully meeting other eligibility criteria of the individual financial aid programs. Upon acceptance, some graduate students may be sub-classified as provisional and/or conditional, if they have not met all admission requirements. These sub-classifications are explained below.

Provisional

If the admissions committee believes that the applicant has the potential for success in the degree program to which admission is sought, they may accept the applicant into the degree program on a provisional basis. Students accepted on a provisional basis may be considered for need-based assistance grants and student employment, but will not be considered for scholarships until the provisional designation is removed. The student on provisional enrollment basis must meet the following requirements to no longer be classified as provisional.

1. **Law School (J.D. program only):** Students admitted to the J.D. program on a provisional basis must register for a minimum of 10 credits the first term and must receive a GPA of 2.00 for the courses taken that term. If students do not earn a GPA of 1.65 or better for courses taken the first term, the students will be placed on academic probation. All provisions of the Academic Probation and Dismissal policy will then apply. After completing a minimum of 14 credits with a cumulative grade point average of 2.00 or better the students will no longer be considered provisional.
2. **All Other Graduate Degree Programs:** Students accepted on a provisional enrollment basis in all other degree programs are limited to a maximum of 12 credit hours the first term of enrollment. Each school may establish specific course requirements for the provisional students’ first term of enrollment. After completing a minimum of 9 credit hours with a 3.00 or better GPA (3.25 for ThM, 2.50 GPA for MDiv, M.A. in Practical Theology, M.S. in Cosmogony and M.S. in Cybersecurity) and meeting the course requirements set by the school, the provisional designation will be removed. Students entering Regent on a provisional basis, who do not achieve a 3.00 GPA (3.25 for ThM, 2.50 GPA for MDiv, M.A. in Practical Theology, M.S. in Cosmogony and M.S. in Cybersecurity) for the first term of enrollment, are subject to immediate dismissal. All provisions of the Academic Probation and Dismissal policy will then apply.

Conditional

Graduate applicants who have submitted all application material except test results, an official transcript or a letter of reference may be admitted on a conditional enrollment status. Students admitted conditionally must submit all required admissions material by the end of the second session of study. Students will not be eligible to register for a third session with a conditional enrollment status. For purposes of this policy, a “session of study” means one full academic semester – either the Fall Semester (August-December), the Spring Semester (January-May), or the Summer Semester (May-August). When all required documents have been received by the University, the student’s enrollment classification will be changed to regular status. Any request for an exception to this registration block must be submitted to the dean of the school through an academic petition.

Nondegree Students

Graduate applicants desiring to enroll in courses who do not intend to obtain a degree may be accepted on nondegree status.

GRADUATE TRANSFER CREDIT

A majority of the credits for a graduate or post-baccalaureate professional degree must be earned through Regent University. Thus, the limit for the number of credits accepted in transfer is 49% of any degree program. Some individual Regent schools and programs may have stricter limits.

Criteria guiding the acceptability of transfer credit include:

- **Currency of qualifications**—Units undertaken more than a decade previous to the application normally may not be recognized for transfer.
- **Relevance of the credit/s**—When a student can demonstrate that coursework completed at another institution reflects the curriculum, course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled in Regent’s own graduate degree programs and assessment criteria of Regent University, the student may be granted credit for the relevant Regent credit/s.
- **Accredited work**—to be approved for transfer, coursework must have been taken from a regionally accredited institution or one approved by the Regent school in which the student is enrolled. When appropriate, Regent will consider awarding transfer credit for military or workforce training that has been evaluated by the American Council on Education (ACE), in accordance with ACE recommendations.
- **Availability of work**—Credits accepted for transfer ordinarily cannot have been counted on a previously completed degree program at Regent or any other institution.
- **Course grades**—Courses with grades of B- and below (C- and below for the J.D., MDiv and M.A. in Practical Theology programs) will not be accepted for transfer.

When transfer courses are approved, the course title and credit hours, as well as the name of the institution where the credits were earned, are entered on the Regent University transcript. However, the grades are not entered on the transcript and are not used in the calculation of the Regent University cumulative grade point average. The process for requesting transfer credit follows.

1. Students who want to transfer graduate credits to a Regent University degree program shall initiate an official request for transfer credit through the dean’s office or the student’s academic advisor.
2. Students submit an official transcript for each proposed transfer course.
3. Schools may establish other requirements or documentation for evaluating the transfer credit, such as a copy of the course syllabus or a copy of the course description from the institution’s course catalog. Schools make their specific transfer credit evaluation procedure available to students.
4. When the evaluation process is complete and courses are approved for transfer, the dean’s office forwards a copy of the official transcript(s), any additional required documentation, and Transfer Credit Evaluation form to the Registrar’s Office for entry of the transfer courses and credits on the student’s academic transcript and degree program audit.
5. Students who transfer from one Regent degree program to another may be required to complete the transfer of credit procedure for all courses taken in the previous degree program that they desire to apply to the new degree program.

GRADUATE CREDIT BY ADVANCED STANDING

Advanced standing is credit granted towards a degree program for study already undertaken but not available for transfer. By giving recognition to prior learning, whether through formal coursework or life experience, advanced standing prevents the unnecessary duplication of study and may save time and money. The availability of advanced standing does not

guarantee entry into a particular program of study. In some cases there are high levels of competition for admission and in other cases applicants may need to have fulfilled other requirements to gain entry.

The limit for the total number of credits allowed via any combination of advanced standing and/or transfer credit is 49% of any degree program. Some individual Regent schools and programs have stricter limits. Advanced standing will only be considered when the prior coursework or experiential learning is evaluated by faculty and deemed sufficiently similar in content to one or more courses or discipline-specific required areas of study in the degree program. The school may decide to a) not grant any advanced standing; b) grant advanced standing with credit, which may result in the reduction of credit hours remaining to be completed for a particular degree; or c) grant advanced standing with no credit. In the latter case, advanced standing may only permit that the student is exempt from taking a required course and will be allowed to replace it with another relevant course approved by the individual school, but must still complete the total number of required credits in the Regent degree program.

Criteria guiding the acceptability of advanced standing credit include:

- **Currency of qualifications**—Work undertaken more than a decade previous to the application ordinarily may not be recognized for advanced standing.
- **Relevance of the credit/s**—When a student can demonstrate that coursework reflects the curriculum, course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled in Regent’s own graduate degree programs and assessment criteria of Regent University, the student may be granted credit toward the degree requirements at Regent.
- **Accredited work**—To be approved for advanced standing, coursework must have been taken from a regionally accredited institution or one approved by the Regent school in which the student is enrolled. When appropriate, Regent will consider awarding credit for military or workforce training that has been evaluated by the American Council on Education (ACE), in accordance with ACE recommendations.
- **Course grades**—Courses with grades of B- and below (C- and below for the J.D., MDiv and M.A. in Practical Theology programs) will not be considered for advanced standing.
- **Experiential learning vs. formal coursework** — Advanced standing with credit may not be granted for life experience. Experiential learning may only be considered under the course exemption/no credit option.

When advanced standing is approved, the total credit hours granted are entered on the Regent University transcript. Individual courses and grades are not entered on the transcript and are not used in the calculation of the Regent University cumulative grade point average. The process for requesting advanced standing follows.

1. Students who desire advanced standing in a Regent University degree program shall initiate an official request through the dean’s office or the student’s academic advisor.
2. Students must submit an official transcript for each course/area of study proposed for advanced standing. A preliminary evaluation may be made using unofficial transcripts; however, official transcripts are required for final processing. Schools may establish other requirements for evaluating advanced standing credit, such as a copy of the course syllabus or a copy of the course description from the prior institution’s course catalog.
3. The schools make their specific advanced standing evaluation procedure available to students, including the requirements for awarding credit for life experience (if applicable).

When the evaluation process is complete and advanced standing has been approved, the dean’s office forwards a copy of the official transcript(s), any additional required information, and Advanced Standing Evaluation form to the Registrar’s Office for entry of the advanced standing on the student’s academic transcript.

REGISTRATION AND PAYMENT

The following information relates to Regent’s graduate programs. For the undergraduate academic calendar, and registration and payment information, see the Regent Undergraduate Catalog or the College of Arts & Sciences web site.

ACADEMIC CALENDAR

See <http://www.regent.edu/admin/registrar/academiccalendar.cfm>.

AUDITING A COURSE

Students who wish to enroll for a credit course on a noncredit basis are classified as auditors. Auditors must be admitted to Regent University via regular admission procedures to audit a course. Audit courses will appear on the student's transcript but will not reflect any earned academic credit. Students taking courses for credit shall be given enrollment priority over auditors. Students auditing a course will pay all course fees and one-half the tuition as those taking it for credit. Financial aid is not applied to audited courses.

Changing from Audit to Credit

Students who enroll in a credit course as an auditor and later decide to take the course for credit shall file an approved academic petition form with the Registrar's Office no later than three weeks prior to the end of the term (two weeks prior to the end of a summer session). The student shall pay the additional tuition and must submit all course assignments by the end of the term. Financial aid will not be applied to the credit hours unless the change is completed in the first four weeks of classes (first two weeks of a summer term).

Changing from Credit to Audit

Students who enroll in a credit course for credit and later decide to audit the course shall file an approved academic petition with the Registrar's Office no later than three weeks prior to the end of the term in which the course is taken and no later than two weeks prior to the end of a summer term. Students who request to change from credit to audit must be passing the course at the time the request is made and upon approval must continue to attend classes. No refund will be granted unless the student changes from credit to audit in the first two weeks of classes, according to the normal refund policy.

In cases of emergencies or unusual circumstances, exceptions may be made to the above deadlines with the submission of an approved academic petition.

COURSE CHANGES (ADD/DROP) AND REFUND POLICY

Students may change their class schedules online via GENISYS® until the day before the start of the university-defined term. (Law students are issued a "time-ticket" for their online registration period). For a two-week period, beginning on the first day of the university-defined term, students may add classes or drop classes and receive a 100% refund of tuition and fees by contacting the appropriate staff representative at their school. This two-week period is defined as the university's authorized add/drop period. Courses dropped during the first week of an eight (8) week session or fifteen (15) week term will not appear on the student's transcript. Courses dropped after the first week of an eight (8) week course and up to the mid-point of the term will appear on the student's transcript with a "W." Courses dropped after the mid-point of the term will result in a grade of "WF." NOTE: In instances where courses are significantly concentrated (e.g., summer course with fewer class meeting dates) or are in a modular or other non-standard format, students must receive the approval of the dean before adding or dropping such a course after it has already begun, and these courses may not be subject to the above refund provisions. Dropping such a course after the stated school deadline will result in a grade of "WF" on the transcript. (The Law School's policy on issuance of a "WF" grade may be found in the School of Law Policies and Procedures Manual, located at http://www.regent.edu/acad/schlaw/student_life/docs/ppmanual.pdf).

Students who have not physically attended an on-campus course, or who show no participation in any academic activities for an online course will, at the end of the add/drop period, be administratively withdrawn from that course in accordance with university practice. "Academic activity" includes submitting an assignment, taking an exam or tutorial, engaging in computer-assisted instruction, participating in online discussion about academic matters, or initiating contact with a faculty member to discuss academic matters concerning the course.

After the add/drop period, student requests for schedule changes must be submitted to the Registrar's Office with the properly completed add/drop form, including all appropriate school signatures. Student registration changes after the add/drop period are subject to the following refund provisions, except for courses described in the note above.

- 100% refund through the end of the second week of either an eight (8) week session or the fifteen (15) week university-defined term
- No refund after the start of the third (3) week of the university-defined term

- NOTE: withdrawal from a course may have significant financial aid consequences resulting in repayments of distributed funds. Students are responsible for seeking counsel from the Central Financial Aid Office.

See the university calendar for specific dates each term. Course lab fees are not refundable after the second week of classes (first week of summer sessions). The university reserves the right to make adjustments in charges and refunds, if necessary, with proper notification to those affected.

See the Withdrawals and Return of Title IV Funds Policy in the Financial Aid section of this Catalog for more information.

GENISYS®

GENISYS® is the web-based student information system that allows students access to their student data record including access to personal information such as address, grades, online registration and financial aid information.

INDIVIDUAL STUDY

The academic programs at Regent University provide opportunities for students to pursue individual study under the guidance of a competent faculty member. Depending upon the school, individual study may include: special courses and seminars, workshops, special topic courses, practicum, independent study, internship or thesis. Each school establishes specific guidelines for the thesis/portfolio proposal, as well as the thesis/portfolio itself, and shall provide those guidelines to students.

Enrollment for individual study credit is subject to dean's office and advisor approval. For more information, contact the individual schools.

REGISTRATION

Only students who have formally applied and have been officially accepted to enroll at Regent University may register for courses. An open registration period for each term shall be conducted in the previous term. Students may enroll for a maximum of 17 credit hours per term in master's programs, 16 credit hours per term in the J.D. program, and 15 credit hours per term in doctoral programs. Exceptions must be approved in writing by the dean of the school in which the student is enrolled prior to registration.

All student accounts must be resolved through the Business Office by the school deadlines prior to the beginning of each term. Unresolved accounts after the end of the appropriate deadline will be charged a late fee. Settlement of a student's account includes either payment in full or use of a university-endorsed payment plan. Students who have not satisfied all payment requirements by the end of the add/drop period will be administratively dropped from courses.

Registration for a practicum, independent study, internship, portfolio, thesis or dissertation shall coincide with the authorized registration periods and payment deadlines. Students should complete the Individual Study Form and submit it to the school in which they are registering. The normal late fee applies to those students who register for such courses after the final registration period.

Students applying for veteran's benefits should register during the open registration period. Students need to apply early as it may take up to 45 days for students to receive payment. All necessary paperwork should be processed through the Registrar's Office.

WITHDRAWAL FROM COURSE GRADES

For standard courses, a non-punitive grade of W (Withdraw) is assigned to a student who withdraws from a course after the authorized add/drop period up to the midpoint of the term registered. For courses taught in non-standard formats (i.e., modulars, cluster courses, etc.) the deadline to withdraw with a W is determined by the individual school. A grade of WF (Withdraw Failing) will be assigned if the course withdrawal takes place after the stated deadline, unless the dean grants an exception. The designation WF is counted as an F in the computation of the GPA; the designation of W is not counted in the computation of the GPA. Any student who seeks to complete a course to which a W or WF grade has been posted

must register in a subsequent term and pay the full current tuition for the course. (The Law School's policy on issuance of a "WF" grade may be found in the School of Law Policies and Procedures Manual, located at http://www.regent.edu/acad/schlaw/student_life/docs/ppmanual.pdf.)

TRANSCRIPTS

Requests for copies of transcripts from Regent University may be made online at www.getmytranscript.com. The Registrar's Office issues only official transcripts. A free transcript will be provided to students when graduation requirements have been met and the degree has been posted by the Registrar's Office. Current students and alumni will be charged a fee for additional transcripts. Transcripts will not be released for current or former students who have unresolved financial accounts with the university. The university does not provide copies of students' transcripts from other educational institutions, nor other documents such as test scores that originate elsewhere.

FINANCIAL HOLDS ON ACADEMIC RECORDS

The Business Office will place a financial hold on the academic records of present and former students who have an outstanding account with the university. Such individuals will not be allowed to register for classes nor will any academic documentation or information (i.e., grades, transcripts, diplomas, etc.) be released to them until the Business Office receives the necessary payment. Once the account is settled, the Business Office will notify the Registrar's Office that the financial hold has been removed. The Registrar's Office is then allowed to release any requested academic documentation or information to the individual.

WITHDRAWAL FROM THE UNIVERSITY

Students who wish to withdraw voluntarily from the university during a term shall meet with the dean of the school or his/her designee and secure school approval on the withdrawal form. Students must satisfy all financial obligations before leaving campus or they will not receive transcripts or be allowed to re-enroll. Grades of W (Withdraw) or WF (Withdraw Failing) shall be placed on the students' transcripts for the courses in which they were enrolled.

The grade W (Withdraw) will be posted on the transcript for all standard courses taken during the term if the student withdraws before the mid-point of the term; a grade of WF (Withdraw Failing) will be posted thereafter. Withdrawal from courses taught in non-standard formats (i.e., modular cluster courses, etc.) will result in either a W or WF on the transcript, depending on the withdrawal deadline determined by the individual school. On-campus students who have not physically attended any classes for which they are registered that term, or online students who have not participated in any academic activities by the end of the add/drop period will, in accordance with university practice, be assumed to have unofficially withdrawn and will be administratively withdrawn. "Academic activity" includes submitting an assignment, taking an exam or tutorial, engaging in computer-assisted instruction, participating in online discussion about academic matters, or initiating contact with a faculty member to discuss academic matters concerning the course.

For students who leave the university during the term or for students who are suspended for disciplinary reasons, a grade of W or WF will be recorded on the transcript for the courses in which the students were enrolled. The regular refund policy applies for a student suspended for disciplinary reasons.

See the Withdrawals and Return of Title IV Funds Policy in the Financial Aid section of this Catalog for more information.

PAYMENT

For information pertaining to payment options, financial aid and scholarships please refer to the Financial Aid & Scholarships section.

TUITION

Tuition and fees are subject to change without notice as determined by the Board of Trustees of Regent University. Tuition varies for each school/college represented at Regent.

If students take courses outside of their program, tuition for those courses will be charged at that school's per-credit-hour rate. These courses may or may not be approved for transfer into the student's program. Students should consult their advisors prior to registration. Tuition generally does not include books, course fees, supplies, room, board, health insurance and other personal expenses.

Tuition Rates (subject to change)

See https://www.regent.edu/admin/busoff/tuition_rates_current.cfm for tuition rates.

FEES

See https://www.regent.edu/admin/busoff/tuition_rates_current.cfm for fees.

Payments and Late Fees

Each term's tuition and fees are due according to the payment deadline specified in the university academic calendar.

Payments can be made in cash, by check in the Business Office, or through Genisys. There is no fee for paying by check through Genisys. MasterCard, VISA, Discover, and American Express are accepted through Genisys for a 2.75% processing fee. A tuition installment plan (TIP) is also available (see below).

A student is not permitted to register and/or continue for a new semester until the account balance is paid or satisfactory arrangements are made with the Business Office. Transcripts and diplomas will not be furnished until the student's account balance is paid in full.

Fees are charged to students who pay tuition past the published semester payment deadline: a \$100 late fee will be assessed to all student accounts with a balance after the payment deadline unless:

- Federal financial aid funds have been certified by the semester payment deadline AND the certified funds will cover all tuition charges
- An approved third party payment or Employer Reimbursement Deferment Plan has been received and approved by the Business Office
- Student enrolled in Tuition Installment Plan

Enrollment will be canceled for any student who has not paid in full or enrolled in the university Tuition Installment Plan by the end of the applicable add/drop period. Any student whose enrollment is canceled will no longer be authorized to attend classes.

Tuition Installment Plan (TIP)

The Tuition Installment Plan (TIP) is a convenient payment plan alternative to paying your bill in full by first day of the semester (payment deadline). The total bill for the semester is divided into 4 monthly installment payments (3 installments for summer terms) over the course of the semester. Students must enroll in TIP by the payment deadline, and there is a \$45 TIP enrollment fee due with the first installment.

Refund Policy

Charges are incurred upon completion of course registration. Students withdrawing from courses are entitled to refunds according to the following schedule:

Before course starts through end of second week of either an eight (8) week session or fifteen (15) week term	100%
After start of third week of either an eight (8) week session or fifteen (15) week term	No refund

See the Withdrawals and Return of Title IV Funds Policy in the Financial Aid section of this Catalog for more information.

FINANCIAL AID

Regent University offers a decentralized financial aid program. Awards for which students in all schools are eligible are awarded through the Central Financial Aid Office. Awards that are unique to each school and/or program of study are awarded by the student's school of enrollment. Students should contact their school of enrollment to inquire about financial aid offerings unique to their school.

The Central Financial Aid Office administers the following programs: federal and private education loans, the Virginia Tuition Assistance Grant Program (VTAG), the TEACH grant program, and the university-wide endowed scholarships. Students should apply and/or re-apply annually for these financial aid programs.

VIRGINIA TUITION ASSISTANCE GRANT

Regent University participates in the Virginia Tuition Assistance Grant Program (VTAG). Students in the Master's in Human Services Counseling program are the only graduate students eligible to receive VTAG. Virginia residents enrolled full-time, (a minimum of 9 credit hours per semester for graduate students) in this degree program, may be eligible for an award. An applicant must have been a Virginia domiciliary resident for one year prior to enrollment. If the student begins classes within one year of moving to Virginia, the student is ineligible. Domicile is established by at least 12 months of consecutive residence in Virginia prior to enrolling in school supported by actions that demonstrate intent to remain in Virginia indefinitely. The amount of the award varies per academic year. The maximum graduate level award for the 2015-2016 academic year was \$1,550 for graduate students (2016-2017 award amounts were not released prior to catalog publication). Awards are based upon State funding and may be reduced to an amount lower than originally offered; depending upon the State's appropriated funds. VTAG awards are only available for the fall and spring semesters. A completed VTAG application must be submitted to the Central Financial Aid Office by July 31 for the following academic year. The recommended application date is April 15 to ensure the appropriate coordination of all aid offered to a student. For more information and an application, contact the Central Financial Aid Office.

STATE ASSISTANCE FOR STUDENTS FROM STATES OTHER THAN VIRGINIA

We suggest students contact the Department of Education in their home state to ask about state-funded financial aid opportunities for students attending school out of state. In some states, the agency/department responsible for higher education financial aid programs may be called the State Board of Higher Education, State Council of Higher Education, State Education Assistance Agency (or Authority), Office of Student Financial Assistance, etc. Generally, the appropriate office/agency/department is located in the state's capital. If students have difficulty locating the address of their state's Department of Education, contact Central Financial Aid for assistance.

UNIVERSITY-WIDE ENDOWED SCHOLARSHIPS

Through the generosity of the University's donors, Regent is able to offer various university-wide scholarship programs. The selection process is highly competitive. The number of awards is limited and varies each year. Endowed scholarships are open to graduate level, degree-seeking students who meet the posted minimum qualifications for an award. Applications may be completed through the online GENISYS® system beginning mid-January. The deadline for all university-wide scholarship applications is normally March 1 for the following academic year. Awards are made for one academic year at a time, with the award being effective beginning in the fall semester through the following summer term.

To retain the award from one semester to the next, the student must maintain at least the minimum appropriate grade point average each semester as defined in the university Catalog as necessary to avoid being placed on academic probation. Awards offered are based upon a required enrollment of at least six (6) credit hours per semester. If there is a variance from this requirement, the award is subject to cancellation and/or revision. Exceptions may be made to this requirement if it is the student's final semester of enrollment where less than six credits are needed to graduate. More details will be provided to awardees when notified of selection. An application must be submitted each year by the published deadline for consideration of an award in a subsequent year. Previous recipients are not guaranteed renewal from one year to the next. Each of the university-wide endowed scholarships is only available to graduate/professional students. The exceptions to the application process and enrollment criteria are the Robertson Endowed Honors, McCormack Endowed Honors, and Saltsgiver Endowed Honor Scholarships. See the paragraphs below for specific criteria for these scholarships. Contact Central Financial Aid for more information. More information is also available at www.regent.edu/admin/finaid/ended.cfm.

Azusa Scholarship

The Azusa Scholarship is a 100% tuition scholarship for those who are called to serve the African-American community in the United States. Recipients are eligible to receive a book stipend up to \$150 each semester depending upon the number of credits for which the student enrolls.

Beazley Scholarship

The Beazley Scholarship is a 100% tuition scholarship established in memory of the late Fred W. Beazley. All applicants with a record of academic excellence are encouraged to apply. First preference is given to individuals from the Hampton Roads region of Virginia. Recipients are eligible to receive a book stipend up to \$150 each semester depending upon the number of credits for which the student enrolls.

Dooner Scholarship

The Dooner Scholarship is a 50% tuition scholarship established by Mr. William J. Dooner in order to assist Regent University students who are active members of the Roman Catholic Church. A letter of recommendation from the applicant's current priest must accompany the Dooner Application.

John G. C. Miller Scholarship

A Regent University alumnus who is physically disabled as a quadriplegic, established the John G. C. Miller Scholarship fund to honor her father. The scholarship assists physically disabled Regent students in meeting their tuition costs. The award may not be available every year. Contact Central Financial Aid for more information.

The Luther J. Stallings Jr. and Elizabeth A. Stallings Memorial Scholarship

Friends of the University, in memory of Luther J. Stallings Jr. and Elizabeth A. Stallings, have generously established this scholarship fund to assist students in meeting the tuition costs of attending Regent University. Virginia domiciliary residence is preferred for at least half of the scholarships awarded, while there is also the intent to have at least one recipient who is an international student on an annual basis. Need is a consideration, as derived by the use of the Free Application for Federal Student Aid (FAFSA).

The Robertson Endowed Honors Scholarship

This scholarship was established by Regent University to recognize the vision, leadership, and Christian service of its founder Dr. M.G. "Pat" Robertson. The scholarship pays for 100% tuition plus a yearly stipend of at least \$2,000 per semester. Graduate students must be enrolled in at least 6 credits per semester unless they are in the last term of their program. This scholarship application is by invitation only.

McCormack Endowed Honors Scholarship

This scholarship is a tribute to the vision, leadership and Christian principles demonstrated by Mark McCormack. This scholarship application is by invitation only.

Saltsgiver Endowed Honors Scholarship

This scholarship is awarded to a student who demonstrates a mature Christian walk, personal integrity and academic excellence. It covers 100% of tuition and provides a stipend. This scholarship application is by invitation only.

TEACH GRANT PROGRAM

The TEACH Grant program awards grants to students who intend to teach. The Grant will provide up to \$4,000 a year in grant aid to undergraduate and graduate students in eligible programs. In turn, you must agree to serve as a full-time teacher in a high-need field in a school serving low-income students for at least four academic years within eight years of completing the program of study for which you received the grant. If you do not complete your service as a teacher, the *grant* will convert to an unsubsidized federal *loan*.

On August 2, 2011, Congress passed the Budget Control Act of 2011, which put into place automatic federal budget cuts, known as a "sequester." These budget cuts have resulted in a reduction of TEACH grant funding. For additional information on the impact of the Sequester and TEACH grant amounts, please visit: <https://studentaid.ed.gov/sa/about/announcements/sequestration>.

To see if you qualify, please answer the questions listed. Will you work in one of the following high-need fields?

- Bilingual Education or English Language Acquisition
- Foreign Language
- Mathematics
- Reading Specialist
- Science
- Special Education

Other teacher shortage areas listed in the Dept. of Education's Annual Teacher Shortage Area Nationwide listing at: www.ed.gov/about/offices/list/oep/pol/tsa.html. Will you be enrolled in one of Regent's qualifying degree programs?

- Bachelor of Science
 - Interdisciplinary Studies (Pre-K through 6th Grade Elementary Education and Secondary Education 6-12th grade)
 - Bachelor of Science in Mathematics
 - Secondary Education
 - Secondary English Education
- Master of Education
 - Curriculum & Instruction
 - Adult Education
 - Christian School
 - Gifted & Talented
 - Teacher Leader
 - Individualized Plan
 - K-8 Leadership in Mathematics Education
- Master of Education
 - Career-Switcher
 - Special Education (K – 12)
- Master of Education/Optional Endorsements
 - Reading Specialist
 - Teaching English to Speakers of Other Languages (TESOL)

Will you work in a school serving low-income students?

- Schools serving low-income students include elementary or secondary schools listed in the Dept. of Education's Annual Directory of Designated Low-Income Schools for Teacher Cancellation Benefits at: www.tcli.ed.gov/CBSWebApp/tcli/TCLIPubSchoolSearch.jsp

Do you plan to teach full-time in a school serving low-income students for at least four (4) out of eight (8) years once you complete your program at Regent?

If you meet **all** of the above requirements, you may be eligible for a TEACH Grant. The TEACH Grant program will provide up to \$4,000 a year in grant aid. Eligible undergraduate students may not receive more than \$16,000 and graduate students may receive no more than \$8,000 in total TEACH Grants. Students enrolled less than full-time will have their

TEACH Grant reduced accordingly: three-quarter time to \$3000; half-time to \$2,000; less than half-time to \$1,000. The amount of TEACH Grant awarded, when combined with other student aid, may not exceed a student's cost of attendance (COA). Please visit, <https://studentaid.ed.gov/sa/about/announcements/sequestration> to determine the impact of Sequestration on TEACH grant amounts.

LOAN PROGRAMS

Regent University students may apply for assistance through the Federal Stafford Direct and Graduate PLUS Loan programs. The University also participates in a variety of alternative education loan options through private lenders.

To have eligibility determined for a Stafford and/or Graduate Plus loan, the student must complete a Free Application for Federal Student Aid (FAFSA). Students pursuing a loan for the next academic year (beginning with the fall semester) should submit the FAFSA as close as possible to, but not before, January 1. Submission of the FAFSA by March 15 is recommended for students who will be attending the following fall semester. Federal loans can only pay for courses that are part of the student's degree plan.

Any United States citizen or eligible non-citizen enrolled at least half-time as a regular degree-seeking student may apply for any of the loan programs Regent University offers. Applications for loans should be submitted a minimum of two months prior to your final registration payment deadline to assist in expediting the arrival of funds for disbursement by the first day of classes.

Federal Direct Stafford Loan Program

Eligibility for the Stafford Loan Program is not based on credit history, unless the student has defaulted on a previous federal student loan or owes a repayment for an over-award of an undergraduate federal grant. The student must be making satisfactory academic progress in order to qualify for this program (see explanation below).

In order to qualify for a student loan (Stafford or private), a student must be enrolled and attend classes/submit assignments on at least a half-time basis. Half time is defined as follows:

Minimum number of credits for loans:	Fall	Spring	Summer
Undergraduate	6	6	6
SBL - Business & Leadership	5	5	5
Other Graduate Students	5	5	3
Doctoral Students	3	3	3

First-time Stafford Loan borrowers at Regent must complete online entrance counseling prior to disbursement of loan funds. In addition, all loan recipients must complete an exit counseling session prior to graduation, withdrawal, or otherwise ceasing to be enrolled on at least a half-time basis.

Disbursement of Stafford loans takes place no sooner than three days prior to the final payment deadline for the term (if timely application was made and all requirements are met). If a student withdraws from classes, a refund may be due to the student, and/or a "return of federal funds" calculation completed that may require some of the loan proceeds to be returned to the lender or paid back by the student. See the University refund policy, the Withdrawals and Return of Title IV Funds policy, and visit www.regent.edu/finaiddrop for more information. Any student who receives financial aid funds, but does not attend any of the classes (or complete any distance coursework) for which the disbursement was made is required to have the entire amount returned to the funding entity immediately. This is done by returning the payment received to Regent. Regent will, in turn, refund it to the funding entity on the student's behalf. This may result in a balance due the university.

Beginning with the 2012-13 award year, graduate students are no longer eligible for subsidized Stafford loans.

150% Direct Subsidized Loan Limit Information

Effective July 1, 2013, the Federal Government's Moving Ahead for Progress in the 21st Century Act (MAP-21, Public Law 112-141) established new Direct Loan Program regulations, which provide that a first-time borrower (on or after July 1, 2013) is no longer eligible to receive **additional** Direct Subsidized Loans if the period during which the borrower has received such loans meets or exceeds 150% of the published length of the program in which the borrower is currently enrolled. Under certain conditions, the provision also causes first-time borrowers who have exceeded the 150% limit to lose the **interest subsidy** on their Direct Subsidized Loans.

Note: With the exception of Career Switcher Alternative Route to Licensure students, graduate students are no longer eligible for subsidized Stafford loans (beginning with the 2012-2013 award year). However, for the purposes of this legislation, Regent University defines its Career Switcher Alternative Route to Licensure maximum program time limit as five years. Therefore, students in these programs will become ineligible for additional subsidized loans, and may lose interest subsidy on existing subsidized loans, after 7.5 years.

Unsubsidized Stafford Direct Loans

A graduate/professional student may be eligible for up to \$20,500 per academic year with the Unsubsidized Stafford Loan. Clinical Psychology students are eligible for a maximum of \$37,167 per academic year. Unsubsidized loans are not based on need and interest begins to accrue at disbursement. Borrowers may exercise the option of making monthly or quarterly interest payments before the principal repayment period begins, or deferring interest repayment and having the interest capitalized and added to the principal amount.

Note: Stafford loans may be consolidated once you are in the repayment period. Consolidation may extend the length of your repayment period and lower your monthly payments; however, the amount of interest paid over the life of the loan will increase substantially. Consolidation may or may not be the best option for you. Contact your lender for more information.

Federal Direct Graduate PLUS Loans

There are two types of PLUS Loans offered: Graduate PLUS and Parent PLUS (undergraduates only).

1. Graduate PLUS Loans are available to graduate students. Unlike private loans, Graduate PLUS Loans are based on adverse credit history, not your credit score. This difference should make the loan more easily obtainable for those with little or no credit history. Adverse credit includes the following:
 - One or more debts that are 90 or more days delinquent or that are in collection or have been charged off during the two years preceding the date of the applicant's credit report, but only if the total combined outstanding balance of those debts is greater than \$2,085.
 - Has been the subject of a default determination, bankruptcy discharge, foreclosure, repossession, tax lien, wage garnishment or charge-offs/write-off of a debt during the five years preceding the date of the credit report.
2. Parent PLUS loans are available to parents of dependent undergraduate students (see the Undergraduate Catalog for more information).

Alternative Education Loan Programs

For some students, the maximum Stafford Loan is not enough to meet the cost of attendance. For these students, private education loans are available to help bridge this gap. Private loans are not guaranteed and lenders will examine your credit history and may utilize a process of "credit scoring" to determine eligibility. Graduate students are advised to apply for the Graduate PLUS loan rather than a private loan. Contact the Central Financial Aid Office for more information. Information on loan repayment schedules is available.

Estimated Monthly Payments Based on a 10-year Repayment Period

Amount Borrowed	6.8% Interest	7.9% Interest
\$10,000	\$115	\$121
\$20,000	\$230	\$242
\$30,000	\$345	\$362

\$50,000	\$575	\$604
\$70,000	\$806	\$846
\$90,000	\$1,036	\$1,087

Deferment of Prior Loans

Students may apply to have their prior student loan payments deferred. It is the responsibility of the student to contact the lending institution and/or loan servicer to obtain the appropriate deferment forms. Students submit these forms to the Registrar's Office for processing. Usually, students go into an automatic, in-school deferment when they re-enter school, however, students must be enrolled at least half-time in order to qualify. The registrar's office notifies the National Student Clearinghouse after the conclusion of the Add/Drop period of your first semester.

Private Grants and Scholarships

Students are strongly encouraged to research other sources of private grants and scholarships. More information on private scholarships is available at www.regent.edu/privateaid.

Withdrawals and Return of Title IV Funds Policy

This policy applies to students who withdraw or are dismissed from enrollment at Regent University. It is separate and distinct from the [Regent University Refund Policy](#). The calculated amount of the "Return of Title IV Funds" that is required for students affected by this policy is determined according to the following definitions and procedures, as prescribed by regulation, and may or may not be the same as used in other contexts at the University.

A student who withdraws is one who either officially goes through a "withdrawal from the university," is administratively withdrawn, suspended, or withdraws from all of his or her courses taken for credit. Per federal regulation, if a student who began attendance and has not officially withdrawn fails to earn a passing grade in at least one course offered over an entire semester, Regent University must assume, for federal financial aid purposes, that the student has unofficially withdrawn, unless the university can document that the student completed the semester. In cases where Regent University cannot document that a student completed the semester, a Return of Title IV Funds calculation must be completed.

A student's withdrawal date is:

- the date the student began the institution's withdrawal process (as described in the University Catalog) or officially notified the institution of intent to withdraw; or
- the midpoint of the period for a student who leaves without notifying the institution; or
- the student's last date of attendance at a documented academically related activity.

A student may rescind his or her official notification to withdraw by filing a written statement that he or she is continuing to participate in academically-related activities and intends to complete the term (payment period) for which payment of Title IV funds were or would be received. The cancelled withdrawal is negated if the student subsequently ceases to attend prior to the end of the payment period. The withdrawal date then is the student's original date of withdrawal unless there is acceptable documentation showing a later date of attendance at an academically related activity and the University chooses to use such date.

Title IV aid is earned in a prorated manner on a per diem basis (calendar days) up to the 60% point in the semester. Title IV aid is viewed as 100% earned after that point in time. A copy of the worksheet used for this calculation can be requested from the Central Financial Aid office.

In accordance with federal regulations, when Title IV financial aid is involved, the calculated amount of the "Return of Title IV Funds" is allocated in the following order:

- Unsubsidized Direct Stafford loans
- Subsidized Direct Stafford loans
- PLUS loans

- Federal Pell Grants
- Other Federal Grants

Regent University is responsible for:

- providing students with the information given in this policy;
- identifying students who are affected by this policy and completing the Return of Title IV Funds calculation for those students; and
- returning any Title IV funds that are due the Title IV programs.

The student's responsibilities in regard to the return of Title IV funds include:

- Returning to the Title IV programs any funds that were disbursed to the student and which the student was determined to be ineligible for via the Return of Title IV Funds calculation.
- Any notification of a withdrawal should be in writing and addressed to the appropriate institutional official.
- A student may rescind his or her official notification of intent to withdraw. Submission of intent to rescind a withdrawal notice must be filed in writing.
- Either of these notifications, to withdraw or a rescission of intent to withdraw must be made to the official records/registration personnel in your school of attendance at Regent and the Regent University Registrar's Office.

If you believe that your individual circumstances warrant that your charges or refund should be determined in a manner other than the published University Refund policy or you would like examples of the worksheets for this Return of Title IV Funds policy, contact the Central Financial Aid office. The financial aid office may be contacted by calling 757.352.4125, or by e-mail at finaid@regent.edu.

This policy supersedes and replaces the prior required "Federal Title IV Refund Policy" portion of the Regent University refund policy. This policy is subject to change at any time, and without prior notice.

1. The term "Title IV Funds" refers to the Federal financial aid programs authorized under the Higher Education Act of 1965 (as amended). These programs include the following: loans under the Federal Direct Loan Program that encompasses subsidized and unsubsidized Federal Stafford loans (for graduate and undergraduate students), Federal Pell Grants (for undergraduate students), and other eligible Federal Grants (for undergraduate students).
2. Oral notification may be acceptable if the institution has acceptable documentation to verify the intent to withdraw.

SATISFACTORY ACADEMIC PROGRESS (SAP)

A student must be in an admitted/enrolled status as a regular student in a degree-seeking program and making satisfactory academic progress toward a degree, in order to be considered for participation in financial aid programs (federal and/or private) administered through the university's Central Financial Aid Office. Making satisfactory academic progress, for these purposes, means that a student must maintain a minimum prescribed cumulative grade point average (GPA) defined by the school, as well as proceed through the program at a pace leading to completion in a specified time frame. Satisfactory progress is measured at the end of each academic semester.

Minimum Requirements

A student achieving at least the minimums specified below will be considered making satisfactory academic progress.

- Minimum Cumulative GPA of 3.00 in the student's current academic program transcript level (except students in the J.D program transcript level which requires a 2.00 minimum, students in the MDiv, M.A. in Practical Theology, and M.S. in Cosmogony and M.S. in Cybersecurity programs which require a 2.50 minimum, and students in the ThM program which requires a 3.25 minimum).

- Successful completion* of 50 percent of all credits attempted at a particular transcript level of graduate and/or professional programs of study (e.g., general graduate, Law, MDiv, etc.)
 - * "Successful completion" is defined as credits finished with grades other than an "F," "I," "IP," "W," "WF," "WX," "FX," "NP," "NG," or "AU" at the time grades are posted for the term being reviewed and/or when the satisfactory academic progress review for the prior term is made.
- For students enrolled in a Master's (other than the ThM) or Juris Doctorate program, the student can be enrolled for no more than five calendar years from the beginning of the semester in which the program was initially begun, including periods of non-enrollment.
- For students enrolled in a doctoral program, the student has been enrolled for no more than seven calendar years from the beginning of the semester in which the program was initially begun (including periods of non-enrollment).
- For students enrolled in the Master of Theology program (ThM), the student has been enrolled for no more than two calendar years from the beginning of the semester in which the program was initially begun (including periods of non-enrollment).
- Student must be in otherwise good academic standing with the university (as defined by the university's academic policies). A student placed on academic probation is automatically on financial aid warning.

In the event that a student fails to meet any of the above criteria at the end of an academic semester/term, the student will be placed on "Financial Aid Warning" for the term immediately following period of enrollment. That is, a student in this category may receive financial aid for the next term of enrollment, but must meet the above stated minimums by the end of that time period. The second time that a student fails to meet one or more of the requirements, the student will no longer be making satisfactory academic progress for financial aid purposes. As a result, he or she will be ineligible for financial aid offered through the Central Financial Aid Office, including federal and private loans, scholarships, etc., for the following academic term in which the student may enroll.

Appeal Procedures

If a student is found to be ineligible for financial aid because satisfactory progress requirements were not met, the student may appeal this decision to the Dean of the School through the school's financial aid representative. Reasons for appeal may include such extenuating circumstances as prolonged illness, hospitalization, death of an immediate family member, etc. The appeal must be submitted in written form on a "Satisfactory Academic Progress Appeal for Financial Aid Form" and indicate the reasons why the minimum requirements were not met and why aid should not be terminated. Appealing students must also provide an academic plan on the Satisfactory Academic Progress (SAP) appeal form. In addition, students are encouraged to complete four online modules from the TG Learning Center. Information on how to access those modules is included on the SAP form.

The Dean of the School (or designee) will review the appeal and determine whether suspending aid is justified. The student and Central Financial Aid Office will be advised, in writing, of the decision. The Director of Central Financial Aid may consult with the Dean of the School regarding the decision provided before Central Financial Aid clears an ineligible status. To ensure federal compliance, the Central Financial Aid Office receives the right to override the decision of the school of enrollment. The decision of Central Financial Aid is final and cannot be appealed. If the appeal is approved, the student will be placed on financial aid probation.

Reinstatement

To reestablish satisfactory progress after being terminated from aid eligibility, a student must improve his/her academic standing to meet the designated standards.

Repeated Courses

When a course is repeated, the last grade points and credit hours earned replace the previous grade points and credit hours in computing the grade point average. Please refer to the university Catalog for the method in which repeated courses in the School of Law are calculated.

Transfer Students

Courses that transfer students took at previous institutions prior to attending Regent are counted as both completed and attempted hours; however, they do not affect a student's GPA at Regent, per the university's academic policy.

Periods of Non-Enrollment

Periods of non-enrollment in a particular degree program have no effect on a student's satisfactory academic progress upon reentering for these purposes, except that the maximum two- five- or seven-year time limit still applies (as described in "*Minimum Requirements*" above). Any exceptions to the time limit due to periods of non-enrollment must be appealed to the Dean of the school through the school's financial aid representative. See "Appeal Procedures" above.

Joint Degrees and/or Multiple Degree Programs

A joint degree student or student enrolling in multiple degree programs at different academic transcript levels (e.g., Law and Government, or a Master of Divinity, Ph.D. degree program and a master's degree program in Counseling, etc.) will be evaluated for SAP based upon each transcript level. Failure to meet the standards on either academic transcript level will classify the student as not making satisfactory academic progress for financial aid purposes.

Students having academic records in multiple programs at the same transcript level will be evaluated based upon all grades at that level, regardless of current enrollment status in any of the programs. It is vital that students monitor their classification in each academic program to ensure accurate representation of their intended degree plans, especially as it relates to satisfactory academic progress for financial aid purposes.

The maximum time limits as defined under "Minimum Requirements" above are still applicable to students in joint degree and/or concurrent multiple degree programs.

NOTE

The SAP policies are for financial aid purposes. They are required to ensure that recipients of federal student aid and other aid administered by the Central Financial Aid Office are meeting qualitative and quantitative progress toward their degree as required by program regulations and policies. A particular scholarship, grant, etc., offered through your school might have different individual award eligibility requirements unique to that particular award.

STUDENT EMPLOYMENT

In addition to awarding scholarships and grants, and administering the various loan programs, the Human Resources Department posts employment opportunities with Regent University, CBN, and other employers in the surrounding communities. The Human Resources Department is in no way responsible for placement or student/employer relations. Job postings do not necessarily imply University endorsement of the employer. See www.regent.edu/adminjobs for current job listings.

A limited number of part-time positions are available at the university. These jobs include assistants to individual professors and administrative staff, lab assistants, library workers, etc. Employment is normally limited to 20 hours per week. Applications for posted jobs are available from the Human Resources Department at www.regent.edu/admin/prsnel.

VETERAN'S BENEFITS

For information concerning veteran's benefits, contact the Military and Veterans Affairs office at 757-352-4757 or http://www.regent.edu/military/va_benefits/home.cfm. Allow 45 days for paperwork to be processed by the Veteran's Administration.

MORE INFORMATION

Central Financial Aid's website address is www.regent.edu/finaid. This page is updated regularly and provides the most comprehensive and up-to-date information available regarding financial aid programs at the University. We recommend students access it frequently for updated or new information, application dates, etc.

A very useful source of information is the Financial Aid Information Page (FINAID). It is one of the most highly accessed websites regarding financial aid, has been written about in numerous publications and has received a number of awards. We recommend students visit <https://www.finaid.org> for more information.

E-MAIL NOTIFICATION AND GENISYS®

The Central Financial Aid Office communicates primarily through electronic mail but also uses paper letters in order to communicate vital information to students. Once a student enrolls at the University, most communication will be made using the Regent University e-mail address assigned to each student. If you do not plan to utilize this e-mail address as your primary address, ensure you have made plans to check and/or forward these messages to a preferred e-mail address.

Students must access the online GENISYS® system to see financial aid awards, outstanding document requirements, etc. You will be provided with your login and password shortly after Central Financial Aid receives your first submitted financial aid document. Otherwise, you will receive this information after your acceptance to Regent. Develop a habit of frequently checking Genisys for the most up-to-date information about your status. If you do not have access to the GENISYS® system, please contact Central Financial Aid to arrange alternative notification options.

THE GRADUATE SCHOOLS

Regent University is composed of seven graduate schools— Business & Leadership; Communication & the Arts; Divinity; Education; Government; Law; and Psychology & Counseling – and the College of Arts & Sciences, which accommodates both graduate and undergraduate programs.

SCHOOL OF BUSINESS & LEADERSHIP

DEAN'S MESSAGE

“Do not be conformed to this age, but be transformed by the renewing of your mind, so that you may discern what is the good, pleasing and perfect will of God.” Romans 12:2

From its inception, Regent University's focus has been on transforming the world. The university's motto, *Christian Leadership to Change the World*, points to our desire to impact lives across the globe. The School of Business & Leadership is accomplishing this vision by developing Christian leaders in the areas of organizational leadership, business, and entrepreneurship. Moreover, we understand our mission not as separated from, but integrated with, the overall mission of the Church: seeking to fulfill both the Great Commandment and the Great Commission.

The School of Business & Leadership represents two distinct, yet related disciplines. Our online leadership programs address the relational aspect of people interacting together to build transformational organizations, while our online and on-campus business programs represent the creation and innovation of processes that help organizations produce goods and services. All of our programs provide a unique blend of knowledge, critical thinking, practical application, technology and Judeo-Christian values to enhance and empower professionals, entrepreneurs, emerging scholars, teachers and leaders to adapt to ever-changing organizational realities; to clearly communicate a vision, motivating others to action; and to discover and maintain a life-long pursuit of God's Truths for business, leadership and organizational development.

Meeting the most rigorous standards of excellence, our degree programs have earned prestigious accreditation by the Accreditation Council for Business Schools and Programs (ACBSP) and the Academy of Strategic and Entrepreneurial Leadership (ASEL). Additionally, our MBA program is ranked among the best in the nation by *U.S. News and World Report* (1st in Faculty Credentials and Training; 12th in Best Online Graduate Business Program for Veterans) and BestSchools.org (7th in Entrepreneurial MBA programs).

Through the use of innovative learning methods, our distinguished faculty of globally diverse scholars and skilled practitioners lead students in how best to bridge theory and practice, both inside and outside of the classroom, as well as facilitate the authentic spiritual formation of students and approach their teaching profession as their vocation, energized by a deep desire for God, love of Scripture and relationship with a Triune God. Ultimately, we understand our call as educators to support students in their chosen discipline to be shaped into a people who desire the kingdom of God and thus, undertake their own vocations as an expression of that desire.

MISSION AND PHILOSOPHY

The School of Business & Leadership supports the mission and vision of Regent University by:

Preparing people to build and lead transformative organizations that improve the well-being of all stakeholders including, but not limited to, owners, leaders, clients, partners, employees, societies and the greater global kingdom.

Establishing a forum grounded in biblical foundations for reflection, thought, research, publication and dissemination of values-based worldview issues regarding leadership and entrepreneurship, thereby influencing a global community of leaders, followers, employees, clients and societies.

Delivering quality graduate education in leadership, management and entrepreneurship through on-campus interaction and/or online computer-mediated methods and blended learning/teaching styles to meet the needs of a diverse student population.

Providing learning environments that foster critical thought, scholarship and practical application so that students who complete our graduate programs become transforming leaders and entrepreneurs within global spheres of influence.

DISTINCTIVES OF THE SCHOOL

The School of Business & Leadership distinguishes itself from other graduate and doctoral programs by the following characteristics:

- **Leadership and Business Education from a Christian Worldview:** For those engaged in business, management or leadership of an organization, the School of Business & Leadership provides a unique perspective in innovation, excellence and the impact of biblical principles in today's world as well as strategizing for tomorrow's opportunities.
- **Entrepreneurial Perspective:** Whether our students plan to work for a large company or start their own organization, our emphasis on creativity, innovation, and change will help them develop and implement new ideas to serve ever-changing global markets. Furthermore, our MBA program is accredited by the Accreditation Council for Business Schools & Programs (ACBSP).
- **Online Distance Education:** Without sacrificing the quality or rigor of graduate and doctoral studies, SBL operates within a virtual, autonomous learning environment that accommodates almost any schedule.
- **Multidisciplinary Leadership Programs:** Focusing on Christian leadership training and the development of leadership paradigms that apply to a variety of organizations, our leadership degree programs are accredited by the Academy of Strategic and Entrepreneurial Leadership (ASEL) and can be applied to any type of organization including for-profit, nonprofit, church, parachurch, government, and educational institutions at all levels.

PROGRAM OVERVIEW

More than any other time in history, companies, organizations, and nations need proven, qualified leaders. These leaders distinguish themselves through their vision, their ability to conceive and implement strategies, and their ability to transform organizations and the lives of the people within those organizations.

Regent University's School of Business & Leadership recognizes society's need for this exceptional type of leader; therefore, the SBL experience extends beyond traditional theory and practical application in the fields of business and leadership to allow for the wisdom and inspiration that come from God. This spiritual foundation inspires innovation, encourages excellence and maximizes the gifting of promising, transformational leaders and scholars.

The School of Business & Leadership offers the following masters degrees:

- Master of Business Administration (MBA)
- Master of Arts (M.A.)
 - Business & Design Management (MABD)
 - Church Leadership (MACL)
 - Not-For-Profit Leadership (MANFPL)
 - Organizational Leadership (MAOL)

The School of Business & Leadership offers the following doctoral degrees:

- Doctor of Philosophy (Ph.D.) in Organizational Leadership

- Doctor of Strategic Leadership (DSL)

The School of Business & Leadership offers the following non-degree (for-credit) certificates:

- Certificate of Graduate Studies in Franchising (CGS)
- Certificate of Graduate Studies in Leadership (CGS)
- Certificate of Advanced Graduate Studies (CAGS)
- Certificate of Post-Doctoral Studies in Organizational Leadership (CPDS)

ADVANCED STANDING

Students who complete the M.A. in Organizational Leadership, the M.A. in Not-For-Profit Leadership, or the M.A. in Church Leadership receive a maximum of 9 credit hours of Advanced Standing in the Doctor of Strategic Leadership (DSL) under the following conditions:

- Courses approved for advanced standing must have been completed within 10 years of start of DSL program.
- Courses with grades of B- and below will not be considered for advanced standing.
- Students must still apply for acceptance to the DSL program after completion of one of the listed above masters programs.
- Advanced Standing will be granted for any of the following courses (up to a maximum of 9 credits):
 - LMOL 601 (3) for LDSL 723 (3)
 - LMOL 603 (3) for LDSL 730 (3)
 - LMOL 605 (3) for LDSL 721 (3)
 - LMOL 606 (3) for LDSL 711 (3)
- If students received transfer credit or Advanced Standing from another university as part of a MOU for one of SBL's M.A. degrees and that course is one of the courses that qualifies for Advanced Standing, SBL will grant the Advanced Standing.

JOINT DEGREES

The School of Business & Leadership (SBL) offers students the opportunity to pursue a joint degree between its MBA and its other master's degrees. Students must apply and be accepted to both programs as a joint degree student. Under the joint-degree agreement, students complete 27 (instead of 33) credit hours in SBL's masters and 36 (instead of 42) credit hours in the MBA program. The credit hour reductions apply to elective courses only and no courses may be counted double.

In addition, School of Business & Leadership master's students have the opportunity to pursue joint degrees between the School of Business & Leadership and other graduate schools at Regent University. Under a joint degree arrangement, students must apply and be accepted in both schools as a joint degree student. Joint degree students subsequently earn a separate degree from each school and must complete both degree programs before being approved for graduation. Completion of these two degrees usually requires two to three years of full-time study. The School of Business & Leadership joint degree requirement for the MBA is a reduction of 6 credit hours to 36 credit hours consisting of 30 credit hours of core coursework and 6 credit hours of electives. The School of Business & Leadership joint degree requirement for the M.A. is a reduction of 6 credit hours to 27 credit hours. The credit hours reductions apply to elective courses only and no courses may be counted double.

COMBINATION OF DEGREES

Regent University offers a combination of degree programs that allow selected undergraduate students from Regent University's College of Arts & Sciences to take specified courses related to their majors from an appropriate designated Regent graduate school. Undergraduate students must still complete 120 hours for their bachelor's degree, with the master's courses counting toward that total. Students may then enter the master's program (if accepted) with master's credit and/or advanced standing for those undergraduate courses taken. Students who intend to obtain master's credit for these undergraduate courses must complete additional coursework, more advanced in academic content, as determined

by both schools. To participate in a combination of degree programs, an undergraduate student must normally submit an application to the appropriate Regent graduate school during his or her junior year. Students pursuing the B.S. in Business and MBA must select the General Management concentration. Students pursuing the B.A. in Leadership Studies and M.A. in Organizational Leadership must select the Interdisciplinary studies concentration. The School of Business & Leadership offers the following combination of degree programs for students from Regent University's College of Arts & Sciences.

- **B.S. in Business & MBA**

The following undergraduate courses & courses (6 credits) will be counted toward MBA concentration requirements**:*

MGMT 280 Principles of Management (3)

MGMT 370 Managerial Decision-Making (3)

The following graduate courses (6 credits) will be counted toward B.S. Business elective course requirements**:*

MBA 600 Corporate & Personal Ethics (3)

MBA 621 Innovation & Technological Success (3)

*University Advising will automatically petition the Registrar's Office for Advanced Standing for these courses, provided the following conditions are met:

- The course is completed with a grade of B or higher and the student maintains an overall GPA of 3.00 or higher within the undergraduate degree.
- Students must complete their Bachelor's degree at Regent University.

**Students must work with their academic advisor on selecting their remaining elective courses. Students participating in the Combined Programs policy will pursue the General Management concentration in the MBA.

- **B.A. in Leadership Studies & M.A. in Organizational Leadership (MAOL)**

The following undergraduate courses (6 credits) will be counted toward MAOL concentration requirements**:*

MGMT 280 Principles of Management (3)

MGMT 370 Managerial Decision-Making (3)

The following graduate courses (6 credits) will be counted toward B.A. in Leadership Studies as elective course requirements**:*

LMOL 601 Foundations of Leadership: History, Theory, Application & Development (3)

LMOL 602 Organizational Development: Consulting, Design, Intervention & Evaluation (3)

*University Advising will automatically petition the Registrar's Office for Advanced Standing for these courses, provided the following conditions are met:

- The course is completed with a grade of B or higher and the student maintains an overall GPA of 3.00 or higher within the undergraduate degree.
- Students must complete their Bachelor's degree at Regent University.

**Students must work with their academic advisor on selecting their remaining elective courses. Students participating in the Combined Programs policy will pursue the Interdisciplinary concentration in the MAOL.

FINANCIAL AID

A graduate education requires a significant investment of time and money, but the payoff in terms of personal satisfaction and career advancement is well worth it. Regent University has many forms of financial aid available including scholarships, grants, tuition discounts for military and government employees, and participation in the federal student loan program. Students are encouraged to explore the various financial aid opportunities noted on the Financial Aid website at www.regent.edu/edu/admin/finaid/grads.cfm.

SBL Need-Based Grants

Students in the School of Business & Leadership who can demonstrate need as evidenced by a completed financial condition statement on the School of Business & Leadership Financial Aid Application may be eligible for one of ten financial awards. Regent Business & Leadership Need-Based Grants are awarded at the discretion of the Financial Aid

Committee and may be influenced by other scholarships and the student's employment status. Students who wish to be considered for need-based assistance will be required to document that they have also sought other self-help funds, namely, student loans. These grants are last-dollar funds and typically only go to students experiencing extreme hardship or those who have exhausted all other sources of funding, including student loans. Students who wish to be considered must be an active, full-time, degree-seeking student in the School of Business & Leadership and submit the SBL Financial Aid Application along with the FAFSA. Non-U.S. citizens may be required to submit additional financial information to be eligible for consideration.

Each award is given based on a full academic year of enrollment and presumed number of credit hours per semester. If a student receives an award and then reduces his or her enrolled credits, then the amount of the award will be reduced according to the percentage of credits below the presumed number of credit hours. If awarded, students must reapply each academic year.

Some of these awards are funded through the generosity of friends and alumni of Regent University. Students who receive an award funded by one of these donors will be asked to write a letter of acknowledgement and thanks to the donor. At the time of the award, information regarding the acknowledgment letter will be provided to scholarship recipients. Regent University's Office of Advancement requires that the letter be received by their office before the funded award monies are transferred to the student's account.

While no financial award carries with it an encumbrance to contribute back to Regent, all students are asked to consider the generosity of Regent friends and alumni who have contributed to the financial support of the university and to, likewise, become supporters of the university after graduation.

Sub-Saharan Scholarship

The School of Business & Leadership seeks to support the education and development of current and future leaders in Sub-Saharan Africa by providing a limited number of 50% scholarships each year. To be eligible for consideration for this scholarship, a student must submit a copy of both proof of citizenship and residence in a Sub-Saharan country and a statement to attest that he/she plans to remain in Sub-Saharan Africa following the completion of the degree. The application review committee considers the award of a Sub-Saharan African scholarship at the time of the committee's review for acceptance.

Military Tuition Discount Programs (SBL-Based)

The School of Business & Leadership provides tuition rate reductions for those who are serving on active duty in the United States military or their spouses. The current tuition rate reductions are as follows:

- 25% tuition rate reduction for SBL courses in our graduate and certificate programs
- 10% tuition rate reduction for SBL courses in our doctoral and advanced graduate certificate programs

Active Duty Personnel

Active duty students who qualify for this tuition reduction must submit a copy of the Leave and Earnings Statement (LES) or active duty orders to (faforms@regent.edu or fax: 757.352.4118) to verify their active duty status and have the reduction applied to their accounts. Qualified students need to verify their active duty status each semester for which they intend to receive this tuition reduction.

Spouses of Active Duty Military Personnel

Spouses of active duty military personnel who qualify for this tuition reduction need reduction must submit a copy of their spouse's Leave and Earnings Statement (LES) or active duty orders to (faforms@regent.edu or fax: 757.352.4118) to verify their current military dependent status and have the reduction applied to their accounts. Qualified spouses need to verify their military dependent status each semester for which they intend to use this tuition reduction.

Military Education Benefits

Education benefits are available to U.S. military veterans and personnel. Benefits are certified by the Business Office. Regent University students who are also veterans receiving Department of Veterans Affairs benefits, are encouraged to review the information found on the Veteran's Benefits web page at: www.regent.edu/admin/busoff/veteran-benefits.cfm. More information is available on the official Department of Veterans Affairs web page at: www.gibill.va.gov/.

Military Partnerships

Regent University's Military Affairs Office maintains a number of military partnerships that are noted on their website. The following partnerships are specific to the School of Business & Leadership.

Joint Forces Staff College

Regent has a Memorandum of Agreement to articulate JFSC student credit for completion of Joint and Combined Warfighting School (JCWS) into our School of Business & Leadership, Robertson School of Government and School of Education. This agreement allows for advanced standing of up to 9 credit hours toward SBL's M.A. in Organizational Leadership. The degree requires a minimum of 33 credit hours for completion.

Army Logistics University (ALU)

The Army Logistics University (ALU) partnership with Regent University provides advanced standing of up to 12 credit hours for graduates of ALU's courses who enroll in Regent's Master's in Organizational Leadership program. This program is housed in Regent's School of Business & Leadership (SBL).

Defense Acquisition University (DAU)

The Defense Acquisition University (DAU) partnership with Regent University provides advanced standing for graduates of the DAU program manager's course who enroll in Regent's organizational leadership or government (public administration) master's programs. Various other DAU courses will also transfer for credit toward Regent undergraduate and graduate courses.

Army ROTC at Old Dominion University

Regent University is proud to join forces with the Army ROTC at Old Dominion University (ODU) in Norfolk, Va. With this joint agreement, School of Business & Leadership master's students can take courses toward a Regent University degree while fulfilling their Army ROTC commitment with ODU. Students desiring to attend Regent on an Army graduate scholarship must first apply to Regent University for admission, and then to the Army ROTC at ODU for the graduate scholarship.

Church Matching Scholarship Program (*Up to \$750 match per semester*)

The School of Business & Leadership will match any church submitted support, dollar for dollar, up to \$750 per semester while a student is enrolled full-time or up to \$375 per semester for ½ -time and ¾ -time enrollment. These funds can only be applied toward tuition and will not be held from one semester to the next.

Corporate Partner Employee Benefits

Regent University maintains corporate partnerships with various for-profit and nonprofit organizations that seek educational benefits for their employees as well as access to the significant research and consulting resources available through the university. When a student's employer participates in Regent University's Partners Benefit Plan, the student gains a tuition discount benefit of 25% off the cost per credit hour for the programs offered through the School of Business & Leadership.

Merit Scholarships

Merit Scholarships are based on the student's admission review score as determined by the program Admissions Review Committee. The awards are determined at the point of admission – no application is required. Students whose graduate academic records show strong academic potential may qualify. The Admissions Review Committee has full discretion in awarding this scholarship. Factors weighed in awarding these scholarships include: GMAT or GRE scores (if applicable), GPA, rigor of graduate program(s), undergraduate and graduate institution(s), academic accomplishments during career, and mission-alignment and fit.

The Merit Scholarships are for the duration of full-time enrollment and presumed number of credit hours per semester. If a student receives an award and then reduces his or her enrolled credits, then the amount of the award will be reduced according to the percentage of credits below the presumed number of credit hours, and may automatically renew as the student remains in good academic standing within the graduate program. A student may be offered a merit tuition discount if the student does not qualify for a funded scholarship, corporate discount, military discount, Sub-Saharan discount, or other established discount.

Student Loan Programs

Regent University participates in various student loan programs. For full details, see the Financial Aid section of this catalog or view the information online at: www.regent.edu/admin/finaid/loans.cfm

Undergraduate Alumni Discount & Benefits

Regent University College of Arts & Sciences graduates with a GPA of 3.3 or higher will receive the following benefits should they decide to pursue graduate study in the School of Business & Leadership:

- Admission application fee waiver
- GRE admissions requirement waived
- Streamlined admission application process
- \$500 scholarship per semester (maintained by good academic standing)

Please note: All School of Business & Leadership applicants must meet the graduate admission requirements prior to applying for Regent University scholarships.

CAREER OBJECTIVES

A variety of positions are available to students graduating from the School of Business & Leadership, including, but not limited to, faculty positions in both the public and private sectors ranging from primary to college level; middle and upper administrative positions within businesses, churches, schools, universities, missions organizations, government administration, and consulting. Our programs also prepare students for positions in middle- and upper-management, not-for-profit, ministry, government agencies, and entrepreneurial ventures. Most School of Business & Leadership students are employed throughout the program and use the degree to either advance their current careers or venture into new endeavors. A number of students have been promoted within their current organizations or have been offered leadership positions elsewhere prior to completing the degree. The School of Business & Leadership does not offer placement services, however the university's Career Center offers a number of services, seminars and resources that are available to both on-campus and online students.

Students with limited employment history within their field of study, or those who are planning to change careers after completing the degree, are encouraged to seek internships and mentoring and networking opportunities while studying at Regent University.

STUDENT PROFILE

Representing a wealth of diversity in professional, ethnic, and denominational backgrounds, our students embrace the many opportunities to interact with peers in group projects and online discussions. This interactive process allows students to naturally grow as they encounter ideas, people, and experiences different from their own.

Our student body numbers approximately 690 and is comprised of computer literate, mid to upper-level career professionals who are committed to embracing the rigors of a life-changing master's or doctoral program and who desire to transform lives and organizations through the implementation of sound Judeo-Christian values, ethical business and leadership practices, and God-given wisdom. Our students represent various Christian affiliations, ethnic origins, and nationalities. We facilitate students across the U.S. and around the world. Forty-three percent are women, 57% are men, 32% are minority students, and 17% are international students.

ADMISSIONS REQUIREMENTS

Master's Degree Admission Requirements

Applicants to our master's degree programs must have earned a bachelor's degree from a regionally accredited institution or an equivalent degree from a foreign institution, as evaluated by a credential evaluation agency. Refer to the Admission to Regent Graduate Schools section of this catalog for additional information regarding admission procedures and requirements. Master's applicants to the School of Business & Leadership must submit the following:

1. School of Business & Leadership Application form online
2. \$50 non-refundable application fee
3. Professional Resume or Curriculum Vitae

4. Official Graduate Management Admissions Test scores (GMAT), official Graduate Record Exam (GRE) scores, or receive a test score waiver at the discretion of the Admissions Committee members
5. Admissions Essay
6. Official transcripts indicating successful completion of a bachelor's degree program from an accredited or approved unaccredited institution.

If an applicant decides not to enroll, the School of Business & Leadership maintains the accepted status for one year from the applicant's initial enrollment semester as noted on the application. After one year, anyone wishing to re-apply must submit a readmission application to be reconsidered for the applicable program.

Doctoral Degree Admission Requirements

Applicants to our doctoral degree programs must have earned a master's degree from a regionally accredited institution or an equivalent degree from a foreign institution, as evaluated by a credential evaluation agency. The school requires doctoral applicants to have at least three years of relevant professional experience and evidence of reasonable potential to successfully complete the Ph.D. in Organizational Leadership or the Doctor of Strategic Leadership, including a comfortable working knowledge of electronic communication.

Refer to the Admission to Regent Graduate Schools section of this catalog for additional information regarding admission procedures and requirements. Doctoral applicants to the School of Business & Leadership must submit the following:

1. School of Business & Leadership Application form online.
2. \$50 non-refundable application fee.
3. Professional Resume or Curriculum Vitae.
4. Admissions Essay.
5. Doctoral Writing Sample on topic provided, demonstrating the applicant's research, writing, analytical, and problem-solving skills.
6. Official transcripts indicating successful completion of a bachelor's and master's degree program from an accredited or approved unaccredited institution.

The school will notify applicants if additional requirements are needed. If an applicant decides not to enroll, the School of Business & Leadership maintains the accepted status for one year from the applicant's initial enrollment semester as noted on the application. After one year, anyone wishing to re-apply must submit a readmission application to be reconsidered for the applicable program. Due to the high number of qualified applicants and the competitive nature of entry into the doctoral programs, automatic deferral of entry is not permitted.

Admission for International Students

Please refer to the Admission for International Students section of this catalog for information regarding admissions procedures and requirements for international students.

ACADEMIC POLICIES

Enrollment Policy

Students enrolled in the School of Business & Leadership may be enrolled in 3 to 16 credit hours per semester. A full-time course load for the master's programs is 9 credit hours per semester. A full-time course load for the doctoral programs is 6 credit hours per semester. This works well for those students employed full time. A doctoral student may take additional course hours above the normal load up to 16 credit hours per semester if they:

1. Have completed at least one full semester with a 3.0 GPA or higher.
2. Petition and gain approval from the dean of the School of Business & Leadership.

Tuition for courses taken through other Regent University schools outside the School of Business & Leadership programs will be charged at that school's per-credit-hour rate. Those courses may or may not be approved for transfer into the School of Business & Leadership programs. Students should consult their advisor prior to registration.

Transfer of Graduate Credits

Students who have been admitted into the doctoral or master's degree programs may request that graduate-level coursework completed at another accredited college or university be applied toward their degree at Regent University. For information concerning the university's Transfer of Credit policy, refer to the Admission to Regent University section of this catalog.

Additional requirements for those students transferring graduate credits into the School of Business & Leadership programs are as follows:

- A maximum of 6 credit hours may be applied toward the MBA and M.A. programs.
- A maximum of 9 credit hours may be applied toward the coursework of the Ph.D. in Organizational Leadership and the Doctor of Strategic Leadership.
- The school does not offer credit for portfolio-based experiential learning undertaken prior to admission into its programs.
- Graduate courses that students complete at other institutions after they have enrolled in the School of Business & Leadership programs at Regent University are not accepted for transfer.

Students requesting transfer credits for elective courses must obtain approval from their faculty advisor.

Satisfactory Progress

Students are considered to be making satisfactory progress if they are completing a minimum of 12 credit hours of coursework each academic year with a GPA of 3.0 or above. In addition, satisfactory progress requires that no student have more than two courses with either an Incomplete or In-Progress grade at the start of any single semester.

If a student is maintaining satisfactory progress, the Certificate of Graduate Studies can be completed within 12 months and the master's degree can be completed within three years. However, the maximum time that is permitted to complete all coursework at the master's level is five years.

If a student is maintaining satisfactory progress, the doctoral programs can each be completed within five years. However, the maximum time permitted to complete all doctoral coursework is seven years.

Students who are not maintaining satisfactory progress may be placed on academic probation. Each semester, students on probation will be reviewed for continuance in the program. If they remain on probation for more than one semester, they may be dismissed from the program.

Students who have been dismissed may petition for reinstatement through the School of Business & Leadership Dean's Office. All petitions for reinstatement will be considered on an individual basis. Reinstatement will be granted only on a petition demonstrating that there is a strong likelihood that the student possesses motivation and capacity to successfully complete the academic requirements. The dean shall notify the student in writing of the decision regarding reinstatement. Students who are reinstated shall be required to comply with any conditions set forth in the letter of reinstatement.

FACULTY ACCESS

Members of the Regent University faculty are available to students through a variety of means, including the Internet, email, telephone, and the postal service. Scheduled in-person appointments with faculty members are also available for students living in or visiting the Virginia Beach area.

STUDYING ONLINE AT REGENT

All School of Business & Leadership programs are offered online. From the onset, our online students are exposed to virtual communication and to the mass of worldwide information available. Significant portions of the online programs are delivered via global communication links. In this format, faculty conferences, and exchanges between students are virtual. This delivery model is an essential component in a graduate program, providing leaders with Internet and computer communication skills that must become second nature. Future scholarship and lifelong learning in the leadership discipline require expertise in these skills.

Computer Requirements

Since the School of Business & Leadership programs are delivered primarily through computer-mediated learning, computer literacy is required of all students. Given the rapid rate of change in computer technology, please visit www.regent.edu/it/helpdesk/document/standards.cfm for the most current information regarding computer requirements and support.

Doctoral Residency

The School of Business & Leadership is committed to the historical foundations of the doctoral degree in which a community of scholars is created among faculty mentors and student-scholars. Regent University mirrors this historical tradition by using student cohorts, intensive on-campus residencies and a variety of interactive discussion modes that extend beyond topical course discourse.

Doctoral Students Enrolled Fall 2016 and Beyond

The DSL program in the School of Business & Leadership include two required residencies, each covering four days and held on the campus of Regent University in Virginia Beach, Virginia. The first residency covers program orientation and guidelines, the library use course (UNIV LIB Information Research & Resources) as well as in-class instruction for the first two courses of the core curriculum. The second residency focuses on class instruction for the courses to be taken in the semester as well as doctoral program requirements such as and the DSL Final Project.

The Ph.D. program in the School of Business & Leadership includes two required residencies. The first residency covers program orientation and in-class instruction for some of the Block One Courses. The second residency focused on quantitative analysis and in-class instruction for some of the Block Two Courses. LPHD 759, a zero-credit online course, is used at the end of all coursework to help prepare students for the comprehensive exams and the dissertation.

Students Enrolled Fall 2014 to Summer 2015:

Doctoral students who began their doctoral program at Regent in Fall 2014 to Summer 2015 complete three residencies.

Students Enrolled Prior to Fall 2014:

Doctoral Students who began their doctoral program at Regent prior to Fall 2014 do not have residency.

Masters Residency (Optional for MBA and M.A. Students)

Students enrolled in the MBA and M.A. programs are welcome to attend an optional residency, which provides an excellent opportunity to network with other students, learn more about Regent University and meet personally with the faculty and staff of the School of Business & Leadership.

DEGREE PROGRAMS

Recognizing that true leadership is a combination of education and God-given talent, the School of Business & Leadership offers several graduate programs that provide the educational foundation to enhance one's leadership and entrepreneurial abilities and meet various needs in the global marketplace. The select faculty members who teach in these programs have proven themselves in both application and research. In addition, the unique multidisciplinary nature of the School of Business & Leadership programs allows students from a variety of professional backgrounds to interact with one another and faculty, incorporating firsthand professional experience into online class discussions that enhance the pure and applied research found in these programs.

Doctor of Philosophy Degree (Ph.D.)

Ph.D. in Organizational Leadership Program (60 credit hours)

(Program delivered online with some required face-to-face components.)

The degree of Doctor of Philosophy at Regent University is awarded in recognition of high attainment in a special field of knowledge. Ph.D. students must pass the qualifying examination for the Ph.D. degree and present an acceptable

dissertation within their field of study which presents the results of independent, original research. The degree program's emphasis is on preparation for competent professional and scholarly performance.

The Ph.D. in Organizational Leadership is a research-based terminal degree that seeks to immediately enhance the leadership abilities and roles of strategic mid-career professionals through its multidisciplinary theoretical approach, enabling these professionals to influence and invigorate organizations around the world as scholars, teachers, and leaders. Students select one of five concentrations in which to specialize: Ecclesial Leadership, Entrepreneurial Leadership, Human Resource Development, Individualized, or Organizational Leadership. The required core courses provide a multidisciplinary foundation, integrating knowledge and research from the disciplines of psychology, sociology, theology, and organization theory, as well as from allied disciplines. The central theme of the program is to provide a terminal degree that synthesizes knowledge from these diverse fields into a focused yet flexible plan of study that is useful to leaders in all forms of organizations. Undergirding the entire program are critical thinking, scholarly research, writing and learning from a Judeo-Christian worldview.

The Ph.D. can be completed in a minimum of three years (nine semesters), but usually is completed in four to four and a half years. The maximum time allowed to complete the program is seven years.

A minimum of 60 credit hours is required beyond the master's degree to complete the Ph.D. It is, however, the demonstration of independent scholarly ability at the doctoral level, rather than the mere accumulation of credits, that is required to successfully complete the program.

Dissertation

A candidate for the Ph.D. degree must present an acceptable dissertation. The dissertation demonstrates that the candidate has technical competence in the field and has done research of an independent character. It must add to or modify what was previously known, or present a significant interpretation of the subject based upon original investigation and research. Each Ph.D. student must register for a minimum of 12 credit hours of dissertation research. If a student needs additional time to complete the dissertation after registering and paying for 60 credit hours, the student then continues to register for one dissertation credit hour per semester for each semester until the dissertation is successfully completed and defended.

Ph.D. Core Curriculum

All students in the Ph.D. in Organizational Leadership degree program complete the following core curriculum in the sequence and semesters specified.

	Blocks one and two must begin with the residency course	All courses in Block one must be completed prior to taking courses in Block two or may take LPHD 754 concurrently with the last Block one course.				
Courses		Must complete all core content and research/analysis courses before taking a concentration course, or the first concentration course may be taken concurrently with the last core course

*These courses have one or more prerequisites.

** All students are required to take UNIV LIB (0), but the course is waived if a student successfully completes UNIV 500 (2). Student are registered for UNIV 500 instead of UNIV LIB based on their admissions writing sample score.

(R) Required Residency Course

Ph.D. Residencies

The Ph.D. program in the School of Business & Leadership includes two required residencies. The first residency covers program orientation and in-class instruction for some of the Block One Courses. The second residency focused on quantitative analysis and in-class instruction for some of the Block Two Courses. LPHD 759, a zero-credit online course is used at the end of all coursework to help prepare students for the comprehensive exams and the dissertation.

Ph.D. Concentrations

Students select from one of five concentrations in which to specialize: Ecclesial Leadership, Entrepreneurial Leadership, Human Resource Development, Individualized, or Organizational Leadership. For the Individualized concentration the Ph.D. student, in consultation with and approved by his/her advisor, will design concentration area of 15 credit hours that reflects the student's doctoral research interests. Courses may be selected from not only those associated with the other four concentrations but also doctoral level courses offered in any of the Regent University graduate schools. If other Regent graduate courses proposed in a concentration require prior approval for SBL Ph.D. student participation, this approval must be obtained and provided to the student's academic advisor. The approved ADP specifying a student's concentration courses must be established by the conclusion of the fourth semester.

A student's concentration must be approved by his/her academic advisor. If other Regent graduate school major courses proposed in a concentration require prior approval for SBL Ph.D. student participation, this approval must be obtained and provided to the student's academic advisor.

Admission to Candidacy

Admission to the Ph.D. program does not constitute or guarantee a student's admission to candidacy for the Ph.D. in Organizational Leadership. Admission to candidacy is contingent upon the following:

- Successful completion of coursework (with at least a 3.0 GPA).
- Successful completion of comprehensive examinations.
- Successful completion and defense of the dissertation proposal.
- The recommendation of the student's doctoral committee.
- Approval by the doctoral faculty committee.
- Approval by the SBL faculty.
- Compliance with all applicable requirements of Regent University.

Doctor of Strategic Leadership Degree (DSL)**DSL Program (60 credit hours)**

(Program delivered online with some required face-to-face components.)

The Doctor of Strategic Leadership (DSL) is a terminal professional degree designed to provide immediate solutions for today's organizational challenges through its applied multidisciplinary approach, enabling professionals to effectively renew and transform the organizations they lead. The DSL emphasizes the value and implementation of effective organizational leadership, organizational communication, structure, and development in relation to people, team building, and cultural understanding. While this program is thoroughly grounded in theoretical concepts, the courses place greater emphasis on the practical components of those theories essential to the student's leadership of the organization and the processes critical to organizational transformation.

Graduates of the DSL program will possess a comprehensive framework for effective leadership applicable to organizations of all sizes. This includes business enterprises, nonprofit organizations, educational institutions, government agencies and the military.

Students may select one of several concentrations in which to specialize: Ecclesial Leadership, Global Consulting, Healthcare Leadership, Leadership Coaching, Servant Leadership, Strategic Foresight, or Strategic Leadership. All of the courses in the doctoral program incorporate the underlying scriptural principles that are essential to creating and sustaining transforming organizations.

The DSL can be completed in as little as three and a half years, but most likely in four to four and a half years. The maximum time allowed to complete the program is seven years.

Requirements

- Completion of all required coursework (core and electives)
- Completion of a minimum of 6 credit hours of the DSL Project
- Completion of all requirements associated with the DSL Project

If a student needs additional time to complete the DSL Project after registering and paying for 60 credit hours, the student then continues to register for one DSL Project credit per semester for each semester until the project is successfully completed and defended.

DSL Residencies

The School of Business & Leadership programs are committed to the historical foundations of the doctoral degree in which a community of scholars is created among faculty mentors and student scholars. Regent University mirrors this historical tradition by using intensive on-campus residencies and a variety of interactive discussion modes that extend beyond topical course discourse. The DSL program includes two required residencies each covering 4 days. The first residency covers program orientation and guidelines, the library use course (UNIV LIB Information Research & Resources) as well as in-class instruction for the first two courses of the core curriculum. Admission to Candidacy

Admission to the doctoral program does not constitute or guarantee a student's admission to candidacy for the DSL degree. Admission to candidacy is contingent upon the following:

- Successful completion of coursework (with at least a 3.0 GPA)
- The recommendation of the student's final DSL project chair
- Approval by the doctoral faculty committee
- Approval by the SBL faculty
- Compliance with all applicable requirements of Regent University

Certificate of Advanced Graduate Studies (CAGS) in Leadership (30 credit hours)

The CAGS in Leadership provides a solid foundational understanding of leadership, enabling students to positively influence organizations and continue doctoral study in the Ph.D. in Organizational Leadership or the DSL program. Students must be enrolled in either the Ph.D. or the DSL program to earn the CAGS.

Once a student has successfully completed the program orientation and 30 credit hours of doctoral coursework, he/she may choose to receive the CAGS. In some cases, attaining this post-graduate certificate assists students with job promotion and/or salary increase. Once a student reaches this level, he/she is encouraged to continue his/her studies to complete the Ph.D. or DSL, which involves an additional 30 credit hours of coursework an integrative paper or comprehensive exam, and a DSL project or scholarly dissertation, depending on the doctoral program in which the student is enrolled. Students wanting to receive the CAGS must complete and submit the CAGS Graduation Application found on the Registrar's Office web page.

Certificate of Post-Doctoral Studies in Organizational Leadership

The online Certificate of Post-doctoral Studies in Organizational Leadership is currently a non-degree program and provides an avenue for those with a doctoral degree in a field other than organizational leadership to add to their base of knowledge and research. Students complete two required doctoral-level organizational leadership courses along with four 3-credit doctoral concentration courses in one of the four Ph.D. in Organizational Leadership concentrations: Ecclesial Leadership, Entrepreneurial Leadership, Human Resource Development, or Organizational Leadership. Students will participate in organizational research projects at the conclusion of the certificate program; therefore, those who apply to this program are expected to have earned a theory/research-based doctorate from an accredited institution* prior to beginning the post-doctoral certificate program.

*If an applicant's doctorate is granted from an institution outside of the U.S., then the institution must have an equivalent status as an accredited university in the U.S.

Requirements

In order to receive the Certificate of Post-Doctoral Studies in Organizational Leadership, students must apply to and obtain acceptance into the program. Furthermore, students must complete the following coursework:

Master of Arts Degrees (M.A.)

M.A. in Business & Design Management (33 credit hours)

Unlike historical business, modern business is a wildly dynamic and highly competitive marketplace that requires new and constantly-evolving personal capabilities. The skills that were important to successfully lead an enterprise a decade ago are insufficient to guide a start-up venture or forward-thinking company. Traditional companies are organization- and process-focused, whereas new-economy enterprises are intensely customer-experience driven. For those reasons, the Regent University School of Business & Leadership has developed a powerful, unique Master of Arts in Business & Design Management (MABD) program.

The M.A. in Business & Design Management is a *doing* degree that focuses on innovation, prototyping, consumer behavior, and the development of products and services. The program is taught entirely online using autonomous learning methods and communication technology. While using the threaded discussions, email, audio and video computer-based presentations, and electronic information access used in all School of Business & Leadership courses, the M.A. in Business & Design Management also employs hands-on shaping of prototypes, uses the latest in design software, and anticipates that students will have to get out from behind their desks to learn how to be successful designers and product managers. In addition, the M.A. in Business & Design Management is formatted to allow incredible flexibility as students build their coursework around other work and personal responsibilities. Although the program requires no on-campus residency, a completely voluntary semi-annual hands-on workshop is offered.

The M.A. in Business & Design Management provides students with a curriculum rich in product and service development tools used by designers, product managers, start-up CEOs, and leaders moving their organizations forward in the global marketplace.

Through the use of collaborative learning, application-based knowledge, and interactive technology, students will:

- Integrate the Christian faith and learning through critical thinking, research, writing, and learning from the normative base of a Christian worldview.
- Experience education in the virtual communication environment.
- Move outside their comfort zone and interact with others in the external community.
- Learn and utilize skills in innovation, prototyping, consumer behavior, and the development of products and services.
- Plan, launch, and successfully run a start-up company.

Throughout this program students will:

- Integrate the practice of leadership with biblically informed values.
- Demonstrate effective research and problem-solving skills using multidisciplinary approaches.
- Acquire and apply design and product-management skills in actual business environments.
- Analyze and synthesize knowledge of economics, accounting, finance, fund-raising, marketing, consumer behavior, prototyping, and production.
- Research contemporary issues in modern start-up and other new-economy companies to provide practical solutions.

Degree Requirements

To successfully complete the M.A. in Business & Design Management, students must complete 33 credit hours of

coursework as noted in this section of the catalog and must demonstrate independent scholarly ability at the master's level.

Full-time students can complete the M.A. in Business & Design Management in as little as 12 months. Part-time students can complete the program in approximately 16-36 months. Regent University considers 9 credit hours to be full time. The maximum time allowed to complete the degree is five years. No residency is required, though voluntary workshops are offered.

COLLEGE OF ARTS & SCIENCES

DEAN'S MESSAGE

Welcome to Regent University.

Now is the perfect time to join us and be a part of the change happening on campus in Virginia Beach and online around the world. The College of Arts & Sciences has responded to student requests and market demand by adding new degrees in disciplines that influence the global marketplace. Regent realizes that our duty is to equip our students with a Christian worldview and specialized global competency skills, because in today's global economy our alums are not just competing for jobs with their neighbor, but with people all over the world. To achieve this, Regent offers a progressive curriculum delivered through our award-winning, state-of-the-art technology.

Our expert faculty serve dual roles as professor and shepherd – by both equipping you with knowledge and challenging you in the development of your faith. Since faith is so seamlessly integrated into your life, it follows that it also be integrated into your studies. There is no better teacher than Jesus Christ, no more important book than the Bible – God's Word – and the lessons of both are applied to each class in every program. Our gifted faculty serve as academic and spiritual mentors that are dedicated to helping you realize and achieve the greatness that God has planned for your life. There are not many universities where faculty and staff pray for each student by name, but that is exactly the support you can enjoy here at Regent.

Our passion for preparing students' character and minds to become "Christian leaders to change the world" is demonstrated through our biblically-grounded, Christ-centered, and academically rigorous curriculum, excellent faculty, use of cutting-edge technology and spiritually vital campus community.

Now is the best time to join us and be a part of the change.

MISSION AND PHILOSOPHY

The mission of the College of Arts & Sciences is to graduate exceptional students deeply committed to Christ's calling to cherish character, challenge culture, and serve the world.

This mission is founded on a Christian philosophy of education in which the Holy Bible is the inspired, infallible, and authoritative source of Christian doctrine and precept and thus profitable for "teaching, rebuking, correcting and training in righteousness" so that the people of God "may be thoroughly equipped for every good work" (2 Timothy 3:16-17).

DISTINCTIVES

The College of Arts & Sciences is shaped by its distinct identity and approach to higher education. The following principles characterize this distinction:

- **Christian philosophy of education.** Regent's mission is "Training Christian Leaders to Change the World." The College of Arts & Sciences is committed to delivering an unparalleled and cutting-edge academic education integrated with biblical principles and Christian values to prepare ethical leaders for the 21st century.
- **Transformed lives.** Transformation is essential to the Christian experience. As believers, we are continuously transformed by the renewing of the mind (Romans 12:2). As transformation is essential to the Christian walk, the College of Arts & Sciences is committed to delivering courses and learning experiences that are designed to change students. We will engage the students' mind, heart, body, and soul in order to encourage and support intellectual, spiritual, and emotional transformation.
- **Holistic Life.** In Matthew 22:37, Jesus Christ commands that we must love the Lord with all of our heart, soul, and mind. This reflects the totality of the human being – nothing should be reserved for ourselves, all should be given to God. The College of Arts & Sciences is dedicated to helping students grow in their total commitment to Christ through the renewals of their minds, characters, and lives in a vibrant and Spirit-filled Christian faith community.
- **Living Inheritance.** Inheritances are gifts from the past to be used in the present to benefit the future. The College of Arts & Sciences stands at the intersection of many inheritances: Regent University, the American founding principles, Christian liberal arts, the earth, and the Kingdom of Jesus Christ. We are committed to our students so they can be blessed and bless generations to come.

FINANCIAL AID

Regent University offers a limited number of awards on an institution-wide basis. For more information, see the Tuition, Fees and Financial Aid section of the Catalog.

The School offers financial assistance to degree-seeking students who are able to demonstrate academic excellence (minimum undergraduate GPA of 3.2), leadership potential and need. Financial aid offered by the School is in the form of graduate teaching/research assistantships, endowed scholarships and grants. Contact the Admissions Office for applications and additional information. Contact Central Financial Aid for information regarding private loans, federally guaranteed loans, University-wide scholarships and TGAP. The School assists some doctoral students with both fellowships and scholarships. All doctoral applicants are automatically considered for both fellowships and scholarships, although fellowships are normally reserved for on-campus students. Military students who receive tuition assistance through DANTEs may be eligible to receive a tuition discount. For complete information, refer to the following website: <http://www.regent.edu/admin/finaid/>.

PROGRAM OVERVIEW

Regent University College of Arts & Sciences offers certificate, as well as masters programs:

- **Certificate of Cosmogony Studies**
- **Master of Science in Cosmogony (M.S.)***
- **Master of Science in Cybersecurity (M.S.)**

All of these programs are delivered completely online.

*Please note that the M.S. in Cosmogony requires a final research seminar as the culminating experience.

ADMISSIONS REQUIREMENTS

See the Admission to Regent University section of this Catalog for admissions requirements. In addition, applicants must meet the criteria indicated on the College of Arts & Sciences website: www.regent.edu/admissions.

CAMPUS VISITS

Call the College of Arts & Sciences Admissions Office at 888.718.1222 to arrange a visit or attend one of our Regent Preview Weekends held twice a year. For more information, log onto <http://www.regent.edu/acad/undergrad/admissions/home.cfm>.

COMPUTER REQUIREMENTS

Online students are expected to meet all the requirements of the Online and Distance section of the Catalog. Beyond those, online students in the School of Communication & the Arts should use Windows based PCs, preferably equipped with the latest operating system and the latest version of Microsoft Office. Recommendations for hardware specifications and other details can be found on this website:

<http://www.regent.edu/it/helpdesk/document/standards.cfm>

We value Apple products but because all Regent academic departments are Windows-based, we do not recommend the use of Mac computers.

All distance students need access to a reliable Internet connection, if at all possible high-speed.

The School of Communication & the Arts online courses are delivered via the Internet using a web based system called Blackboard® (<http://blackboard.regent.edu>). Additional computer hardware such as web cam, sound card and software may be required for some degree programs and some courses

More computer support for online students can be found at <http://www.regent.edu/it/>.

DEGREE PROGRAMS

In addition to undergraduate degrees, the College of Arts & Sciences offers graduate degree programs. The curriculum is both stimulating and relevant, preparing students to enter influential industries in the new millennium. The curriculum links theory to practice to enable students to implement their studies immediately.

Science, Technology, and Mathematics

Department Chair: Robert S. Stewart, Ph.D.

The Department of Science, Technology, and Mathematics offers graduate degrees in Cosmogony and Cybersecurity. Department faculty members strive to enable students to understand important scientific and technological concepts, and to acquire advanced knowledge and to develop skills in scientific and technological reasoning with application to current issues and vocational opportunities. Regardless of the program, the department seeks to challenge students to demonstrate Christian leadership having a transformative effect in their sphere of influence, and to enable them to think critically about these subjects from a Christian perspective.

Master of Science in Cosmogony (M.S.) (30 credits)

The Master of Science in Cosmogony is an innovative science program that rigorously engages scientific inquiry while acknowledging the indebtedness of science to God's power, majesty, and providence. The curriculum provides scientific insights and biblical perspectives on the origin of the universe. Through this program, Christians will be equipped with the knowledge to actively and intellectually engage scientific thought, the skills to communicate biblically-informed responses to faith-science inquiries, and the ability to conduct research that can bridge the gap between theological and scientific thinking. Fulfilling the College's mission to challenge culture, this program will encourage students to evaluate all viewpoints and ideas through the lens of Scripture (2 Tim. 3:16). The program will examine critical areas of science related to cosmology, human origins, chemistry, physics, astronomy, biology, and science-faith integration models.

Graduates may pursue employment as journalists, think - tank fellows, Christian educators, parachurch staff, and researchers. The program will also serve to enhance the education of pastors as they seek ways to better engage science in the culture and educate their congregations. Comprised of 10 courses (30 credits), the M.S. in Cosmogony will be offered completely online.

SCHOOL OF COMMUNICATION AND THE ARTS

DEAN'S MESSAGE

The vision of Regent's School of Communication and the Arts is to provide the most innovative academic and professional graduate program in communication and the arts that will transform the world for the Kingdom of God. We seek artists, professionals and scholars who will be equipped with the academic and professional skills in media and the performing arts to become leaders in their respective fields. Our faculty members are eager to provide an exemplary educational experience in some of the finest facilities available. As a student, you will enjoy an advanced learning environment in strategic communication, journalism, film, theatre and television. We also offer a doctoral program in communication studies. While you work to earn your degree with us, we want to help you grow spiritually, intellectually and professionally, and achieve excellence in your chosen field. If God is calling you to develop and use your talents and scholarship in the field of communication and the arts, you have an opportunity at Regent University.

MISSION AND PHILOSOPHY

The School seeks to provide graduate and undergraduate education for aspiring servant leaders desiring to integrate their Christian faith with their communication skills, creative abilities and knowledge of communication and the arts.

Our vision is to manifest the presence of Christ through the inspired communication of our faculty, students and alumni. We seek to empower Christians with a strong voice in society through both print and electronic media, through creative and artistic works and through media professionalism, teaching and academic scholarship.

DISTINCTIVES OF THE SCHOOL

Our School distinguishes itself from other graduate programs in communication and the arts in the following ways:

- *Integration of Faith and Learning:* Our goal is to provide education for those seeking to integrate their Christian faith with their knowledge of communication and the arts and their communication skills.
- *Cultural Relevance and Impact on Society:* Our unique focus is to study the influence of communication and the arts on society and to teach Christians how to produce high-quality media content.
- *International Influence:* We actively seek to educate international students who desire to use pro-social entertainment to promote biblical values and beliefs in their home nations.

- *Innovation:* We pursue innovative learning in communication and the arts through our use of new communication technologies for media production and distance education.
- *Reputation and Heritage:* As the founding School of Regent University, we have been privileged to benefit from the excellent reputation of CBN and its affiliated ministries for biblically inspired communication, high-production quality and media professionalism.

PROGRAM OVERVIEW

Regent University School of Communication & the Arts offers certificates of graduate studies, as well as masters and doctoral programs:

- **Certificate of Graduate Studies.** We offer a certificate of graduate studies in Theatre Practices. Certificate students can matriculate into the M.A. in Theatre degree program.
- **Master of Arts in Film-Television (M.A.).** We offer three concentrations in the M.A., including production, script writing and producing (online only). Students complete a directed project or portfolio to meet degree requirements.
- **Master of Arts in Communication (M.A.).** We offer two concentrations within the M.A. in communication, which are strategic communication and political communication. Students can choose a directed study or thesis option.
- **Master of Arts in Journalism (M.A.).** We offer a curriculum that includes courses in theory, broadcast, print and the Internet. Students can choose a directed project or thesis option.
- **Master of Arts in Theatre (M.A.).** The Master of Arts in Theatre requires the thesis as the culminating experience. Please note that the practical course options require at least a summer residency, yet the M.A. in Theatre can be completed entirely online.
- **Master of Fine Arts (MFA) in Film-Television.** The MFA is a terminal degree that places more emphasis on skills and performance than on original research. We offer a major in Film-Television with concentrations in Script & Screenwriting, Directing, and Producing. The goal of this program is to prepare graduates to become leaders who will be creative communicators or artists. These programs provide a select number of students the opportunity to refine their creative abilities as media professionals, as teachers of script and screenwriting or producers and directors. Students must complete a portfolio project or a thesis/creative project.
- **Master of Fine Arts (MFA) in Acting.** The second MFA degree is offered by the Department of Theatre Arts; this is the Master of Fine Arts in Acting with two concentrations, directing or general. The goal of this program is to prepare graduates to become leaders who will be creative communicators or artists. These programs provide a select number of students the opportunity to refine their creative abilities as media professionals, as teachers of script and screenwriting or actors and directors. Students must complete a portfolio project or a thesis/creative project.
- **Doctor of Philosophy (Ph.D.) in Communication.** The degree of Doctor of Philosophy at Regent University is awarded in recognition of high attainment in a special field of knowledge. Ph.D. students must pass the qualifying examination for the Ph.D. degree and present an acceptable dissertation within their field of study which presents the results of independent, original research. The degree program's emphasis is on preparation for competent professional and scholarly performance. The Ph.D. in Communication program enables students to conduct pure and applied research in all areas of study offered in the School. The strengths

and research interests of current faculty determine original research projects. Students develop their coursework in consultation with their doctoral advisor/Senior Tutor.

The School purposes to create a think-tank environment for aspiring communication scholars and experienced faculty who seek to understand communication and the arts with biblical wisdom and perspective. In communication and the arts, we must increasingly and innovatively elevate Christian values and beliefs on the agenda of public discourse through our speech, scholarship, publications, television programs and films, music videos, theatre performances, print and broadcast news, Internet communication and scripts. Our academic programs are designed to develop the creative potential of emerging leaders who seek to serve others through their knowledge and practice of communication and artistic expression.

JOINT DEGREES

Contact the Admissions Office in the School of Communication & the Arts for a listing of joint degrees available through the School. See the General Information section of this Catalog for a description of the joint degrees program.

CAREER OBJECTIVES

The School assists students and alumni in their search for internships and employment opportunities. According to the latest Communication alumni survey, 76 percent of our alumni are employed in the field of communication, and most of them hold or have held leadership positions within their organizations. Other alumni hold positions in higher education, business, government, churches and nonprofit organizations.

STUDENT PROFILE

Students of varying ages and nationalities pursue graduate degrees in the School of Communication & the Arts. The average student age is 34 with 10 percent being international.

DISTANCE EDUCATION

The School offers four degrees online: M.A. in Communication, M.A. in Film-Television with a concentration in Producing, M.A. in Journalism, and M.A. in Theatre. Full documentation of the programs as well as online application forms can be obtained at www.regent.edu/communication. Students should carefully review specific programs to determine which classes are available online, since some courses are only offered on campus.

COMPUTER REQUIREMENTS

Online students are expected to meet all the requirements of the Online and Distance section of the Catalog. Beyond those, online students in the School of Communication & the Arts should use Windows based PCs, preferably equipped with the latest operating system and the latest version of Microsoft Office. Recommendations for hardware specifications and other details can be found on this website:

<http://www.regent.edu/it/helpdesk/document/standards.cfm>

We value Apple products but because all Regent academic departments are Windows-based, we do not recommend the use of Mac computers.

All distance students need access to a reliable Internet connection, if at all possible high-speed.

The School of Communication & the Arts online courses are delivered via the Internet using a web based system called Blackboard® (<http://blackboard.regent.edu>). Additional computer hardware such as web cam, sound card and software such as SPSS Statistical Package® and others may be required for some degree programs and some courses

More computer support for online students can be found at <http://www.regent.edu/it/>.

DEGREE PROGRAMS

The School of Communication & the Arts offers the following fully accredited master of arts and doctoral programs.

Department of Strategic Communication and Journalism

The Department of Strategic Communication and Journalism offers both Master of Arts and Doctor of Philosophy degrees: M.A. in Communication, M.A. in Journalism, and Ph.D. in Communication.

Students pursuing the Master of Arts in Communication with the Strategic Communication, Political Communication, or Media & Arts Management and Promotion concentration focus their attention on the strategies used to create persuasive communication with biblically based values, beliefs and behaviors that promote public health, education, environmental safety, political issues, peace, reconciliation, public policy, and other socially beneficial goals within the context of a global media and arts environment. Courses will engage students in studies that incorporate current theory, research and practical applications in the study of strategic communication. The programs in the Department of Strategic Communication and Journalism are designed for graduate students who have a strong background in the humanities and the arts and who desire to advance their knowledge and expertise to prepare themselves for positions of leadership in the media industries, educational and religious institutions, artistic venues, and emerging centers for strategic communication.

M.A. in Journalism Program

(Program delivered face-to-face with some online component or entirely online.)

Students in the Journalism program are pursuing their futures in a wide range of fields such as education, public relations, creative writing, traditional news media roles and full-time ministry work in mass media. The Strategic Communication

and Journalism department at Regent University desires to help each student combine his or her faith, knowledge and skills in print, broadcast and Internet media while shortening the “real world” learning curve for the job market. Our converged media program is designed to give each student a graduate experience in the different media and enable a student to become a master storyteller along the way. Our students enjoy access to the latest professional technologies in our new integrated journalism classrooms and facilities.

Requirements for the Master of Arts in Journalism

Students pursuing the 33 credit-hour Master of Arts in Journalism focus their attention on reporting, writing, and distributing news and information through a converged global media environment. Attention will be focused on developing knowledge and expertise in using the multimedia platforms employed by the news media industry, including web-based and mobile communication technologies. Graduates will be able to produce audio and visual content for dissemination through radio, television, mobile phones, smart pads, personal computers, and other mobile communication devices. By combining narrative techniques and refined writing skills with technical proficiency, graduates will prepare themselves for positions of leadership and expertise across all sectors of the news media industry.

The M.A. in Journalism program consists of 10 core courses and a capstone course that serves as the culminating experience. Courses can be completed entirely online or on campus with both online and residence components.

- JRN 696 Directed Project (3)
- JRN 699 Thesis (3)

Doctor of Philosophy (Ph.D.)

Ph.D. in Communication Program

(Program delivered face-to-face with some online components.)

The degree of Doctor of Philosophy at Regent University is awarded in recognition of high attainment in a special field of knowledge. Ph.D. students must pass the qualifying examination for the Ph.D. degree and present an acceptable dissertation within the field of communication study which presents the results of independent original research. The degree program's emphasis is on preparation for competent professional and scholarly careers. The Ph.D. in Communication program enables students to conduct basic or applied research in all areas of study offered in the School.

The strengths and research interests of current faculty determine original research projects. Students develop their coursework in consultation with their doctoral advisor. The program can be completed online with annual one-week residency periods.

The doctoral program in communication is designed to prepare a select number of students to enter either the teaching profession or to fill research and top-level administrative roles in organizations in need of highly educated professionals. The goal of the program is to develop scholars who are able to integrate a Christian worldview with their chosen areas of expertise and teaching. A primary goal of the program is to prepare graduates to become Christian leaders who will contribute to communication research, writing, and scholarship.

Doctoral Program Model & Philosophy

The doctoral program in Communication is designed after the Oxford Teaching Method, founded at Oxford University. The adaptation of the Oxford Method in the School of Communication & the Arts has three basic components: online and on-campus coursework and week-long residencies, special lectures and scholarly presentations by faculty and doctoral students, and regular meetings with faculty. Each doctoral student is assigned a doctoral advisor who serves as the student's mentor. In addition to the three traditional components of the Oxford Method, we have added a fourth component: teaching and research mentoring. Doctoral students will have opportunities to assist faculty with teaching and research. The four major components of the doctoral program are described below.

1. **Formal Coursework:**
A total of 8 core courses totaling 24 credit hours are required for all doctoral students. These courses are administered through an online program that can be accessed from anywhere in the world. In addition to these core courses, elective courses and seminars are also offered. Both on-campus and online students take these courses together through our online Blackboard system. In addition, at least two modular courses and summer doctoral courses that include one full week of face-to-face interaction with professors will be offered each year.
2. **Special Lectures and Presentations:**
Each year special lectures and scholarly presentations will be offered by faculty members and doctoral students on specific areas of research in which they are engaged. These lectures and presentations will be given on campus and made available online.
3. **Meetings with Faculty:**
Each doctoral student will meet with his/her doctoral faculty members on a regular basis. These meetings may be in small groups and/or one-on-one. During these meetings students will discuss their research and writing projects with the doctoral faculty and other doctoral students. These meetings will be held during the fall and spring semesters.
4. **Teaching and Research Collaboration:**
Doctoral students will be given the opportunity to collaborate with faculty on teaching classes and conducting scholarly research. Students can receive doctoral credit for this collaboration by enrolling in COM 791 Doctoral Mentoring: Pedagogy (1-3) or COM 792 Doctoral Mentoring: Research & Writing (1-3). Since students are both online and on campus, both distance and on campus students may be involved in teaching and research collaboration.

Requirements for Ph.D. in Communication

All those pursuing the Ph.D. degree in communication must complete the following requirements:

1. The completion of all core courses and additional courses required by the student's doctoral committee. While the number of hours is dependent on a student's individually approved degree program developed in conjunction with his or her doctoral advisor, students must complete a minimum of 44 credit hours of coursework before the qualifying exams, a minimum of three credit hours of qualifying exam, and a minimum of nine credit hours of dissertation research.
2. COM 700 Introduction to Doctoral Studies in Communication, which is offered on campus and is taken the summer before the first full semester of doctoral coursework.
3. Completion of 12 credit hours of doctoral research courses listed below. Students must take all four (4) research courses and must demonstrate their research competence in the methodology they plan to use in their dissertation research. (Students who have not previously taken a graduate-level research methods course may, upon faculty review, be required to take an appropriate remedial course.)

- COM 701 Communication Research: Historical/Critical Methodologies
 - COM 702 Communication Research: Quantitative Methodologies
 - COM 703 Communication Research: Qualitative Methodologies
 - COM 704 Communication Research: Applied Methods
4. Completion of three additional mandatory doctoral courses listed below:
 - COM 705 Advanced Communication Theory
 - COM 708 History of Communication
 - COM 709 Theology & Communication
 5. Completion of at least 3 credit hours of graduate seminar coursework (COM 685/785). The maximum number of this type of course is dependent upon the student's individual program. Students must pass all sections of the two-day qualifying examination following the completion of their coursework. The first part examines the student's knowledge of the whole field of communication and the ability to think in broad research terms. It is interdisciplinary in nature and based in part on material covered in the mandatory doctoral courses. The second part of the qualifying examination covers the student's major field of study (and minor area of study if so chosen). The field-specific portion of the qualifying examination will also cover the research methodology area (COM 701, COM 702, COM 703, and COM 704) that the student plans to employ in his or her dissertation research.
 6. Dissertation. A candidate for the Ph.D. degree must present an acceptable dissertation. The dissertation demonstrates that the candidate has technical competence in the field and has done research of an independent character. It must add to or modify what was previously known, or present a significant interpretation of the subject based upon original investigation and research. Doctoral students are required to complete a minimum of nine credit hours of COM 799 dissertation research over three semesters (not including summer terms).
 7. Elective Courses: In addition to the 27 cr/hrs of required coursework noted above, students complete the remaining 17 hours of coursework by taking elective courses and up to 4 dissertation research credit hours (COM 795). Recommended elective courses include COM 707, COM 710, COM 730, COM 791 and COM 792.
 8. UNIV LIB Information Research & Resources (0)

Design of the Program

The program emphasizes each student's academic, professional and spiritual growth. It is devoted to both basic and applied research in the study areas offered in the School as determined by the strengths of current faculty. Students in the program have concentrated their studies within such areas as interpersonal communication, organizational communication, rhetoric, intercultural/international communication, film studies, media effects new communication technologies, entertainment-education campaigns and interventions, theatre arts studies and journalism studies. Each student encounters both broad interdisciplinary study and very specialized, field-specific coursework and research. The program encourages in-depth study using quantitative, qualitative, and historical-critical approaches. Coursework and research activities are tailored to the expressed interests and goals of the individual student.

Each student's program of study, which ordinarily must be completed within seven (7) years from admittance, is developed in conjunction with and guided by an individually assigned doctoral advisor/mentor chosen from faculty members whose expertise relates to the student's expressed goals and interests. The structure of the doctoral student's individual program of study will be dependent upon the student's special interest in the broad field of communication study and topics for research must focus on original research. Other than the dissertation study area, each student's program will incorporate a combination of the three types of courses: (1) required doctoral courses as previously outlined, (2) graduate/doctoral seminars, and (3) elective graduate courses (600 or 700 level courses) in the School of Communication and the Arts that are theory and research-based courses. Performance courses will not be approved for inclusion in a student's doctoral program coursework.

Admission to Candidacy

Admission to the doctoral program DOES NOT constitute a student's admission to candidacy for the Ph.D. degree. Admission to candidacy is contingent upon:

1. Successful completion of all coursework, with a minimum of a B average (3.0 GPA);
2. Successful completion of both portions of the qualifying examinations;
3. Meeting the residency requirement for the track in which the student is accepted into the program;
4. Recommendations by the student's doctoral committee/mentor(s); and
5. The approval vote of the doctoral faculty committee and the faculty of the School.

Residency

Residency is a necessary component to building academic fellowship and camaraderie among a community of scholars. On-campus doctoral students meet the residency requirement by completing two consecutive semesters in which they are registered for at least 6 credit hours each semester, and meet with faculty throughout each semester, excluding summer sessions.

All doctoral students must attend a 3-credit hour on-campus seminar, COM 700 Introduction to Doctoral Studies in Communication, scheduled for one week in the summer before the student's first fall term of study. This seminar is a daily, intensive reading/lecture/writing course in the field of communication studies. The course also is designed to orient students to the doctoral program, the School's faculty, and doctoral-level study in the communication field.

Doctoral students have a seven-year limit within which they are normally expected to complete all requirements for the Ph.D. degree. Doctoral course offerings are normally on an 18-month rotation so that full-time students can complete their required coursework in a 24 to 36 month time period.

Department of Film-Television

The department, in addition to the MFA degree presented in another section below, offers the M.A. in Film-Television with concentrations in Production, Script-Writing, and Producing (online only). Production facilities are made available to all film-television students. The department is committed to providing ample equipment and facilities for student use as well as an outstanding production experience. Each year the department funds a number of student-led films that have a pro-social theme or redemptive message. Students are welcome to self-fund other projects of their own interest that reflect the mission and vision of the School. The resources of the Department of Film-Television include a fully equipped television studio, a film sound stage, non-linear editing suites, an animation lab and digital audio post-production facilities.

M.A. in Film-Television Program

The M.A. in Film-Television requires 30 credit hours.

Areas of Study

There are three concentrations for film-television students: 1) production, 2) script writing, and 3) producing (online only).

M.A. in Film-Television with a concentration in Producing

(Concentration delivered entirely online.)

The producing concentration is designed for students who desire to work in the producing and executive sectors of the entertainment industry. Students take a series of courses that cover the theoretical as well as practical side of how the media industry works and what it means to be a producer and leader. Students seeking this option are required to complete a Business plan as a culminating project. Students take the following 30 credits of online courses.

SSW 599 Thesis (2)

In addition to the M.A. in Film-Television above, the department offers the Master of Fine Arts (MFA) in Film-Television with concentrations in directing, producing and script & screenwriting. The MFA is a terminal degree that places more emphasis on skills and performance than on original research. Production facilities are made available to all film-television students. The department is committed to providing ample equipment and facilities for student use as well as an outstanding production experience. Each year the department funds a number of student-led films that have a pro-social theme or redemptive message. Students are welcome to self-fund other projects of their own interest that reflect the mission and vision of the School. The resources of the Department of Film-Television include a fully equipped television studio, a film sound stage, non-linear editing suites, an animation lab and fully digital audio post-production facilities.

All film-television students are required to complete the film-television equipment workshop, CTV 502. This course is required before students will be permitted to check out Regent owned equipment for media projects. This course covers video camera, grip/electric, sound basics, laptop proficiency, set operations and film camera.

MFA in Film-Television with a concentration in Directing

(Concentration delivered entirely face-to-face.)

The MFA in CTV degree with a concentration in Directing is based on the unique nature of Regent University and its mission. Each student accepted into the MFA Directing concentration will be challenged to grow academically, professionally and spiritually. Academically, the concentration is devoted to applying current knowledge, research and skills in Film-Television to train directors for film, television and converged media. Specific areas within the directing focus are determined by the strengths of current faculty. The concentration is administered and shaped to help students integrate their Christian faith with their chosen media of expression.

The program of study requires students to complete a minimum of 44 credit hours of coursework, workshops, practica and a portfolio.

The MFA concentration in Script & Screenwriting is based on the unique nature of Regent University and its mission. Each student accepted into the MFA Script & Screenwriting concentration will be challenged to grow academically, professionally, and spiritually. Academically, the concentration is devoted to applying current knowledge, research and skills in film-television studies to develop writers who create important and effective narratives in multiple genres and styles through stage and media productions. Specific areas of writing focus are determined by the strengths of current faculty. The concentration is administered and shaped to help students integrate the Christian faith with their chosen profession.

Requirements for the MFA with a concentration in Script & Screenwriting

All those pursuing the MFA concentration in script & screenwriting must complete the following:

1. Completion of a minimum of 44 credit hours beyond the bachelor's degree. The number of hours is dependent upon a student's individually approved degree program in conjunction with his or her faculty advisor.
2. Completion of the 10 (30 credit hours) mandatory courses. These are included in the total hours required.
3. Completion of at least one 3 credit hour critical studies course beyond those required in the mandatory course requirements.
4. Completion of at least 2 (6 credit hours) of elective courses.

5. Completion of at least 2--but no more than 6--credit hours of MFA Practicum (SSW 680). Writing Tools (SSW 502) may substitute for 1 credit hour of Practicum (SSW 680).
6. Completion of at least 3 credit hours of MFA Portfolio (SSW698). There is no maximum number of portfolio credit hours that can be taken once all other requirements are met.
7. Completion of all requirements associated with the MFA portfolio. A student may apply a maximum of 6 credit hours of portfolio credit toward the minimum requirement of 44 credit hours. Advanced Standing: applicants who already have an M.A. degree may apply for up to 6 credit hours of advanced standing toward the MFA degree with approval of the MFA committee and the dean of the School.

Course Offerings and Instruction

Many of the courses offered to students in the MFA program are also available to film-television students and theatre arts majors under the Communication M.A degree. MFA students who pre-register can expect enrollment preference in script & screenwriting classes over students who are taking such classes as electives. Likewise, MFA students will take a number of courses in film-television and/or theatre arts in order to ground them in a thorough understanding of the history, structure, and practices of these media. Moreover, the MFA Practicum and the MFA Portfolio are crafted specifically for the needs of the MFA student with a higher degree of faculty mentoring than is typical in the M.A. program.

Applicants must request advanced standing consideration when they submit their application. Advanced standing will not be granted to students who are already enrolled in their degree program.

Department of Theatre Arts

It is the mission of the Department of Theatre Arts to educate and train graduate students to incisively examine and effectively communicate, through intellectual analysis and the realization of live theatrical performance, the great truths of the human condition as perceived through the lens of a Christian worldview. The department is dedicated to equipping artists of the theatre with the skills, insight, and knowledge required for successful and influential careers in professional theatre, the academy, and ministry. The department seeks to develop professional caliber artists who will function with moral and spiritual integrity offering redemptive messages creatively and thoughtfully expressed through the theatre arts.

The Department of Theatre Arts offers a certificate of graduate studies in Theatre Practices, as well as the Master of Arts in Theatre and the Master of Fine Arts in Acting.

Certificate of Graduate Studies (CGS) in Theatre Practices (15 credit hours)

CGS in Theatre Practices exists to educate the master artist in the practical implications of theatre art, producing well-rounded artists equipped for godly influence through theatrical mediums. Students pursuing the CGS in Theatre Practices will focus their attention on the theories of Christian aesthetics through a series of practitioner-oriented disciplines including acting, directing, dramaturgy and design. Students who complete the certificate program and who desire to continue their studies may apply the credits to the M.A. if accepted to the program. An additional 15 credit hours of coursework is required to complete the master's degree. The maximum time permitted to complete the CGS is five years. There is a mandatory residency to complete this certificate. Students desiring to earn the CGS must complete the following School of Communication and the Arts courses:

Students wanting to receive the CGS in Theatre Practices must complete and submit the CGS Graduation Application found on the Registrar's Office web page.

M.A. in Theatre Program

(Program delivered face-to-face with some online components or entirely online.)

The M.A. in Theatre requires a total of thirty (30) credit hours. Please note that the practical course options require at least a summer residency, yet the M.A. in Theatre can be completed entirely online.

All students pursuing the M.A. in Theatre must pass the Theatre Arts General Knowledge Proficiency Examination within their first semester as a registered student in the program (summer/fall/spring semesters). The exam is offered twice each semester, six times a year. All incoming M.A. students are automatically registered for the first exam date of their initial semester. With prior arrangement the exam can be taken at a different time online by distance students. If students do not pass the exam the first time, they are automatically registered for the next exam date. This process continues until students either pass the exam or reach the end of their first semester in the program without a passing score. A score of 70% or higher is considered passing. Failing to pass the exam constitutes dismissal from the program or being assigned to a course of undergraduate level studies in theatre history. The course of action following a failed exam will be determined by the theatre faculty. Exam dates are published annually in the Department Handbook which is available on the department's website. The website also contains a study guide for the exam.

MFA in Acting Program

(Program delivered entirely face-to-face.)

The MFA is a terminal degree that places more emphasis on skills and performance than on original research. The Master of Fine Arts (MFA) in Acting program is offered by the Department of Theatre Arts.

It is the mission of the Department of Theatre Arts to educate and train undergraduate and graduate students to incisively examine and effectively communicate, through intellectual analysis and the realization of live theatrical performance, the great truths of the human condition as perceived through the lens of a Christian worldview. The department is dedicated to equipping artists of the theatre with the skills, insight, and knowledge required for successful and influential careers in professional theatre, the academy, and ministry. The department seeks to develop professional caliber artists who will function with moral and spiritual integrity offering redemptive messages creatively and thoughtfully expressed through the theatre arts.

The MFA in Acting degree requires a minimum of 60 credit hours which must be taken over six (6) semesters of residency. The degree is primarily designed to prepare actors to enter the marketplace and compete as professional actors. As a terminal degree, it is also preparatory for a teaching career in higher education. The degree includes an intensive study in stage acting techniques, camera acting technique, vocal production, stage dialects, movement, stage combat, and textual analysis. The MFA in Acting culminates in a Thesis/Creative Project where the student is either assigned a major role in a Mainstage production or required to create a recital consisting of a predetermined list of scenes and monologues culled from a variety of dramatic genres, periods, and styles. The written (or “Thesis”) portion of the Creative Project consists of a detailed character analysis, play analysis, historical research, a production journal, reviews and a prescribed list of appendices.

The MFA in Acting degree offers two distinct concentrations. The first is a general concentration, which allows students to choose nine (9) hours of elective coursework in addition to the 51 hours of required courses. The second is a directing concentration, which allows students to take nine (9) hours of prescribed coursework in directing to supplement the required core of 51 hours. The directing concentration affords students who have exhibited acumen—and who have a strong desire to explore directing in more depth—the opportunity to do so alongside their primary studies in acting.

NOTES:

- Students seeking entrance into the MFA in Acting program must audition and interview. (See “Admissions Requirements” for the School of Communication & the Arts above.) The Department of Theatre Arts holds MFA auditions during the months of January, February, and March at venues across the country. The audition schedule is published each fall on the departmental webpage. Videotaped auditions are accepted, but it is highly recommended that prospective students attend one of the national audition sites or on-site auditions at the university.
- All students pursuing the MFA in Acting must pass the Theatre Arts General Knowledge Proficiency Examination within their first two semesters of residency. The exam is offered four times during the academic year (twice each semester). All incoming MFA students are automatically registered for the first exam date, typically the first Friday of the fall term. If the student does not pass the exam the first time, he/she is automatically registered for the next exam date. This process continues until the student either

passes the exam or reaches the end of his/her first year in the program without a passing score. A score of 70% or higher is considered passing. Failing to pass the exam within the first two semesters of residency will constitute grounds for dismissal from the program or being assigned to a course of undergraduate level studies in theatre history. The course of action following a failed exam will be determined by the theatre faculty. Exam dates are published annually in the Departmental Handbook which is available on the department's website. The website also contains a study guide for the exam.

- Students who already have an M.A. degree may apply for a maximum of 6 credit hours of "advanced standing." This should be requested at the time of admission.
- At Regent University, theatre students benefit from the close relationship the Department of Theatre Arts enjoys with the Department of Film-Television. Students pursuing the MFA in Acting receive not only a firm grounding in stage acting, but also intensive study in screen acting (including opportunities to participate in film-television productions and to take approved CTV courses as electives).
- Students also benefit from Society of American Fight Directors (SAFD) stage combat training in a variety of SAFD sanctioned styles and weaponry. MFA Actors take three stage combat courses and, with the approval of the instructor, may take the SAFD Skills Proficiency Test each spring, which can lead to achieving Actor-Combatant status with the Society of American Fight Directors.
- Each student admitted to the program is required to have an "End-of-Year Interview" with the performance faculty, at which time progress will be discussed in detail. Continuation in the program is by invitation.

Many of the courses in the MFA in Acting degree program are offered on a two-year rotation. It is incumbent on the student to communicate closely with his or her advisor to insure the appropriate courses are taken as they arise in the rotation.

COURSE DESCRIPTIONS

The following course offerings are common to all departments within the School for the M.A./MFA programs. The course letter designation will vary with the particular department in which the course is offered. Several seminars/workshops covering specialized areas will be offered during the course of an academic year. Many are listed individually in department sections. An independent study or internship is not usually taken in the first year of study. An M.A. student may count no more than 7 credit hours of independent study and internship toward his or her degree.

580/680/780 Practicum (1-3) Provides opportunities for practical and hands-on experience in a given area such as magazine, newspaper, public relations, performing arts, film arts and television arts. (Pass/No Pass) Note: See listing under specific Schools. All MFA or M.A. practicum have the 80 designation. Theatre practica also have a 681/781 designation.

589 Workshop (1-3) A directed study combining theory and knowledge with practical application; workshops may present opportunities for hands-on experience. All MFA or M.A. workshops have the 89 designation.

590 Independent Study (1-3) Affords the student an opportunity for specialized research or project in an area of interest. An independent study cannot be offered for a course that is already designated and listed. All MFA or M.A. and Ph.D. independent studies have the 90 designation.

595 Internship (1-3) Gives the student an opportunity to apply classroom learning to professional work situations. (Pass/No Pass). All MFA or M.A. internships have the 95 designation.

596/696 Directed Project (1-3) Degree candidates complete a media project as appropriate to their degree plans within the departments of Film-Television and Strategic Communication and Journalism. Pass/No Pass.

597 Comprehensive Examination (1) A written examination with an oral option that serves as a culminating activity. (Pass/No Pass).

598/698/798 M.A./MFA Portfolio (1-3) Designed to demonstrate professional competence and creativity in the student's specific area of study. Portfolios should be done close to the end of the program of study. (Pass/No Pass). All portfolios, whether MFA or M.A., have the 98 designation.

599/699/799 M.A./MFA Thesis (1-3) Valuable for those considering advanced graduate or doctoral studies leading to a career in higher education. Students writing a thesis must demonstrate a good understanding of research methods and the ability to apply those methods to a research project. (Pass/No Pass). All MFA or M.A. theses have the 99 designation. Doctoral dissertations are designated COM 799.

685/785 Seminar (1-3) Directed study, research, and discussion in a given area. Topics are offered on demand and/or depending on faculty availability. Available for both master's and doctoral students. All seminars have the 85 designation.

Various master's courses are available to doctoral students with appropriate approval. These courses are noted as "may be taken for doctoral credit with approval." Additionally, 700-level doctoral courses and MFA courses are available to master's students with approval.

Prerequisites: COM 701, COM 702, or COM 703. May be repeated for credit one time.

COM 785 Doctoral Seminar (1-3) Seminars are special topics courses focusing on specific subdisciplines or involving broad interdisciplinary study. May be taken more than once under varying titles. May be taken by master's students with permission of instructor. Some seminars are taught on campus only.

COM 788 Tutorial in Communication & the Arts (1-3) Tutorials afford doctoral students the opportunity to do special research, projects and readings under the direction of and in conjunction with a faculty member in the School of Communication and the Arts. Tutorials are not independent studies—they are courses with syllabi and structured meeting times—and are normally tailored to student's specialized academic and professional interests and/or dissertation area.

COM 791 Doctoral Mentoring: Pedagogy (1-3) Doctoral students work closely with one or more faculty members as part of a teaching team. Teaching assignments may include assisting faculty members with courses or overseeing undergraduate courses under the mentorship of a faculty member. Mentoring topics include teaching pedagogy, classroom dynamics, and online teaching skills. May be repeated for up to a maximum of 6 credit hours with approval from a doctoral advisor.

COM 792 Doctoral Mentoring: Research & Writing (1-3) Doctoral students work closely with one or more faculty members as part of a research and writing team. Course assignments may include conducting original research in collaboration with a faculty member or assisting faculty members with their research and writing projects. Mentoring topics include research planning, design and analysis from the historical-critical, qualitative or quantitative research traditions, and academic writing. May be repeated for up to a maximum of 6 credit hours with approval from a doctoral advisor.

COM 795 Dissertation Research (1-4) Doctoral-level, supervised research credit assigned to directed academic work that may be related to the student's dissertation topic. Student normally registers for this course prior to qualifying exams and achieving candidacy. Prerequisites are two of the following three courses: COM 701, COM 702, and/or COM 703. Pass/No Pass

COM 797 Qualifying Examination (3) Doctoral students will register for three credit hours in the semester in which they first take both the written and oral portions of the qualifying examination. This course does not apply to the coursework (pre-qualifying examination) aspect of the individual degree program. Pass/No Pass.

COM 798 Qualifying Examination Continuation (1-3) Students who do not initially pass all questions of the qualifying examination will be allowed, with the recommendation of the qualifying exam committee and the approval of the chair of the doctoral program, to retake those questions the following semester that the exam is offered. Students retaking the exam must register for at least one credit when retaking one or two questions, two credits when retaking three or four questions, and three credits when retaking more than four questions. Only one retake is permitted. Pass/No Pass.

COM 799 Continuing Dissertation Credit (3) Supervised research for the doctoral dissertation. After successfully passing the qualifying examination, the doctoral candidate must remain registered with three (3) continuing dissertation credits every academic semester until the dissertation manuscript is successfully defended. All students must complete a minimum of nine credits over three semesters (not including summer terms). See doctoral handbook for on-campus, online and fellowship student requirements.

JRN 550 Journalism Technology Tools (3) Software and web-based tools used in the production and distribution of multimedia and mobile news content. Includes essential programming languages such as HTML, CSS, and Java-Script and learning computer-assisted journalism that integrates technology with high quality news-authoring. Multiplatform production lab included.

JRN 600 Story, Popular Culture & Worldview (3) Prominent historical and theoretical perspectives of media and popular culture and their influence on individuals and communities from a Christocentric worldview. Provides media professionals and emergent scholars with an understanding of the role of media and narrative in the development of worldviews. Cross-listed with COM 600.

JRN 601 Media Research & Analysis (3) Media industry research methods, evaluation and analysis techniques, including surveys, content analyses, polling, data mining, in-depth interviews, and focus groups. Common research practices of professional journalists, public relations practitioners, film-television professionals, media analysts and consultants, and communication scholars are examined. Web-based lab included. Cross-listed with COM 601.

JRN 607 Social Media & Internet Marketing (3) Current internet, social media, and mobile media marketing theories, strategies, tools and practices. Includes study of communication methods used by professionals in journalism, film, television, advertising, public relations, and related professions to brand, promote, and distribute products and services. Web-based production lab included. Cross-listed with COM 607.

JRN 610 News Writing & Reporting (3) Professional journalistic practices of news reporting and storytelling within the emerging digital media environments. Students will investigate research, interview, gather data, research, write and edit stories for multiple media platforms. Multimedia production lab included.

JRN 613 Feature Writing & Specialty Reporting (3) Techniques and writing styles required for feature writing, editorials, essays, blogs and for in-depth stories in business, politics, health, entertainment, religion, national and international affairs. News production lab included.

CTV 638 Advanced Production (1-3) Affords the student an opportunity for participation in the production of a short film or television project. Student scripts selected competitively from all genres. Normally offered during the summer with the expectation that students will work on location for two or three weeks with shoot-days averaging 10-12 hours. Qualification for crew positions based on experience and level of completed coursework. May be repeated up to 6 credit hours. Permission of instructor is required.

CTV 640 Directing Actors for the Camera (3) Focuses on the process of evaluating, coaching and directing actors for the camera. Intensive work in camera techniques, auditions, cold readings, blocking, and improvisations for both film and television performance is prepared.

CTV 641 Advanced Screen Acting (3) Designed to help sharpen and energize acting skills in front of the camera. Emphasis is placed on professional development. Prerequisite: CTV 541.

CTV 643 The Business of Film (2) Students propose a project through the creation of a business plan. Emphasis is placed on the role of the producer in this endeavor in the independent film market as well as productions involving participation of major Hollywood entities.

CTV 644 The Production Company (1) Students design, set up and run a film production company. Emphasis is placed on the role of the company founders in the independent film industry.

CTV 658 Sound Production & Design (3) Examines the role of the sound crew in production and post-production. Covers sound theory as well as applied practices with location sound recording and the process of audio post-production. Topics include editing dialogue, sound effects, ADR, and creating a final sound mix with Regent's Pro Tools editing and mixing system.

Script and Screenwriting

SSW 502 Writing Tools (1) Practical and spiritual tools useful in creating the life of a professional writer. Professional script formatting and presentation, faith and the business, pitching, networking, time management and writing habits. This class may substitute for 1 credit hour of Practicum (SSW 680).

SSW 510 Story Structure for Stage & Screen (3) Examines the structural components of plays and film scripts. Character development studied in relation to structure. Scenarios, treatments and a substantial amount of creative writing realized as the students work toward the development of a full-length work.

SSW 511 Playwriting (3) An exploration of the structural, thematic and character techniques in writing plays for the stage from the sketch to the full-length play. Emphasis is placed on developing a "theatrical" knowledge of conventions and imagery that is the exclusive realm of the live theatre experience from a writing standpoint.

SSW 512 Writing the Short Film (3) Examination of the special circumstance of the short film script (less than 45 minutes running time). Students learn the narrative conventions of this format and write two film scripts through multiple drafts.

SSW 514 Writing for Television (3) An analysis of the structural components of a variety of TV narrative program forms, such as situation comedies and hour-long dramas. Includes survey of markets and pitching techniques.

SSW 612 Feature Film Scriptwriting (3) Builds upon the skills of SSW 510 Story Structure for Stage & Screen. Skills course that guides from the idea through treatment and step-outline to a finished first draft and the marketing of both the script and the writer. Special consideration given to format, story narration and dialogue polishing.

SSW 614 Topics in Scriptwriting (3) Various topics involving the writing of scripts for the screen, stage, or other media. Topics will be based on the strengths and interests of the instructor. Topics include, but are not limited to, narrative adaptation, genre writing, and writing for the Internet. May be repeated when topics vary.

Department of Theatre Arts

THE 627 Makeup for the Stage & Screen (3) Opportunity to gain expertise in designing and applying a variety of makeup techniques including: corrective, fantasy, animal, special effects, old age and will culminate in the introduction of latex prosthetic pieces. Student will be required to purchase a personal makeup kit.

THE 632 Theories & Concepts in Acting (3) An in-depth examination of a variety of theories and techniques of dramatic stage acting. Emphasis placed on Constantin Stanislavski's system and the application of his theories and principles in exercises and performance presentations. This course may be taken for doctoral credit with approval.

THE 633 Theories & Concepts in Directing (3) An in-depth examination of a variety of theories and techniques for directing live performances for the stage. Emphasis placed on various principles, techniques, and approaches to directing dramatically effective presentations. The student will participate in classroom exercise work designed to prepare the student to apply what they learn in various types of performance presentations. Emphasis placed on script analysis, principles of staging, and collaborating with actors. Doctoral credit with approval.

THE 635 Theatre in the Church (3) Nexus of Christian church and theatrical elements - playing space, architecture and design, actor/audience relationship, symbolic gesture, mimetic movement, theatrical representation and ritualized dialogue. Strategies and techniques for integrating various forms and types of theatre into the Christian church setting.

THE 651 Theatre Promotion & Management (3) Operation of facilities, promotion of events, ticketing and house management issues, especially at performance-based arts venues. Budgeting, legal considerations, and marketing of events along with leadership principles are covered.

THE 680 MA Practicum in Theatre Performance (1) Students accrue academic credit for performing in Mainstage and/or studio productions. Acting/Directing students may earn these credits for directing Mainstage and/or studio productions. Pass/No Pass.

THE 681 MA Practicum in Theatre Production (0-3) Students develop proficiencies in the design and technical aspects of a production, as many companies require actors to serve on running crews. Crew assignments may be drawn from a variety of production opportunities in the areas of scenery, costume, makeup, sound, lights, and props. Pass/No Pass.

THE 682 Projects in Theatre Ministry (1) Individual ministry focused performance projects designed for touring, ministry and outreach. (Repeatable up to 3 credit hours).

THE 700 Research & Aesthetics in Theatre (3) An in depth examination of the philosophical and methodological strategies of graduate study within the field of the theatrical arts. Emphasis is placed on historical/critical research methods, principles of formalist analysis, Christian Aesthetics and the completion of individual research projects designed to prepare the student for the culminating experience of the Thesis/Creative Project.

THE 710 The Meisner Technique 1 (3) Meisner's approach trains actors to get out of their own heads and into reading the behavior generated by their scene partners. It accepts as a basic premise that actors build each other's character, moment by moment, together. The course will explore, in some depth, such Meisner exercises as: "The Reality of Doing," "Point of View," "Pinch and Ouch," "What's Happening," "Working Off," "Coming to the Door," "Doing Fully," "In the Extreme," "Taking It Personally," "In Relationship" and "Raising the Stakes." This course will take as its focal point exercise work as opposed to intense scene study. Any scene work will be drawn from contemporary dramatic literature.

THE 711 The Meisner Technique 2 (3) A continuing study of Sanford Meisner's Approach to actor training. Focuses on preparing the actor to access and control release of emotion. Exercise work includes: "Setting the Stage," "Emotional Preparation," "Coming Home to Be Alone," "Coming Home to Do," "Roommates," and "The Highest Stakes." Acting 2 has a more demanding scene study component than Acting 1. Scene work will draw upon the dramatic works of Henrik Ibsen and Anton Chekhov.

THE 713 Text Analysis for Production (3) Designed to familiarize students with the principles, methods, and procedures involved in the analysis of written dramatic texts intended for film, television, or theatrical production. Helps students identify the different elements contained within a script and to understand how each of these relate to one another and work together in creating the overall impression as a work of art. Examines the numerous devices used by artists and technicians in production to communicate their ideas about the written text and how these devices can affect interpretation and realization of the text in production. Focuses primarily on the examination and analysis of dramatic texts for the purpose of script, character and artistic interpretation.

THE 714 Combat for the Stage (3) Aesthetic/safety principles and practical techniques utilized in the staging of unarmed combat and medieval broadsword for the stage.

THE 715 Voice and Movement: Foundations (3) A healthy environment for integrated voice and movement work utilizing a psycho-physical approach, including tension/release, proper alignment, centering and breath work, economy of movement and freedom from habitual limitations.

THE 716 Voice and Movement: Cycles of Expression (3) Expressive cycles in the physical life of the actor, including kinesthetic awareness, expressive continuums, integrated breath cycles, physical properties of expression and character energies. Prerequisite: THE 715.

THE 717 Voice and Movement: Dialects (3) Major performance dialects utilizing the International Phonetic Alphabet, ear training and healthy principles of vocal mechanics. Prerequisite: THE 715.

THE 718 Voice and Movement: Performance Integration (3) Practical application of integrated voice and movement training to a range of play texts, focusing on the synthesis of kinesthetically-based techniques. Prerequisite: THE 716.

THE 719 Dramaturgy (3) History and role of the dramaturg in developing production concepts, research, choosing translations, and developing adaptations of literature for performance. The dramaturg's functions within a theatrical organization to assist in season selection, audience education, and audience development.

THE 720 Director/Designer Collaboration (1) Explores in depth the shared and separate responsibilities of the director and designer, providing a practical perspective on the collaborative process of creating a scenic, costume, lighting and/or audio design.

THE 721 Rapier & Dagger for the Stage (3) Introduces a variety of safety/aesthetic principles as well as practical techniques utilized in staging Renaissance sword fights for the stage. Principles covered include: distance/measure, partnering, cue-reaction-action, masking, reversal of energy, and the pyramid of safety. Techniques covered will be drawn from the following categories: footwork, cuts, thrusts, parries, cross parries, hand parries, reinforced parries, direct and complex attacks, *prise de fer* (taking of the blade) attacks, avoidances, dagger attacks, combining unarmed techniques with blade work.

THE 722 Advanced Directing for the Stage 1 (3) Review of the basics of composition, text analysis, ground plan development, moving on to Central Image Concept and advanced Actor Coaching techniques in directing for the theatre. Deals with contemporary and period dramatic analysis. Students will be prepared for both the practical and visionary aspects of the art of directing.

THE 723 Advanced Directing for the Stage 2 (3) Examine the contributions of a variety of innovative directors of the 20th and 21st centuries. Research application and a variety of dramaturgical techniques are examined. An in-depth examination of the role and function of the director as visionary, artist, craftsman, team leader, dramaturge, scholar, and practitioner, also is a blend of scholarly research and practical application via selected scene work.

THE 724 Stage Management for the Theatre (1) Covers the duties and responsibilities of a production stage manager. Emphasis is placed on learning organizational skills and communication skills affecting all members of a production team. Working with and adapting to Actors Equity regulations is included.

THE 725 Theatrical Design Process 1 (3) Provides an intellectual analysis as well as practical and emotional perspective of the process of creating a scenic, costume, lighting or audio design. Emphasis is placed on script analysis, research methods, implementation and evaluation. Students investigate the impact of resources on the creation of a work of art.

THE 726 Theatrical Design Process 2 (3) Explores in depth the tools and techniques utilized by theatrical designers to bring their work to the stage. Students produce designs for creating scenery, costuming and lighting for a production.

THE 727 Movement for the Actor (3) Well-trained actors have voices and bodies that register the subtlest of thoughts and emotions generated by the actor while in character. Movement for the Actor is a process-oriented course that trains the actor's body to be fully responsive to the demands of physical characterization. Utilizing a mix of stage movement modalities, the student will develop an evolved kinesthetic awareness as a tool in the acting process.

THE 728 Scene Study (3) Utilizes the concepts of "practical aesthetics" to further solidify the advanced actor's application of objective-driven acting technique to scene work. Drawing heavily from the work of the Atlantic Theatre Company, this course proposes practical solutions to balancing pre-production analysis (intellect) and spontaneous, moment-to-moment discoveries in performance (intuition). Course concepts are applied to an intensive scene study, primarily in contemporary theatrical literature.

THE 729 Advanced Scene Study (3) Intensive scene study applied to the texts of major twentieth century playwrights whose works present unique challenges for the contemporary actor. Prerequisite: THE 728.

THE 730 Screen Acting 1 (3) Designed to teach the techniques and methods of screen acting for single-camera productions (although multiple-camera productions are also addressed). Students are required to prepare and perform scenes for presentation in class, to actively participate in classroom exercises and discussions, and to perform as on-camera talent for student productions outside of class in conjunction with other Film and/or Television classes taking place at Regent University.

THE 731 Screen Acting 2 (3) An advanced-level acting course for on-camera performance. Students are expected to already have a basic knowledge of and experience with the unique requirements of screen acting. Students should already be able to adapt the level of performance to various types of camera shots. The class builds on this base knowledge and concentrates on intense scene study to isolate and target those specific moments that define and shape believable, artistically appropriate on-screen performances. The course also focuses on commercial and professional scenes.

THE 740 Acting Shakespeare (3) Provides the advanced actor with the various facets of approaching Shakespearean dramatic texts. An emphasis is placed on scansion, voice quality, builds, playing through lines, and finding a physical and emotional subtext for the language. Work is memorized from Sonnets, soliloquies, and dramatic scenes both serious and comic. An ensemble and individual work in vocal dexterity and sensitivity is also applied.

THE 741 Acting in Periods & Styles (3) Focuses on the drama and performance styles of the theatre of Ancient Greece, Neoclassical France and England, the Commedia dell'Arte of Renaissance Italy, and Theatre of the Absurd. Students are introduced to the cultural milieu of each of the above-mentioned historical periods and the theatrical conventions in force at that time; and participate in a variety of exercises designed to immerse him/her in that particular period or style of theatre. Each student performs scene-work drawn from dramatic literature written during each of the abovementioned periods or styles of theatre or drama. Work with Greek and Commedia dell'Arte mask is also included.

THE 750 Auditioning & the Business of Acting (3) Variety of approaches to auditioning examined: the prepared audition, cold reading, and improvisation. Students work on a series of audition pieces so as to have a polished repertoire available upon completion of their degree. Course covers the tools necessary for an actor to market themselves, including head shots, resumes, cover letters, interview technique, and finding "survival" jobs while maintaining a career as an actor.

THE 775 Special Topics in Theatre (1-3) Offered on a rotating basis, designed to provide additional scholarly and practical topics of interest for credit. May be repeated for up to 6 credits.

THE 780 MFA Practicum in Theatre Performance (1) Affords students the opportunity to accrue academic credit for acting in Mainstage and/or studio productions. Acting/Directing students may earn these credits for directing Mainstage and/or studio productions. Students may register for this course to fulfill elective requirements. Pass/No Pass

THE 781 MFA Practicum in Theatre Production (0-1) Participation on production running crews. MFA Acting students are required to serve on a minimum of four (4) running crews during residency. The student may register for 0 to 1 credit per running crew assignment. If taken for credit, this credit may be applied to fulfilling elective requirements. Crew assignments may be drawn from a variety of opportunities in the area of technical support. If taken for zero credits, there is no charge applied for tuition or fees. Pass/No Pass

THE 795 Theatre Internship (3) Students may fulfill elective requirements by being engaged to act with a professional or semi-professional company. The number of credits available to the student is determined based upon the student's contracted responsibilities, but no more than three credits per academic term may be earned. Students may earn a maximum of six credit hours of THE 795 to be applied to fulfilling degree elective requirements. Pass/No Pass

THE 799 MFA Creative/Thesis Project (1-3) MFA Acting students perform a major role in a Mainstage production during one of their final two semesters in residence. MFA Acting/Directing students direct a full-length production. This creative project includes a written component, or thesis, requiring research, analysis, and clear evidence of application.
Pass/No Pass

SCHOOL OF DIVINITY

DEAN'S MESSAGE

Welcome to the School of Divinity!

If I could have a one-on-one conversation with you I would want to know the narrative of your calling and the dream that God has put in you for His kingdom advancement. Only then would I ask you how you think our school can help bring that to pass for you and through you. We believe that you are fearfully and wonderfully made according to Psalm 139. That requires us to know your design, desires, dreams and sense of destiny in order to serve you well.

I know for certain that our teachers are also fathers and mothers in the faith. That means they care about you as much as they educate you. Their dream is to see you stand on their shoulders and do exploits for God that go beyond their own. Their success is your success.

One thing that most of our students have discovered is that much of their formation and training has come from the relationships with both their teachers and their fellow classmates, both face-to-face and online. As a multid denominational divinity school, we stand apart from other seminaries because of the strength and diversity of our distinguished faculty and students who come from many church families and traditions. As iron sharpens iron you will become honed as an instrument for rebuilding the broken walls of our generation through the wonderful men and women who have made this school a key part of their ministry family.

We believe that the Holy Spirit has led you here with a hunger for excellence in your calling and a passion for God's Word that is understood and applied in a Spirit-led manner to the opportunities and challenges in our cultures. Our curriculum is biblically based, Christ-centered and prioritizes the renewing work of the Holy Spirit. We have forged new paths in providing accredited nontraditional ministry education program formats that allow our students to pursue their degree while remaining in their ministry context. Our graduates are at work passionately around the world ministering in churches, the marketplace, the public square and other domains.

The Regent University School of Divinity will prepare you for a ministry that will not look like what we have seen in the past. It will empower women and men to lead in multi-ethnic, multi-cultural and multi-generational ministry; while honoring the best of the past and innovating the best for the future. Here, you will experience academic excellence that reflects the mind of Christ, and enjoy learning best practices to help you serve with the heart of the Father.

Let God Arise!

MISSION AND PHILOSOPHY

The School of Divinity serves students from many church traditions and backgrounds (denominational and independent). We desire to assist students, within their own ministry and church tradition, to become more effective in various spheres of influence. In particular, we seek to serve students and churches within the spiritual renewal movement.

As an educational and faith community we assume that students are active and experienced in ministry. Correspondingly, we seek to encourage growth in spiritual formation, Christian integrity, fruit and gifts of the Spirit, a commitment to the Church, and the outward thrust of evangelism and missions.

Our mission is to provide theological education that seeks to be faithful to the Scriptures and emphasizes the renewing work of the Holy Spirit in order to form men and women who will bear witness to the gospel of Jesus Christ in the church, the academy, and the world.

DISTINCTIVES OF THE SCHOOL

The School of Divinity is committed to providing Christian education and training from a renewal perspective for the spiritual equipping of men and women who will contribute to the renewal of the Church and the evangelization of the world. The school is committed to the following core values:

1. Spiritual formation within the context of life-long learning which recognizes the on-going development of Christ-like character as the primary building block for Christian life and service
2. Leadership development from a renewal perspective which embraces the contemporary expression of the Holy Spirit
3. Excellence in biblical, theological, and academic education which is grounded on the authority of the Bible as the inspired Word of God, and which reflects cutting edge scholarship
4. Practical training and experience which promote healthy habits of the heart, mind, and spirit, and which equip graduate professionals for fruitful ministry in the church, community, and the world
5. Advancement of world evangelization and discipleship, which are primary mandates of the Bible

ACCREDITATION

As a school within Regent University, the School of Divinity is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACSCOC). Regent University is accredited by the Commission on Colleges and Schools to award baccalaureate, masters, and doctorate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about accreditation.

The School of Divinity is also accredited by The Association of Theological Schools in the United States and Canada (ATS), The Commission on Accrediting of the Association of Theological Schools. 10 Summit Park Drive, Pittsburgh, PA 15275, 412-788-6505 www.ats.edu, to offer the following degrees: M.A. in Practical Theology, MTS, MDiv, ThM, D.Min., and Ph.D., Theological Studies.

(<http://www.ats.edu/MemberSchools/Pages/SchoolDetail.aspx?ID=181>)

SPIRITUAL FORMATION

All incoming students, through the process of Spiritual Formation Foundations (SFRM 501), focus on spiritual, intellectual, emotional and relational preparation towards fulfilling their vocational calling in a professional context. Students are encouraged to develop Christ-like character, relational qualities and professional preparedness toward the achievement of God-directed vision and mission goals in career ministry.

Specifically, students explore vocation from a the perspective of the Bible; investigate the meaning of leadership; discover their own leadership profile, ministry giftings, strengths and weaknesses in relation to personal needs for growth and maturity; examine basic life and faith questions; develop a written vision and mission statement relevant to vocational calling and professional goals; and begin a professional portfolio and resource network to assist in future career placement.

FINANCIAL AID

Regent University offers a limited number of awards on an institution-wide basis. For more information, see the Tuition, Fees and Financial Aid section of this Catalog.

Award Eligibility

The School of Divinity reviews financial aid applications after students have been accepted. Several financial aid options are available to eligible students. To be eligible, students must be enrolled at least full or part time (depending on the award), be in good academic standing (i.e., cannot be on academic probation) and making satisfactory academic progress towards a degree, be able to meet minimum cost-of-living expenses and demonstrate personal initiative through savings, personal support or other income. Following is a list of the various Divinity financial awards. For more information, application deadlines or a financial aid application, contact the School of Divinity Enrollment Services Office.

Divinity Incentive Awards

Divinity Incentive Awards are merit-based awards that seek to provide incentive for: 1) previous academic achievement (cumulative GPA); 2) professional excellence; and 3) ministry/leadership potential. This category includes the Dean's Leadership Incentive Award, the Harvey Memorial Scholarship, and the J. Rodman Williams Scholars Award.

Divinity Investment Grants

Divinity Investment Grants are awards that are investments into the lives of students who demonstrate potential for ministry and are in financial need. These awards are designed to encourage students to complete studies as rapidly as possible and to assume active ministry roles. This category includes the Church and Seminary Matching Grant, the Ministry Partnership Award, the Seminarian Investment Grant (for part-time students), the Seymour/Mason Diversity Award, the Divinity Women in Ministry Award, the Distance Education Award and the Benny Hinn Endowment for World Evangelization.

Grants for International Students

International students may qualify for one of three awards based on academic merit, ministry/leadership potential and demonstrated financial need. These awards are the International Ambassadors Grant, the International Student Fund and the Benny Hinn Scholarship for World Evangelism.

Military Discount

The online distance education program is approved by DAN TES (Defense Activity for Non-Traditional Educational Support). Military students who receive tuition assistance through DAN TES are eligible to receive a tuition discount from Regent University. Once accepted to the program, students may receive extensions to complete their coursework as needed. Students must be in good academic standing (i.e., **cannot** be on academic probation) and be making satisfactory academic progress toward a degree. For additional information, contact the Central Financial Aid Office.

PROGRAM OVERVIEW

The School of Divinity offers both non-degree and degree programs. The School of Divinity has the following non-degree programs: Alumni Continuing Education Program, Certificate Programs, A.C.T.S.; Spouse Observer's Program; Local Pastors' Program; and Continuing Education Program. The School of Divinity offers the following degree programs: Master of Divinity (MDiv) [Professional, with ten concentrations]; M.A. in Practical Theology [Professional with four concentrations]; Master of Theological Studies (MTS) [Academic with four concentrations]; Master of Theology (ThM) [Advanced with nine concentrations]; Doctor of Ministry (DMin) [with five concentrations] and Doctor of Philosophy (Ph.D., Theological Studies) [with three concentrations].

NON-DEGREE PROGRAMS OVERVIEW

Alumni Continuing Education Program

Allows graduates of the School of Divinity to take one course per term (15 credits maximum) for \$100 (plus a one-time \$25 application fee). Alumni are designated as non-degree students for this ACE program.

Certificate Programs

Divinity certificate programs are designed for those seeking advanced study for continuing education and professional development. Certificate programs are available at the non-degree level in Biblical Studies (3 courses), Christian Spirituality and Formation (4 courses), Church Leadership (3 courses), Marketplace Ministry (4 courses), Missional Discipleship (4 courses), Practical Ministry (3 courses), and Worship and Media (4 courses). These certificates may be completed through a combination of online and modular course formats. Courses are completed at the non-degree level; however, students may earn graduate credit for certificate courses applied toward a degree program if further study is desired. Students who wish to complete a certificate program must complete the abbreviated application form for non-degree students and will not be eligible for federal financial aid. Certificate students wishing to earn an academic degree must apply separately to that degree program and meet full admission requirements. Acceptance into a certificate program does not guarantee acceptance into a degree program.

Certificate of Graduate Studies in Biblical Studies (9 credit hours)

The Certificate in Biblical Studies is a graduate-level certificate designed to provide basic understanding of the content and interpretation of the Christian Scriptures. This certificate is for non-degree seeking students only. This certificate can be completed entirely online or through a combination of online, modular and on-campus courses. Students choose three of the following 3-credit hour courses:

Advanced Courses in Theological Studies (A.C.T.S.)

The A.C.T.S. is a non-degree program of up to 36 credit hours. It is designed to assist applicants who possess a master's degree in a theological discipline and three or more years of full-time ministry experience, and wish to become academically eligible to apply to a Doctor of Ministry (DMin) program [those wishing to apply to a seminary Doctor of Philosophy (Ph.D.) program might also be accommodated]. Normally, applicants to DMin programs must possess the Master of

Divinity (MDiv) or its academic equivalency to be eligible to apply for admission. The A.C.T.S. builds upon a student's academic experience to provide the academic equivalent of the MDiv (normally considered to be a minimum of 72 hours).

The primary objective of the program is to offer the student theological education as enrichment for professional development, while serving as a prerequisite for applying for admission to a DMin [or seminary Ph.D. program]. Completion of the A.C.T.S. program does not automatically guarantee admission to the doctoral program.

A.C.T.S., although a non-degree program, is graduate level, theological study. To be eligible for the A.C.T.S., applicants must possess an ATS-accredited master's degree in a theological discipline, with no less than 36 credit hours of academic work. The certificate is awarded upon successful completion of all course work. Courses are offered in the areas of Bible, theology, Church history, New Testament Greek and Old Testament Hebrew, and a ministry specialization, depending on the student's individual needs regarding MDiv equivalency. Courses required for the A.C.T.S. are individualized according to the student's needs and previous work reflected on graduate transcripts. A variety of venues for completing the A.C.T.S. are available, including on-campus courses, one-week intensive courses (modular), online courses, and independent studies.

Spouse Observer's Program

The commitment of the School of Divinity does not end with its students, but extends to families also. In many instances after graduation, a student spouse may share in considerable ministry responsibilities. The Spouse Observer's Program allows spouses the opportunity to experience some of the spiritual, academic and professional development opportunities alongside the seminarian. With the permission of the instructor of the course, spouses may join Divinity students in on-campus and modular classes as a nonparticipating observer. While credit is not granted for the experience, the perspectives and skills gained result in stronger seminary families and, eventually, ministry families. Participation is contingent upon space availability and the permission of the instructor.

Pastors' Lifelong Learning Program

A great way of receiving ongoing ministry and academic training, the Pastors' Lifelong Learning Program is designed for pastoral staff members who are:

- in full-time ministry
- paid (not volunteer)
- currently serving in churches
- graduates of accredited institutions with 4-year undergraduate degrees

The Pastors' Lifelong Learning Program is a for-credit (transcripted) program, but is also a non-degree program (i.e. not for pastors who are seeking to earn a master's degree from the School of Divinity). Pastors seeking a degree should, instead, apply through the normal admissions process and ask about financial aid options.

Pastors may enroll in one course per academic year for \$150 plus fees and an initial, \$25 application fee. Pastors may take advantage of this benefit each academic year without ever having to re-apply. Pastors in this non-degree seeking program may take up to 15 credits, enrolling in one course per academic year. Only graduate-level, Divinity courses are offered under the Pastors' Lifelong Learning Program.

Those who are *not* eligible for this program include:

- Regent students in auxiliary pastoral roles
- pastors who are current Regent students and receiving financial aid awards
- pastors who are seeking to take Doctor of Ministry and Ph.D. courses (as well as some master's-level courses with prerequisites)
- those seeking to use Continuing Education Units (CEU)

To enter the program: complete and submit the [Divinity Application](#). A School of Divinity Registration representative will contact you to facilitate registration for the first course. A "pastor's hold" will also be placed on your student account, meaning that you will be unable to register for another course until the next academic year. Each time you wish to register, you will need to contact [Divinity Enrollment Services](#).

Continuing Education Program

For more information about the CEU Program contact the Divinity Registration Representative.

PARTNERSHIPS AND AFFILIATIONS

The School of Divinity is one of the Associated Schools of Jerusalem University College (formerly the Institute of Holy Land Studies), and is recognized by the Association of Clinical Pastoral Education as providing academic certification requirements. The School of Divinity is a charter member of the Pentecostal Research and Preservation Consortium along with Asbury College, Billy Graham Center at Wheaton College and Oral Roberts University. These partnerships are in keeping with the mission and expanding impact of the School of Divinity and Regent University. The School of Divinity also partners with The Master's Institute, Minneapolis, Minnesota, in offering their "Missional Discipleship" concentration to train pastors and leaders and serve churches across the country.

MASTER'S DEGREE REQUIREMENTS

- UNIV 500, unless an exemption is issued. This exemption is based solely on the writing sample submitted in the admissions process. Students granted an exception to UNIV 500 will be required to complete the Divinity-specific section of UNIV LIB.
- Students who plan to graduate in a given year must fulfill the requirements and timetable on a clearance sheet available from University Advising. Items that must be met include:
 1. Review and complete an Academic Degree Plan (ADP) with the Academic Advisor prior to completion of the first year of courses
 2. Completion of core courses for the degree plan
 3. Completion of elective hours
 4. Completion of internship or culminating experience (thesis or comprehensive exam). Details for comprehensive exams are available from the divinity academic dean's office.
 5. Exit survey
 6. NOTE: A student in the LAST TERM of a master's program may apply for an exemption to the final exam(s) in any or all courses taken during the final term. The conditions of an exemption include ALL of the following: (1) a 3.5 average in the class; (2) a 3.5 CGPA in the student's overall program; AND (3) if the professor agrees and concurs that the final exam is not "essential" to the course material and content [i.e., an exemption from final exam will not unduly penalize the student's learning of the course material and content]. The application for exemption is not automatic. The professor is not obligated to grant the request.

Students who choose the internship must follow the procedures in the *Internship Manual*. Students who opt for the thesis must follow the procedures and timetable in the *Thesis Manual* available on the School of Divinity website.

COURSE ATTENDANCE

In order to receive credit for a course, students must attend a minimum of 70% of courses, which have a residency or an on-campus requirement. Whether the course is standard, modular or hybrid in type, residency is an essential component of the requirements for these courses. Merely completing the assigned work is not sufficient to receive a grade for courses that have a residency requirement. This applies to masters and doctoral courses in the School of Divinity. NOTE: particular courses may assign credit for attendance and discount the final grade for a lack of attendance, even above 70% (see course syllabus for particular procedures and requirements). Note that online course also require regular participation as specified in the relevant course syllabus.

AUDITING A COURSE

Certain on-campus School of Divinity courses may be audited with special permission from the Associate Dean of Academics. Ordinarily online and modular courses are not available for auditing. Audit tuition is 50% of the published tuition rate based on the program level of the course. Application for auditing a course is made through the Department of Academic Advising.

ADMISSIONS REQUIREMENTS for the Master's Programs

Refer to the "Admission to Regent Graduate Schools" section of this Catalog for additional information regarding admission procedures and requirements.

The School of Divinity does not require students to have undergraduate courses or degrees in Bible, theology, religion or philosophy. Admission to degree programs is a competitive process and is based on academic achievement as evidenced

by college grades (minimum 2.50 GPA; 3.00 GPA preferred), an extemporaneous writing sample, maturity in spiritual and character qualities, personal interview, clergy recommendation, and personal goals consistent with the mission of Regent University. The School of Divinity encourages applications from men and women of all Christian church traditions, denominations and national and ethnic origins.

ADVANCED STANDING

Advanced standing may be granted to students as follows:

- Students applying to Regent from **an accredited institution** may be eligible for advanced standing credits for academic and professional equivalent coursework in the School of Divinity (cf. “Admission Criteria: Master’s or Professional Degree Program” section of the Catalog) Note that criteria for advanced standing are the same as those for transfer of credit.
- Graduates with an M.A. from Regent University who wish to be readmitted as MDiv students must submit an application to the MDiv program. Less than one-half of the total credits required for the MDiv degree can be subject to advanced standing. This petition is subject to formal review by the Associate Dean for Academics. Applicants are not re-admitted into a degree program and are not eligible to take classes until they have received positive notification from the dean’s office.
- Ordinarily, students applying to Regent from **a non-accredited institution** are not eligible for advanced standing.

CAREER OBJECTIVES

Master of Divinity (MDiv)

The MDiv is considered by ATS the “normative” professional degree for ministry careers, especially those that focus on congregational ministries wherein ordination is desired. Foundations for sound ministerial philosophy and practice are laid through the in-depth study of the interpretation of the Bible, the languages of the Bible, and church history and doctrine. Practical skills and values are emphasized in practical theology, church leadership and missions-related courses. Students are offered opportunities to specialize in professional concentrations designed with the needs of the Church and society in mind. Patterns of ministerial practice are encouraged and confirmed in spiritual formation groups, fieldwork and internships in the areas related to students’ vocational interests. The MDiv is configured with ten possible concentrations: Biblical Studies, Chaplain Ministry, Christian Theology, Church and Ministry, History of Christianity, Intercultural Studies, Interdisciplinary Studies, Marketplace Ministry, Missional Discipleship, Practical Healing Ministry, and Worship & Media. According to ATS standards, it is the required degree for admission to the Doctor of Ministry program and the recommended first theological degree for admission to advanced programs oriented to theological research and teaching.

Master of Arts (Professional)

The primary purpose of M.A. degrees that ATS designates as professional or oriented toward ministerial leadership (in Specialized Ministry) is to equip persons for competent leadership in some form of specialized ministry in congregations and other settings. Although the MDiv is the standard degree for ordination, this type of M.A. is often sufficient for those interested in ordination within some ministry contexts. The School of Divinity offers an M.A. in Christian Spirituality & Formation and an M.A. in Practical Theology with six concentrations: Christian Healing; Church and Ministry; Intercultural Studies; Interdisciplinary Studies; Marketplace Ministry; and Worship & Media.

Master of Theological Studies (Academic)

The purpose of the Master of Theological Studies (MTS) degree is to provide a basic understanding of graduate theological disciplines for further graduate study or for general educational purposes. The MTS prepares graduates for participation in theological research, writing, and teaching by offering a foundation in theological studies, and is ideal for those interested in academic and research pursuits leading to academic doctoral work. The School of Divinity offers four concentrations within the MTS: Christian Theology; History of Christianity; Biblical Studies; and Interdisciplinary Studies.

Master of Theology (ThM)

The purpose of this advanced degree is to provide a fuller mastery of one area or discipline of theological study than is normally provided at the MDiv level. The program serves a variety of aims, including preparation for further graduate study at the doctoral level, preparation for some forms of teaching, the scholarly enhancement of ministerial practice, or disciplined reflection on a specialized function in ministry.

Online Distance Education (DE)

Students in the MDiv, M.A. in Practical Theology, MTS, and ThM programs can complete their degree programs entirely through online classes or through a combination of online and face-to-face classes (including both traditional and modular classes.) Regardless of the mode of delivery, the course and program content is the same so that all students receive a comparable education within their area of study.

DEGREE PROGRAMS

Master of Theological Studies Degree (MTS)

MTS Program (Program delivered entirely online or partially online and partially face-to-face.)

The MTS is a 48-credit-hour academic degree designed to provide a basic understanding of theological disciplines for further graduate study or for general educational purposes. The MTS in the School of Divinity prepares graduates for participation in theological research, writing, and teaching by offering a general foundation in theological studies and an opportunity for specializing in a concentration.

The MTS is available in four concentrations

- Biblical Studies
- Christian Theology
- History of Christianity
- Interdisciplinary Studies

The goals of this program are to:

- Advance students' levels of proficiency in the content, theory, and practice of theological scholarship.
- Provide an educational experience that supports students' holistic formation with emphasis on Christ-like character and spiritual vitality.
- Enable students to develop competence in biblical literacy and interpretation, the history of Christianity, and theological reflection from a Renewal perspective.
- Prepare students for Christ-centered leadership in the education, training, and development of communities in which they serve.
- Enhance the global competence of students for balanced understanding, practice, and participation in diverse contemporary contexts of life.

Location of Instruction

The MTS may be completed at the Virginia Beach campus, online, or through a combination of distance education and residential courses.

University Requirement (must be completed in first semester):

UNIV 500 Regent Foundations for Graduate Success (2) or UNIV LIB Information Research & Resources (0), as required upon admission

Course Requirements (48 credit hours)

Students in the MTS program take 18 credit hours of "context" courses, 12 credit hours of "perspectives" courses, 15 credit hours of "concentration" courses, and 3 credit hours associated with a summative experience.

Context Courses (18 credit hours): Students in this program are required to take the following context courses:

- BIBL 504 Biblical Hermeneutics (3)
- BNTB 500 New Testament (3)
- BOTB 500 Old Testament (3)
- Choose one from HCHT 501, HCHT 502, HCHT 503, HCHT 504 (3)
- SFRM 501 Spiritual Formation Foundations (3)
- THEO 500 Christian Theology (3)

Perspectives Courses (12 credit hours): Students in this program must choose courses as specified from the following perspectives course areas:

One language elective (3 credit hours):

BIBL 506 Introduction to Biblical Languages (3)

BNTB 540 New Testament Greek 1 (3)*

BOTB 540 Biblical Hebrew 1 (3)*

*Note: students choosing to take BNTB 540 or BOTB 540 to fulfill their language elective may choose to take the second course in sequence (BNTB 541 New Testament Greek 2 or BOTB 541 Biblical Hebrew 2) as one of their concentration courses.

One intercultural elective (3 credit hours):

ICSD 521 World Religions (3)

ICSD 500 World Christian Perspectives (3)

ICSD 531 Theology of Global Missions (3)

ICSD 545 Intercultural Communication (3)

THEO 522 Christian Ethics (3)

Two interdisciplinary electives (6 credit hours):

Students in the *Biblical Studies* concentration: one THEO course and one HCHT course

Students in the *Christian Theology* concentration: one HCHT course and one BOTB, BNTB, or BIBL course

Students in the *History of Christianity* concentration: one THEO course and one BOTB, BNTB, or BIBL course

Students in the *Interdisciplinary Studies* concentration: two courses from among the BIBL, BNTB, BOTB, HCHT, and THEO courses

Concentration Courses (15 credit hours): Students in this program choose from a range of classes in their concentration area.

MTS with a concentration in *Biblical Studies*: 15 credit hours in BOTB, BNTB, or BIBL courses beyond the required context courses

MTS with a concentration in *Christian Theology*: 15 credit hours in THEO courses beyond the required context course

MTS with a concentration in *History of Christianity*: 15 credit hours in HCHT courses beyond the required context course

MTS with a concentration in *Interdisciplinary Studies*: 15 credit hours in THEO, HCHT, BOTB, BNTB, or BIBL courses beyond the required context courses

*Note: In each of the above concentrations, one course may be taken in a complementary area within the School of Divinity and counted within the concentration.

Summative Experience (3 credit hours): Students in this program must complete a summative experience in the final year of their program. Students must seek formal approval for their summative experience from the Academic Dean in consultation their academic advisor. Summative experiences normally consist of one of the following:

DGEN 580 Practicum (requires prior approval of the dean in order to be considered a summative experience)

DGEN 590 Independent Study (requires prior approval of the dean in order to be considered a summative experience)

DGEN 597 Comprehensive Exam

DGEN 685 Seminar (requires prior approval of the dean in order to be considered a summative experience)

DGEN 699 Thesis*

*Note: Students choosing to pursue the thesis option will also take DGEN 697 Preparing a Thesis Proposal as one of their concentration courses.

Total Degree (48 hours)

Master of Arts Degree (M.A.)

M.A. in Practical Theology Program (Program delivered entirely online or partially online and partially face-to-face.)

The M.A. in Practical Theology is a 48-credit-hour professional degree for those who have been called to specialized ministry settings. The heart of this program is the understanding from the perspectives of the Bible that theology is intensely practical in its application. Further, this program underscores the importance of balanced reasoning informed by Scripture, which precedes and inspires works of effective ministry. Spiritual formation, coursework, research, internships and practica are directed toward the development of practical solutions to ministry challenges.

This degree is intended to provide relevant studies of the Scripture and ministry foundations for pastors, staff ministers, missionaries, military personnel and other professionals pursuing further graduate work. It is an excellent preparation for anyone aspiring to leadership-service positions within the church, the church staff or within nonprofit organizations, e.g., Christian education director, minister to youth, staff pastoral counselor. Also, the program is ideal for ordination preparation for some churches and denominations.

The M.A. in Practical Theology is a professional degree related to and carrying the same GPA requirements as the MDiv degree. The M.A. in Practical Theology is designed to prepare church leaders and Christian workers in foundational studies of the Bible and ministry skills. Ideal for ministry specialists, it prepares one for roles and tasks that might differ from those expected of senior pastors or other traditional church leadership roles.

Ministry specialists such as pastors to youth, evangelists, discipleship instructors and support-role missionaries may find this degree perfect for their individualized training needs. It provides the Christian ministerial foundations for those called to bi-vocational ministries, i.e., one pastoring a newly planted church while employing professional skills in the marketplace for financial support. The M.A. in Practical Theology is well-suited for ministers at the entry-level stage of development seeking the clarifying input of mentors and faculty. It is just as appropriate for senior ministry staff desiring a sabbatical or refresher experience. This program is the suggested degree plan for those on campus seeking a joint degrees option with one of the other colleges or schools at Regent University.

The M.A. in Practical Theology is available in seven concentrations:

- Church & Ministry
- Cosmogony
- Intercultural Studies
- Interdisciplinary Studies
- Marketplace Ministry
- Practical Healing Ministry
- Worship & Media

The goals of this program are to:

- Advance students' levels of proficiency in the content, theory, and practice of ministry.
- Provide an educational experience that supports students' holistic formation with emphasis on Christ-like character and spiritual vitality.
- Enable students to develop competence in biblical literacy and interpretation, the history of Christianity, and theological reflection from a Renewal perspective.
- Prepare students for Christ-centered leadership in the education, training, and development of communities in which they serve.
- Enhance the global competence of students for balanced understanding, practice, and participation in diverse contemporary contexts of life.

Location of Instruction

The M.A. in Practical Theology degree program may be completed either entirely online or at the Virginia Beach campus through a combination of online and face-to-face classes.

University Requirement (must be completed in first semester):

UNIV 500 Regent Foundations for Graduate Success (2) or UNIV LIB Information Research & Resources (0), as required upon admission

Course Requirements (48 credit hours)

Students in the M.A. in Practical Theology program take 18 credit hours of foundational “context” courses, 15 credit hours of “perspectives” courses, and 12 credit hours of “concentration” courses and at least 3 credit hours associated with a supervised ministry experience.

*Note: In each of the above concentrations, one course may be taken in a complementary area within the School of Divinity or in another graduate school within Regent University and counted within the concentration. For the *Interdisciplinary Studies* concentration, up to two courses may be taken in another graduate school within the university. The Marketplace Ministry concentration already includes two courses from the School of Business and Leadership or the Robertson School of Government and the *Worship and Media* concentration includes two courses from the School of Communication and the Arts.

Supervised Ministry (3 credit hours): Students in this program must complete a supervised ministry experience during the course of their program. Students must seek formal approval for their supervised ministry experience through the School of Divinity's Director of Field Education. Supervised ministry normally consists of the following:

SFRM 502 Internship: Ministry Formation (3)

*Note: Students wishing to gain additional practical experience during the course of their program may also wish to enroll in a Practicum (PMIN 580; ICSD 580) or an additional internship (PMIN 595) either of which can be taken in addition to SFRM 502 as one of their concentration courses.

Total Degree (48 hours)

M.A. in Christian Spirituality & Formation Program (Program delivered entirely online or partially online and partially face-to-face.)

The M.A. in Christian Spirituality & Formation is a 36-credit-hour professional degree for those desiring a rigorous yet practical program for their own personal growth in Christ, enrichment in knowledge, preparation for ministry and leadership, and/or as prelude to further study in other academic programs. The program intends to encourage further maturing of one's relationship with God and others. With the Bible as the primary source of recorded knowledge concerning Christian spirituality, formation, discipleship and related areas, the degree also includes theological and historical studies foundational to implementing the processes of formation, conformation and transformation in Christ, and the continuing life journey in discipleship through the empowerment of the Holy Spirit. Ideal for ministry specialists in ecclesial, parachurch and other contexts, the degree's study program recognizes the vital and essential role of the church in Christian spirituality, formation and equipping for diverse

vocations of service and leadership in ministry and mission. The M.A. in Christian Spirituality & Formation is a professional degree related to and carrying the same GPA requirements as the M.Div. degree.

Educational Goals

The goals of this program are to:

- Provide an integrated educational experience that focuses specifically on students' spirituality and holistic formation from a Trinitarian perspective, with emphasis on the individual's continuing inner process of transformation into the character of Jesus Christ through the power of the Holy Spirit.
- Equip students to integrate a sound knowledge of Scripture with practical application of scriptural principles and practices to facilitate formative spirituality and discipleship in personal life and professional contexts.
- Prepare students to serve and to lead others in integrating and applying the knowledge and processes of formative spirituality.
- Prepare and equip students to minister to believers of varying backgrounds and faith traditions by enhancing their understanding and appreciation of how cultural dynamics affect Christian spirituality, formation and discipleship.

Learning Outcomes

Upon completion of the program students will be able to:

- Evaluate the Biblical, theological, historical and contemporary aspects of Christian holistic formation and other relevant formation models from a Renewal traditions perspective.
- Select evaluative models of self-assessment to achieve goals for continuing growth in personal and professional contexts of life and ministry.
- Prioritize Scripture as the primary source of truth in applying the process of theological reflection to contexts and situations involving formational development and discipleship.
- Appraise the spiritual dynamics involved with formation and discipleship at both individual and corporate levels.
- Explain the process of synthesis and integration essential to Christian spirituality, formative spiritual development, discipleship, and Biblical scholarship.
- Evaluate the individual and corporate spiritual formation needs of a community to design and apply a disciplined process for the development of members' Christian growth and missional vision.
- Analyze the dynamics of culture, gender, and faith tradition in order to understand and appreciate how these differing dynamics affect spiritual growth in both personal and corporate contexts.
- Integrate and apply to one's life disciplined spiritual practices, ministries and growth-related processes for maturing in character and the ability to minister with integrity and effectiveness.

Location of Instruction

The M.A. in Christian Spirituality & Formation degree program is offered entirely online or on the Virginia Beach campus through a combination of online and on-campus courses.

Course Requirements (36 credit hours)

Students in the M.A. in Christian Spirituality & Formation program take 18 credit hours of foundational "context" courses, 15 credit hours of "concentration" courses, and at least 3 credit hours associated with a supervised ministry experience.

Context Courses (18 credit hours): Students in this program are required to take the following context courses:

- BIBL 504 Biblical Hermeneutics (3)
- BNTB 500 New Testament (3)
- BOTB 500 Old Testament (3)
- ENGL 500 Graduate Academic Writing Seminar (0 credit hours)
- Choose one from HCHT 501, HCHT 502, HCHT 503, HCHT 504 (3)

Supervised Ministry (3 credit hours): Students in this program must complete a supervised ministry experience during the course of their program. Students must seek formal approval for their supervised ministry experience through the School of Divinity's Director of Field Education. Supervised ministry normally consists of the following:

SFRM 502 Internship: Ministry Formation (3)

Total Degree (36 hours)

The Master of Divinity Degree (MDiv)

MDiv Program (Program delivered entirely online or partially online and partially face-to-face.)

The MDiv is the traditional seminary degree that prepares men and women for professional ministry leadership roles. The 72 credit-hour MDiv is the comprehensive degree program in the School of Divinity incorporating elements of both the MTS and M.A. in Practical Theology. The MDiv allows students to focus in one of a number of concentration areas (Biblical Studies, Chaplain Ministry, Christian Theology, Church & Ministry, History of Christianity, Intercultural Studies, Interdisciplinary Studies, Marketplace Ministry, Missional Discipleship, Practical Healing Ministry, and Worship & Media). The MDiv prepares students for full-time Christian service leading to ordination by providing training and mentoring for the general practice of ministry in a church or parachurch organization or in a specialized ministry setting. The MDiv provides the broad theological and ministry perspectives required by most ordaining bodies, and is the standard prerequisite for the DMin and other terminal degrees. Students planning to pursue ordination or terminal degrees should consult providers of those opportunities to determine specific requirements.

The goals of this program are to:

- Provide an educational experience that supports students' holistic formation with emphasis on Christ-like character and spiritual vitality.
- Enable students to develop competence in biblical literacy and interpretation, the history of Christianity, and theological reflection from a Renewal perspective.
- Prepare students for Christ-centered leadership in the education, training, and development of communities in which they serve.
- Enhance the global competence of students for balanced understanding, practice, and participation in diverse contemporary contexts of life.
- Advance students' levels of proficiency in the content, theory, and practice of ministerial leadership.
- Advance students' levels of proficiency in a specialized area of theological studies (i.e. their area of concentration).

Location of Instruction

The MDiv may be completed either entirely online or at the Virginia Beach campus or through a combination of online and face-to-face classes.

University Requirement (Must be completed in first semester):

UNIV 500 Regent Foundations for Graduate Success (2) or UNIV LIB Information Research & Resources (0), as required

upon admission

Course Requirements (72 credit hours)

Students in the MDiv program take 18 credit hours of “context” courses, 30 credit hours of “perspectives” courses, and 18 credit hours of “concentration” courses. In addition, MDiv students take at least 3 credit hours associated with a supervised ministry experience, and 3 credit hours associated with a summative experience.

Context Courses (18 credit hours): Students in this program are required to take the following context courses:

- BIBL 504 Biblical Hermeneutics (3)
- BNTB 500 New Testament (3)
- BOTB 500 Old Testament (3)
- SFRM 501 Spiritual Formation Foundations (3)
- THEO 500 Christian Theology (3)
- Choose one from HCHT 501, HCHT 502, HCHT 503, and HCHT 504 (3)

Perspectives Courses (30 credit hours): Students in this program must choose courses as specified from the following perspectives course areas:

Two intercultural electives (6 credit hours):

- ICSD 500 World Christian Perspectives (3)
- ICSD 521 World Religions (3)
- ICSD 531 Theology of Global Missions (3)
- ICSD 545 Intercultural Communication (3)

Four interdisciplinary electives (12 credit hours):

- One BIBL or BNTB course (New Testament)
- One BIBL or BOTB course (Old Testament)
- One HCHT course (History)
- One THEO course (Theology)

Two ministerial leadership electives (6 credit hours):

- PMIN 501 Leadership in Church & Ministry (3)
- PMIN 524 Preparation of Biblical Messages (3)
- PMIN 525 Pulpit Ministry (3)
- THEO 522 Christian Ethics (3)

Two language electives (6 credit hours):

- BNTB 540 New Testament Greek 1 (3)
- BNTB 541 New Testament Greek 2 (3)
- BOTB 540 Biblical Hebrew 1 (3)
- BOTB 541 Biblical Hebrew 2 (3)

*Note: students wishing to take additional language coursework including exegesis or readings courses should take these as part of their concentration courses.

Concentration Courses (18 credit hours): Students in this program choose from a range of classes in their concentration area.

MDiv with a concentration in *Biblical Studies*: 18 credit hours in BIBL, BNTB or BOTB courses beyond the required context and perspective courses

MDiv with a concentration in *Chaplain Ministry*: see specialized program requirements below

MDiv with a concentration in *Christian Theology*: 18 credit hours in THEO courses beyond the required context course

MDiv with a concentration in *Church & Ministry*: 18 credit hours in PMIN courses beyond the required perspectives course

MDiv with a concentration in *History of Christianity*: 18 credit hours in HCHT courses beyond the required context course

MDiv with a concentration in *Intercultural Studies*: 18 credit hours in ICSD courses beyond the required perspectives course

MDiv with a concentration in *Interdisciplinary Studies*: 18 credit hours beyond the required context courses in a variety of disciplines

MDiv with a concentration in *Marketplace Ministry*: 18 credit hours to include 9 credit hours of School of Divinity coursework from the list below and 9 credit hours from the School of Business and Leadership or the Robertson School of Government courses as listed below:

Divinity courses: BIBL 500 Principles of Bible Study 1 (3); BIBL 510 Unity of the Bible. ICSD 545 Intercultural Communication (3); PMIN 509 Models of Biblical Discipleship (3); PMIN 600 Online Technologies and Digital Media in Ministry (3); SFRM 501 Spiritual Formation Foundations (3) (pre-requisite for SFRM 501 and PMIN 509); SFRM 509 Models of Biblical Discipleship

Business and Leadership courses: LMOL 602 Organizational Development: Consulting, Design, Intervention & Evaluation (3); LMOL 604 Motivation, Teams, Coaching & Mentoring (3); LMOL 605 Organizational Communication, Conflict Resolution & Negotiation (3); LMOL 606 Strategic Thinking, Planning & Organizational Change (3); LMOL 607 Leadership, Technology, Job Design, Socio-technical Systems & Innovation (3) or MBA 621 Innovation & Technological Success (3); MBA 630 Marketing (3); MBA 679 Business Planning & Launch

Government courses: GOV 693 Managing Not-for-Profit & Faith-Based Organizations (3); GOV 694 Not-for-Profit and Faith-Based Organizations Fundraising Development (3); GOV 696 Not-for-Profit Start-Up (3)

MDiv with a concentration in *Missional Discipleship*: 18 credit hours as indicated in the specialized program requirements below.

MDiv with a concentration in *Practical Healing Ministry*. 18 credit hours to include either PMIN 557 Christian Healing or HCHT 555 Healing in Christian Traditions and an additional 15 credit hours from the course options listed below:

THEO 504 Angelology & Demonology (3); PMIN 511 Pastoral Care, Counseling & Conflict (3); PMIN 553 Intercession as Ministry: Principles & Practice (3); PMIN 554; Christian Pilgrimage (3); THEO 542 Charismatic Renewal Theology (3); THEO 545 The Charismatic Movement Today (3); THEO 546 Pneumatology: The Doctrine of the Holy Spirit (3)

MDiv with a concentration in *Worship & Media*: 18 credit hours; 9 credit hours of WSHP courses and 9 credit hours from the following courses offered in the School of Communication and the Arts:

Theatre: SSW 510 Story Structure for Stage & Screen (3); THE 633 Theories & Concepts in Directing (3); THE 635 Theatre in the Church (3);

Strategic Communication: COM 600 Story, Popular Culture & Worldview (3); COM 610 Influence through Entertainment (3); COM 632 Media & the Church (3);

Journalism: JRN 607 Social Media & Internet Marketing (3); JRN 550 Journalism Technology Tools (3); JRN 613 Feature Writing & Specialty Reporting (3);

Cinema and Television: CTV 524 The Role of the Producer (2); CTV 612 Legal Issues (2); CTV 604 Redemptive Film (3); SSW 510 Story Structure for Stage & Screen (3).

*Note: In each of the above concentrations, one course may be taken in a complementary area within the School of Divinity or in another graduate school within Regent University and counted within the concentration. For the *Interdisciplinary Studies* concentration, up to three courses may be taken in another graduate school within the university. The *Marketplace Ministry* concentration already includes three courses from the School of Business and Leadership or the Robertson School of Government and the *Worship and Media* concentration includes three courses from the School of Communication and the Arts.

Students in the *Chaplain Ministry* concentration take a specialized set of classes designed to more effectively prepare them for the demands of chaplaincy in a variety of contexts. These include:

Supervised ministry (see next section for specific requirements)

6 credit hours of counseling and related courses (students choose from among PMIN 511 Pastoral Care, Counseling & Conflict [strongly recommended], and related courses within the School of Psychology and Counseling on topics such as crisis counseling, marriage and family, addictive behaviors, and post-traumatic stress).

9 credit hours in the following areas: PMIN 519 Ministry Administration (3); THEO 522 Christian Ethics (3) (or an elective if THEO 522 is taken as a perspectives course); one additional elective (3).

Students in the *Missional Discipleship* concentration take 6 credit-hours of required concentration courses and choose 12 credit-hours from a set of eight concentration electives:

Required concentration courses: BIBL 540 Promise, Covenant & Kingdom (3) and PMIN 506 Priests, Disciples & Mission (3).

Concentration electives: HCHT 524 Luther: Man and Mission (3); HCHT 525 Lutheran Christianity (3); THEO 518 Confessional Theology (3); THEO 527 Bonhoeffer and Life Together (3); HCHT 503 Early Modern Christianity (3); PMIN 513 Church Planting Models & Methods (3); THEO 546 Pneumatology: The Doctrine of the Holy Spirit (3); SFRM/PMIN 509 Models of Biblical Discipleship (3).

Supervised Ministry (3 credit hours): Students in the MDiv program must complete a supervised ministry experience during the course of their program (3 credit hours; 6 credit hours for chaplain ministry students). Students must seek formal approval for their supervised ministry experience through the School of Divinity's Director of Field Education. Students in the *Missional Discipleship* concentration who are part of The Master's Institute program must also seek the approval of their program advisor. Supervised ministry normally consists of the following:

SFRM 502 Internship: Ministry Formation (3)

*Note: Students wishing to gain additional practical experience during the course of their program may also wish to enroll in a Practicum (ICSD 580, PMIN 580); or an additional internship (PMIN 595) either of which can be taken in addition to SFRM 502 as one of their concentration courses.

Students in the *Chaplain Ministry* concentration will complete 6 credit hours of supervised ministry associated with the kind of chaplaincy for which they are preparing. As with students in other concentrations, chaplain ministry students must also seek formal approval for their supervised ministry experience through the School of Divinity's Director of Field Education. Recommendations for each area of chaplaincy are listed below:

Hospital Chaplaincy: Students should complete 1 unit of Clinical Pastoral Education (6 credit hours).

Military Chaplaincy: Students should seek to partner with the Chaplain Candidate Reserve Program for their particular branch of service. The three summer immersion experiences provided through these programs provide necessary foundations for military context, culture, organization, and history (6 credit hours).

Prison, Institutional, Sports, or Other Chaplaincy: Students should complete two semesters of internship in their area of chaplaincy (6 credit hours).

Summative Experience (3 credit hours): Students in the MDiv program must complete a summative experience in the final year of their program. Students must seek formal approval for their summative experience from the Academic Dean through consultation with their academic advisor in the School of Divinity Student Support office. Students in the *Missional Discipleship* concentration who are part of The Master's Institute program must also seek the approval of their program advisor. This requirement is normally met through one of the opportunities listed below:

DGEN 580 Practicum, PMIN 680 Advanced Ministry Practicum, or ICSD 680 Advanced Missions Practicum (3)
DGEN 685 Seminar (3) (requires prior approval of the dean in order to be considered a summative experience)
DGEN 699 Thesis* (3)
SFRM 503 Spiritual & Vocational Integration (3)

*Note: Students wanting to pursue the thesis option are required to take DGEN 697 Preparing a Thesis Proposal as one of their concentration courses.

Total Degree (72 hours)

ADVANCED GRADUATE DEGREE

Master of Theology (ThM)

The ThM is a 24-credit-hour advanced, flexible degree designed to provide a more complete mastery of one area or discipline. The degree is intended for those requiring specialist training in any area of church or marketplace ministry, or for entry into a doctoral program. The ThM can be gained through a combination of course work and research, and through any mode of delivery, including entirely online.

Admissions Requirements

Refer to the “Admission to Regent Graduate Schools” and “Admissions Requirements for the Master’s Programs” sections of this Catalog for additional information regarding admission procedures and requirements.

Admission requires an MDiv or MA or MTS, with a GPA of at least 3.5, from an ATS or regionally accredited school, a B+ in all prerequisites for subjects to be taken in the ThM, and a thesis proposal, including footnotes, of not less than 350 and not more than 500 words.

The ThM is available in any of the following concentrations:

- Biblical Studies
- Christian Leadership
- Christian Spiritual Formation
- Christian Theology
- Church & Ministry
- Evangelism & Church Development
- History of Christianity
- Intercultural Studies
- Pastoral Theology

Educational Goals and Learning Outcomes

Upon completion of the program, each student will be able to:

- Demonstrate an advanced understanding of a focused area of theological study
- Utilize the research methods of the discipline
- Write an advanced master’s thesis at a level appropriate to an advanced research degree

Location of Instruction

The ThM may be completed at the Virginia Beach campus, online, or through a combination of distance education and residential courses.

University Requirement

UNIV LIB Information Research & Resources (0)

Course Requirements (24 credit hours)

Students in the ThM (24 hours) take from 9 to 15 credit hours of course work, one 3 credit hour examination, and the remaining 6 to 12 hours as a thesis.

There is a two-year time limit for the completion of the degree.

Course work

Students in this program are required to take the following courses.

One concentration-specific methods course (3 credit hours):

- Biblical Studies*: DCOR 705 Research Design and Methodology
- Christian Leadership*: DCOR 705 Research Design and Methodology
- Christian Spiritual Formation*: DCOR 705 Research Design and Methodology
- Christian Theology*: RTCH 701 Renewal Theological Method
- Church & Ministry*: DCOR 705 Research Design and Methodology
- Evangelism & Church Development*: DCOR 705 Research Design and Methodology
- History of Christianity*: RTCH 713 Renewal & Reconstruction of the Past
- Intercultural Studies*: RTCH 721 Theology and Culture
- Pastoral Theology*: DCOR 705 Research Design and Methodology

At least one upper division (550+) concentration-specific course (3 credit hours), including one chosen from a range of classes in the student's designated concentration area:

- Biblical Studies*: BIBL, BNTB, BOTB or RTCH courses
- Christian Leadership*: DCOR, DLDR or PMIN courses
- Christian Spiritual Formation*: RTCH, SFRM, or THEO courses
- Christian Theology*: RTCH, THEO courses
- Church & Ministry*: PMIN, RTCH or THEO courses
- Evangelism & Church Development*: DCOR, DLDR, PMIN courses
- History of Christianity*: RTCH, HCHT courses
- Intercultural Studies*: RTCH, ICSD courses
- Pastoral Theology*: PMIN, RTCH or THEO courses

At least one upper division (550+) course:

- Prerequisites (at a B+ or higher) can be met by subjects taken in the previous 10 (ten) years.
- Language prerequisites (at a B+ or higher) must have been gained in the last three (3) years.
- At least three (3), but not more than six (6) credits can be taken as tutorials, internships, or Independent Studies.
- At the discretion of the dean, up to six (6) credits, consistent with the student's designated concentration, may be taken in any other Regent graduate school.

Examination

A written, practical or oral comprehensive examination in the last semester (3):
DGEN 597 Comprehensive Exam

Thesis

A thesis of between 6 and 12 credit hours (between 10,000 and 20,000 words):
DGEN 697 Preparing a Thesis Proposal (3) and
DGEN 699 Thesis (3) and, if necessary,
DGEN 699a-c Thesis Continuation (9)

Existing prerequisites apply to the thesis option.

To graduate, all course work must be completed within a two-year time limit; a minimum grade of B+ is required for all courses;

No courses may be transferred into this degree.

Note: ThM courses may be taken into consideration for advanced standing in the Regent University, School of Divinity PhD program.

Joint Degrees

MDiv: A 60-hour joint degree version of the MDiv is available to students who have received admission to another Regent University graduate school and have received approval from both the School of Divinity and that school for acceptance into the joint degrees program. The 60-hour joint MDiv has no concentration. The first 12 hours of the 18-hour concentration are waived for the joint degree; the remaining 6 hours are fulfilled as Divinity elective courses.

MA in Practical Theology: A 39-hour joint degree version of the MA in Practical Theology is available to students who have received admission to another Regent University graduate school and have received approval from both the School of Divinity and that school for acceptance into the joint degrees program. The 39-hour joint MA PT has no concentration. The first 9 hours of the 12-hour concentration are waived for the joint degree; the remaining 3 hours are fulfilled as a Divinity elective course.

MASTER'S GRADING: PHILOSOPHY and CRITERIA

The following evaluation rubric is employed in the Master's programs of the School of Divinity and is in keeping with grading policies at most U.S. graduate schools.

A A-

Work of superior quality in all areas. Work displays an outstanding mastering of the facts, a creative and critical use of the data, and an analysis or evaluation of facts, research, and trends, that shows real scholarship and talent for graduate work at the highest level. Practical or formational implications of work are included, as appropriate.

B+ B B-

Good grasp of facts, creativity and analysis, showing good comprehension of the subject. Practical or formational implications of work are included, as appropriate. The grade for such work will vary from B+ to B- according to the quality and quantity of the work.

C+ C C-

The student has shown a minimal grasp of the facts of the course, and does not demonstrate the desired level of creativity, analytical performance, or comprehension. Practical or formational implications of work are included, as appropriate. The grade will vary from C+ to C-.

D+ D D-

Below minimal understanding and ability to handle the subject material of the course, but not requiring the course to be repeated. Practical or formational implications of work are included, as appropriate. The grade will vary from D+ to D-.

F

Not acceptable for graduate level study. The student's work indicated major deficiencies both in routine learning and in use of data. This grade denotes either unacceptable performance in spite of some effort, or failure to complete the assigned work.

MASTER'S GRADING SYSTEM

GRADE	PERCENTAGE	QUALITY POINTS	MEANING OF GRADE
A	94-100	4.00	<i>Superior</i>
A-	90-93	3.67	
B+	87-89	3.33	<i>Very Good</i>
B	83-86	3.00	<i>Good</i>
B-	80-82	2.67	
C+	77-79	2.33	
C	73-76	2.00	<i>Minimal</i>
C-	70-72	1.67	<i>Unsatisfactory</i>
D+	67-69	1.33	
D	63-66	1.00	

D-	60-62	.67	
F	0-59	0.00	<i>Failing</i>

DOCTORAL DEGREE PROGRAMS

Doctor of Ministry Degree (DMin)

DMin in Leadership and Renewal Program (Program delivered online with some required face-to-face components.)

The Doctor of Ministry in Leadership and Renewal program is offered in two learning models. The first learning model requires students to attend a minimum of three modular courses. These courses meet on campus for one scheduled week during the course. The second format allows students to take all coursework online. The degree has a major in Leadership and Renewal with five concentrations: Christian Leadership and Renewal; Clinical Pastoral Education (CPE); Community Transformation; Military Ministry; and Ministry Leadership Coaching.

According to ATS standards, the purpose of the DMin is to enhance the practice of ministry for persons who hold the MDiv and have engaged in ministerial leadership. The DMin is a terminal professional degree primarily for leaders in the Church and its various agencies who desire to build upon the foundation of an MDiv degree. It is a blend of academic coursework and practical training through a combination of modular courses and distance education. The degree is ideal for those who serve the Church in congregational ministries, institutional chaplaincies, counseling ministries, parachurch organizations, missions agencies and any other ministry setting wherein advanced leadership skills and training would make a difference. The DMin is a foundational teaching degree in some seminaries. The associated study period can also serve as a mid-career sabbatical or retooling for career changes in ministry.

This advanced professional degree enhances and builds upon the MDiv degree for those involved in ministry leadership. The DMin degree requires an MDiv or its educational equivalent (ordinarily a *seminary/theological* master's degree [e.g., M.A., M.R.E., MACE] enhanced by additional credits in the disciplines of the Bible, Christian theology and history, and ministry-oriented studies—both pastoral and practical—bringing the transcript total to a minimum of 72 credit hours). This equivalency *must* be satisfied completely before application can be made. The successful completion of the equivalency in no way guarantees admittance into the DMin program. Accordingly, specific goals have been established for the School of Divinity DMin degree:

- Foster continued growth in spiritual maturity;
- Build advanced understanding of the nature and purposes of ministry;
- Enhance competencies in ministerial analysis and skills;
- Explore and present new knowledge about the practice of ministry;
- Foster integration of these dimensions into the theologically reflective practice of ministry.

Through practical reflection, graduates deepen their knowledge and practice of leadership, enabling them to engage in fruitful ministry for Christ with increased intellectual and spiritual integrity. The program provides for time to reflect and rebuild personal, spiritual and professional resources.

ADMISSIONS REQUIREMENTS for the Doctor of Ministry (DMin)

See the “Admission to Regent Graduate Schools” section of this Catalog for admissions requirements. In addition, the School of Divinity requires applicants to submit the following:

- MDiv transcript (minimum 3.00 GPA) from an ATS-approved seminary or an *MDiv equivalency* (ordinarily a *seminary* master's degree [e.g., M.A., MRE., MACE], enhanced by additional credits in the disciplines of the Bible, Christian theology and history, and ministry-oriented studies—both pastoral and practical—bringing the transcript total to a minimum of 72 credit hours). Applicants from non ATS accredited schools will be considered on a case-by-case basis. Note: Those interested in the program that have a Master of Arts, but no MDiv, may wish to consider the Advanced Courses in Theological Studies (A.C.T.S.) as a prerequisite for application.
- A signed DMin Study Agreement.
- A DMin-specific résumé reflecting at least three years of significant ministry leadership experience subsequent to completion of an MDiv (ordination is desirable).
- Clergy recommendation.
- A five-page writing sample reflecting on the Student Entrance Profile (in admissions packet).

PROGRAM FORMAT for the DMin

The DMin program offers six entry points during the academic year, allowing students to begin the DMin program at the beginning or middle of the fall, spring, or summer semesters. Applicants should be aware that each DMin course requires students to complete substantial pre-session assignments. DMin courses are offered during the fall, spring and summer semesters.

The DMin program offers two learning models. The first learning model requires students to attend modular courses, which meet on the Virginia Beach campus for one week with all other coursework completed online. Under this learning model, students must register for a minimum of three modular courses (DCOR 701, DCOR 702, DCOR 703) while completing pre- and post-session assignments for each course online. This model shapes the manner in which doctoral seminars are conducted. The professor's role is less of a lecturer and presenter, and more of a facilitator. Students are expected to approach this level of learning from perspectives that are scholarly, professional, practical, solution-oriented and self-directed.

The second learning model allows students to take all core and elective courses in a full-online format. Online students cannot take modular courses.

Career and Life Focus

The DMin is a terminal professional degree primarily for leaders in the Church and its various agencies who desire to build upon the foundation of an MDiv degree. It is a blend of academic coursework and practical training through a combination of modular courses and distance education. The degree is ideal for those who serve the Church in congregational/pulpit ministries, institutional chaplaincies, counseling ministries, parachurch organizations, missions agencies and any other ministry settings wherein advanced leadership skills and training would make a difference. The DMin is a foundational teaching degree in some seminaries. The associated study period can also serve as a mid-career sabbatical or retooling for career changes in ministry.

Doctor of Ministry Learning Process

The DMin is based on the adult learning model. This model significantly affects the manner in which doctoral seminars are conducted. The professor's role is less of a lecturer and presenter and more of a facilitator. Students accepted into the program are expected to approach this level of learning from perspectives that are scholarly, professional, practical, solution-oriented and self-directed.

The Regent DMin Leadership Profile

A fundamental principle in strategic planning is "beginning with the end result in view." As we designed the Regent D. Min. in Leadership and Renewal, we envisioned a degree that anticipates skills and perspectives needed in most ministry contexts on a daily basis. We coupled this with Regent Divinity's unique theological vision for spiritual revitalization of leaders and the expansion of the Church at home and abroad. Lastly, we configured every instructional experience—course selection, faculty teams, textbook choices, assignments and dissertations—to foster deep personal and professional transformation, spiritual renewal and ministerial effectiveness. We pledge to produce the following eight leadership capacities in each successful graduate. At the completion of the degree, students will have gained a greater capacity to:

- Foster Spiritual Health in Self, Others and Ministry—A profile ministry leader displays self-awareness, self-directedness and self-improvement toward growth goals on personal, spiritual and professional levels in ways that honor God through service to family, ministry, community and world. Such a leader also replicates healthy growth patterns in the lives of others by capitalizing upon opportunities to be an improving influence. Such a leader seeks to appropriate and engender spiritual renewal in self, others and groups in which they are affiliated (2 Timothy 4: 11-16).
- Merge Biblical and Theoretical Solutions to Problems—A profile ministry leader applies sound exegetical method and hermeneutical sense to contemporary life-circumstances that ministry leaders encounter. Such a leader draws on the resources, foundations and skills of studies of the Bible, Christian history and for the development of relevant faith perspectives, the fostering of spiritual growth in self and others and the praxis of faithful ministries in various settings (1 Timothy 2:15; 2 Timothy 3:16).
- Manage Vision, People, Processes and Resources—A profile ministry leader consistently and skillfully directs ministry structures toward the fulfillment of ministry objectives derived from Scripture. They have an experiential command on the nature, philosophy, contexts and conditions affecting the provision of ministry support in situations to which they are called. They express leadership in God’s church as servants to Him and His people. The profile ministry leader prayerfully gauges ministry situations through strategic planning and decision-making, fosters clear direction for ministry teams, manages organizational structures, delegates team ministry, directs financial/personnel resources, collects and interprets feedback. Such a leader expresses prayerful dependence upon God in all phases of strategic planning, implementation, evaluation and refinement (Acts 11: 25-26).
- Reckon Prophetically with Local and Global Ministry Call—A profile ministry leader understands the ministerial call, with its implied aptitudes and abilities. Such a leader knows his or her giftedness and its implications at personal, family, church, community and societal and global levels. One’s ministry can be related to the completion of the cultural and redemptive mandates of Scriptures. (1 Timothy 3: 1-15; Titus 1: 5-9; 1 Peter 5: 1-11; Matthew 24:14; Matthew 28:18-20).
- Critique and Adapt to Leadership-Needs Situations—A profile ministry leader applies critical thinking and skills to practical problems related to life and ministry with the result that innovative programs are formulated and implemented. Such a leader is grounded in the values informed by the Bible, Christian theology and philosophy, as well as ministry. He/she discerns, processes, integrates, facilitates, designs and implements God-honoring and people-serving responses to needs (Acts 6:2-4).
- Fulfill Aims by Mobilizing and Empowering Others—A profile ministry leader consistently displays a quality of interactional skill between leaders and constituents that expresses itself in sensitivity, clarity, confidence and conviction. Such a leader facilitates change by effectively serving individuals and teams in ways that result in the achievement of ministry objectives; this involves efforts to motivate, organize, instruct, nurture, promote and empower others to fulfill ministry corporate plans. This also implies relational and communicational style, which affirms and cultivates values of human dignity, diversity, justice and integrity all derived from Scripture (Colossians 4:7-18).
- Catalyze Innovations and Change in Ministry—A profile ministry leader is solution-oriented in ministry contexts wherein challenges and opportunities demand a creative response. Such ministry situations are met with decisiveness, resourcefulness, innovation and resolution. Basic to this aptitude is the incorporation of input, skill and creativity from others (Philemon).
- Promote Spiritual Renewal in Self and the Church—A profile ministry leader practices awareness, promotion and assessment of historical and contemporary spiritual renewal movements. Such a leader does so with the intention of being prophetically relevant to one’s times, people and ministry. Advocating spiritual renewal, the profile ministry leader also advocates the advancement of truth, soundness, judgment, wisdom and balance as renewal is appropriated among God’s people. (Romans 12: 1, 2; Acts 3:19; Acts 17:11; 2 Timothy 1:6).

Phase I: Seminar Phase

The program has six entrance points, and there are two entrance points in each semester. The six required core courses are listed below. The six core courses are offered annually. Students select all core courses and three additional elective courses—total of nine courses—to complete the coursework in the seminar phase. DCOR 700 is offered online twice in each semester, at each entry point, as the first course taken for all new students. Students who choose the modular program model must take DCOR 701, DCOR 702, and DCOR 703 in modular format in the semester they are offered, which requires students to come to the Virginia Beach campus for a scheduled week during each of these three courses.

Student who choose the online program model must take DCOR 701, DCOR 702, and DCOR 703 online. DCOR 705 is offered online for all students.

In addition to the six core courses, student take three elective courses. Elective courses are offered in modular and online formats. Combined, student complete a total of nine courses before beginning the exam and dissertation phase of the DMin program. The core courses are listed below:

UNIV LIB Information Research and Resources	0
DCOR 700 DMin Orientation	3
DCOR 701 Leader's Life & Values	3
DCOR 702 Vision, Mobilization & Management	3
DCOR 703 Leading Spiritual Formation & Renewal	3
DCOR 704 Prophetic Leadership & Redemptive Focus	3
DCOR 705 Research Design and Methodology	3

Class Interaction

All classes, whether modular or completely online, have a strong online component involving weekly live and asynchronous interaction with your professor and fellow students. Your online interaction begins with the first day of class, whether the class is offered completely online or in modular format. The on-campus sessions for modular courses are designed to facilitate faculty and peer-minister interaction. They are designed to be retreat-like, fostering spiritual refreshment, personal growth and new learning. We seek to bridge gaps between theory, practice and relevance through small group interaction, student case presentations, guest experts, self-reflection and local/regional field trips. Every effort is made to infuse each visit with innovative learning experiences and strategies that allow students to apply course principles immediately to their ministry situations.

DMin in Leadership and Renewal Professional Concentrations

Christian Leadership & Renewal (9 Credit Hours)

Leadership & Renewal concentrates on issues affecting ministry leaders in church ministry, both traditional congregational and nontraditional parachurch settings. Employing case studies, selected reading and practical projects, participants are challenged to align their lives and ministries with transformative, innovative and relevant approaches to solution-oriented management, organization, planning and service.

Courses Required for the Christian Leadership & Renewal Concentration:

Courses with the DLDR prefix

Clinical Pastoral Education (CPE) (9 Credit Hours)

The School of Divinity is a member seminary of the Association of Clinical Pastoral Education (ACPE). DMin students may transfer completed CPE units as elective hours, reducing the time and cost of their degree by one-third. Additional leveling work may be required to prepare CPE students for their dissertation project. Clinical Pastoral Education transfer students are expected to pursue a ministry project and dissertation direction that incorporates leadership and renewal within the clinical context.

Students in the Clinical Pastoral Education Concentration can transfer CPE Units 1-4 as:

DCPE 701 Clinical Pastoral Education 1 (3)

DCPE 702 Clinical Pastoral Education 2 (3)

DCPE 703 *Clinical Pastoral Education 3 (3)*

DCPE 704 *Clinical Pastoral Education 4 (3)*

Community Transformation (9 Credit Hours)

This concentration is designed to equip ministry leaders with the critical skills necessary to lead successful community transformation with high impact strategies that change lives and communities. Courses examine nuances of equipping leaders to function in a diverse multi-ethnic context for ministry. This is done by examining the current trends, issues and methodologies that lead to transformation in communities and produces a holistic understanding of the social, cultural, and ministry-related dynamics that lead to transformation.

Courses Required for the Community Transformation Concentration:

Courses with the DLDR prefix.

Military Ministry (9 Credit Hours)

This concentration is committed to equip the men and women who serve their country in various branches of the armed forces as chaplains. It works with the various armed forces to integrate Joint Professional Military Education (J.P.M.E.), Military War College training and other advanced military training for advanced standing. Up to six (6) credit hours can be transferred into the program, based on individual evaluation of transcripts, and applied toward this professional concentration.

Courses Required for the Military Ministry Concentration:

DMIL 701 *Military Ministry: Strategy and Policy (3)*

DMIL 702 *Military Ministry: Operations and Decision Making (3)*

DMIL 703 *Military Ministry: Theological Reflection and Synthesis (3)*

Ministry Leadership Coaching (9 Credit Hours)

The nuts and bolts of effective ministry leadership is the ability to select, train, equip and deploy other leaders for ministry. This concentration explores the paradigm of ministry leadership coaching to facilitate this process. Leadership coaching is a highly relational method for forming ministry leaders that can be used as a rapid deployment strategy in your context of ministry. Its focus helps you learn foundational coaching for healthy relationships, life focus, and for a variety of specific leadership training needs.

Courses Required for the Ministry Leadership Coaching Concentration:

DMCH 701 *Foundations for Leadership Ministry Coaching (3)*

DMCH 703 *Leadership Ministry Coaching Specialty I (3)*

DMCH Course (3)

Independent Study and Flexibility Plans

It may be necessary to modify the program's design in order to accommodate the special needs of students, especially military chaplains, missionaries on furlough, international students and pastors on call. In the event of scheduling conflicts or course cancellations, students have the option of remaining on schedule through a maximum of six (6) credit hours of independent study or directed field research. Requests must be submitted in writing for approval.

Phase II: Doctoral Candidacy Phase

After all seminar coursework is completed, students synthesize the learning experience in a required integrative essay. This essay forms the basis of an oral examination conducted by a faculty committee. After passing integrative essays and oral examinations, students enter DMin candidacy. In this status they develop and complete the DMin project and dissertation, generally a one-year experience. This portion of the program requires no campus visits for coursework—only for the dissertation defense and graduation. The stages of this phase are as follows:

Integrative Examination/Ministry Project Proposal	3
Ministry Project	3
Ministry Dissertation	3

DMin Culminating Experiences

Integrative Examination

The integrative examination is a culminating two-part exercise wherein the students demonstrate scholarly, professional, practical and spiritual integration of the DMin experience. The student writes both a response to the Mid-Course Student Profile and a ministry project/dissertation proposal. In part one, the student submits and defends the Mid-Course Profile, integrating themes in the seminar phase of the program. Students are encouraged to reflect how achievement of the leadership profile has been facilitated during the program. The examination is a discussional interview based on the content of the profile. A passing grade on the exam marks the beginning of doctoral candidacy.

In part two, the student submits and defends a ministry project/dissertation proposal according to guidelines outlined in the DMin Handbook. The proposal is equal to chapter one of the dissertation. After approval of the proposal from the dissertation committee, the research and writing phase is conducted under the close supervision of the faculty. Major portions of the ministry project and dissertation have been planned into the development of the DMin course sequence.

Ministry Project and Dissertation

The final experience of the DMin Program is a two-step, in-ministry reflection process. The first step is a ministry project. A student identifies a problem in ministry and proposes solutions. The ministry project is a specialized application of the curriculum to the student's ministry context. The project may be scheduled to occur over several months after the student's coursework is completed. After the student has collected, interpreted and evaluated his or her ministry projects sufficiently, the second step begins—writing dissertation reports. Using the skills and materials provided in the prerequisite training component of the DMin Orientation, the student writes a publishable, multi-chapter report about his or her ministry project.

In-Residence Seminars

DMin sessions for modular core courses and some electives are configured as five-day modular seminars. DMin classes are available each term. Students who chose the modular model complete their three in-residence requirements for DCOR 701, DCOR 702, and DCOR 703 with several visits over a one- to two-year period.

DOCTOR OF PHILOSOPHY (Ph.D., Theological Studies)

The Doctor of Philosophy (Ph.D., Theological Studies) has four concentrations: Biblical Studies; Christian Theology; History of Global Christianity, and Practical Theology.

The degree of Doctor of Philosophy at Regent University is awarded in recognition of high academic achievement. Ph.D. students must pass the qualifying examination for the Ph.D. degree and present an acceptable dissertation which presents the results of independent, original research. The degree program's emphasis is on preparation for competent professional and scholarly performance.

The purpose of undertaking the Ph.D. is to become a scholar, that is to discover, integrate, and apply knowledge, as well as communicate and disseminate that knowledge. The Ph.D. program emphasizes the development of a student's capacity to make significant original contributions to knowledge in a context of freedom of inquiry and expression. The School of Divinity's Ph.D. program is designed to provide training for teachers and researchers in theological schools, colleges, and universities, and for the scholarly enhancement of ministerial practice particularly for persons serving the Renewal Movement worldwide. Graduates of this program will be expected to produce original research, and become world-class educators.

This advanced academic degree builds upon the MDiv degree for those involved in scholarship and advanced theological education. The Ph.D. degree requires an MDiv or its educational equivalent (a *seminary* Master's degree [e.g., MA, M.R.E., MACE] enhanced by additional credits in Bible, Christian theology and history, as well as pastoral/practical studies).

ADMISSIONS REQUIREMENTS for the Ph.D., Theological Studies

Refer to the "Admission to Regent Graduate Schools" section of this Catalog for additional information regarding admission procedures and requirements. Admission will be selective and offered only to students who have demonstrated the intellectual ability, preparation, and motivation for this program. In addition, the School of Divinity requires the following of applicants:

Admission normally requires the MDiv from an ATS accredited graduate institution, or first graduate theological degree providing equivalent theological background, or its educational equivalent (ordinarily a *seminary/theological* master's degree [e.g., MA, M.R.E., MACE], enhanced by additional credits in the disciplines of the Bible, Christian theology and history, and ministry-oriented studies—both pastoral and practical—bringing the transcript total to 72 credit hours).

A GPA of 3.5 on a 4.00 grading scale in previous graduate work.

A writing sample in the form of an academic paper (3,000-5,000 words). This paper should demonstrate scholarly capacity in the field selected. It will be evaluated by the following standards as evidence of the applicant's ability to work on the doctoral level: (1) understanding of the subject treated and the materials used; (2) knowledge of relevant bibliography; (3) cogency and clarity of argument; and (4) constructive originality of thought. It may be a published work, a chapter of a Master's thesis, or a substantial graduate-level research paper.

An autobiographical essay of the applicant's intellectual and professional history and goals (up to 750 words) indicating the factors that have brought them to their present focus of intellectual interests, and spiritual formation, with some discussion of vocational objectives. The essay should also address the applicant's goals and expectations for doctoral study.

Students are required to proficiently use the languages in which the primary and secondary texts relevant to their disciplines are written. Usually students will matriculate into the program with at least one relevant ancient or modern language, and then gain proficiency in a second ancient or modern language during their coursework. Approval to take the qualifying exams is granted only after the student meets the foreign language requirements of his/her track. For theology students, at least one modern research language (usually German or French) in addition to competency in an ancient language (usually Hebrew or Greek) is expected. History students must demonstrate competency in at least two languages pertinent to their field of study and as agreed upon with their advisor. Students may demonstrate competency in an ancient or modern language by passing a recognized language certification program, or a standard language proficiency exam as offered by the School of Divinity. Competency of languages taken in courses at the graduate level will be assessed on a case by case basis.

Three letters of recommendation (two faculty references, one clergy reference)

The GRE, including the writing skills test

Submit a dissertation essay (up to 200 words) describing a dissertation topic or area of research interest.

Program Mission

The mission of the Ph.D. Program is to provide training for teachers and researchers in theological schools, colleges, and universities, and for the scholarly enhancement of ministerial practice particularly for persons serving the more than 650,000,000 Christians in the Renewal Movement worldwide. The phenomenal growth of the Renewal movement has created an unprecedented need for specialized training for scholars and leaders. Our singular mandate is to train theologians and teachers for the many educational institutions that have been created following the 20th century outpouring of the Holy Spirit. Graduates of our program will be expected to produce original research, and become world-class educators. To this end, we have developed a program that both meets the highest academic standards for Ph.D. studies and is consistent with the ethos of the Renewal movement.

Ecumenical Focus

The Ph.D. has a strong ecumenical focus. Our doctoral program is becoming the research hub of a community of academics, ministers, and worshippers—one where the scholarly activity and collective concerns of the worldwide and transcultural Renewal movement can be both synergized and analyzed.

Contextual Focus

The program addresses both the development of the specialized theological competencies appropriate to scholars and teachers in the Renewal movement. Of central concern is a higher educational program that breathes the ethos of the Pentecostal/Charismatic Renewal. Therefore, the program is characterized by an emphasis on the experiential and transformational context of Christian thought and activity.

The degree format utilizes a contextual model allowing students to remain within their teaching and ministry contexts as an integral part of the learning experience. This goal is achieved by combining intensive residential periods of instruction with instructor mentoring facilitated via modern educational technology.

Online Course Management

Use of the Internet, computer technologies, multi-media and other delivery systems support the residential program of theological research and educational experience. Through Regent's online course management system, *Blackboard*® (Bb) students will be guided in an overview study of the prescribed material before the on-campus residential period. A student must have access to an Internet Service Provider (ISP) that has the necessary capabilities to function within this online environment.

These technologies allow professors to actively guide learners to reflect on educational experiences, as well as address the appropriate application of program content in professional contexts. This allows authentic connections between the formal curriculum and the realities of the workplace.

Each course in the curriculum will have both pre-residential and post-residential assignments which are often delivered and submitted within Bb. There will be required weekly communication between professor and students using both asynchronous and synchronous features within Bb. These methodologies enable frequent and meaningful contact between professor and students regardless of geographical location. This arrangement creates an enhanced opportunity for mentoring, allowing professors to be in regular communication with students in order to guide them in their courses, as well as in the challenges and issues of contextual application.

Residency Requirements

While the Ph.D. program at Regent University does not necessitate that students relocate to Virginia Beach, students will attend a scheduled residency each semester. Ph.D. students are required to attend a total of twenty-two weeks of residency over the course of the Ph.D. program. The current residency schedule during coursework involves six weeks per year: two weeks in the fall; two weeks in the spring; and two weeks in the summer. Students will be expected to have fulfilled at least fourteen weeks of residency during coursework, and the remaining weeks must be fulfilled during the Qualifying Examinations and Dissertation phases. Residential requirements are therefore mandatory and cannot be waived. Students who need to request a leave of absence should realize that they will need to make up the residency period they are missing.

Instructional components of courses run the length of a *full academic semester* and consist of three phases: (1) Pre-residency, (2) Residency, and (3) Post-residency. Course syllabi will outline these three phases with specific dates and corresponding assignments. A student's schedule must allow for ongoing participation in a course throughout the entire term. For example, summer courses usually begin early May and end late August; fall courses begin late August and end mid-December; spring courses begin early January and end in late April. Please consult the online Academic Calendar for specific semester dates.

Program Goals and Competencies

The School of Divinity's Ph.D. program is intended to equip students with the appropriate breadth of academic learning and practical skills needed to be involved in theological research and education of the highest order. Its curriculum is designed to produce

- (I) scholars,
- (II) researchers, and
- (III) educators

particularly for the Renewal movement. Each of these program objectives will be supported by a few measurable outcome-based competencies.

- I. The objective of the Ph.D. is to equip students as scholars with a *broad knowledge* in the field of Theological Studies in relation to the Renewal movement. At the successful completion of this program, graduates are expected to be able to:
 - a) exhibit competence in the use of renewal methodological approaches to the disciplines of Biblical Studies, Christian Theology, the History of Global Christianity, or Practical Theology;
 - b) demonstrate fluency in one of the fields of Biblical Studies, Christian Theology, the History of Global Christianity, or Practical Theology.
- II. The objective of the Ph.D. is to enable students to engage as researchers who produce *original works that advance Biblical, theological and/or historical understanding*. At the successful completion of this program, graduates are expected to be able to:
 - a) publish original research in Biblical Studies, Christian Theology, the History of Global Christianity, or Practical Theology;

- b) demonstrate facility with contemporary conventions of advanced academic research methods and approaches in Biblical Studies; Christian Theology; the History of Global Christianity; particularly as it relates to the Renewal movement; and Practical Theology;
 - c) contribute to the wider conversation of the theological academy from a renewal perspective.
- III. The objective of the Ph.D. is to enable students to *develop as educators*. At the successful completion of this program, graduates are expected to be able to:
- a) articulate a commitment to the vocation of theological scholarship in its dimensions of teaching, learning and research;
 - b) demonstrate competence in the craft of teaching (i.e. methods and practices) commensurate with undergraduate and graduate-level education.

Program Phases

The Ph.D. program consists of four basic phases: 1) first year qualifying period, 2) coursework, 3) comprehensive examinations, and 4) dissertation.

First Year Qualifying Period. During the first year, courses may include extensive unassisted writing requirements designed to assess student understanding and the ability to articulate arguments and important concepts. Each student will be carefully evaluated during and at the end of this qualifying period to determine if continuation in the program is recommended.

Coursework. The degree program requires 45 credit hours of coursework (in addition to the Qualifying Examinations, Dissertation and UNIV LIB Information Research and Resources). For all students the coursework includes Advanced Research Methodologies, Renewal Studies and the Academy, Proposal Development, and Teaching Practicum. According to their chosen concentration, the coursework also covers various aspects of Biblical Studies; Christian Theology; History of Global Christianity; and Practical Theology. Course descriptions for all Ph.D. courses can be located below in this catalog. The Ph.D. Program Manager and program advisors assist the students in planning the schedule of courses and supervises the student's progress.

Qualifying Examinations. Upon completion of all coursework, residency and language requirements, students will request to take qualifying examinations. After a thorough review of their academic performance, students who qualify will be permitted to take the exams before engaging in formal work on the dissertation. Students must have a 3.25 GPA in order to qualify for the exams. The qualifying examinations evaluate the student's attainment of program study objectives. The examinations include both written and oral exams. Detailed information is available in the *Guide to the Qualifying Examinations* (see Divinity Ph.D. Resources in Blackboard). The Qualifying Examinations will normally be taken the semester following the completion of all required coursework. Written and oral examinations will be taken on site at Regent University. Students with extreme extenuating circumstances may request to take the oral exam at an alternate location via teleconference by submitting an academic petition to the academic dean and Ph.D. director.

Dissertation. A candidate for the Ph.D. degree must present an acceptable dissertation. The dissertation demonstrates that the candidate has technical competence in the field and has done research of an independent character. It must add to or modify what was previously known, or present a significant interpretation of the subject based upon original investigation and research. Official candidacy for the doctorate signifies an advanced stage in the student's progress and is characterized by self-directed research in the completion of a dissertation under the direction of a faculty dissertation advisor. In order to be admitted to candidacy, the student must have successfully passed the qualifying examinations.

After passing the Qualifying Examinations, the student will enroll for dissertation research (3 credit hours per semester for first three semesters; 1 credit hour per semester for all semesters thereafter) until completion of the program. Dissertation students are considered full-time. When the student enters the dissertation phase (or earlier, depending upon the student's progress) a supervisory committee is established for each student. Doctoral students must submit a dissertation evidencing high attainment in original scholarship. Dissertations must be of a quality to be publishable in respected refereed scholarly series. The final examination is an oral defense of the dissertation before the student's dissertation committee and other invited guests. The oral defense is a public event.

In order to support students in the dissertation phase, we request that sending institutions grant students a minimum of one month leave of absence per year during the dissertation phase. This period is to be spent at the location where students can find most of the resources they need for the writing of their dissertation. Students will consult their advisor about this

aspect of their dissertation. Residency time completed during the dissertation phase at locations other than Regent University must be approved by the Program Director.

Program Requirements

Students will be required to use competently the language or languages in which relevant primary texts are written, as well as those in which there is important secondary material during both their course of studies and their dissertation research. This includes at least one ancient and one or more modern languages.

The degree has four concentrations: Biblical Studies, Christian Theology, the History of Global Christianity, and Practical Theology, and requires 45 credit hours of coursework in addition to the Qualifying Examinations and Dissertation. This coursework taught from the perspective of the Renewal movement, equips students with a knowledge base in their concentration, as well as builds skill in research and academic writing, communication and teaching.

Time Limit for Completion of the Degree

Students have a maximum of seven years from the date of entry into the Ph.D. program to fulfill all degree requirements. During this seven-year period, a continuous acceptable registration status must be maintained. Active registration requires a minimum of three credit hours per semester during the coursework phase and one hour per semester during the Qualifying Exam and Dissertation phase. Only students who have been approved for formal leaves of absence may extend beyond the seven-year limit. Exceptions to the time limit other than the approved leave of absence are granted only in extraordinary circumstances (e.g., a medical emergency, or unexpected active duty service in the United States military). Exceptions to the time limit must be submitted to the Program Director for approval.

ThM Option

Students who do not continue in the program after the coursework phase (either those who complete all coursework requirements but failed the qualifying exams or those who passed the qualifying exams but did not successfully defend the dissertation) may opt to pursue a Master of Theology (ThM) degree in the School of Divinity. Upon approval of the Academic Dean and the student's advisor, the student will be registered for the appropriate culminating experience course on the master's level (if deemed necessary). Students will be responsible for tuition and fees for the culminating experience course(s) at the regular master's-level tuition rate. Degree conferral will be contingent upon completion of all of the coursework requirements in the Ph.D. program, successful completion of a culminating experience and payment of all tuition and fees.

Graduation Requirements

See the "Graduation Procedure" section of the Catalog for graduation requirements. In addition, the School of Divinity requires all graduates to have completed all required coursework with a minimum 3.25 GPA, satisfactorily pass the Qualifying Examinations, and present an acceptable dissertation in order to qualify for graduation.

COURSE DESCRIPTIONS

General Academic Support Courses

The following academic experiences are available to students in all of the course areas in the School of Divinity, subject to the academic dean's approval.

UNIV LIB Library Information, Research and Resources Workshop (0) For those who have not had prior experience in formal biblical and theological studies. Basic instruction in biblical and theological research methods at the beginning of your course of study. Offered through the library's biblical and theological librarian.

575/675/775 (1-4) Special Topics Courses (varies) Special interest courses are normally offered only once unless appropriate action is taken to add them to the regular catalog courses.

580/680 Practicum (maximum 6) Gain practical experience in an area of ministry or missions. Approval for a practicum is granted only if there is evidence of significant learning opportunities. Prerequisites: UNIV LIB or UNIV 500 (as required upon admission).

585/685/785 Seminar (1-6) In-depth study and discussion of various specific topics related to each school. May include faculty presentations, student presentations, outside speakers and/or a combination of these. Seminars may be scheduled to meet throughout a term or for a shorter concentrated time.

590/790 Independent Study (1-4) Learning experience to research and evaluate subject matter or to conduct other comparable academic activities with minimum faculty guidance. Independent studies are available to students as faculty expertise, time and resources permit. May be chosen for one of the following reasons:

- The subject matter or academic activity is not included in regular course offerings and is pertinent to your degree interests.
- The subject matter of academic activity is significantly beyond the scope of scheduled course offerings.
- An independent study shall constitute a contract between student and teacher, and, as such, shall contain specific goals, expectations and evaluation criteria in written form. The quality and effort of the study shall be equivalent to that expected in the classroom.
- An independent study course shall be subject to the same academic policies as a regular course except that incomplete work shall be subject to the In Progress (IP) grade policy. The value of the independent study shall vary from one to four semester hours. Each school may establish limits to the total number of independent study credits that may be applied toward degree requirements. To register for an independent study, students must submit an approved Individual Study Form to the school registration representative and register for the independent study during the registration period for the term in which the student intends to begin the study.

Tutorial Course listed in the catalog taken by special arrangement in order to finish a degree plan; should not be treated as a matter of convenience. Students and advisors need to give careful attention to course scheduling in order to avoid such tutorials. Requires consulting and following the regular course syllabus and the Syllabus and General Guide for Tutorials.

BIBL 500 Principles of Bible Study 1 (3) Inductive approach to Bible study method that teaches skills for observing, interpreting and applying Scripture with attention to genre. Fundamental hermeneutical principles are set forth while doing exegesis, with a view to application in one's own sphere of influence.

BIBL 501 Theological Research Methods (1) Effective approaches to choosing research topics and presenting persuasive reasoned arguments in a written format. Techniques for performing library research in biblical, theological, and ministry fields. Should be taken during student's first term of graduate work. Required for all M.A. and MDIV students. Prerequisites: UNIV LIB (or concurrent) or UNIV 500. (Pass/No Pass)

BIBL 502 Principles of Bible Study 2 (2) Detailed inductive study of a biblical book (other than Mark). Attention to proper use of various English versions of the Bible, concordances, commentaries, word studies and other study aids. Includes outlining for sermons or lessons. May be taken again with a different biblical book and applied for BOTB or BNTB credit. Prerequisite: BIBL 500.

BIBL 504 Biblical Hermeneutics (3) Distinctives of various types of biblical literature, with an emphasis upon resultant considerations for interpretation and contemporary application. Topics: historical narrative, psalm, wisdom, parable, epistle, prophecy and apocalypse.

BIBL 506 Introduction to Biblical Languages (3) Basic features of Hebrew and Greek and use of available study aids such as lexicons, concordances, and other exegetical tools. Enables those with little or no prior knowledge of the biblical languages to engage in basic word studies and grammatical exercises.

BIBL 510 Unity of the Bible (3) The unfolding of biblical revelation in its historical context, resulting in a broad overview of the message of the Bible and the skills associated with interpreting representative texts. Cross-listed with RTCH 710.

BIBL 520 Biblical Criticism (3) A consideration of contemporary issues in biblical criticism in relation to the interpretation of Scripture. Topics include historical criticism, form criticism, redaction criticism and insight on how the New Testament uses the Old Testament. Attention given to criticism and the evangelical scholar. Prerequisite: BNTB 541 (or concurrent) or BOTB 541 (or concurrent).

BIBL 524 Pauline Theology (3) The discipline of biblical theology using the Pauline correspondence within its historical context. Deals with the leading themes of Pauline theology that can be drawn from Paul's writings. Cross-listed with RTCH 724.

BIBL 540 Promise, Covenant & Kingdom (3) Exegetical examination, directed reading and research into the Bible's major theological concepts of Promise, Covenant and Kingdom. Special emphasis on Lutheran and renewal understanding and practices of these concepts. Cross-listed with RTCH 740.

BIBL 651 Biblical Hermeneutics in the Renewal Tradition (3) Understanding and interpreting the Bible in a Renewal community of faith and scholarship, focusing on the hermeneutical challenges of the diversity of the canon, the plurality of interpretative methods and theories in relation to language and text, as well as the perceived nature of contemporary society. Prerequisites: Biblical Studies Interdisciplinary Elective.: One BIBL, BOTB, or BNTB course. Cross-listed with RTCH 751.

BNTB 500 New Testament (3) Contents, themes, and genres of the New Testament canon; methodologies for interpreting the texts in light of their historical contexts.

BNTB 506 Synoptic Gospels (3) Exploration of the origin, nature and purpose of the first three Gospels in relation to contemporary research, including the synoptic problem, form criticism and redaction criticism. Discusses the contemporary relevance of each Gospel message. Prerequisite: BIBL 500 or BIBL 504. Cross-listed with RTCH 726.

BNTB 535 Parables of Jesus (3) Analysis and interpretation of the parables of Jesus. Attention to the history, methodology, structure, content, exegesis and theological shaping of parable interpretation. Prerequisite: completion of BIBL 500 or BIBL 504. Cross-listed with RTCH 735.

BNTB 540 New Testament Greek 1 (3) Intensive course in basic morphology and syntax of New Testament Greek. Covers basic vocabulary and grammar as a foundation for BNTB 541.

BNTB 541 New Testament Greek 2 (3) Continuation of BNTB 540. Includes translation and exegesis of 1 John. Prerequisite: BNTB 540.

BNTB 542 Greek Exegesis (3) Develops reading vocabulary and exegetical skills through intensive study of 1 and 2 Thessalonians in the Greek text. May be offered using another book of the Greek NT. Prerequisite: BNTB 541.

BNTB 543 Readings in the Greek New Testament (3) Exercises in translation, vocabulary building and exegesis of select portions of the Greek New Testament and Septuagint (LXX). Prerequisite: BNTB 542, BIBL 500 or BIBL 504.

BNTB 544 Intermediate Greek (3) Detailed overview of the leading Greek grammars using the software programs that assist in the research of the Greek NT. Prerequisite: BNTB 542 or equivalent.

SCHOOL OF EDUCATION

DEAN'S MESSAGE

The issue of quality education is a growing concern in today's culture. The Bible and professional literature agree on one key solution: teachers, administrators, scholars, policy-makers and support personnel who are excellent leaders. A higher caliber of leader than ever before is needed to meet the kaleidoscope of challenges in public and private schools from the classroom to the policy level. The Regent University School of Education offers master's, specialist and doctoral programs to develop such leaders.

Regent students learn how to integrate research-supported concepts and skills with a biblical worldview. Thus, Regent graduates are prepared to make a difference by bringing academic excellence, moral character and standards of learning into our educational systems.

You can join the growing number of education professionals who are changing our world by taking part in a Regent School of Education graduate or doctoral degree program.

Donald E. Finn, Jr., Ph.D.
Dean

MISSION AND VISION

The School of Education, through its commitment to excellence in teaching, research and service, provides a biblically based, Christian education to equip men and women in mind, heart and character for lives of educational and transformational leadership.

The Regent University School of Education, affirming the University mission and acknowledging its call to be a distinctive school of graduate education, commits itself to innovative and excellent academic programs; to unique and exemplary program delivery both on campus and at a distance; to depth and breadth of faculty teaching, research and service; and to preparation and empowerment of graduates who actively embrace the challenge of transforming education through practice and example.

We pledge ourselves to transforming education worldwide by promoting biblically compatible, research-based solutions to challenges in education through bridging theory and practice, and by building effective partnerships with schools and community agencies. We are committed to building and maintaining an outstanding faculty and a diverse student body consistent with the mission of the university.

DISTINCTIVES OF THE SCHOOL

- A Biblical Foundation: Since our programs are based on time-honored biblical standards, we have a firm foundation on which to establish sound educational practices, free from the fads and whims that have characterized American education.

- **Interdisciplinary Collaborative Efforts:** The School of Education faculty is committed to networking and partnering with other Regent schools, public and private school systems, universities, ministries and private industries to provide quality programs.
- **Effective Discipline and Character Development Programs:** biblically based systems are currently being piloted in public and Christian school settings.
- **Advanced Technology:** State-of-the-art technology is optimally matched to instructional and administrative needs.
- **Program Flexibility:** Faculty model flexibility in adapting PreK-12 curriculum and instructional techniques to the true needs of students. Course scheduling and format are designed to meet the needs of working professional educators.
- **Emphasis on Application:** Field-based opportunities undergird instructional delivery, facilitating student mastery of critical competencies.
- **Focus on Creative Leadership and Educational Options:** Creative leadership is developed via the exploration of options regarding privatization of educational services, especially in urban educational settings.
- **A Diverse, Yet Unified Faculty:** Faculty members possess varying gifts, professional orientations and experiences, yet are united by faith in Jesus Christ.

FINANCIAL AID

Regent University offers a number of awards on an institution-wide basis. For more information, see the Tuition, Fees and Financial Aid section of this Catalog.

The School of Education offers several forms of financial assistance. The priority deadline for consideration is April 1. After July 15, financial assistance is awarded on a funds-available basis only. Applicants are encouraged to apply as early as possible. Decisions about financial assistance can be made when an applicant's admissions file is complete. Following is a list of some of the assistance available from the School of Education. For more information or application forms, please contact the School of Education Admissions Office.

Christian Educators Association International

Through our partnership with CEAI, the School of Education offers a 25% tuition discount to any **current** CEAI member that is accepted to and enrolled in any master's or doctoral degree-seeking program. Proof of membership required. Applicants must have obtained membership at least six months prior to submitting their application. This discount may not be combined with other school-based or University-based aid with the exception of the church-matching grant.

Christian School Educators Discount

The School of Education offers a 25% tuition discount to any current educator employed at a Christian School and applying to either the Christian School concentration of the M.Ed. in Curriculum & Instruction or the M.Ed. in Christian School Administration. Visit <http://www.regent.edu/acad/schedu/admissions/christian-school-scholarship.cfm> to learn about eligibility requirements. This discount may not be combined with other school-based or University-based aid with the exception of the church-matching grant.

Church Matching Scholarship

The School of Education will match a contribution to a student's tuition by a recognized church or ministry. The maximum amount that the School of Education will match per semester is \$750.

Council of Christian Colleges and Universities (CCCU)

A 25% scholarship is available to any CCCU employee or employee of a CCCU member school that is accepted to and enrolled in the M.Ed. in Student Affairs, Ed.D., or Ph.D. program. (To qualify, a copy of your college/CCCU ID should be submitted with your admissions application.) This scholarship may not be combined with other school-based or University-based aid with the exception of the church-matching grant.

Dean's Scholarship

This scholarship is awarded to applicants who have demonstrated leadership within their field and community and have achieved a high undergraduate GPA. The scholarship provides a percentage of tuition and will be automatically renewed for the first three semesters of a student's program. The Dean's scholarship cannot be awarded in conjunction with a cohort discount.

Emerging Leaders Scholarship

The School of Education is proud to consider qualified newly admitted students for the emerging leader award, which is a 50% tuition scholarship. Individuals must meet specific criteria in GPA, writing, test scores (if applicable) and professional and leadership experience in order to apply. Visit http://www.regent.edu/acad/schedu/admissions/emerging_app.cfm for more information.

Graduate Assistant Positions

Students are encouraged to apply for graduate assistant positions in the School of Education or other schools. These part-time positions can help defray the cost of tuition. Visit <http://www.regent.edu/admin/finaid/jobs.cfm> for more information.

Dean and Selig Fellowships

New or continuing doctoral students interested in working collaboratively with faculty members are encouraged to apply for a Dean or Selig Fellowship. These part-time positions can help defray the cost of tuition while providing an opportunity to participate in research-related activities. For more information, visit <http://www.regent.edu/acad/schedu/admissions/fellowship>

Project Bridges Scholarship

The School of Education offers a 25% scholarship to any member of Project Bridges. In order to receive this scholarship, qualified accepted applicants will require a letter from their pastor indicating they are members in good standing and a letter from Project Bridges indicating the church is a member church. This scholarship may not be combined with other school-based or University-based aid with the exception of the church-matching grant.

Teach Grant

The federal TEACH Grant Program awards grants to students who intend to teach. The grant will provide up to \$4,000 a year in grant aid to undergraduates and graduate students. In turn, you must agree to serve as a full-time teacher in a high-need field in a school serving low-income students for at least four academic years within eight years of completing the program of study for which you received the grant. Visit <http://www.regent.edu/admin/finaid/teach.cfm> for more information.

Troops to Teachers

Troops-to-Teachers provides Referral Assistance and Placement services to military personnel interested in beginning a second career in public education as a teacher. The DANTES Troops-to-Teachers office will help applicants identify teacher certification requirements, programs leading to certification and employment opportunities. Programs eligible for Troops-to-Teachers funding are the Career Switcher, Elementary Education, and Special Education. Visit <http://www.proudtoserveagain.com/> to learn more.

Veteran & Active Duty Military Scholarship

The School of Education offers a 25% scholarship to all active duty military personnel and military veterans that are accepted into a School of Education degree seeking program. (To qualify, active duty military must submit a copy of their Leave and Earnings Statement (LES) with the admissions application. Veterans must submit a copy of the veteran's DD-214 with the admissions application.) This scholarship/discount may not be combined with other school-based or University-based aid with the exception of the church-matching grant. NOTE: A 15% tuition scholarship is available to the spouses of active duty military.

Virginia Teaching Scholarship Loan Program (VTSLP)

These loans are for students that choose to enroll in approved teacher preparation programs in identified critical shortage teaching areas; minority students may be enrolled in any teaching area. Upon employment in a critical shortage area, \$2,000 is forgiven from each loan for each year the recipient teaches in the public schools of Virginia. To learn more, visit <http://www.regent.edu/admin/finaid/vtslp.cfm>

Virginia Wesleyan Scholarship

Regent University's Graduate School of Education (SOE) is providing a 25% tuition discount to any qualifying Virginia Wesleyan College (VWC) education graduate who applies and is accepted to one of three master's programs. Visit <http://www.regent.edu/acad/schedu/about/vw-mou.cfm> for more information.

CAREER OBJECTIVES

The School of Education graduates hold a variety of positions that include teachers, principals, and central office administrators in public, private and Christian schools. Our alumni are involved in educational policy, developing curricula for localities and setting standards of learning. Graduates have experienced career advancement locally, nationally and internationally.

Students are able to focus their educational experience around their personal goals. Some students are called to careers as missionary teachers or international school planters. Other students and alumni are called to teach adults at the community college or college level. Our programs provide the necessary skills and training to pursue any of these or other avenues.

STUDENT PROFILE

Regent education students are diverse in religious, national and ethnic origins. More than 50 percent of our students are working teachers or administrators. Most students with full time careers are still able to complete their education on a full-time basis since the programs are designed to meet the needs of educational professionals. The average student age is in the mid-30s and approximately 40 percent of our students are minorities.

CAMPUSES

The School of Education offers programs at the Virginia Beach Campus and online via Worldwide Campus.

Online Worldwide Campus

The School of Education offers programs through distance education primarily online via the Regent Worldwide Campus and other various media. The Christian School Administration Program, Curriculum & Instruction, Individualized Degree Plan, Leadership in Character Education, Reading Specialist, and Student Affairs are delivered totally online, although there may be some on campus options. K-12 Special Education, Educational Leadership, TESOL, Educational Doctorates, and Educational Specialist primarily include online courses with summer residency requirements.

Students around the world have access to the library resources through the use of technology. We continue to improve the facilities and support available to students involved in distance education.

Faculty and staff are available via e-mail or through the Regent University website. Each faculty member has a homepage that links to important course information and to the faculty member's e-mail address. Online distance students have access to their professors and classmates through asynchronous discussions.

Since many programs are delivered with online learning, computer literacy is required of all students. Contact the School of Education for more information.

DEGREE PROGRAMS

Master of Education Degree (M.Ed.)

M.Ed. Program

The M.Ed. requires a completion of a minimum of 30 credit hours in a span of 5 years or less with a cumulative GPA of 3.0 or higher. All students are required to complete a culminating experience. The M.Ed. degree offers the following

majors: Curriculum & Instruction, Christian School Administration, Educational Leadership, Elementary Education, Instructional Design & Technology, Reading Specialist, Student Affairs, K-12 Special Education, Leadership in Mathematics Education, Individualized Degree Plan, Teaching English to Speakers of Other Languages, and Joint Degrees with the M.Ed. and a degree with the schools of Communication and the Arts, Divinity, Business and Leadership, Government, or Psychology and Counseling.

M.Ed. - Curriculum & Instruction Major (33 to 39 credit hours)

(Delivered entirely face-to-face or entirely online.)

The Curriculum and Instruction major (C&I) is designed to prepare educators to develop and deliver effective instructional opportunities for diverse students in various learning settings including public, private, higher education, and the workplace. Educators with leadership responsibilities such as department head, content specialist, lead teacher, or curriculum developer will benefit from this degree as well as those employed in school system or higher education administration, corporate, and non-profit settings. The C&I degree emphasizes understanding learner characteristics, instructional design, assessment, and the effective integration of technology into instructional programs. The C&I degree offers concentrations in Adult Education, Christian Education, Gifted and Talented Education, and Teacher Leader.

Criminal Background Check

The School of Education requires a background check for all students who participate in a program or course assignment at a public or private setting. For more information, please contact the School of Education's Field Placement Coordinator.

The Christian School Administration major is to equip Christian school administrators to prepare students to live as God's holy people. The motto of the Christian School major is from Romans 12:2 "Do not be conformed to this world but be transformed by the renewing of your mind." Its slogan is "The heart of education is the education of the heart." The focus is on discipleship to Christ for the purpose of building His kingdom worldwide. Beyond the core courses, major areas of emphasis include promoting biblical integration, building loving relationships, and forming distinctly Christian character.

The Christian School Administration major may lead to teacher or administrator certification with the Association of Christian Schools International and/or the International Association of Christian Colleges and Schools upon the successful completion of all concentration requirements. All courses are taken online.

M.Ed. – Discipleship for Ministry Major (34 credit hours)

(Delivered online with some face-to-face components)

This jointly sponsored master's degree program by the Schools of Education and Divinity equips Christian disciples in education, church, and para-church ministries to be discipline makers. Discipleship, spiritual and character formation are its primary emphases. Its theological foundations and its education methodologies are guided by the Great Commission

(Matthew 28:18-20) and its biblically-based love context is grounded in the Two Greatest Commandments (Matthew 22:37-40). The ultimate intent is to equip the Body of Christ to replicate Jesus throughout the world (Ephesians 1:23).

The School of Education requires a background check for all students who participate in a program or course assignment at a public or private setting. For more information, please contact the School of Education's Field Placement Coordinator.

M.Ed. - Educational Leadership Major (37 credit hours)

(Delivered entirely face-to-face or entirely online.)

Educational Leadership major encompasses school administration and other leadership roles within schools. From the foundation of a Christian worldview, this program develops administrators and teacher leaders who seek knowledge and wisdom in order to serve and edify others in a spirit of excellence. Students may attend classes on-campus and online. The major is completed in as fast as one and one-half academic years of full-time study. The primary knowledge-base for this program is the Interstate School Leaders Licensure (ISLLC) Standards. This program is approved by the Commonwealth of Virginia Department of Education to provide the Administration and Supervision preK-12 add-on endorsement for individuals who already hold a professional teaching license or pupil personnel license. Students seeking this endorsement for the purpose of obtaining principal or assistant principal positions are required to complete the School Leaders Licensure Assessment (SLLA). Program adjustments are made accordingly as the Virginia Department of Education's licensure regulations are subject to change. Requirements for endorsement or licensure are different in every state. Students should contact the Department of Education in their state of interest for administrator licensure requirements.

For more information on the licensure regulations governing the Administration and Supervision preK-12 endorsement, please visit the Virginia Department of Education website.

Applicants for the Educational Leadership major, who are seeking the Administration and Supervision preK-12 add-on endorsement, should have a minimum of three years teaching experience upon program completion. A submitted copy of the current teaching license is required along with the admissions application.

Criminal Background Check

The School of Education requires a background check for all students who participate in a program or course assignment at a public or private setting. For more information, please contact the School of Education's Field Placement Coordinator.

M.Ed. -Elementary Education Major with Initial Licensure (42 credit hours)

(Delivered entirely face-to-face with some optional online components.)

The Elementary Education major with Licensure is a state approved teacher preparation program that leads to teacher certification in the state of Virginia in Elementary Education (pre K–6) upon the successful completion of all program requirements. Students are required to complete a minimum of 42 credit hours toward the master's degree (M.Ed.).

Courses must be taken at the main campus in Virginia Beach, Virginia. The courses are in a hybrid format, meaning they are completed both online and face-to-face. Depending on the needs of the individual student, some students may be required to complete more than the required 42 hours in order to be eligible for the initial teaching license. During the admission process, applicant transcript(s) and skills will be evaluated to determine competency achievement (in areas such as English, science, math, history/social science, arts, humanities, and economics). New applicants will be required to complete these outstanding competencies in addition to the required curriculum for program completion and graduation. Furthermore, applicants are required to have successfully passed the program admission assessment as outlined in the Admission Requirement section above. Students in this program are also required to have successfully passed the Praxis II assessment in Elementary Education Content Knowledge, the Virginia Communication and Literacy Assessment (VCLA), the Reading for Virginia Educators (RVE) Assessment: Elementary and Special Education Test (5306), Virginia Civics and First Aid/CPR/AED training and the Child Abuse and Neglect Training prior to student teaching, degree posting and being recommended by the institution to the state for licensure. Program adjustments are made accordingly as the Virginia Department of Education's licensure regulations are subject to change.

For more information on the licensure regulations governing Elementary Education pre K-6 please visit the Virginia Department of Education website.

Courses with an asterisk include as competencies a classroom observation and/or practicum experience. These placements must be in a state-accredited private or public school and must be set up through the field placement coordinator in the School of Education. To be approved to complete observation/practicum experiences, students must have on file these special requirements for students in initial licensure programs: an FBI criminal history report with fingerprinting, confirmation of a negative TB screening; confirmation of professional liability insurance; and confirmation of adult and pediatric First Aid/CPR/AED training. More requirements and details for practicum and internship placements are available in the Field Placement Handbook.

The application deadlines for placements are September 1 to intern in the spring semester and February 1 to intern in the fall semester.

A teacher candidate may enroll in the internship if he/she has submitted all the following by the application due date:

- a transcript that indicates good academic standing and a minimum cumulative GPA of 3.0
- successful completion of all professional education course work with a C or better;
- official passing scores on all required assessments;
- successful completion of all VDOE content competencies;
- an Approved Degree Plan (ADP) signed by the current academic advisor, indicating that all coursework will be completed the semester prior to the start of the internship;
- copies of field placement final evaluations;
- FBI criminal history report with fingerprinting;
- confirmation of a negative TB screening;
- confirmation of professional liability insurance;
- confirmation of adult and pediatric First Aid/CPR/AED training;
- Child Abuse and Neglect Training Certificate;
- Virginia Civics module certificate; and
- proof of attendance at a mandatory internship briefing.

NOTE: The Praxis Core Academic Skills Assessment or equivalent assessment must be passed before entering the program. The Praxis II: Elementary Education Content Knowledge, the Virginia Communication Literacy Assessment (VCLA) and the Reading for Virginia Educators (RVE) Assessment: Elementary and Special Education Test (5306), must

be taken and passed to be approved to student teach, before graduating AND before one can be recommended by the institution to the state for licensure.

Attendance Policy: Due to the accelerated structure of these courses, attendance and participation are significant portions of your grade. This includes the online portions as well as the face-to-face meetings.

Criminal Background Check

All Virginia school divisions are required by state code to obtain background checks on their employees. The School of Education also requires Federal background checks for their teacher candidates.

Professional Liability Insurance

Teacher candidates must show proof of professional liability insurance coverage for a minimum of \$100,000. An economical option is membership in the Christian Educators Association International (www.ceai.org) for an annual student fee. As a member of CEAI you are automatically insured up to \$100,000 for legal actions filed against you arising out of your educational duties (in the United States only, no overseas coverage). CEAI membership also includes a subscription to Teachers of Vision.

First Aid/CPR/AED

Teacher candidates must provide documentation that verifies completion of certification or training in adult and pediatric emergency first aid, cardiopulmonary resuscitation (CPR), and the use of automated external defibrillators (AED). The certification or training program shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross.

TB Screening

Teacher candidates must provide a report of a TB screening with a negative result. This report should be issued by a health provider and should include the student's name, screening date, and a confirmation of a negative result.

M.Ed. – Instructional Design & Technology major (30 credit hours)

(Delivered entirely online)

The M.Ed. in Education in Instructional Design & Technology (IDT) major is a proven gateway to a strong and rewarding career in creating, implementing, and researching educational technology and media.

The IDT major is set up to allow one the opportunity to learn how to creatively design new technology experiences, study the best and most effective implementation strategies, and locate and reflect upon the most current and informative research. The major is highlighted by the mentoring experience of established educators and researchers whose focus is on fusing technology and education in innovative new ways.

M.Ed. - Student Affairs Major (36 credit hours)

(Delivered entirely online.)

Student affairs professionals administer programs affecting the social development of college students that influence their academic success and future success after graduation. Career counseling, residence life, orientation, admissions, financial aid, and the Dean of Students office represent some of the many areas where student affairs administrators are to be found. Because there are no undergraduate programs that prepare professionals to work in college student affairs, the master's degree represents the initial academic credential for those interested in pursuing a student affairs career. The curriculum for this degree typically focuses on the unique developmental issues relevant to the college student (e.g., psychology and moral development), the business aspects of higher education (e.g., law, governance, and administration), and field experiences that provide authentic indicants of work in this field. The mission of the Regent University M.Ed. in Student Affairs is to provide Christ-centered, professional preparation for student affairs administrators working in higher education. Because the objective of the student affairs professional is to attend to the developmental needs of the student that influence maturation and academic achievement, this program will focus on fostering an understanding of (a) the student as a person and how to use biblical principles to encourage character formation, and (b) the higher education landscape and processes important in building successful student service programs.

M.Ed. - K-12 Special Education Major (42-64 credit hours)

(Delivered entirely face-to-face with some online components or entirely online.)

Today's schools are looking for general and special educators who can address a wide range of student needs. In the K-12 Special Education major, students can complete a master's degree with an endorsement in Special Education-General

Curriculum K-12. Additionally, students have the option of adding the Reading Specialist endorsement and/or the Working with Autistic Children certificate. Acceptance into the major requires completion of one of four options: qualifying scores on the Praxis Core Academic Skills for Educators assessment (reading, writing and math), qualifying scores on the Praxis Core Mathematics and the Virginia Communication Literacy Assessment, qualifying SAT or ACT scores, or possession of a current professional teaching license. In addition, students will be required to take and pass the Virginia Communication and Literacy Assessment (VCLA) the Reading for Virginia Educators (RVE) Assessment: Elementary and Special Education Test (5306); complete training in emergency first aid, cardiopulmonary resuscitation (CPR), and the use of automated external defibrillators (AED); and the Child Abuse and Neglect Training prior to receiving their degree and being recommended for licensure/endorsement. Students attend classes online. The major can be completed in as little as four semesters. Participation in field experiences and final projects is contingent upon successfully demonstrating key competencies, which will be outlined during student orientation. The State of Virginia requires a minimum of three years of general teaching experience in which reading is of primary importance in order to earn the Reading Specialist endorsement. Candidates for the Reading Specialist endorsement are required to take and pass Reading for Virginia Educators (RVE) Assessment: Reading Specialist Test (5304) prior to receiving the degree and being recommended for licensure/endorsement.

The non-licensure/endorsement option is designed for those who want to accomplish a master's degree but do not want to add an endorsement to their license.

Program adjustments are made accordingly as the Virginia Department of Education's licensure regulations are subject to change.

M.Ed. - Leadership in Mathematics Education Major (35 credits)

(Delivered entirely face-to-face or entirely online.)

The K-8 Leadership in Mathematics Education major is designed for the classroom teacher who wants to improve instructional skills as well as expand knowledge and skills in mathematics. Virginia teachers at the elementary and middle school levels must possess a deep understanding of the mathematics they are teaching, an understanding of how it connects to higher levels of mathematics, and a skillful use of methods to guide students in the learning. Coursework focuses upon increasing a teacher's understanding of mathematics and how students develop a core knowledge base of concepts and processes within the discipline of mathematics that include:

- number systems and number theory
- geometry and measurement
- statistics and probability
- functions and algebra
- discrete mathematics

Participants will develop coaching and leadership knowledge and skills needed to provide job-embedded professional learning opportunities and to improve mathematics programs at their schools, including addressing the needs of high and low-achieving students as well as the needs of diverse learners.

Applicants to this program must hold a valid Collegiate Professional Teaching License or equivalent from another state and have taught for a minimum of three (3) years in which the teaching of mathematics was an important area of responsibility. MATH courses listed in this program are only open to those students accepted into this program or licensed teachers who are taking these courses for professional development.

M.Ed. -Individualized Major (32 credit hours)

(Delivered face-to-face with some online components or entirely online.)

The Individualized Studies major allows the greatest flexibility of course selection and rate of completion of any of our majors. The major requires 16-17 hours of core classes. The remainder of the courses can be pulled from other School of Education majors or taken in any school at Regent University (except Law) with their permission. At least 50% of the courses in the Individualized Studies program must be taken in the School of Education, unless you are completing the Career Switcher programs in which all of the courses are required School of Education courses. On-campus or online courses are available. Elective courses can be combined in a multidisciplinary grouping to meet the student's interests or selected from the possible tracks below. Although the program is designed for those who are already licensed or not seeking traditional state licensure, some courses may fulfill state requirements. The average completion time is 18-24 months.

Teaching English to Speakers of Other Languages (TESOL) and delivering quality reading instruction are two major concerns in today's schools. The TESOL major is designed to equip educators to address the growing needs for service delivery in these critical areas. The following options are available through this major:

1. English as a Second Language (ESL) preK-12 endorsement with master's degree
2. English as a Second Language (ESL) preK-12 endorsement with certificate only
3. Adult Education/Collegiate track with master's degree
4. Adult Education/Collegiate track Certificate

Students seeking the English as a Second Language preK-12 endorsement from the Virginia Department of Education are required to have a minimum of 6 hours of foreign language at the undergraduate or graduate level. A submitted copy of the current teaching license is required along with the admissions application.

M.Ed. - Reading Specialist Major (34-37 credit hours)

(Delivered entirely online.)

The Reading Specialist major offers two options to accomplish a master's degree. The endorsement option is designed to meet the growing demand for trained reading specialists by providing competency-based courses that fulfill the

requirements for a Virginia Endorsement. This option results in accomplishing both a master's degree and adding an endorsement to a current Virginia teaching license. The endorsement option requires internship hours and a passing score on the current reading specialist assessment. The non-endorsement option is designed for those who want to accomplish a master's degree but do not want to add an endorsement to their license. The coursework offers a balanced perspective on teaching reading - preparing teachers in the areas of supervision, communication skills, technology, reading assessment, instruction, curriculum, and research. Students in the Reading Specialist Program, who are seeking the Reading Specialist add-on endorsement from the Virginia Department of Education, are required to have a master's degree, a minimum of 3 years of experience teaching reading, and a current teaching license. A copy of the current teaching license (or plan to have a current teaching license at the completion of the program) is required along with the admissions application. Candidates for this endorsement are also required to pass the Reading for Virginia Educators (RVE) Assessment: Reading Specialist Test (5304) prior to receiving the degree and being recommended for endorsement.

Joint Degrees (26 credit hours)

A joint degree with the M.Ed. and another master's degree from the School of Business & Leadership, School of Communication & the Arts, School of Divinity, Robertson School of Government or the School of Psychology and Counseling may be earned simultaneously at a reduced number of credits, resulting in a substantial cost reduction. This degree is designed to meet the needs of traditional teachers, as well as those who are committed to being educators in other settings.

The 26-credit-hour minimum M.Ed. may be completed in as little as 12 months; the total completion time for both degrees will vary depending upon the other degree requirements. The program is offered on our Virginia Beach Campus and online, and it may be started in any semester.

Educational Specialist Degree

Ed.S. in Educational Leadership Program (31-33 credits)

(Delivered online with some required face-to-face components.)

The Ed.S. degree in Educational Leadership is a 31-33 hour program designed to facilitate the learning styles of adults by providing a collaborative community for higher-level thinking and problem solving. Undergirding and interwoven throughout the entire program are four key components: critical thinking, scholarly research that informs practice, writing, and learning from a Christian worldview.

Designed to be completed in five semesters, dependent upon concentration requirements, each Ed.S. student will designate a concentration from one of 11 areas: Adult Education, Advanced Educational Leadership, Character Education, Christian Education Leadership, Educational Psychology, Educational Technology & Online Learning, Exceptional Education Executive Leadership, Higher Education, Higher Education Leadership & Management, K-12 School Leadership, or Special Education. Because the K-12 School Leadership concentration fulfills licensure requirements in the Commonwealth of Virginia for the Administration and Supervision Endorsement, it thus requires additional internship hours.

Those wishing to complete an add-on endorsement for Administration and Supervision (through the K-12 School Leadership concentration) to their state-issued license must meet all current state requirements, including any testing or experiences required by the state. Students must complete all coursework, internships, and testing. Those seeking the add-on endorsement must already hold a professional teaching license or pupil personnel license and pass the School Leaders Licensure Assessment (SLLA) for principal or assistant principal positions. Program adjustments are made accordingly as the Virginia Department of Education's regulations change and program requirements are subject to change. Requirements vary from state to state and students should contact their respective state departments of education for specifics.

Criminal Background Check

The School of Education requires a background check for all students who participate in a program or course assignment at a public or private setting. For more information, please contact the School of Education's Field Placement Coordinator.

The Ed.S. in Educational Leadership is a degree in and of itself but it may also be earned on the way to the completion of the terminal Ed.D.

Ed.S. in Leadership in Mathematics Education Program (35 credits)

(Delivered entirely online.)

This program emphasizes acquiring knowledge and understandings of content knowledge and leadership in mathematics in order to assume the role of a school-based K-8 mathematics specialist. Coursework focus upon increasing a teacher's understanding of mathematics and how students develop a core knowledge base of concepts and processes within the discipline of mathematics, including:

- number systems and number theory
- geometry and measurement
- statistics and probability
- functions and algebra
- discrete mathematics

Participants develop coaching and leadership knowledge and skills needed to provide job-embedded professional learning opportunities and to improve mathematics programs at their schools, including addressing the needs of high and low-achieving students as well as the needs of diverse learners.

Applicants to this program must hold a valid Collegiate Professional Teaching License or equivalent from another state and have taught for a minimum of three (3) years in which the teaching of mathematics was an important area of responsibility. MATH courses listed in this program are only open to those students accepted into this program or licensed teachers who are taking these courses for professional development.

Doctor of Education Degree (Ed.D.)

Ed.D. Program

(Delivered online with some required face-to-face components.)

The Ed.D. degree requires a minimum of 66 credit hours (an additional 35 or more hours beyond the Ed.S. or its equivalent). This degree is designed to facilitate the learning styles of adults by providing a collaborative community for higher-level thinking and problem solving. Undergirding and interwoven throughout the entire program are four key components: critical thinking, scholarly research that informs practice, writing, and learning from a Christian worldview.

Each Ed.D. student will designate a concentration from one of 11 areas: Adult Education, Advanced Educational Leadership, Character Education, Christian Education Leadership, Educational Psychology, Educational Technology & Online Learning, Exceptional Education Executive Leadership, Higher Education, Higher Education Leadership & Management, K-12 School Leadership, or Special Education.

Admission into the doctoral program does not guarantee the earning of an Ed.D. Graduation is contingent upon the following: successful completion of coursework (with a minimum cumulative 3.00 GPA), residency requirements, and candidacy examination; the recommendation of the student's doctoral committee and compliance with all applicable requirements of Regent University.

All students are required to complete a culminating experience: the submission and successful defense of a doctoral dissertation. The maximum time that is allowed to complete the program is seven years from the time one enters Regent University. In addition, doctoral students must maintain continuous enrollment in the program during all academic years (i.e., three semesters each calendar year).

Students possessing an Ed.S. or equivalent may be admitted to the Ed.D. program with advanced standing after a review of their post-master's transcript(s), which may result in the acceptance of up to 32 credit hours as outlined by Regent

University academic policy. As deemed appropriate, applicants may be required to successfully take and pass a course or courses from one of the School of Education Ed.S. program concentrations or core classes. Depending upon their cumulative Ed.S. GPA, students may be required to take and achieve a minimum level on the GRE before gaining full acceptance into the Ed.D. program.

Courses

A minimum of 66 credit hours is required beyond the master's degree to complete the Ed.D. It is, however, the demonstration of independent scholarly ability at the doctoral level, rather than the mere accumulation of credits, that is required to successfully complete the program. Doctoral courses may only be taken by students who have applied and have been accepted into the doctoral program.

Doctor of Philosophy Degree (Ph.D.)

Ph.D. Program

(Delivered online with some required face-to-face components.)

The degree of Doctor of Philosophy at Regent is awarded in recognition of high attainment in a special field of knowledge. Ph.D. students must pass the candidacy examination for the Ph.D. degree and present an acceptable dissertation within their field of study that presents the results of independent, original research. The degree program's emphasis is on preparation for competent professional and scholarly performance. The basic premise of the Ph.D. degree in the School of Education is that it is primarily reserved for those professionals who will utilize research skills in their vocations of choice.

Similar to the Ed.D., students have seven years to complete the program. A Ph.D. student will (a) complete 21 hours associated with the Ed.D. core curriculum, (b) complete 24-26 hours associated with an Ed.D. concentration, (c) complete an additional 9 hours of research related credit, (d) complete 6 hours of summer residency (three one-week, on campus residencies), and (e) complete 15 hours of dissertation research credit—the total program is 75-77 hours. The candidacy examination will be administered during the final semester of coursework. A candidate for the Ph.D. degree must present an acceptable research-based dissertation. The dissertation demonstrates that the candidate has technical competence in the field and has done research of an independent character. It must add to or modify what was previously known in the candidate's field of interest, or present a significant interpretation of the subject based upon original investigation and research.

Research Related Credit:

Ph.D. students are required to take the following courses:
EDCO 801 Strategic Planning & Program Evaluation (3)
EDCO 802 Analysis of Variance (1)
EDCO 803 Regression & Correlation (1)
EDCO 804 Structure & Reliability Analysis (1)

If any of the above courses were taken as part of the concentration curriculum, the credit earned will not count toward the 9 additional hours required for the Ph.D. The balance of hours needed to satisfy the 9 hour requirement shall result in enrolling in EFND 790 – Independent Study with a SOE professor. These independent study hours shall be used to focus on research collaboration in the faculty member’s area of interest.

Non-degree

Center for Career Advancement and Training (CCAT)

We offer courses not associated with the earning of a degree through our Center for Career Advancement and Training (CCAT). The CCAT offers a wide range of content courses to help educators and administrators meet the Virginia Standards of Learning (SOL) in technology, social studies, language arts, geography, history and math. A special focus of the CCAT is youth aggression and violence prevention, as well as developing skills to deal with at-risk and diverse populations. We tailor courses to meet the specific staff development needs of educators and administrators. If there is a course you would like to see offered in your school district, please contact CCAT at 757.352.4479 or visit <http://www.regent.edu/acad/schedu/profdev/>.

Career Switcher Licensure Program (24 credit hours)

The Career Switcher Alternative Route to Licensure program is designed to enable individuals holding a bachelor’s degree and with various occupational and life experiences to become classroom teachers, thereby increasing the quantity and diversity of applicants to the profession. The Career Switcher certificate program is NOT a degree seeking program. The program alone will lead to Virginia licensure and the Certificate of Graduate Studies (CGS). However, if an applicant wishes to pursue a Master's degree, he or she may do so by applying to that program upon completing the Career Switcher requirements and taking additional credit hours from a concentration area from the Curriculum and Instruction program, the TESOL program, or the Individualized Degree Program.

The Career Switcher program leads to teacher certification in the Commonwealth of Virginia upon the successful completion of all program requirements. The program is delivered online with some on-campus course availability.

Applicants for the Career Switcher program are required to take and pass the Virginia Communication and Literacy Assessment (VCLA) in order to meet the basic skills assessment requirement for admission. Career Switchers are also required to take and pass the Praxis II assessment in the designated specialty area prior to admission into the program. Finally, applicants must also complete the Virginia Department of Education’s Career Switcher application available online at http://www.regent.edu/acad/schedu/pdfs/career_switcher_appl.pdf. *The state application does include a declaration of criminal history.*

Certificate in Advancing Leadership (CAL) (9 credit hours)

The Certificate in Advancing Leadership is for teachers and administrators who would like to advance their skills and knowledge in special education leadership. These post-master's classes will train leaders on how to understand and assist with the special education needs within their school division. Prerequisite: A Master's degree in a related field.

Required Courses:

- UNIV LIB Information Research and Resources (0)
- ESPC 745 Exceptional Education Research Practice (3)
- ESPC 815 Supervision of Exceptional Education (3)
- ESPC 855 Advanced Topics in Exceptional Education (3)

Certificate of Graduate Studies in Autism (CGS) (12 credit hours)

The "Working with Autistic Children" Certificate can be completed through our professional development program for anyone who is not a degree-seeking student. In addition, this certificate is a part of the K-12 Special Education and Individualized Studies Programs.

Although Autism Spectrum Disorder is not currently an endorsement in Virginia, Regent University School of Education has designed the "Working with Autistic Children" Certificate. This certificate is designed to respond to the increasing demand for effectively trained educators and the rising number of autistic children found in the classroom.

- UNIV LIB Information Research and Resources (0)
- ETSP 600 Autism Overview (3)

Certificate in the Law and Higher Education (9 credit hours)

The Law and Higher Education certificate is designed for higher education administrators who desire to learn more about important legal considerations that inform their professional practice. A study of constitutional and contract law creates a foundation upon which to understand higher education law for both public and private institutions.

Required Courses

UNIV LIB Information Research and Resources (0)

EHEA 503 The Law & Governance of Higher Education (3)

EHEA 506 Contracts (3)

EHEA 508 Constitutional Law & Policy II (3)

Certificate of Graduate Studies in Teaching English to Speakers of Other Languages, TESOL (CGS) (15-18 credit hours)

Please refer back to the TESOL section under the Master's Degree programs.

Certificate of Graduate Studies in STEM (CGS) (10 credit hours)

The Certificate of Graduate Studies in STEM is designed for K-6 teachers who desire to learn more on how to teach science, technology, engineering, and math in age appropriate ways to their students. Teachers will see how introducing

students early to the skills and careers associated in the STEM fields may increase their desire to learn more about these areas. It is a timely and valuable educational pursuit for elementary teachers given the current focus on STEM at the state and national levels. It offers courses that provide the needed content to effectively prepare educators for implementing STEM instruction in the classroom. It offers a blended format that will allow working educational professionals the flexibility needed to successfully complete course work while working full- or part-time. It has an added benefit for those earning a M.Ed. in Curriculum and Instruction.

Required Courses

- UNIV LIB Information Research and Resources (0)
- ESTM 500 Stepping into STEM (1)
- ESTM 501 Inquiry through STEM (3)
- ESTM 502 Mathematics and STEM (3)

COURSE DESCRIPTIONS

EADL 500 Theories of Adult Education (3) Theories and theorists associated with adult learning and their impact on adult education practice in various adult learning settings.

EADL 510 History of American Adult Programs (3) Educational programs and settings designed for adult learners from colonial America to contemporary times.

EADL 520 Curriculum Development for Adult Learners (3) Examines the development and administration of curriculum and instructional programs for adult learners in diverse educational settings including adult basic education, GED, and workplace. Emphasis is placed on effective environments and instructional strategies for addressing programmatic goals and outcome appropriate for adults.

EADL 530 Reading Instruction for Adult Learners (3) A study of methodologies and strategies for teaching beginning-level reading and reading comprehension to adult learners.

EADL 540 Beginning Mathematics for Adult Learners (3) A study of methodologies and strategies for teaching mathematics to beginning level adult learners.

EADL 595 Adult Education Internship (3) Required minimum of 300 clock hours of supervised work experience in an adult education instructional setting(s) to include 150 hours of direct documented instructional delivery with adult learners.

EADM 511 Leadership, Organization & Administration (3) Focuses on the role, development, and assessment of the school leader within a learning organization. Survey the research and practice of leadership and the challenges of high-achieving schools through a variety of methods and standards. Interstate School Leaders Licensure Consortium Standards and moral leadership principles will be the foundation for presenting these concepts. Cross-listed with EADM 611.

EADM 513 School Finance/Management of School Resources & Facilities (3) Focuses on the role of the school leader aligning with the Interstate School Leaders Licensure Consortium Standards to responsibilities and issues in fiscal operations, beginning with an understanding at the federal and state level, the local division level, and ultimately the direct link in day-to-day local school policies, procedures and decision-making. Finally, Management of School Resources and Facilities is based on the premise that the school leader allocates and supervises other resources than fiscal and directs the efficient and effective function of the physical facility. Cross-listed with EADM 613.

EADM 515 EA Research Design (3) Focuses on the role of the school leader or educator as a consumer (basic, applied, and orientational), a user (evaluation), and a producer (action) of educational research. As consumers, candidates learn how to identify, read, analyze, synthesize, evaluate, explain, and apply quantitative, qualitative, and mixed research. As users, candidates utilize descriptive statistics and data-driven decision making in problem based learning applications. As producers, candidates follow the structure of a research proposal to develop competency with the literature, methods, designs, and data analysis techniques germane to the field.

EADM 524 Supervision of Teaching Methods/Classroom Management (3) Focuses on the role of the school leader in empowering teachers to deliver essential (standards-based) effective instruction through supervision of that instruction. Consideration of various methods and models of evaluating instruction and pedagogical approaches as well as interrelationships among the school organization, curriculum development and diversity. Classroom management practices, a safe and orderly school learning environment and legal principles for both teacher supervision and school safety will be presented. Course aligned with the Interstate School Leaders Licensure Consortium Standards.

EADM 532 Technology for Administrators (3) Focuses on the role of the school leader in the appropriate use of media/technology, including ethical and legal issues. Aligning with the Interstate School Leaders Licensure Consortium Standards, an emphasis will be on the school leader's use of educational technologies for the classroom (specifically planning, implementing, and monitoring for student achievement), data collection, information management, problem-solving, data-driven decision making, and communication. This course may be presented as one of a cluster of four courses in the summer residency. Cross-listed with EADM 632.

EADM 536 Personnel Management/Development (3) Focuses on the role of the school leader in human resource responsibilities to include legal aspects in recruiting, interviewing, hiring, contract management, termination, grievance, building of professional working relationships with faculty, staff, and support personnel, communication skills, and technology to support personnel management. Candidates will examine the school leader's role in professional development in all areas, specifically in student achievement. The entire personnel management and leadership function will be linked with the Interstate School Leaders Licensure Consortium Standards. Cross-listed with EADM 636.

EADM 538 School Law (3) Focuses on the role of the school leader aligning with the Interstate School Leaders Licensure Consortium Standards to understand law as it relates to education and schooling, using legal systems to protect student rights and improve student opportunities, that the professional learning community works within the framework of policies, laws, and regulations enacted by local, state, and federal authorities, and that the educational leader promotes the success of all students by acting with integrity, fairness, and in an ethical manner. Cross-listed with EADM 638.

EADM 540 School & Community Relations (3) Focuses on the role of the school leader in designing programs around the needs, problems, and issues of the school, with its stakeholders, special publics. Because of cultural changes and new problems arising there is a need for better two way communications between the school and the community. Dealing constructively and effectively with these needs and problems will increase the chances that parents, stakeholders, special publics, and the district will take a positive interest in the school, thus inviting their support for school improvement. Candidates will develop a plan to capitalize on the diversity (cultural, ethnic, racial, economic, special interest groups) of the school community to improve student achievement, school programs, and meet diverse needs of all students. The course will be linked with the Interstate School Leaders Licensure Consortium Standards. Cross-listed with EADM 640.

EADM 547 Educational Leadership in Mathematics I (3) Essential characteristics, skills, and dispositions needed to maintain effective math education leadership roles in K-8 schools. In-depth review of national and state mathematics standards. On-site professional development models discussed with primary emphasis on the Content-Focused Coaching model by Lucy West. Cross-listed with EADM 647.

EADM 548 Educational Leadership in Mathematics II (3) Field-based experience to develop and demonstrate skills for carrying out effective mathematics coaching in K-8 schools. Review of literature on best practices and case studies, and self-critique of videotaped coaching sessions. Cross-listed with EADM 648.

EADM 553 Technology Applications for School Mathematics Leaders (3) Technology resources for learning mathematics and for leaders of mathematics education. Instructional applications through online resources, hand-held resources, and software packages that target the mathematical development of K-8 teachers and students. Includes management technologies for the mathematics leader. Cross-listed with EADM 653.

EADM 595 Principal Internship (3) Focuses on the role of the school leader by establishing the connection between theory and practice. Assignment to a specified school(s) with the supervision of a certified school administrator in the field and with the guidance of a Regent faculty internship advisor, including a minimum of 200 clock hours with exposure to multiple sites (elementary, middle, high, central office, agency) with diverse student populations, focused on instructional leadership and learning within a public school or accredited nonpublic school. Responsibility for completion of course competencies and continuous contact with a Regent University internship advisor. The Interstate School Leaders Licensure Consortium Standards will be the framework for the intern's evaluation. Cross-listed with EADM 695.

EADM 595A Principal Internship (2) Part 1 of 3 internship experiences to comply with current Virginia Department of Education administrator licensure regulations including meeting the required hours to fulfill the internship experience. Cross-listed with EADM 695A.

EADM 595B Principal Internship (2) Part 2 of 3 internship experiences to comply with current Virginia Department of Education administrator licensure regulations including meeting the required hours to fulfill the internship experience. Cross-listed with EADM 695B.

EADM 595C Principal Internship (2) Part 3 of 3 internship experiences to comply with current Virginia Department of Education administrator licensure regulations including meeting the required hours to fulfill the internship experience. Cross-listed with EADM 695C.

EADM 596 School Leaders Licensure Assessment (SLLA) Test Preparation (2) Focuses on the role of the school leader by preparing for state licensure as required by numerous states and measuring beginning educational leaders' understanding and knowledge of a broad range of job-related topics, including whether entry-level education leaders have the standards-relevant knowledge believed necessary for competent professional practice. A description of the Interstate School Leaders Licensure Consortium Standards, test-taking strategies, sample questions, annotated responses, and specific problems-based learning. Cross-listed with EADM 696.

EADM 598 Professional Leadership Project (2) Focuses on the role of the school leader through successful completion of a culminating experience that will synthesize theory and practice. For most, the project will consist of providing evidence that critical program competencies have been met by applying accumulated knowledge to a specific challenge of student achievement and educational equity. This is an individualized course that will be co-designed by the participating candidate and faculty advisor(s). The Interstate School Leaders Licensure Consortium Standards form the foundation for course

completion. Note: Candidates may take EADM 596 School Leaders Licensure Assessment (SLLA) Test Preparation in place of EADM 598.

EADM 611 Leadership, Organization & Administration (3) Focuses on the role, development, and assessment of the school leader within a learning organization. Survey the research and practice of leadership and the challenges of high-achieving schools through a variety of methods and standards. Interstate School Leaders Licensure Consortium Standards and moral leadership principles will be the foundation for presenting these concepts. Cross-listed with EADM 511.

EADM 613 School Finance/Management of School Resources & Facilities (3) Focuses on the role of the school leader aligning with the Interstate School Leaders Licensure Consortium Standards to responsibilities and issues in fiscal operations, beginning with an understanding at the federal and state level, the local division level, and ultimately the direct link in day-to-day local school policies, procedures and decision-making. Finally, Management of School Resources and Facilities is based on the premise that the school leader allocates and supervises other resources than fiscal and directs the efficient and effective function of the physical facility. Cross-listed with EADM 513.

EADM 632 Technology for Administrators (3) Focuses on the role of the school leader in the appropriate use of media/technology, including ethical and legal issues. Aligning with the Interstate School Leaders Licensure Consortium Standards, an emphasis will be on the school leader's use of educational technologies for the classroom (specifically planning, implementing, and monitoring for student achievement), data collection, information management, problem-solving, data-driven decision making, and communication. This course may be presented as one of a cluster of four courses in the summer residency. Cross-listed with EADM 532.

EADM 636 Personnel Management/Development (3) Focuses on the role of the school leader in human resource responsibilities to include legal aspects in recruiting, interviewing, hiring, contract management, termination, grievance, building of professional working relationships with faculty, staff, and support personnel, communication skills, and technology to support personnel management. Candidates will examine the school leader's role in professional development in all areas, specifically in student achievement. The entire personnel management and leadership function will be linked with the Interstate School Leaders Licensure Consortium Standards. Cross-listed with EADM 536.

EADM 638 School Law (3) Focuses on the role of the school leader aligning with the Interstate School Leaders Licensure Consortium Standards to understand law as it relates to education and schooling, using legal systems to protect student rights and improve student opportunities, that the professional learning community works within the framework of policies, laws, and regulations enacted by local, state, and federal authorities, and that the educational leader promotes the success of all students by acting with integrity, fairness, and in an ethical manner. Cross-listed with EADM 538.

EADM 640 School & Community Relations (3) Focuses on the role of the school leader in designing programs around the needs, problems, and issues of the school, with its stakeholders, special publics. Because of cultural changes and new problems arising there is a need for better two way communications between the school and the community. Dealing constructively and effectively with these needs and problems will increase the chances that parents, stakeholders, special publics, and the district will take a positive interest in the school, thus inviting their support for school improvement. The course will be linked with the Interstate School Leaders Licensure Consortium Standards. Cross-listed with EADM 540.

EADM 647 Educational Leadership in Mathematics I (3) Essential characteristics, skills, and dispositions needed to maintain effective math education leadership roles in K-8 schools. In-depth review of national and state mathematics standards. On-site professional development models discussed with primary emphasis on the Content-Focused Coaching model by Lucy West. Cross-listed with EADM 547.

EADM 648 Educational Leadership in Mathematics II (3) Field-based experience to develop and demonstrate skills for carrying out effective mathematics coaching in K-8 schools. Review of literature on best practices and case studies, and self-critique of videotaped coaching sessions. Cross-listed with EADM 548.

EADM 653 Technology Applications for School Mathematics Leaders (3) Technology resources for learning mathematics and for leaders of mathematics education. Instructional applications through online resources, hand-held resources, and software packages that target the mathematical development of K-8 teachers and students. Includes management technologies for the mathematics leader. Cross-listed with EADM 553.

EADM 695 Principal Internship (3) Focuses on the role of the school leader by establishing the connection between theory and practice. Assignment to a specified school(s) with the supervision of a certified school administrator in the field and with the guidance of a Regent faculty internship advisor, including a minimum of 200 clock hours with exposure to multiple sites (elementary, middle, high, central office, agency) with diverse student populations, focused on instructional

leadership and learning within a public school or accredited nonpublic school. Responsibility for completion of course competencies and continuous contact with a Regent University internship advisor. The Interstate School Leaders Licensure Consortium Standards will be the framework for the intern's evaluation. Cross-listed with EADM 595.

EADM 695A Principal Internship (2) Part 1 of 3 internship experiences to comply with current Virginia Department of Education administrator licensure regulations including meeting the required hours to fulfill the internship experience. Cross-listed with EADM 595A.

EADM 695B Principal Internship (2) Part 2 of 3 internship experiences to comply with current Virginia Department of Education administrator licensure regulations including meeting the required hours to fulfill the internship experience. Cross-listed with EADM 595B.

EADM 695C Principal Internship (2) Part 3 of 3 internship experiences to comply with current Virginia Department of Education administrator licensure regulations including meeting the required hours to fulfill the internship experience. Cross-listed with EADM 595C.

EADM 696 School Leaders Licensure Assessment (SLLA) Preparation (2) Focuses on the role of the school leader by preparing for state licensure as required by numerous states and measuring beginning educational leaders' understanding and knowledge of a broad range of job-related topics, including whether entry-level education leaders have the standards-relevant knowledge believed necessary for competent professional practice. A description of the Interstate School Leaders Licensure Consortium Standards, test-taking strategies, sample questions, annotated responses, and specific problems-based learning. Additional emphasis on the transformation of curriculum theory to practice-based activities that include how to organize, build and evaluate curriculum and instruction. Cross-listed with ECUR 540.

EDCE 700 Foundations of Character Education Programs (3) Introduction to character education programs and social-emotional learning; identifying program outcomes; the basics of curriculum design, instructional delivery, and assessment of character changes, plus the impact on individual success and organizational culture.

EDCE 701 Character Education: Foundations, Theories, and Philosophy (3) Traces the historical evolution of character education throughout the United States, and as a movement. It examines the research that currently exists in the field, with particular emphasis on the underlying philosophy that has guided its development.

EDCE 702 Character Education: Curriculum and Instruction (3) Focuses on the development of meaningful curriculum and innovative instructional practices in the delivery of a character education program. Special attention will be given to the integration of character education programming with learning standards prevalent in most states today. Participants in this course will gain knowledge, understanding, and skills in development, implementation, and assessment related to successful programmatic decision making in character education.

EDCE 703 Advanced Study of Best Practices in Character Education (3) Participants will be presented opportunities to work with faculty and other members of the National Clearing House on Character Education in examining programs and practices; they will also have the opportunity to provide consultative assistance to school districts and community organizations that wish to design new initiatives or reassess efforts currently in place. Formative and summative assessments will be used for programmatic evaluation, and course participants will gain necessary skills to conduct such evaluations.

EDCE 704 Leadership in Character Education (3) Presents an analysis of present day leadership theories and practices that lend themselves to successful design, delivery, and evaluation of character education programs and activities. Emphasis is placed upon building collaborative teams, community networking, and school partnerships within the context of innovation and change.

EDCE 785 Seminar in Character Education (3) Identification and review of contemporary topics for research in character education; examination of approaches to research in character education; and scholarly writing on research topics in character education.

EDCO 501 Strategic Planning & Program Evaluation (3) Examines strategic planning and the role of program evaluation in the planning-implementation-evaluation cycle to include the curriculum planning process. Topics include various theoretical and philosophical perspectives, alternative evaluation designs and related methodologies including

collaborative action research and issues related to design, measurement and utilization. The goal is to help educators become active collaborators in the evaluation process and to give them the tools to judge the value of an evaluation. Whether the task is designing an internal evaluation of a local program, contracting for an external evaluation at the district level, or critically reviewing an evaluation report as a basis for making an administrative decision, this course offers important leadership preparation. Each student will prepare an evaluability assessment related to a self-selected educational program in his/her area of concentration. Prerequisite: a graduate level research course. Cross-listed with EDCO 801.

EDCO 800 Qualitative Data Analysis (3) Theory and practice in analyzing qualitative data. Topics include coding, meaning generation, and validation.

EDCO 801 Strategic Planning & Program Evaluation (3) Examines strategic planning and the role of program evaluation in the planning-implementation-evaluation cycle to include the curriculum planning process. Topics include various theoretical and philosophical perspectives, alternative evaluation designs and related methodologies including collaborative action research and issues related to design, measurement and utilization. The goal is to help educators become active collaborators in the evaluation process and to give them the tools to judge the value of an evaluation. Whether the task is designing an internal evaluation of a local program, contracting for an external evaluation at the district level, or critically reviewing an evaluation report as a basis for making an administrative decision, this course offers important leadership preparation. Each student will prepare an evaluability assessment related to a self-selected educational program in his/her area of concentration. Prerequisite: a graduate level research course. Cross-listed with EDCO 501.

EDCO 802 Analysis of Variance (1) Examines various ANOVA statistical procedures as applied to educational research with emphasis on understanding the research context, assumptions, notations and interpretations. Covers factorial ANOVA to include mixed designs, analysis of covariance and multivariate variations. SPSS will be used for all statistical calculations. Prerequisites: EFND 702 and Educational Statistics Course.

EDCO 803 Regression & Correlation (1) Covers the statistical procedures that are most frequently encountered in doctoral-level correlation research with emphasis on understanding the research context, assumptions, notations and interpretations. Major topics include multiple regression and correlation, logistic regression and discriminate analysis. Covers both hypotheses of association and prediction. SPSS will be used for all statistical calculation. Prerequisites: EFND 702 and Educational Statistics Course.

EDCO 804 Structure & Reliability Analysis (1) Covers statistical procedures used for structure and reliability analysis as applied to educational research with emphasis on understanding the research context, assumptions, notations and interpretations associated with each statistical procedures. Major topics include factor analysis, an introduction to structural equation modeling and reliability analysis to include alternate form reliability, test-retest reliability, inter-tester reliability and internal consistency (i.e. split-half to include use of the Spearman-Brown prophecy formula, Kuder-Richardson formulas and Cronbach's coefficient alpha). SPSS will be used for all statistical calculations. Prerequisites: EFND 702 and Educational Statistics.

EDCS 501 Research Based Teaching Skills (3) Research-validated procedures and skills on topics essential for optimum learning. Topics include teacher impact research findings, student self-governance, instructional design, assessment, professional learning communities, technology, and content & learner differentiation.

EDCS 505 Philosophy of Christian Education (3) Examines various philosophies of education in light of Scripture. Develop a philosophy of education essential to the preparation of "holy nation" citizens. Provides a biblical and philosophical framework for many other courses in the Christian School Concentration. Approved for ACSI educational philosophy requirement.

EDCS 520 Individual Differences & Classroom Management (3) Focuses on a broad range of human individual differences relating to education and to human relationships. Understand the mediating effects of individual differences and apply this knowledge in developing educational and classroom management plans. Approved for ACSI methods credit at both the elementary and secondary levels.

EDCS 551 Financial Management for Christian Schools (3) Development of sound fiduciary and biblically-based principles and practices for stewarding Christian school resources. Cross-listed with ECEL 751.

EDCS 552 Starting & Operating Christian Schools (3) Developing best practices and biblically-based approaches to starting and operating Christian schools. Cross-listed with ECEL 752.

EDCS 553 Staff Development for Christian Schools (3) Development of teaching, administrative, and support staff as disciples of Christ to be able to in turn disciple others within the Christian school environment. Cross-listed with ECEL 753.

EDCS 563 Instructional Strategies for At-Risk Students (3) Prepare educators to reach and effectively teach students who are at risk in the general classroom. Addresses topics such as curriculum-based assessment, accommodations, modifications, and collaboration with other professionals and family members. ACSI approved methods course.

EDCS 591 Culminating Internship (1-4) Provides supervision of classroom-based teaching and/or administration. Prerequisite: Entire Christian School Program.

EDDE 820 Instructional Design for Online Learning (3) Theoretical and experiential examination of the online learning instructional design process.

EDDE 822 Teaching, Learning, & Technology (3) Examines theories and practices of effective teaching and learning with technology.

EDDE 823 Advanced Online Learning (3) Critical examination of theories, research, and trends in online education.

EDDE 825 Special Topics in Educational Technology (3) Examines current issues in educational technology with an emphasis on research and leadership opportunities.

EDDE 830 Trends in Educational Technology (3) Surveys trends and developments in educational technology with a particular emphasis on their application to online learning.

EDDE 880 Independent Study (1-3) (online/distance education) Under the guidance of an instructor or mentor, pursue an in depth study of a topic related to distance education, such as use of compressed interactive video to create an effective learning environment, an examination of the facilitative skills required to create a constructivist learning environment online or use of problem-based learning techniques in a distance learning environment. Requires submission of a scholarly paper on the approved topic. Prerequisite: EFND 726.

EDEL 805 Current Issues in Educational Leadership (3) An in-depth analysis of current issues and their impact germane to the leadership of educational systems.

EDEL 807 Organizational & Institutional Change (3) Paradigms, processes, elements, and constituents of change. Building upon foundational biblical models, principles of an effective change process are emphasized from both macro and micro level perspectives.

EDEL 810 Advanced Societal Reform (3) An in-depth analysis of national and international societal reform through educational systems by considering current political, societal, and educational issues.

EDEL 815 Advanced Study of Dysfunctional Leadership (3) An in-depth analysis of the causes, results, and potential prevention of dysfunctional leadership and its impact on educational organizations.

EDEL 820 Advanced Systems Theory (3) An in-depth analysis of leadership and systems issues needed to transform the learner's educational arena.

EDEL 825 Advanced Cross-Cultural Educational Leadership (3) An in-depth analysis of issues related to cross-cultural leadership.

EDEL 835 Advanced Development of Programs and Curricula (3) An in-depth study of program and curricula development.

EDEL 840 Educational Policy Formation (3) Public policy, pedagogy, and leadership in both the national and international arenas.

EDEL 845 Privatized Education (3) Privatized education outside the realm of the public school arena.

EDEL 850 Consulting & Entrepreneurship (3) Consulting and entrepreneurship within the educational arena.

EDEL 890 Advanced Seminar in Educational Leadership (3) Individualized to the learner's educational calling and conducted via independent study.

EDIP 501 Introduction to Technology in Education (2) Current issues and strategies related to technology research, learning theories, instructional design, product development, information access, and delivery issues for classroom teachers will be highlighted in this course.

EDIP 502 Applications of Technology for Teaching and Learning (1) Application and integration of educational technology in the classroom by providing software training and content focused on technology skill development and

curriculum integration, within the context of state and national standards. Prerequisites: EDIP 501 or approval of instructor.

EDIP 540 Philosophical Foundations in Education (3) Historical, political and philosophical foundations of education. While focused on U.S. education, emphasis on generalized principles and issues makes it relevant to all nations. Establishes a philosophical foundation of education and surveys various worldviews that affect education today.

EDIP 541 Developmental Leadership (3) Introduces a developmental leadership model focused on external skills embodied in the process of internal transformation. Requires a personal inventory of spiritual and professional maturity while equipping students with the tools necessary for growth. From that foundation, students will be expected to examine additional leadership models.

EDIP 542 Introduction to Curriculum & Instruction (3) Develop an understanding of biblical perspectives on the nature of learning and the ability to think critically about issues related to teaching and learning. Explore the components of effective instruction and learn how to implement instructional strategies that promote learning.

EDIP 543 Technology in Education (3) Increase learning and learner success by designing educational events that use instructional technology. Covers three basic areas of technology integration: planning, implementation and evaluation. Does not cover specific applications. Within this framework, various technologies and tools will be investigated for the purpose of determining which are best suited for particular instructional situations. Discusses broader issues regarding the usefulness and effectiveness of technology integration in education. The ultimate goal is to create a plan to integrate technology in your educational setting.

EDIP 544 Effective Communication, Conflict Resolution, and Negotiation (3) The key to healthy organizations is productive communication, conflict resolution, and negotiation. This course provides a communication-based perspective for organizations and leadership in a diverse society. Dyadic, small group, formal and informal communication, consensus building, conflict resolution and negotiation skills are just a few of the concepts to be studied in relationship to leadership effectiveness.

EDLD 515 Teaching How To Learn: NILD Level I (2) Examines methods for providing effective educational therapy to students with learning difficulties through studying philosophical perspectives of learning difficulties, assessment techniques of students with learning difficulties, and individualized intervention techniques developed by the National Institute for Learning Development (NILD).

EDLD 520 Teaching How to Learn: NILD Level II (3) Examines the NILD intervention model through questioning and thinking skills, technique instruction and refinement, program development, assessment, and student evaluation. Prerequisite: Permission of instructor.

EDLD 525 Developing Cognitive Competencies: NILD Level III (3) Applications of the NILD intervention model through: cognitive functioning, technique instruction and refinement, language Stimulation, assessment, and student evaluation. Prerequisite: Permission of instructor.

EDLD 530 Methodologies of Instruction for Educational Therapy (3) Investigates instructional methods of mediated learning, Socratic questioning and inquiry, and learning through observation and group experiences.

EDLD 585 Field Experience (1) Students will observe and critique programs that serve learners experiencing difficulties within their communities. A paper will be required to document both effective and ineffective teaching methodologies.

EDLD 595 Internship (4) Interns will be complete an initial testing report (4) on a student recommended for educational therapy. The intern will be observed by an experienced mentor as they work with a student over several sessions for a minimum of 30 clock hours.

EDSL 710 The Adult Learner (3) Provides an overview of the major theorists associated with adult learning based on historical and philosophical perspectives. This course will review and evaluate theory and research that make adult education a distinctive field of philosophy and practice.

EDSL 711 Policy Studies in Adult Education (3) Examination of the study of lifelong learning issues, policy, and policy making at national and international level of education.

EDSL 715 International and Global Issues in Adult Education (3) Current trends, issues, and global perspectives that impact adult learners.

EDSL 727 Supervision & Professional Development (3) Basic principles of supervision to ensure continuous and effective professional development for adult learners.

EDUC 500 Online Orientation (0) Required during the first semester of enrollment in some programs; acclimates students to Blackboard, the platform from which online classes are launched.

EDUC 700 Online Orientation (0) Required during the first semester of enrollment in some programs; acclimates students to Blackboard, the platform from which online classes are launched.

EEDD 799A Internship (1) In compliance with the Virginia Department of Education (VDOE), this internship requirement is offered concurrently with one or more semesters of concentration coursework. Focus will be on insuring exposure to diverse sites and experiential activities divided across grade levels as it relates to the course content and associated ISLLC standards. (Pass/No Pass)

EEDD 799B Internship (1) In compliance with the Virginia Department of Education (VDOE), this internship requirement is offered concurrently with one or more semesters of concentration coursework. Focus will be on insuring exposure to diverse sites and experiential activities divided across grade levels as related to the course content and associated ISLLC standards. (Pass/No Pass)

EEDD 800 The Principalship (3) Assignment to a school site to participate directly in management duties and leadership experiences involving the position of the principal. Requires submission of a product that summarizes the experience. Prerequisite: completion of all coursework. (Pass/No Pass)

EEDD 850 The Superintendency (3) Be involved in a school district site and become directly involved in management duties and leadership experiences related to the position of district superintendent. Requires submission of a product that summarizes the experience. Prerequisite: endorsement as a principal and three years' experience in an educational administrative position.

EELM 501 Assessment for Learning (3) The development of valid and reliable classroom assessments to measure student growth as well as student understanding. Topics will focus on the use of student data in development of teacher growth and evaluation plans.

EELM 505 Teaching Social Studies & Technology (3) Methods and best practices to teach History and Social Science concepts associated with Virginia Studies, Colonial History, Economics, Geography, and Cultures in the elementary classroom. Course integrates technology as a tool for research.

EELM 551 Students with Disabilities (3) Learning disabilities, intellectual disabilities, emotional disorders, and the characteristics of students with hearing, vision and/or physical Impairments. Survey the range of conditions, which contribute to students being eligible for special education services. Presents an overview of identification, assessment, program options and intervention services.

EELM 580 Practicum (1) Demonstrate proficiency in planning, implementing and evaluating instruction for diverse classrooms. Repeatable for credit.

EFND 501 Teaching Math and Science in Elementary Schools (3) Designed to aid future teachers in their understanding and integration of the knowledge, skills and processes to support learners. Participants will investigate various instructional and assessment techniques and, in particular, the end-of-grade VA SOL assessments in mathematics and science. This course includes classroom observation as a competency. Cross-listed with UIS 401.

EFND 503 Leadership and Character Development (2) Focuses on the role of the school leader in two areas: (a) a recognition that the spiritual path of educational leaders will have a distinct influence on their professional practices, and (b) the important factors of the development of good character and resiliency in students. Specific attention will be paid to linking the Interstate School Leaders Licensure Consortium Standards and in developing a plan for responsibility and supervision of character integration in all facets of the learning environment. This course may be presented as one of a cluster of four courses in the summer residency.

EFND 504 Character Education (3) Participants will study the foundations of ethics, ethical behavior, and moral decision-making. Development of these ethical and moral value systems and their impact on individual character growth, within the context of historical and contemporary psychological theories and scientifically-based research. Students will be required to analyze character education: historical and multi-cultural perspectives, its effectiveness and necessity. The course also includes many practical strategies and methodologies for supporting character development with an emphasis on the affirmation of the principles of truth, justice, and love. Cross-listed with UIS 304.

EFND 505 Teaching Reading and Language Arts Across the Curriculum (3) Examines the complex nature of language acquisition. Addresses instruction in listening, speaking, reading, writing, including spelling and grammar, and the integration of these language modes across the curriculum. Special attention will be given to reading comprehension

in narrative and expository texts. Other course topics include familiarity with VA SOL and attention to diversity in the classroom. This course includes as a competency a practicum experience. A 15-hour classroom observation and practicum experience competency is required. Cross-listed with UED 405.

EFND 506 Classroom Management & Instructional Strategies (3) Provides students with strategies to provide instruction effectively while managing the classroom. The relationship between classroom environment and student behavior will be addressed and effective intervention strategies will be presented. Various models, methods, and approaches for managing and modifying students' classroom behavior will be explored. The link between discipline and character development will also be addressed. The learner will also demonstrate understanding of effective instructional design principles – such as flexible groupings, collaborative learning, and methods for gifted and talented students as well as for those students with disabling conditions – for instructional improvement. This course includes a classroom observation as a competency and instructional strategies that focus on the VA SOL. Cross-listed with UED 406.

EFND 508 Teaching Reading in the Elementary Grades (3) Addresses the nature of reading, stages of reading development, approaches to reading instruction, word identification strategies including explicit phonics, fluency development, and vocabulary and comprehension instruction. Other course topics include fostering independent reading using a variety of literature, evaluation including familiarity with the VA SOL, and attention to diversity in the classroom. This course includes as competencies a classroom observation and practicum experience. A 15-hour classroom observation and practicum experience is required. Cross-listed with UED 408.

EFND 509 Character Education Curricula, Instruction, & Assessment (3) Research base for character education and its school transformational capabilities. Design of integrated character education curricula and instructional delivery through standards-based instruction. Effective teaching and assessment of character qualities with strategies for program evaluation.

EFND 510 Leadership & Biblical Integration (3) Focuses on identifying and applying biblical truths and principles to leadership and teaching. Emphasizes practical ways to integrate God's truths and principles into leaders and teachers as "Living Curricula," in to various subjects (curriculum), pre-K-12 and every component of a school or other organization.

EFND 522 Education Statistics (3) Focuses on the methods of statistical analysis that will assist the learner in analyzing data generated from research in education. Concentration in this course will be on realistic examples and the problems that arise in them.

EFND 523 History & Contemporary Issues of American Higher Education (3) Overview of American higher education from the colonial period to the present. Form a foundational understanding of higher education and the origins of contemporary practices and problems within the academy. Investigate diverse institutions such as land grant colleges, historically black colleges and universities, research institutions, liberal arts colleges, religious colleges and universities and access to higher education. Examine and discuss early innovators of higher education and their policies. Cross-listed with EFND 723.

EFND 530 Foundations in Education for Transitioning Professionals (3) Understand the historical, philosophical, and sociological foundations underlying the role, development and organization of public education in the United States. Attention will be given to the legal status of teachers and students, including federal and state laws e.g. SOLs; child abuse regulations. The concept of school as an organization/culture and contemporary issues in education are included. School / family communications and ways of involving families in student learning are explored. Attention will be given to the legal status of teachers and students, including federal and state laws e.g. SOLs; child abuse regulations. The concept of school as an organization/culture and contemporary issues in education e.g. language acquisition, reading across the curriculum, and teaching children whose first language is not English are included. School / family communications and ways of involving families in student learning are explored.

EFND 531 Exploring the Curriculum (3) Understand the presuppositions of worldviews and then examine content for evidence of different worldviews. Integrate character principles into the school environment and curriculum. Examine curriculum content and its relationship to cognitive development as a tool for designing instruction to promote higher-level thinking.

EFND 532 Classroom Management for Transitioning Teachers (3) Develop an understanding and application of classroom and behavior management techniques. Effective intervention strategies will be presented and practiced. Diverse approaches to classroom management will be presented based on upon behavioral, cognitive, affective, social and ecological theory and practice. Teacher/student relationships are examined together with classroom community building.

EFND 533 Teaching Students Effectively (3) Focus on classification and sequencing learning outcomes, and the differentiation of instruction. Review the principles of learning, the application of skills in discipline-specific methodology,

communication processes, reading in the content areas, selection and use of resources, including media and technology. Examine the relationships among assessment, instruction, and measuring and documenting individual student progress.

EFND 534 Assessment & Evaluation Techniques (3) Using the principles of educational measurement, construct and interpret valid assessments using a variety of formats in order to measure student attainment of essential skills in a standards-based environment. Develop the ability to analyze assessment data to make decisions about how to improve instruction and evaluate and improve student performance. Emphasis will be placed on the design of “alternative” and traditional assessment instruments.

EFND 535 Child & Adolescent Growth & Development for Transitioning Teachers (3) A study of the physical, cognitive, cultural, social/emotional, spiritual, and psychological development of children and adolescents with an emphasis on knowing and understanding theories of human development, and incorporating children’s individual differences to guide learning experiences.

EFND 536 Advanced Practices I for Transitioning Teachers (3) Topics for the continued transition into teaching of Level II Career Switchers, to include classroom management strategies, diversity in student learning, and data-driven decision making. Course content will be linked to the VDOE requirements for teacher evaluation.

EFND 537 Advanced Practices II for Transitioning Teachers (3) Topics for the continued transition into teaching of Level II Career Switchers, including advanced differentiation of teaching and learning, inclusion and special needs in a regular classroom, addressing the needs of the at-risk learner, and tiered instruction. Course content will be linked to the VDOE requirements for teacher evaluation.

EFND 538 Technology Standards for Instructional Personnel (0) Addresses the Virginia Technology Standards for Instructional Personnel (TSIPs) by providing practical exercises in each of the eight content areas. Pass/No Pass.

EFND 549CS Mentorship A (0) For first-year (Level II) students an official mentor of the School of Education is assigned to assist and act as a resource throughout the semester.

EFND 553CS Mentorship B (0) For first-year (Level II) students an official mentor of the School of Education is assigned to assist and act as a resource throughout the semester.

EFND 595 Field Experience/Student Teaching (6) One semester (500-hour) supervised student teaching field placement experience in an appropriate classroom setting. Cross-listed with UED 495.

EFND 596 Field Experience Portfolio (1) Electronic performance portfolios to document student learning and professional reflection. Taken concurrently with the Elementary PK-6 internship experience. Cross-listed with UED 496. Prerequisites: EDIP 501 or approval of instructor.

EFND 598 Professional Project (1-5) Before the awarding of a degree, successfully complete a culminating experience. For most, the project will consist of providing evidence, in the form of a portfolio, that critical program competencies have been met. Cross-listed with EFND 698.

EFND 607 Advanced Study of Worldview (3) Evaluation of cultural and epistemological trends through the lens of a Christian worldview. Cross-listed with EFND 707.

EFND 673 Descriptive Statistics (0) Scales of measurement, central tendency, variability, standard scores, variable relationships, normality, and graphical representations of data. (Pass/No Pass)

EFND 698 Professional Project (2) Working in conjunction with professors, students apply what they learned in the program and complete a research paper for this final project. The emphasis of the project is applying research to practice in special education leadership. The appropriate use of APA style, research to practice, and application skills is emphasized. Topics are chosen on an individual basis based on interaction with the course instructors.

EFND 701 Advanced Human Learning & Motivational Development (3) Major theories in developmental psychology using select criteria including a Christian worldview.

EFND 702 Research Design & Analysis (3) Overview of scholarly research and methods to evaluate research. Presents the basic concepts of quantitative and qualitative research methods and the diverse approaches to scholarly inquiry and reflective practice.

EFND 705 A, B, C Residency (2) One-week, on campus requirement.

EFND 706 Christian Worldview for Educators (3) Explores the development of a Christian worldview with a particular emphasis on Regent University's mission. Evaluates cultural and educational trends through the lens of a Christian worldview.

EFND 707 Advanced Study of Worldview (3) Evaluation of cultural and epistemological trends through the lens of a Christian worldview. Cross-listed with EFND 607.

EFND 715 Data-Driven Decision Making (3) Descriptive statistics and data-driven decision making in problem-based learning applications.

EFND 722 Educational Statistics (3) Basic understanding of statistical methods, particularly as they pertain to research in education. Focuses on conceptual rather than mathematical and applied rather than theoretical—understand why a particular statistical technique is appropriate and how to make sense of the results obtained from its utilization rather than to understand the full mathematical underpinnings of the statistic. SPSS will be used as a productivity tool to perform all statistical procedures. Specific topics include descriptive statistics, visual representation of data, hypothesis testing, regression and correlation.

EFND 723 History & Contemporary Issues of American Higher Education (3) Overview of American higher education from the colonial period to the present. Form a foundational understanding of higher education and the origins of contemporary practices and problems within the academy. Investigate diverse institutions such as land grant colleges, historically black colleges and universities, research institutions, liberal arts colleges, religious colleges and universities and access to higher education. Examine and discuss early innovators of higher education and their policies. Cross-listed with EFND 523.

EFND 724 Advanced Study of Theories in Learning & Development (3) Provides some of the major conjecture and theories used to meet the learning and development needs of adults, and an overview of learning theories, their design and applications for the adult learner in various settings. Investigates topics to include self-directed learning, constructivism, autonomous learning, creative environments conducive to adult learning, designing and implementing training programs and instructional design techniques.

EFND 725 Advanced Study of Best Practices in Special Education (3) Advanced study of empirically based interventions for children with mild disabilities for academic, emotional, and social deficits. Emphasis on current best practices and practices often used but empirically unsupported as well as legal and ethical issues surrounding intervention implementation.

EFND 726 Foundations of Online Learning (3) Explores foundational theories and research-based practices associated with development of online learning programs.

EFND 727 Supervision & Staff Development Training (3) Based on the premise that true staff development is an ongoing, evolving process that supplements the evaluation process. Research and analyze current philosophies and research on effective supervision and staff development. Focuses on the needs and characteristics of learners, the program characteristics that include purpose, structure, content, process and follow-up, and the organizational characteristics that contribute or support effective staff development.

EFND 732 Statistics Interpretations (0) Introduction to descriptive statistical analysis and the purpose of statistical treatments and interpretation of results that may identify and inform sound financial and other educational decisions. Pass/No Pass.

EFND 800 Issues in Education (3) An advanced examination of current educational issues and contributing factors.

EFND 898 Candidacy Examination Continuation (6) For doctoral students to remain active in the program after an unsuccessful attempt to complete the candidacy examination, they must register for EFND 898. During the registered semester, students should review course material to attempt to successfully complete the examination at a later date.

EFND 899 Candidacy Examination Extension (0) Doctoral students who have been granted approval to take the candidacy examination later than the summer of their second year must register for this course to remain active in the program.

EFND 900 Dissertation Proposal (6) Seminar that guides doctoral candidates through the first three chapters of the dissertation. If by the end of the semester the candidates are not ready to defend their proposal, they will be given an IP and would then register for EFND 901.

EFND 904 Dissertation Defense (6) Taken during the final semester of the dissertation process, candidates work closely with their dissertation committee on the completion of chapter five.

EFND 906A Dissertation (5) Doctoral candidates will work with their dissertation committee to defend their proposal, research and collect data, write and defend five chapters of their dissertation. Each candidate must register for a minimum of 15 dissertation credits. The credits will be equally distributed into 5 credit segments over 3 consecutive semesters.

EFND 906B Dissertation (5) Doctoral candidates will work with their dissertation committee to defend their proposal, research and collect data, write and defend five chapters of their dissertation. Each candidate must register for a minimum of 15 dissertation credits. The credits will be equally distributed into 5 credit segments over 3 consecutive semesters.

EFND 906C Dissertation (5) Doctoral candidates will work with their dissertation committee to defend their proposal, research and collect data, write and defend five chapters of their dissertation. Each candidate must register for a minimum of 15 dissertation credits. The credits will be equally distributed into 5 credit segments over 3 consecutive semesters.

EFND 907 Dissertation Continuation (3) Designed for doctoral candidates who have not successfully defended their dissertation within 3 semesters, as required by the School of Education doctoral program. Students will enroll in this course each semester and work closely with their dissertation committee until they have successfully defended their dissertation as required by the program.

EGTL 500 Introduction to Gifted and Talented Learners (3) Overview of the field including history, definitions, identification methods, characteristics and needs of gifted learners. (Required for Virginia endorsement.)

EGTL 510 Curriculum and Instruction for Gifted Learners (3) Modify, create, and evaluate curriculum through differentiation and tiered assessments. (Required for Virginia endorsement.)

EGTL 520 Models and Strategies for Teaching the Gifted (3) Educational models and instructional strategies for use with gifted learners. (Required for Virginia endorsement.)

EGTL 530 Psychology and Education of Gifted Learners (3) Development of gifted individuals over the lifespan from a cognitive, psychosocial, and physiological perspective; evaluate appropriate learning activities and assessments that include cognitive, affective and psychomotor skills and attributes. (Required for Virginia endorsement.)

EGTL 580 Practicum in Gifted Education (2) A field-based experience in a gifted education setting. (Required for Virginia endorsement.)

EHEA 501 The College and the Student (3) An examination of issues relevant to college students. Topics may include intellectual growth, moral development, values, career choice, psychosocial changes, and the role of extracurricular activities. Cross-listed with EHEA 801.

EHEA 502 Higher Education Finance: Strategy, Costs & Value (3) Focuses on the knowledge and skills required to effectively deal with financial changes and trends for institutions of higher education. Students will further their skills in analysis and evaluation of issues from various perspectives – administrative, consumer and societal (government and organizations in the private sector that influence the source and use of funds). Financial management of higher education (administrative perspective) focuses on effectiveness and efficiency issues associated with the use of funds. The consumer perspective (access and choice issues in financing students) focuses on the source of institutional funds; both state and federal policies and programs and budgeting will inform the learner from that perspective. Cross-listed with EHEA 802.

EHEA 503 The Law & Governance of Higher Education (3) Provides historical and contemporary legal issues that have, and will continue to shape colleges and universities today. Discusses legal issues regarding the college and trustees, administrators and staff. Investigates the legal basis of higher education in the United States to include constitutional provisions and federal statutes that influence higher education policy. Prepares emergent administrators for preventative law measures in an increasing litigious environment. Cross-listed with GOV 628 and EHEA 803.

EHEA 504 Student Services Administration (3) An examination of the historical underpinnings of student affairs, the numerous departments under student affairs, the administrative interaction between student affairs and other university departments, and administrative theory relevant to the student affairs administrator.

EHEA 506 Contracts (3) Common law of contracts, and the principles controlling the formation, performance and termination of contracts (offer, acceptance, consideration, conditions, material breach, damages, third party beneficiaries, assignment, statute of frauds and statutory variances from the common law). Cross-listed with MLAW 521 and GOV 618.

EHEA 508 Constitutional Law & Policy II (3) Considers the Bill of Rights (including the delicate relationship between church & state, freedom of speech and freedom of worship), the rights of liberty, equal protection and due process arising from the 14th Amendment, and the subsequent rise and effects of judicial policy-making (including the “right to privacy,” the “right to intimate sexual choice,” and the “right to die”). Cross-listed with GOV 620 and MLAW 620.

EHEA 509 Leadership and Organizations (3) A critical examination of the major theoretical perspectives and issues in organizational theory, focusing on application to colleges and universities. Explores diverse approaches to and applications to leadership, faith and leadership integration, and the impact of power, politics, influence, and culture on the behavior of individuals.

EHEA 595 Professional Field Experience (6) On-site training provides students with the opportunity to apply theoretical knowledge and develop an understanding of the relationship between theory and practice, as well as, to develop and refine professional and personal competencies and attitudes important to effective student affairs professionals. To be completed in an approved educational setting under the supervision of the internship coordinator and a qualified site supervisor with a required minimum of 150 hours of work and participation in an online internship seminar. Prerequisite: Permission of Instructor.

EHEA 602 Role and Mission of the Christian College & University (3) Centers on the need for the continuance of Christian colleges and universities in a post-Christian culture. Particular emphasis will be placed on the strategies, objectives and goals that can best insure the future continuance of the spiritual mission and Orthodox beliefs of Christian colleges and Universities. Cross-listed with EHEA 702.

EHEA 603 Essential Student Affairs Counseling & Support Skills (3) Foundational knowledge, perspectives, and skills essential to student affairs in a higher education setting. Theoretical practical, and ethical considerations of helping techniques will be examined and applied. Fundamental aspects of confidential counseling, academic advising, and career development are explored.

EHEA 702 Role and Mission of the Christian College and University (3) Centers on the need for the continuance of Christian colleges and universities in a post-Christian culture. Particular emphasis placed on the strategies, objectives and goals that can best insure the future continuance of the spiritual mission and Orthodox beliefs of Christian colleges and universities. Cross-listed with EHEA 602.

EHEA 710 Accreditation and Assessment (3) Examines the roles that state and federal accrediting bodies have on the college and university levels. It will give an overview of the dominant agencies like SACS, NCATE, TEAC, etc. and then place them within the context of assessment procedures that must be used for ten year re-accreditation visits. Particular emphasis will be placed on how an institution can effectively prepare for accreditation utilizing the most recent assessment procedures.

EHEA 714 Presidential and Board Leadership (3) Examines the leadership roles and responsibilities of Presidents and Boards of Trustees in higher education. Focuses on new demands for board and presidential accountability, appropriate selection and training of board members, the board's duties in evaluating and compensating presidents, and the president's responsibilities for uniting the board, faculty, and others in meeting the strategic challenges facing the college and university in the 21st century.

EHEA 801 The College and the Student (3) An examination of issues relevant to college students. Topics may include intellectual growth, moral development, values, career choice, psychosocial changes, and the role of extracurricular activities. Cross-listed with EHEA 501.

EHEA 802 Higher Education Finance (3) Focuses on the knowledge and skills required to effectively deal with financial changes and trends for institutions of higher education. Students will further their skills in analysis and evaluation of issues from various perspectives – administrative, consumer and societal (government and organizations in the private sector that influence the source and use of funds). Financial management of higher education (administrative perspective) focuses on effectiveness and efficiency issues associated with the use of funds. The consumer perspective (access and choice issues in financing students) focuses on the source of institutional funds; both state and federal policies and programs and budgeting will inform the learner from that perspective. Cross-listed with EHEA 502.

EHEA 803 The Law & Governance of Higher Education (3) Provides historical and contemporary legal issues that have, and will continue to shape colleges and universities today. Discusses legal issues regarding the college and trustees, administrators and staff. Investigates the legal basis of higher education in the United States to include constitutional provisions and federal statutes that influence higher education policy. Prepares emergent administrators for preventative law measures in an increasing litigious environment. Cross-listed with EHEA 503.

EHEA 804 Teaching on a College or University Level: Effective Teaching Strategies for Multiple Constituencies (3) An academically compelling aspect of Regent's mission of leadership "to change the world" is producing professors who will have a major impact on the professoriate in this new Millennium. With an unusually high percentage of retirements in the coming years, we will have the potential and ability to produce new professors for a new generation of college students. Very few higher educational institutions do an adequate job of preparing exemplary teachers for college

classrooms: their larger emphasis is on producing good scholars. And, while research does inform good teaching, it also requires people who have good communication skills and the necessary pedagogical preparation in order to transmit the research. Finally, college and university classrooms are becoming more ethnically and racially diverse. These multiple groups have a major impact on a professor's pedagogical preparation.

EHEA 805 Advanced Research Design and Analysis (3) Designed to provide advanced skills and knowledge to doctoral students for them to design and carry out and evaluate sophisticated research studies. As an advanced course it provides an in-depth examination of the issues and problems facing the educational researcher as he/she organizes a research study or a program evaluation. The course is not bound to any one paradigm, but examines educational research from various perspectives. The course focuses on the theory behind the methodology, advanced research design techniques and associated statistical procedures, internal and external validity, mixed methodology, and qualitative research tools common to the practice of education. Prerequisites: EFND 702 and EFND 722.

EHEA 807 Curriculum and Assessment for College/University Teaching (3) Centers on effective strategies for planning curricula and assessment procedures to a diverse group of learners---from 18 to adult age categories. Particular emphasis will be placed on: building an effective bibliography and syllabus; finding additional resources outside traditional boundaries of education (i.e. advanced technology application); examining a variety of assessment procedures that would be effective with diverse learners; choosing texts and materials, grading procedures and policies, etc. This course is open to all university doctoral students who are seeking a career in college or university teaching.

EHEA 810 The Community College & Proprietary Schools (3) Investigate community/junior colleges, proprietary schools and other post-secondary learning institutions. Examine the post-secondary learning institution, its impact on other institutions of her education, special problems of community colleges and proprietary schools, avenues for academic leadership, teaching in post-secondary institutions and the theory and structure of the two-year college as an institution.

EHEA 811 Administration and Organization Theory in Higher Education (3) In-depth study of administrative roles, functions, knowledge and skill requirements, and administrative behavior. Trends in administrative theory and application explored.

EHEA 812 Advanced Contemporary Issues in Higher Education (3) An in-depth examination of one or more student-selected topics with an emphasis on dissertation research.

EHEA 890 Higher Education Administration Internship (3) Become immersed in an actual higher education institution or education-related program directed by a Regent University faculty member. Provides a pragmatic learning endeavor and forms a colleague base within academe. Provides additional requisite experience required for employment within institutions of higher education or education-related entities. May also foster environments and human resources conducive to successful doctoral dissertation or doctoral project endeavors. Requires a written component.

ELIT 531 Principles and Practices of Literacy Education (3) An overview of literacy education focusing on principles, research-based practices, and exemplary programs. Other topics include the politics of reading and the place of the home, school and community in promoting literacy education.

ELIT 551 Leadership in Literacy Education (3) Preparation for leadership roles in literacy education. Course content addresses (a) vision and mission, (b) needs assessment, (c) program development, implementation, and evaluation, (d) resource procurement, (e) teacher training, and (f) research agendas and methods.

EMEP 503 Curriculum Design, Instructional Strategies & Assessment Techniques (3) Provides the knowledge base and skill necessary to identify exemplary curriculum and instruction, as well as to modify and/or design units for enhancement of a pre-existing curriculum. Demonstrate understanding of effective instructional design principles, appropriate assessment practices and informative feedback mechanisms for instructional improvement. In addition, be able to guide fellow personnel in school-based curriculum design/redesign processes.

EMEP 505 Models of Leadership & Related Issues (3) Acquire the knowledge base and explore the experiences necessary for exemplary leaders. Issues of effective communication, collaboration and consultation skills, as well as various ways to demonstrate those skills will be reviewed in-depth. Choose effective micro, mid-level and macro leadership models for action depending upon your areas of emphasis. This course will examine various models of leadership and their effectiveness. Both contemporary and biblical examples are used to demonstrate skills and attributes of effective leadership and serve as models for assessing one's personal leadership attributes. Among other items, the role of vision and culture within modern society are examined.

ENGL 500 Graduate Academic Writing Seminar (0) Development of the scholarly writing skills of entering graduate students, including consistent standards in grammar and punctuation, academic style, avoiding plagiarism, and learning to critique academic works.

EPSY 760 Collaborative Research (3) Guided research collaboration with varying topics of inquiry.

EPSY 805 Advanced Study of Test & Measurements (3) After a further study of test and measurement principles, a range of test and under girding statistical procedures and principles will be evaluated. The range of test may include achievement, psycho-educational, intelligence, survey and attitude-scaling instruments.

EPSY 820 Advanced Research Review in Educational Psychology (3) Analytic review of Educational Psychology research and the processes for conducting research.

EPSY 821 Problem-based Project in Research & Evaluation (3) Given a real challenge that requires the utilization of qualitative and/or quantitative research, provide advisor-approved recommendations for addressing the problem. The project may include methodologies from various disciplines (e.g. education, counseling, psychology, sociology, and business). Requires an advisor-approved culminating project.

EPSY 830 Culture, Communities, & Education (3) Highlights a range of complex issues including shifts in cultural practices and implications of these shifts for human or social development in education.

EPSY 835 Psychological Underpinnings of Learning (3) Inquiry of psychological, cognitive, conative, and precursors to learning.

EPSY 840 Theories, Issues, & Practice in Educational Psychology (3) An inquiry of theories, issues, and practices of educational psychology in objective and purposeful milieu.

EPSY 850 Advanced Study in Educational Psychology (3) Advanced survey of the latest topics, lines of research and disciplinary foci currently being addressed in the field of Educational Psychology. Gain in-depth knowledge and understanding of the field, and apply this to your personal career interests.

EPSY 870 Advanced Study of Brain Research (3) Neuropsychological theories, research, and their application to educational settings.

ESAE 810 Teaching and Learning: Theory and Research in Adult Development (3) Reviews current theory and research on adult development and learning, and critically examine claims for distinctive forms of adult cognition including social and psychological aspects of adult learning. Topics include participation, motivation, autonomous learning, and self-efficacy.

ESAE 820 Program Planning for Adult Learners (3) Examines current trends and issues surrounding the development and administration of programs for adults including environmental, social, political, cultural, and demographic variables along with organizational and institutional roles and differences.

ESCP 505 Psychology & Development of the Learner (3) Study the process of human growth and developing patterns of behavior throughout the life span. Emphasizes the individual's physical, mental, emotional, intellectual and spiritual growth.

ESPC 705 History of Special Education (3) An advanced historical survey of the origins of special education. Focus on historical figures in special education, their theories of and interventions with people with disabilities; on the evolution of the social construction of disability; on broad legal and ethical issues related to people with disabilities; and on some current issues facing the field.

ESPC 710 Advanced Study of High-Incidence Disabilities (3) Advanced study of special education high-incidence disability categories: Learning Disabilities, Emotional and Behavioral Disturbance, and Mental Retardation. Focus on the historical development of identification, including distinguishing characteristics and definitions, as well as empirically based interventions that address characteristic issues of each group.

ESPC 720 Seminar: Current Research Issues in Special Education (3) Advanced seminar in the study of current significant and/or controversial research issues in special education.

ESPC 730 Meta-Analysis in the Social Sciences (3) Advanced course in understanding and executing meta-analyses in special education or other social sciences. Study of the history of meta-analysis, its major functions and limitations, and the successful completion of a meta-analysis in a social science area. Prerequisite: Permission of instructor; prior completion of core courses in statistics and research design (e.g., EFND 702 & 722 or equivalent).

ESPC 740 Fad Interventions in Special Education (3) Advanced study of empirically unsupported yet perennially popular interventions for children with disabilities.

ESPC 745 Exceptional Education Research Practice (3) Emphasis on interpreting research to develop strategies and to solve problems across the spectrum of exceptional education in order to improve instruction and assessment.

ESPC 800 Doctoral Seminar: The Editorial and Review Process (3) Advanced study of the entire publishing process from submission to publication for both authors and editors in special education or closely related areas. Examination of publication objectives for different audiences such as refereed vs. non-refereed journals and other publication formats. Study of duties related to guest reviewing, regular reviewing, editorial board duties, responsibilities of refereed journal editors and co-editors. Guest lectures by editors of journals in special education or related social science fields focusing on single/multiple author works and responsibilities, submitting or editing special journal issues highlighting current research and practice, and copy-editing for final printing. Writing and submitting an original article to a refereed journal. Prerequisite: Permission of Instructor.

ESPC 810 Exceptional Education Law & Regulations (3) Analysis and interpretation of federal, state, and case law and regulations relevant to exceptional education leadership at all levels and in various settings.

ESPC 815 Supervision of Exceptional Education (3) Investigate the unique issues of supervision of exceptional education teachers and classes. Effective exceptional education instruction and curriculum across the continuum of services (e.g. consultative, pull-out, resource, self-contained, through inclusion) will be highlighted. Effective schools research, collaboration, assessment, instruction, and innovation will be investigated.

ESPC 820 Exceptional Education Program Review (3) Investigate the program review process to determine program strength and specific areas needing improvement to schools, programs, teachers, effectiveness research, supervision of adults, collaboration, assessment, instruction, curriculum and change will also be discussed.

ESPC 825 Multimedia Learning Environments (3) Investigation of the use of multimedia in educational systems including use for enhanced K12 instruction and teaching training.

ESPC 830 International Special Education (3) Advanced review of international special education; UN Charter, the UN Universal Declaration of Human Rights, the UN Convention on the Rights of the Child to the Salamanca Statement and the Rights of Persons with Disability, and attention to special education in the developing world.

ESPC 835 Exceptional Education Policy & Practice (3) Study the process of the development of policy in exceptional education from standard techniques for analyzing, evaluating, and developing policies for educational systems and organizations with special attention to contemporary policy issues and the process starting at the federal level.

ESPC 840 Bioethics in Special Education (3) Advanced study of the modern origins of bioethics and its relation to persons with disabilities with particular attention to genetic fetal anomalies, assisted suicide, and euthanasia.

ESPC 855 Advanced Topics in Exceptional Education (3) Investigates the role of leadership on current issues and trends in exceptional education, with specific focus on assessment, data collection, research, curriculum, and instructional strategies.

ESTM 500 Stepping into STEM (1) Principles for effective STEM instruction in the elementary classroom. Explicit connections among STEM practices and state and national standards.

ESTM 501 Inquiry through STEM (3) Principles associated with inquiry based instruction and the connections between science and engineering practices including question development, use of models and simulations, and designing and planning investigations.

ESTM 502 Mathematics and STEM (3) Mathematics and computational thinking as fundamental tools for representing physical variables found in solving real world problems. Illustrating the connection between mathematics and science, problem solving strategies using real world problems, using manipulatives to teach math skills.

ESTM 503 Developing STEM based Curriculum (3) Principles of designing an integrated elementary STEM through an examination of integrated curriculum models, problem-based and/or project-based learning activities, and effective instructional strategies that promote critical and creative thinking.

ESTM 504 Integrative Project/STEM Education (3) Advanced instructional strategies using research-based case studies and apply principles through the design of curriculum, instruction and assessment. Apply understanding of STEM education through direct interactions with children in schools, teacher leadership initiatives, community service, scientific

laboratory experiences, and environmental interpretation in parks and science learning in museums. Prerequisites: ESTM 501, 502, and 503.

ESTM 510 Teaching Science & Technology (3) Methods and best practices used to teach science in elementary school. Topics include inquiry, life, physical, and earth science topics, as well as the development of habits of mind associated with science. Course integrates technology as a tool for collection and analysis of data.

ESTM 520 Teaching Math & Technology (3) Methods and best practices to teach mathematics and mathematical concepts associated with Number Sense, Geometry, Measurement, Probability and Statistics in the elementary classroom. Course integrates technology as a tool for mathematical problem solving. Fifteen hour practicum associated with course.

EETC 500 Growing Up in a Media Rich World (3) Examines the extensive role of electronic media - video, music, games, websites, apps, etc. – in educating and socializing modern kids and their families. Will also document patterns of use, examine theories and methods for assessing effects, review research on shaping individual identity, and analyze online social relationships.

EETC 505 Emerging Technologies: Mobile Learning (3) Use and evaluation of mobile learning tools and services for contemporary learning settings. Key areas of focus include introduction to mobile learning, survey of services, and designing for mobile learning.

EETC 510 Programming, Application Development & Entrepreneurship in Education (3) Use and evaluation of programming tools and services for contemporary learning settings. Key areas of focus include introduction to programming, survey of services, and programming for mobile devices. Examination of the education marketplace, plan for the creation of products or services to fill a niche/need, and attention on sources of funding.

EETC 515 Multimedia Design & Evaluation of Instructional Materials (3) Analysis of multimedia learning theories and research-based principles to integrate digital resources and create effective educational products.

EETC 520 Teaching & Learning with Digital Video (3) Participation in the development and implementation of digital video activities in different educational contexts and situations. Analysis of best practices for digital video capture, editing, and finalization for technology projects across curricular areas.

EETC 525 Digital Learning, Programs, Professional Development & Online Collaboration (3) Study and application of principles related to digital learning program planning, facilities and resource management, and staff development in contemporary learning settings. Will also examine models of collaboration, sample online collaborative strategies and projects, tools supportive of cross-classroom collaborations, and research findings from collaborative initiatives.

EETC 530 Connected Teaching in the Digital Age (3) Focuses on four key approaches associated with connected teaching and integration of digital technologies: blended learning, personalized learning, mastery learning and online learning. Also focus on several key shifts, including curriculum, use of space and time, teacher professional learning, teacher learning, equity and access, and technology use.

ETLC 541 Child and Adolescent Growth and Development (3) Explores the physical, cognitive, cultural, social/emotional, spiritual, and psychological development of children and adolescents with an emphasis on knowing and understanding theories of human development to incorporate children's individual differences and guide learning experiences. Considers individual differences (socio-economic, racial, ethnic, religious, physical and mental) with the approximate timing and effects of age-related changes and at-risk factors such as attention deficit disorder, substance abuse, child abuse and neglect, and family disruptions on normal development. Analyzes children within the context of family, culture and community. Emphasizes the importance of partnership with families and communities in the teaching and learning process. Required 15-hour classroom observation and practicum experience competency. Cross-listed with UED 441.

ETLC 542 Foundations in Education (2-3) Study of the foundations of education in the U.S. Explores the historical, philosophical, and sociological development and organization of American education. A portion of the course is devoted to education and the law -- both federal and state -- and to the legal status of teachers and students. Establishes a philosophical foundation of education and surveys various worldviews that affect education today. Contemporary issues in education are examined, such as class management, as well as reflection of personal educational philosophies, attitudes, and aptitudes for teaching. Professional growth and a commitment to life-long learning are emphasized. Cross-listed with UED 442.

ETSL 505 Serving English Language Learners in K-12 Classrooms (3) Designed to prepare teachers to provide linguistically and culturally appropriate instruction for English Language Learners (ELLs) in K-12 classrooms. The course

is appropriate for prospective and current ESL teachers and general classroom teachers.

ETSL 510 Linguistics (3) Provides an introduction to the study and analysis of phonology (sound), morphology (word formation) and syntax (grammar) in human language. Focuses on English, but comparisons will be made to other languages.

ETSL 520 Methods of Teaching English to Speakers of Other Languages (3) Introduction to a broad array of methods for TESOL. Focuses on principles and practices of teaching and an introduction to the profession of TESOL.

ETSL 525 Language Teaching Approaches and Practices (3) An overview of historical and current approaches to language pedagogy, as well as current issues and perspectives pertaining to teaching adult ESL/EFL learners. Principles of integrated skill instruction and techniques for teaching speaking and listening will also be addressed. The course serves as an introduction to the field of TESOL for those pursuing the adult learning track.

ETSL 530 Teaching English Language Learners Reading and Writing in the Content Areas (3) Preparation for developing ESL students' literacy skills in the content areas. Attention will also be given to grammar and the other language modes. Prerequisite: ETSL 520.

ETSL 540 Multi-Cultural Education (3) Explores current issues in multicultural education with an emphasis on the impact of socio-cultural factors in education and society. Focuses on issues of diversity and inclusivity to equip learners to succeed in contemporary America and in an increasingly global environment. Examines both theory and practical applications.

ETSL 545 Language, Culture, and Pedagogy (3) Sociolinguistic considerations and their impact on ESL/EFL service delivery.

ETSL 550 Teaching English as a Second or Foreign Language to Adults (3) Designed to equip the learner to teach ESL/EFL learners in college, business, private tutoring and/or adult learning settings. Practical application to teaching situations in overseas and U.S. contexts is emphasized.

ETSL 555 Teaching Grammar to ESL/EFL Learners (3) Methodology for intensive grammar instruction in English as a second or foreign language.

ETSL 560 First and Second Language Acquisition (3) Review of research findings regarding child and adult first and second language acquisition with emphasis on the second-language learner and TESOL curriculum development, including identification and analysis of cognitive, affective, socio-cultural, and educational factors.

ETSL 565 Teaching ESL/EFL Speaking and Listening (3) Methodology for oral language instruction in English as a second or foreign language.

ETSL 570 Teaching Reading (3) Demonstration and examination of selected techniques and materials for teaching reading to English language learners.

ETSL 585 ESL Practicum (1) Must be taken concurrently with ETSL 530, Teaching Grammar, Writing, and Oral Communication. Field-based opportunity in which students observe and assist with teaching ESL students in a K-12 setting.

ETSL 590 Roles and Responsibilities of the ESL Specialist (3) Provides an overview of the roles and responsibilities of ESL Specialists in various settings. Areas of focus include service delivery options, current trends and issues, and collaboration with colleagues to enhance instruction for English language learners. Participants will complete a field experience as part of this course.

ETSP 501 Faith Integration Assessment (1) Required prior to program completion and should be completed in the last semester of the program. Includes a required culminating activity that investigates individual faith growth as assessed through a reflective writing activity.

ETSP 550 Legal Aspects and Foundations of Special Education (3) The history and foundations of special education including key legislative and judicial decisions that have shaped the current special education laws and policies. Interpretation of laws and their impact associated with special education. Ethical frameworks will be developed for appropriate decision making.

ETSP 551 Characteristics of Students with Disabilities (3) Discusses students who demonstrate patterns of behavior consistent with learning disabilities, intellectual disabilities and emotional disorders, and the characteristics of students with hearing, vision and/or physical Impairments. Survey the range of conditions, which contribute to students being eligible

for special education services. Presents an overview of identification, assessment, program options and intervention services.

ETSP 552 Behavior Management & Social Skills Training (3) In-depth, research-based study of the causes and corresponding solutions to typical as well as extraordinary classroom management problems. Reviews the knowledge base on teaching socially appropriate behavior. Identifies appropriate behavioral interventions and social skill teaching strategies through case studies, simulations and role-playing. Emphasizes modifying strategies based on learning style and cultural considerations.

ETSP 553 Language Acquisition & the Communicative Arts (3) Prepares participants to develop students' communicative competence through a focus of the language modes: listening, speaking, and writing. The course content addresses language development, language theories, and best practices of assessing and teaching language. Particular attention will be given to language difficulties of students with mild disabilities, and/or language deficit, and/or second language acquisition.

ETSP 554 Assessing & Teaching Reading of Narrative & Expository Texts (4) Prepares participants to assess reading skills and to teach reading to student with mild disabilities and/or language deficit and/or second language acquisition. The course will specifically address reading processes, approaches, and stages, early intervention practices, corrective reading, diagnosis and remediation of reading problems, and assessment and instruction of reading in the content areas. Investigate and analyze record reviews and interviews; design, administer, and interpret tests; write reports; and design, implement, and critique instruction. The focus will be on the application and generalization of knowledge to realistic classroom situations.

ETSP 555 Collaboration & Consultation (3) Participants will acquire the necessary knowledge base and skills to collaborate and/or consult with other professionals, students, and parents. Particular attention will be given to teaming, collaborative consultation, and co-teaching.

ETSP 556 Assessing & Teaching Mathematics to Students with Special Needs (3) Discusses math standards and curriculum, as well as methods for diagnosis, remediation, instructional design and curriculum adaptation. Identify students with math difficulties; conduct record reviews and interviews; administer and interpret formal and informal tests; write reports; and design, implement and critique instruction.

ETSP 557 Field Experience I - Reading & Math (LD, MR, BD) (1) Opportunity to practice and critique reading and math assessment and diagnostic teaching.

ETSP 561A Field III Internship (Inclusion) (3) A university supervised experience providing the opportunity to assume total teaching responsibilities under the guidance of a mentor teacher in an inclusive setting. Students will participate in an inclusive classroom that includes students with learning disabilities, emotional/behavioral disabilities, and/or mental retardation. Design and implementation of assessment and instruction with literacy (reading, writing & speaking) and math interventions emphasized through studies in the general curriculum. Participation in on-campus seminars to discuss relevant issues and problem solve with other students.

ETSP 561 Field III Internship (Students with Disabilities) (3) A university supervised experience providing the opportunity to assume total teaching responsibilities under the guidance of a mentor teacher in resource and/or self-contained settings. Students will participate in a classroom for students with learning disabilities, emotional/behavioral disabilities, and/or mental retardation. Design and implementation of assessment and instruction with literacy (reading, writing & speaking) and math interventions emphasized through studies in the general curriculum. Participation in on-campus seminars to discuss relevant issues and problem solve with other students.

ETSP 570 Instructional Methods for Students with Disabilities (3) Learning disabilities, emotional/behavioral disabilities, and mental retardation investigated from theoretical, philosophical, medical, and legal perspectives. Emphasis on instructional methods for students with learning and behavioral concerns including Attention Deficit Disorder. The impact of learning disabilities, emotional/behavioral disabilities, and mental retardation across the life span with emphasis on curriculum, instructional strategies, and transition issues will be studied. Interpretation of assessment and Individualized Education Plans (IEPs) are included.

ETSP 574 K-12 Reading Assessment and Instruction Across Content Areas (3) Advancing literacy (reading and writing skills) across subjects and grade levels. Techniques that support independent reading, writing, and learning and organization, summarizing, note-taking, reading/writing strategies and techniques, and reflective thought in content courses will be covered.

ETSP 576 Data Driven Assessment (3) The study of achievement assessment, IQ test, validity and reliability, constructs, construction of authentic assessment and scoring, norm referenced v. criterion referenced, determination of biased assessments and factors that may influence assessment such as cultural, behavioral, and learning diversity. Administration, scoring, and interpretation of commonly used individual and group instruments, including norm-referenced, criterion-referenced, and curriculum-based measures and task analysis, observation, portfolio, and environmental assessments; and synthesis and interpretation of assessment findings for eligibility, program planning, and program evaluation decisions will be addressed.

ETSP 581 Foundations of Education and Human Growth and Development (3) Foundations of education in the U.S. from historical, philosophical, and sociological development, and various worldviews. This course covers the physical, cognitive, cultural, social/emotional, spiritual, and psychological development of children and adolescents with an emphasis on theories of human development, and incorporating children's individual differences. Individual differences, such as socio-economic, racial, ethnic, religious, physical, and mental, approximate timing and effects of age-related changes and at-risk factors on normal development (for instance, attention deficit disorder, substance abuse, child abuse, and family disruptions).

ETSP 584 Reading Service Delivery: Supervision & Current Trends (3) Examines current trends as well as methods and service delivery options. Demonstrate the ability to instruct and advise teachers in the skills necessary to differentiate reading instruction for both low- and high-achieving readers, as well as demonstrate an understanding of the needs of high achieving students and of strategies to challenge them at appropriate levels. Addresses the reading supervisor's roles and responsibilities. Do field observations and interviews, literature reviews, case studies and interactive journaling. Prerequisite: all coursework leading up to the reading internship.

ETSP 585 Reading Research, Curriculum & Technology (3) Examine major research in the field of reading and review, and investigate the use of technology in teaching and assessing reading, writing with associate skills of spelling and grammar, and research skills. Demonstrate the ability to guide students in their use of technology for both process and product as they work with reading writing and research. Examine and demonstrate an ability to teach reading and spelling curricula. Curricular materials and methods will include a children's literature component in which you will demonstrate the ability to foster appreciation for a variety of literature and understand the importance of promoting independent reading and reading reflectively by selecting quality literature, including fiction and nonfiction, at appropriate levels. Prerequisite: all coursework leading up to the reading internship.

ETSP 596 Reading Internship (3) Field-based experience where you will demonstrate the full range of professional responsibilities of a reading specialist. Prerequisite: all program coursework.

ETSP 600 Autism Overview (3) Designed as an introduction to autism and will cover such topics as definition of autism spectrum disorders, language acquisition, behavior management, and autism and the law. This course is required for those students that intend to complete the autism certificate and who have not completed the K-12 Special Education master's program.

ETSP 610 Introduction to Identification and Assessment of Autism Spectrum Disorders (3) Introduces participants to the history, characteristics, and theory associated with Autism Spectrum Disorders to enhance understanding of autism. Participants will receive an overview of autism as an educational disorder including basic information regarding diagnosis of the condition. Designed to expand on the introductory knowledge gained in the Regent K-12 Special Education Program, content will provide an overview of the seven evaluation areas emphasized in federal law (vision, hearing, health/motor, social/emotional/behavioral, verbal & non-verbal communication, cognitive and adaptive behavior, and academic/vocational). Functional assessment for programming and IEP writing will also be addressed. Prerequisite – completion of the Cross-Categorical Special Education master's program, ETSP 600, or permission from Department Chair.

ETSP 620 Methods for Students with Autism Spectrum Disorders (3) Explores the educational methods (including current research and best-practice) of students with autism. Strong emphasis will be placed on practical methods and strategies for teaching language/communication, reading, and appropriate behavior. Topics may include (but are not limited to): Sensory Integration, Applied Behavior Analysis, TEACH (Treatment and Education of Autistic and related Communication Handicapped Children), Picture Exchange Communication System (PECS), Cognitive Behavioral Methods, etc. Participants will complete a practicum as part of this course. Prerequisite: completion of ETSP 610 or permission from Department Chair.

ETSP 630 Autism Practicum Project (3) This applied project will require one to one contact with at least one autistic student. Academic and behavioral assessments will be completed and an analysis and report will be written on each assessment. These assessments will be used to write an IEP with emphasis on writing the PLOP (Present Level of

Performance) and Objectives. A four week program (behavioral and academic) will then be designed and partially implemented. The program will include continuous assessment that is intended to guide instructional decisions.

ETSP 656 Assessing & Teaching Mathematics to Students with Special Needs (3) Discusses math standards and curriculum, as well as methods for diagnosis, remediation, instructional design, and curriculum adaptation. Identify students with math difficulties; conduct record reviews and interviews; administer and interpret formal and informal tests; write reports; and design, implement, and critique instruction. Cross-listed with ETSP 556.

ETSP 670 Special Education Supervision of Programs and Instruction (3) Covers the topics unique to supervision and administration of special education teachers and classes. The components of effective special education instruction & curriculum across the continuum of services (e.g., consultative, pull-out, resource, self-contained, through inclusion) will be highlighted. Though supervision of instruction and programs in all areas of special education will be covered including the high incidence areas of Learning Disabilities, Speech/Language Impairment, Mental Retardation, Emotional Disturbance, Attention Deficit (included in Other Health Impairment), and Autism, low incidence areas will also be covered. Leadership support of special educators will also cover the establishment of proper physical settings/climate conducive to learning for all students including those with disabilities. Such topics as components of successful schools, effectiveness research, supervision of adults, collaboration, assessment, instruction, curriculum, and change will also be discussed.

ETSP 671 Research and Assessment to Inform Practice in Special Education (3) Focuses on assessing the exceptional child and using research to impact practice. An emphasis is placed on measuring the child's abilities, diagnosing his or her strengths and needs and using this assessment data to inform instruction. Formal and informal tests and evaluations used in special education programs are examined. The interpretation and analysis of data to enhance school improvement plans is also addressed. Basic instructional, assessment, and behavioral recommendations are discussed with an emphasis being placed on current research, effective practice, and the application of assessment results and research to practice.

MATH 520 Math Praxis Prep (0) A review of basic math skills and competencies in preparation for the Math Praxis Core Math assessment; designed to meet individual needs, test strategies will be covered. Pass/No Pass.

MATH 541 Numbers, Systems and Operations for K-8 Teachers (3) Historical numeration systems, base systems, representing numbers, combining numbers, relationships among numbers, and the nature of large and small numbers. Includes children's thinking, how they learn this basic mathematics, their problem-solving strategies, and how they construct their understandings of the base ten number system and arithmetic. Cross-listed with MATH 641.

MATH 542 Geometry and Measurement for K-8 Teachers (3) Mathematical reasoning and geometric ideas through the study of topics in Euclidean geometry and measurement. Provides an appreciation for topics in other geometries such as nonEuclidean, fractal, and computational. Includes evaluating geometric thinking in grades K-8 using the van Hiele model of geometric thought. Prerequisite: MATH 549. Cross-listed with MATH 642.

MATH 544 Algebra and Functions for K-8 Teachers (3) The mathematical underpinnings of algebra: patterns, variables, and functions. Includes modeling and interpreting graphs of linear and nonlinear functions (quadratic, polynomial, and exponential growth and decay) as well as analyzing, interpreting, and assessing children's algebraic thinking in both written and oral communication. Prerequisite: MATH 549. Cross-listed with MATH 644.

MATH 549 Rational Numbers and Proportional Reasoning for K-8 Teachers (3) Basic number strands in fractions and rational numbers, decimals, percentages, ratios, and proportions as identified in K-8 national and state standards. Includes interpretation, computation, and estimation to develop rational number concepts, skills, and proportional reasoning. Prerequisite: MATH 541. Cross-listed with MATH 649.

MATH 551 Probability and Statistics for K-8 Teachers (3) Counting (i.e., combinatorics), probabilistic structures, data analysis, and reasoning. Includes common misconceptions in children's learning, and K-8 classroom applications to meet national and state standards. Includes interpreting children's probabilistic thinking, understanding how they learn these concepts and how to help build problem-solving strategies. Prerequisites: MATH 542 & MATH 544. Cross-listed with MATH 651.

MATH 563 Discrete Mathematics for K-8 Teachers (3) Includes topics in discrete mathematics and implementation in both K-8 classrooms and in professional development programs for teachers. Review of national recommendations in

discrete mathematics for schools, related educational literature, and how best to implement discrete mathematics in schools. Prerequisite: MATH 551. Cross-listed with MATH 663.

MATH 641 Numbers, Systems and Operations for K-8 Teachers (3) Historical numeration systems, base systems, representing numbers, combining numbers, relationships among numbers, and the nature of large and small numbers. Includes children's thinking, how they learn this basic mathematics, their problem-solving strategies, and how they construct their understandings of the base ten number system and arithmetic. Cross-listed with MATH 541.

MATH 642 Geometry and Measurement for K-8 Teachers (3) Mathematical reasoning and geometric ideas through the study of topics in Euclidean geometry and measurement. Provides an appreciation for topics in other geometries such as nonEuclidean, fractal, and computational. Includes evaluating geometric thinking in grades K-8 using the van Hiele model of geometric thought. Prerequisite: MATH 649. Cross-listed with MATH 542.

MATH 644 Algebra and Functions for K-8 Teachers (3) The mathematical underpinnings of algebra: patterns, variables, and functions. Includes modeling and interpreting graphs of linear and nonlinear functions (quadratic, polynomial, and exponential growth and decay) as well as analyzing, interpreting, and assessing children's algebraic thinking in both written and oral communication. Prerequisite: MATH 649. Cross-listed with MATH 544.

MATH 649 Rational Numbers and Proportional Reasoning for K-8 Teachers (3) Basic number strands in fractions and rational numbers, decimals, percentages, ratios, and proportions as identified in K-8 national and state standards. Includes interpretation, computation, and estimation to develop rational number concepts, skills, and proportional reasoning. Prerequisite: MATH 641. Cross-listed with MATH 549.

MATH 651 Probability and Statistics for K-8 Teachers (3) Counting (i.e., combinatorics), probabilistic structures, data analysis, and reasoning. Includes common misconceptions in children's learning, and K-8 classroom applications to meet national and state standards. Includes interpreting children's probabilistic thinking, understanding how they learn these concepts and how to help build problem-solving strategies. Prerequisites: MATH 642 & MATH 644. Cross-listed with MATH 551.

MATH 663 Discrete Mathematics for K-8 Teachers (3) Includes topics in discrete mathematics and implementation in both K-8 classrooms and in professional development programs for teachers. Review of national recommendations in discrete mathematics for schools, related educational literature, and how best to implement discrete mathematics in schools. Prerequisite: MATH 551. Cross-listed with MATH 563.

UNIV LIB Information Research & Resources (0) Teaches basic competencies in the use of computer and related information technology research and resources, including use of the library. Enroll in the course in the first semester. Required for graduation. Pass/No Pass.

THE FACULTY

The School of Education faculty are dedicated professionals committed to the mission and vision of the University. Our diverse and award winning faculty provide leadership and scholarship in their academic disciplines through research, service, and teaching from a Christ-centered worldview.

ROBERTSON SCHOOL OF GOVERNMENT

DEAN'S MESSAGE

Political scientist Harold Lasswell famously wrote, "Politics is who gets what, when, and how." Like any government or political science program across the country, the Robertson School of Government (RSG) will instruct you about these things. But, students who choose the RSG come here because we teach much more—we teach the "why." We help students understand the ideas and values that underpin political thought and action. George Washington understood this, which is why he argued, "reason and experience both forbid us to expect that national morality can prevail in exclusion of religious principles." James Madison understood this, writing that we need government because men are not angels. Ronald Reagan understood this, asserting that "Freedom prospers when religion is vibrant and the rule of law under God is acknowledged."

Despite Lasswell's assurance that politics is simply about material things, many of America's enemies, from the Nazis to the Soviets to al Qaeda, have also understood that politics is about ideas. Consequently, RSG graduates are distinctive in that they master Lasswell's inventory as well as the "why." More specifically, RSG's mission is to train leaders who desire to strengthen the ethical and moral foundation of Judeo-Christian principles in government, and who are called to preserve individual freedom, representative democracy, and constitutional government.

Our graduates leave Regent University rooted in a biblical worldview, trained and shaped by a caring, Christian faculty in a rigorous academic environment. From city hall to Capitol Hill and from non-profit humanitarian organizations to the governor's mansion, RSG alumni go on to live Regent's motto of "Christian leadership to change the world."

Eric Patterson, Ph.D.

MISSION AND PHILOSOPHY

The Robertson School of Government (RSG) trains men and women to meet the challenge of leadership in government, electoral politics, international economic and political development, national security affairs and the formulation of public policy. To accomplish this, RSG students will:

- PRODUCE a variety of written products used in the analysis of public policy and administration (including op-eds, research papers, briefings, policy memos and position papers)
- DEMONSTRATE facility with contemporary conventions of academic research, including use of peer-reviewed journals and proper academic citation and writing
- APPLY a variety of research tools/methods in analyzing policy, management and leadership issues (including survey methods, aggregate data analysis, case studies, and interviews)

- ARTICULATE and DEFEND a biblical, Christian worldview in relation to major public policy and leadership decisions and issues
- ANALYZE the historical, cultural and global context of political decision-making today
- RECOMMEND policy and management changes within government aimed at achieving greater efficiency, stewardship of resources and responsiveness to citizens

DISTINCTIVES OF THE SCHOOL

- **Reagan Symposium:** Under the sponsorship of the Robertson School of Government and the Office of Advancement, RSG conducts a symposium in honor of Ronald Reagan. Topics and speakers have included *The Future of Religion in American Politics* (speakers: Amherst College’s Dr. Hadley Arkes, U.S. News & World Report’s Michael Barone, Ethics & Public Policy Center’s Michael Cromartie, American University’s Dr. Daniel Driesbach, University of Chicago’s Dr. Jean Bethke Elshtain, WORLD Magazine’s Editor-in-Chief Marvin Olasky, and American Enterprise Institute’s Michael Novak), and *The Legacy of Ronald Reagan* (speakers: University of Virginia’s Dr. James Ceaser, George Mason University’s Dr. Hugh Hecklo, U.S. Naval War College’s Dr. Stephen Knott, American Enterprise Institute’s Steven Hayward, Claremont McKenna College’s Dr. Andrew Busch, Grove City College’s Dr. Paul Kengor, and Russell Kirk Center for Cultural Renewal’s Senior Fellow Dr. George Nash).
- **Clash of the Titans:** In addition to the Reagan Symposium, the University sponsors a debate. Past debaters include Karl Rove, Al Gore, Dick Arme, John Kasich, Arianna Huffington, Bob Dole, Jeb Bush, Mike Huckabee, Newt Gingrich, Steve Forbes, Alan Colmes, Geraldine Ferraro, Rick Santorum, Donna Brazile, Paul Begala, Ann Coulter, David Limbaugh, Alan Dershowitz, Nadine Strosser, and Max Cleland.
- **Study Abroad:** The Oxford program allows students to experience targeted graduate courses in Oxford, England, a cradle of learning and Western Civilization. Students in the past have had the opportunity to learn about National Security Affairs, International Politics and a comparison of the American and English Constitutions from Regent University and visiting faculty.
- **Learning from Attorney General Ashcroft and Admiral Vernon Clark:** RSG students have enjoyed instruction as well as more informal times with former U.S. Attorney General John Ashcroft including a dinner once per semester with General Ashcroft as well as courses he teaches that are co-listed with the School of Law. Moreover, former Chief of Naval Operations Admiral Vernon Clark lectured many RSG classes on national security affairs, the Law of the Sea, the use of military force in diplomacy, and the future of the U.S. military in the Obama administration.
- **Christian Worldview Perspective on Healthcare and Ethics:** Regent’s Robertson School of Government offers students an opportunity to learn about key healthcare issues facing policymakers and planners today within a Christian worldview. Students are equipped to advocate for Christian solutions to key healthcare dilemmas within government and the nonprofit world.

FINANCIAL AID

Regent University offers a limited number of awards on an institution-wide basis. For more information, see the Tuition, Fees and Financial Aid section of this Catalog.

To encourage academic excellence, RSG offers merit-based scholarships to outstanding students. Customarily considered by RSG in awarding these scholarships are an applicant’s: (1) undergraduate grade point average, (2) undergraduate program, and (3) GRE and/or LSAT score(s) (waiver of the GRE and/or LSAT will adversely affect your potential consideration for a scholarship). All awards fund RSG coursework only. Awards are generally made for one academic year, but may be renewed for a second year by reapplication subject to available funding. Awards are applicable for one academic year (Fall, Spring and Summer).

All admitted students who complete the RSG financial aid application, whether entering in the fall or spring semester, receive immediate consideration for RSG scholarships by the Scholarship Committee, which awards scholarships through a “rolling” admissions process. Since scholarship funding is limited, applicants admitted earlier enhance their prospects for receiving scholarship awards.

To apply, complete and submit the RSG Financial Aid Application. Early applications are given priority consideration. Only accepted applicants who meet the criteria of the specific award will be considered. Applicants are encouraged to apply for school-based financial aid at the time that they submit their admissions application. Applicants seeking Federal Financial Aid are advised to apply even before they have been admitted to the school.

After achieving the required GPA in the first academic year, students must reapply for aid for each of their remaining academic years with RSG. All awards are conditional on the student achieving or maintaining satisfactory academic progress while in school.

Grants and Scholarships

RSG recognizes excellent academic performance and demonstrated leadership potential by awarding scholarships that are highly competitive. The school also awards several grants each year, which recognize financial need, as well as academic performance and potential.

Government/Non-Profit/Public Policy Employee Grant

- RSG provides a \$750 per year grant for employees of local, state and national government who maintain a GPA of 3.00 or higher in RSG.

Military Grants

- 25% tuition remission per year for veterans and those currently serving in any branch of the U.S. Armed Forces, whether active duty, reserves or National Guard
- Spouses: 15% tuition remission per year for the spouses of those serving in any branch of the U.S. Armed Forces whether active duty, reserves or National Guard
- Must maintain at least 3.00 GPA to remain eligible
- Military personnel, their spouses and Department of Defense civilians who receive tuition assistance through DANTES should contact the Business Office at Regent University for details. DANTES approves the RSG distance-education program. Regent University is a top military-friendly university. Military students are welcomed and supported with a variety of programs, including tuition assistance programs. For a complete list of programs please see: http://www.regent.edu/military/education_benefits/

Dean's Scholarships

- Undergraduate GPA of 3.80-3.89, LSAT 157-160, GRE 70-79%
- \$5,700 per year
- Renewable for one year with a 3.80 GPA in RSG

Merit Scholarships

- Undergraduate GPA of 3.60-3.79, LSAT 151-156, GRE 50-69%
- \$2,400 per year
- Renewable for one year with a 3.70 GPA in RSG

Trustee Scholarships

- Undergraduate GPA of 3.90+, LSAT >160, GRE 80%+
- \$10,500 per year
- Renewable for one year with a 3.90 GPA in RSG

Awards for Joint Degree Students

Students in joint degrees programs may also receive a RSG award. Awards are renewable upon reapplication and maintenance of the required minimum cumulative GPA. All awards are limited to RSG coursework.

CAREER OBJECTIVES

The Robertson School of Government has produced graduates who hold important leadership positions in government service at all levels, in related political, non-profit advocacy organizations, and in education.

In addition to enhancing one's current career in public service, journalism, or the military, possible careers include:

Government/NGO's

- Political leadership through appointed and career offices (legislative and executive branches)
- Leadership and management positions in administrative positions at the federal, state, and local government levels and in nonprofit organizations
- Analytical and support positions in key administrative positions (budget and personnel analysts, administrative analysts, etc.)
- Policy research/staff positions (legislative, executive and judicial branches)
- Elected office (local, state, federal)
- Diplomatic and foreign service positions (State Department)
- International political leadership offices (UN, OAS)
- Municipal, state, and federal public administration
- International non-governmental organizations and non-profit organizations

Political Organizations

- Political parties, interest groups, election and issue campaigns
- Domestic and international political advocacy and lobbying leadership positions
- Domestic and international policy research/staff positions (think tanks, institutes)

Education

- Careers in higher education
- Careers in secondary education both domestic and foreign

CAREER SERVICES

In the RSG Career Resource Center, our desire is to provide students and alumni with the resources, tools and opportunities necessary for personal and professional development so they may advance in their calling and positively influence the world. We focus on professional development and opportunity identification.

Professional Development & Opportunity Identification

Professional development activities prepare our students and graduates in the technical aspects of the internship and job search processes and for the realities of the internship and career position. The Career Services office identifies opportunities in state, federal and local government; appointed state and federal positions; think tanks; campaigns; consulting firms; and lobbying groups. Hiring authorities and processes are identified for each option. In addition, existing networks are utilized to multiply the students' exposure.

A Sampling of Current and Past Employers and Internship Sponsors

STUDENT PROFILE

Robertson School of Government students are known for their passion, their preparedness and their work ethic. Since its opening in 1983, RSG has graduated over one thousand students from across the United States and some twenty other nations. Incoming students have a variety of different educational backgrounds and undergraduate majors. Many are returning or mature students with substantial work experience.

ADMISSIONS REQUIREMENTS

See the Admission to Regent University section of this Catalog for admissions requirements. In addition, applicants must meet the criteria indicated on the Robertson School of Government website: www.regent.edu/RSGadmissions

Applicants may defer enrollment for one year if they submit their request in writing to the Admissions Counselor. Applicants must reapply and go through the full application process after one year or if they have not requested the deferment.

ONLINE WORLDWIDE CAMPUS

All required courses in the RSG programs and most electives are offered online. The Master of Arts and MPA degrees can be completed entirely online. Faculty and support staff are available to assist distance education students just as they assist on-campus students. Distance education students are encouraged to contact faculty and staff by telephone, e-mail or Internet. For more information, please refer to the Online Learning and Distance Education section of the Catalog for information concerning online learning and computer hardware and software requirements.

PROGRAM OVERVIEW

Nowhere is the need for graduates to fulfill Regent's motto, *Christian Leadership to Change the World*, more evident than in government. Principled leadership in government is an absolute necessity for the health and prosperity of our nation. The opportunities that exist today in government are among the most exciting and challenging in our history. We offer:

- **Master of Arts in Government**
 - ◆ Academic Concentrations in:
 - American Government
 - Healthcare Policy & Ethics
 - International Relations
 - Law and Public Policy
 - National Security Affairs
 - Political Communication
 - Political Theory
 - Religion and Politics
- **Master of Public Administration**
 - ◆ Academic Concentrations in:
 - Emergency Management & Homeland Security
 - Federal Government
 - General Public Administration
 - Healthcare Policy & Ethics
 - Law
 - Nonprofit & Faith-Based Organizations
 - Public Leadership and Management

- Servant Leadership
- **Non-degree seeking students may earn one certificate without being admitted to either the MA or MPA program.** They may choose from the following fields:
 - ◆ Certificates in:
 - American Government
 - Healthcare Policy & Ethics
 - International Relations
 - Law and Public Policy
 - Mid-East Politics
 - National Security Affairs
 - Political Communication
 - Political Theory
 - Public Administration
 - Religion and Politics
 - Servant Leadership
 - Terrorism and Homeland Defense

In addition, all of the above certificates may be paired with the MA in Government and MPA degrees. Please note that students may not use coursework to receive both a certificate and an academic concentration in overlapping or similar fields (i.e. a student with a concentration in International Relations cannot also receive the International Relations certificate). MA and MPA students have the option of earning multiple certificates.

JOINT DEGREE OPTION

Both the MA and MPA degree may be combined with other graduate level degrees offered at Regent University. Joint degree programs are available to students who have received admission to another Regent University graduate school and have received approval from both the School of Government and that school for acceptance into the joint degrees program.

The most common joint degree pairings include:

- MA in Government/Juris Doctor (School of Law)
- MPA (Government)/MA in Organizational Leadership (School of Business & Leadership)
- MPA (Government)/MBA (School of Business & Leadership)
- MPA (Government)/Juris Doctor (School of Law)

All joint MA degree programs require the completion of the core courses, an academic concentration and six hours of electives/thesis/internship courses, for a total of 30 credit hours.

All joint MPA degree programs require the completion of the entire 37 credit hour curriculum. There is no reduction of credit hours given NASPAA accreditation requirements.

Failing Grades

Only courses in which a student receives a B minus or better will count toward a degree or certificate in the Robertson School of Government. This policy also holds for courses offered through cross-registration with other schools and courses taken by students in a non-degree certificate program. To transfer credits in through any of the existing civilian MOUs, students must present a transcript indicating that they received a B or better in these courses plus a course syllabus or a full course description to enable the documentation of equivalent curricular content. For military students seeking transfer credits, a transcript plus a course syllabus or a full course description is required. A grade of “P/NP” is not accepted for Advanced Standing as it must be a B or above.

Both RSG regular enrollment and joint degree students must retake any **core courses** in which they do not receive a B minus or better. Students will pay standard tuition to repeat these courses.

In the MA in Government program, these courses are:

GOV 603 Research Methods
 GOV 604 Christian Foundations of Government
 GOV 614 American Politics
 GOV 625 International Relations Theory
 GOV 658 American Political Thought

In the MPA program, these courses are:

GOV 602 Principles of Economics
 GOV 603 Research Methods
 GOV 604 Christian Foundations of Government
 GOV 623 Public Policy Initiatives
 GOV 630 Public Human Resources Management
 GOV 634 Public Budgeting and Taxation Policy
 GOV 670 Principles of Public Administration
 GOV 671 Organizational Theory

Students who fail to receive a B minus or better for courses in a concentration can retake the course in which the grade is received (paying standard tuition) or substitute a different course within that concentration. For elective courses, including the Oxford program, students can retake the course or substitute a different course. Non-degree certificate students may retake the same course in the sequence or choose a different choice when a choice is available within the sequence.

PROVISION OF ADVANCED STANDING

A majority of the credits for the MA and MPA degrees must be earned through the Robertson School of Government. Thus, the limit for the number of credits accepted by Advanced Standing and transfer is forty-nine percent of total degree requirements (14 units for the MA in Government and 18 units for the MPA degree).

Advanced Standing is credit granted towards a degree program for study already undertaken. It prevents the duplication of coursework and may save a student time and money. The Robertson School of Government has the following provisions in place in relation to the granting of Advanced Standing:

For Students from Regent University’s College of Arts & Sciences who are participating in the Combined Bachelors-Masters in Government programs policy:

Students may be granted Advanced Standing for the following undergraduate or graduate courses (taken once the student has completed at least 75 credit hours towards the undergraduate degree) which will be applied to the MA degree in place of the following graduate courses:

Undergraduate Courses	Graduate Courses	Credit Hours
GOVT 432 The American Political Tradition	GOV 658 American Political Thought	3
GOVT 434 Christian Political Philosophy	GOV 604 Christian Foundations of Government	3
GOV 603 Research Methods taken as an undergraduate	GOV 603 Research Methods	3
GOV 625 International Relations Theory taken as an undergraduate	GOV 625 International Relations Theory	3
Total Credit Hours		12

University Advising will automatically petition the Registrar’s Office for Advanced Standing for these courses provided that the following conditions are met:

- The course is completed with a grade of B or higher and the student maintains an overall GPA of 3.00 or higher within the undergraduate degree.
- Students must complete their Bachelor’s degree at Regent University.

For Students from Regent University’s College of Arts and Sciences who are participating in the Combined Bachelors in Political Communication-Masters in Government with a Concentration in Political Communication programs policy:

Students may be granted Advanced Standing for the following undergraduate or graduate courses (taken once the student has completed at least 75 credit hours towards the undergraduate degree) which will be applied to their concentration in Political Communication in place of the following graduate courses:

Undergraduate Courses	Graduate Courses	Credit Hours
COMM 416 Communication Ethics	COM 614 Issues in Media Law & Ethics	3
COMM 446 Capstone Seminar	May be substituted for COM 600 Story, Popular Culture and Worldview or COM 611 Media and Social Influence	3
GOVT 240 American Government	GOV 614 American Politics	3
GOVT 304 International Relations	GOV 625 International Relations Theory	3
Total Credit Hours		12

University Advising will automatically petition the Registrar’s Office for Advanced Standing for these courses provided that the following conditions are met:

- The course is completed with a grade of B or higher and the student maintains an overall GPA of 3.00 or higher within the undergraduate degree.
- Students must complete their Bachelor’s degree at Regent University.

For Students subject to the Memorandum of Understanding governing the transfer of credits from the US Army Command General Staff College:

Graduates of the Command and General Staff Officer course may commence their MPA degree by transferring the following courses:

CGSC Courses	Applied to MPA as:	Credit Hours
C100 Foundation Block	Concentration elective	3
C200 Strategic Studies Block	Concentration elective	3
C400 Doctrine	Concentration elective	3
C500 Joint Functions	GOV 695	3
Total credit hours		12

University Advising will automatically petition the Registrar’s Office for Advanced Standing for these courses provided that the following conditions are met:

- The student submits an appropriate official transcript to Regent University upon completion of the CGSOC-CC.
- CGSOC-CC is completed with a grade of B or higher and the student also possesses a Bachelor’s degree from a regionally accredited institution with a minimum grade point average (GPA) of 3.00 on a 4.00 scale.
- Student submits a current resume, Army Officer Record Brief (ORB) or equivalent that includes professional and academic experience.

For students who have completed undergraduate or graduate coursework elsewhere (at either an accredited civilian or military institution) for which they believe they may be able to claim Advanced Standing:

Accepted students who wish to petition for Advanced Standing within either the MA or MPA program in Government on the basis of either civilian or military coursework completed elsewhere should contact their Faculty Advisor to discuss their request. Students should furnish a transcript (an unofficial transcript is permissible here though the Registrar will later require an official transcript), syllabi for the courses taken and any term papers written as part of their coursework. At the recommendation of their faculty advisor, they may be directed to University Advising to fill out an academic petition for transfer of credits.

Prospective students who wish to explore the likelihood that credits will transfer are directed to contact their admissions officer who will speak with a faculty advisor as appropriate. Students should also be prepared to present a transcript, syllabi and term papers. Students should refer to the University Academic Standing policy for more information.

DEGREE PROGRAMS

Master of Arts Degree (M.A.)

M.A. in Government Program (30 credit hours)

(Program delivered entirely online or entirely face-to-face.)

There are four components to RSG's curriculum: core courses, academic concentrations, certificate courses, and elective/thesis/internship courses. Core courses provide an introduction to foundational concepts and paradigms within each subfield which students then build upon in working towards certificates and concentrations. Upon successful completion of the core courses, an academic concentration(s), any certificate(s), and the remaining electives/thesis/internship, the student is eligible to apply to the Registrar's office for a degree of Master of Arts in Government and a Certificate of Graduate Studies in a certificate program (if completed). The non-degree seeking student who successfully completes a four course certificate program will receive a Certificate of Graduate Studies.

The Robertson School of Government offers academic concentrations in American Government, Healthcare Policy & Ethics, International Relations, Law and Public Policy, National Security Affairs, Political Communication, Political Theory, and Religion and Politics and eleven certificates: American Government, Healthcare Policy & Ethics, International Relations, Law and Public Policy, Mid-East Politics, National Security Affairs, Political Communication, Political Theory, Public Administration, Religion and Politics, and Terrorism and Homeland Defense.

M.A. in Government with a concentration in Political Theory

Political theory is a major sub-field in the academic discipline of government. Study of political theory involves reflection on the nature and ends of government, including description of the principles underlying government practice, and prescription about how government ought to function. Political theorizing has a long and venerable pedigree in western civilization, dating back at least to the ancient Greeks. The political theory concentration will thus involve systematic study of the history of political thought, including thinkers such as Plato, Aristotle, St. Augustine, St. Thomas Aquinas, Machiavelli, Luther and Calvin, John Locke, Adam Smith, the American founders, Hegel, Marx, Oakeshott, Rawls, and others. Political theory concentration students will be encouraged to ask the most basic questions related to government: What is justice? and What is the best regime?, for example. The concentration offers courses that will help students develop their analytical and historical skills.

SCHOOL OF LAW

DEAN'S MESSAGE

If you are interested in a law school that produces purpose-driven, practice-ready graduates who impact the world, consider Regent Law. Of the more than 200 fully accredited law schools in the United States, Regent Law offers a unique combination of a Christ-centered mission, a first-rate faculty and academic program, and high levels of student satisfaction.

In 2013 and 2014, the Regent Law faculty was ranked in the top 10 of all America law schools by *The Princeton Review*, alongside schools such as Chicago, Virginia, Stanford, Duke, and Washington & Lee. While our faculty members have extensive practice experience and have published several leading law treatises, what truly sets them apart is their commitment, as Christian legal scholars, to integrate faith thoroughly in and outside the classroom and mentor the next generation of lawyers.

Our curriculum lays a foundation of first principles of law, the Western Legal and Common Law traditions, and American Constitutionalism, equipping students with the contemporary knowledge base and practical skills necessary to thrive in any law-related discipline. Furthermore, our Integrated Lawyer Training, innovative Honors Program, and academic centers prepare our graduates to impact lives through the law field of their choice. As one notable measure of the quality of our academic program, Regent Law's Moot Court Program was ranked 8th in the nation in 2015.

I invite you to learn about the Regent Law difference. If you are ready to be challenged, stretched, equipped, and sent out to impact the world like our 3,000+ alumni who practice law across the U.S. and in more than 20 countries, we welcome you to become a lifelong member of the Regent Law team.

Michael V. Hernandez, J.D.
Dean and Professor

MISSION AND PHILOSOPHY

The mission of the School of Law of Regent University is within the general mission of Regent University to bring glory to God and to His Son, Jesus Christ, through the Holy Spirit. The more specific mission of the School of Law is to bring to bear upon legal education and the legal profession the will of almighty God, our Creator. In particular, this mission includes:

- The education and training of students to become excellent lawyers within the standards of the legal profession;

- The grounding of students in biblical foundations of law, legal institutions, and processes of conflict resolution; the recognition of questions of righteousness in the operation of law; and the pursuit of true justice through professional legal service;
- The nurture and encouragement of students toward becoming mature Christians exercising the gifts of the Holy Spirit and showing the fruit of the Holy Spirit in their personal and professional lives; and
- The nurture and encouragement of other law students, practicing lawyers, judges, legislators, government officials, educators and others to recognize and to seek the biblical foundations of law, to recognize questions of righteousness in the operation of the law; and to pursue true justice.

DISTINCTIVES OF THE SCHOOL

- A National Law School: Established in 1986 as a full-time, three-year program, Regent University School of Law draws students from across the United States. The School of Law alumni practice law in 47 states, the District of Columbia, and several foreign nations.
- History: Regent University School of Law started as the O.W. Coburn School of Law of Oral Roberts University. In 1986, the School of Law moved to Regent University. In its first year at Regent, the school had 103 students. It has since grown to approximately 160 students in each incoming class. In 1998, the School of Law began a part-time, four-year program with 35 students.
- Facilities: The School of Law is located in Robertson Hall, a 134,000-square-foot building. Robertson Hall has both tiered and seminar classrooms; two teaching-sized courtrooms; a 375-seat formal courtroom; and professional skills labs. Law faculty members have the latest audio-video technology available for use in teaching. The Law Library is at the heart of the school's operation, supporting the curriculum and research needs of the law school. Occupying the third floor of the 150,000 square foot University Library building, the Law Library contains over 400,000 volumes and provides ready access to online legal research databases, including LexisNexis®, Westlaw®, Bloomberg Law®, and CALI®, as well as a number of topic-specific online resources.
- Externships: Law students may extern with federal or state judges, the U. S. Attorney's Office, a Virginia Commonwealth's Attorney, or a variety of public service organizations, such as the American Center for Law and Justice or the Tidewater Legal Aid Society. Externships provide students with firsthand experience in the practice of law.
- Law Journals: The School of Law publishes the *Regent University Law Review*, a forum for a Christian perspective on law in a traditional legal periodical. Student editors and staff members, chosen on the basis of academic achievement and writing ability, gain valuable experience by writing and editing the *Law Review* under the guidance of the law faculty. The School of Law also publishes the *Regent Journal of Global Justice & Public Policy*.
- Center for Global Justice, Human Rights, and the Rule of Law: The Center's mission is to equip Christian advocates who will promote the rule of law and seek justice for the world's downtrodden—the poor, the oppressed, and the enslaved—and to serve and support those already engaged in such advocacy. The Center seeks to accomplish this mission through various means, such as by sponsoring students in international legal internships and by educating students in the law school courses offered through the Center.
- Center for Advocacy: The Center for Advocacy equips the next generation of legal advocates with exceptional training in legal research and writing, negotiation, trial and appellate advocacy. Whether through the Civil Practice Clinic where students manage real client cases from inception to conclusion, or through nationally recognized Advocacy Skills Boards, varied practicums, and comprehensive externship opportunities, the Center for Advocacy develops the fundamental legal skills students need to fulfill their legal callings with excellence.
- Center for Ethical Formation & Legal Education Reform: The Center coordinates programs and resources Regent Law School has committed to developing students' professional identity. It accentuates Regent's expertise in providing practical training that develops in students the practical judgment important to the practice of law. The Center's goal is to produce lawyers who have an understanding of the nature and purpose of the legal profession and are committed to the ethical practice of law.
- Moot Court, Negotiations, Mediation, Trial, and Client Counseling Competitions: Student teams regularly represent the School of Law in interscholastic skills competitions. The students have demonstrated their talents and skills in numerous local, regional, and national competitions. Regent student teams have won numerous awards at these competitions, including being the National Champions of the ABA Law Student Division Negotiations Competition in 1995, 2001, and 2007, and the Runner-Up in 2012, and the National Champions of the ABA National Appellate Advocacy Competition in 2006. As students prepare for competitions, faculty members provide support and coaching.

- Honors Program: The Honors Program provides select students who are entering law school or have performed at the top of their law school class with exclusive academic and community experiences designed to help them develop as Christian lawyers and Christian leaders. Honors students take selected classes in sections open only to them; and participate in events, such as luncheons with distinguished guests of the law school.

ACCREDITATION

The School of Law is fully approved by The American Bar Association (ABA), The Accreditation Committee and the Council of the Section, 321 N. Clark St., Chicago, IL 60654, 800.285.2221, www.abanet.org/, and approved by the ABA to confer the first degree in law, the J.D. degree (www.abanet.org/legaled/approvedlawschools/alpha.html).

FINANCIAL AID

Regent University offers a limited number of awards on an institution-wide basis. For more information, see the Tuition, Fees and Financial Aid section of this Catalog.

The mission of the financial aid program at the School of Law is to assist the maximum number of students possible in completing their education by using a combination of student, law school, and community resources. In recent years, the School of Law has awarded approximately 80 percent of its students various types of scholarships and grants. Scholarships include both merit-based and a combination of need, leadership, and academic promise. In support of Regent's mission, students who are called into areas of public service and constitutional law may qualify for additional scholarship consideration. Most Regent Law students utilize personal and community resources, institutional aid and federal education loans (Stafford and Graduate PLUS) to cover tuition and living expenses. For detailed information on scholarships and grants, visit: <http://www.regent.edu/acad/schlaw/admissions/finances.cfm> or call 757.352.4584. All student loans are processed via the Regent University Central Financial Aid Office, www.regent.edu/finaid, 757.352.4125.

PROGRAM OVERVIEW

- Juris Doctor (J.D.)
- Joint Degrees (with the J.D.)
- Master of Laws (LL.M.) in American Legal Studies (for international lawyers)
- Master of Laws (LL.M.) in Human Rights
- Master of Arts (M.A.) in Law

LAW LIBRARY

The Law Library occupies the entire third floor of the Library building, immediately adjacent to Robertson Hall. Its 35,680 square feet are designed to facilitate access to Law Library collections and provide ample relaxed and formal seating areas for students and faculty. This space encompasses an atrium, with windows to the inside as well as on the perimeter, bringing natural light to much of the interior of the law library. Study rooms for individual or group study are available.

The Law Librarians are committed to serving the research needs of students, faculty, and members of the local bar. When classes are in session, the Law Library is open until midnight, seven days a week. Those hours extend until 2:00 a.m. during the exam and reading period. Professional reference support is regularly available to assist with student research.

Electronic access to essential databases and resources is key to legal research in the global information environment. In addition to a computer lab, the Law Library boasts wireless access and over 200 LAN ports for student laptops. An extensive collection of legal research databases are made available to students via the Internet.

The Law Library is the proud possessor of the Founders Collection, the almost intact library of the first law school west of the Appalachians, established in Lexington, Kentucky in 1799. This pioneer law school was one of the most renowned of its day, praised by Thomas Jefferson, Justice Story and John Marshall Harlan. The volumes of its library were used to train many of our young nation's finest lawyers, legislators and statesmen. Henry Clay, among the first faculty, was a strong force in helping to support and expand the library. The Founders Collection totals 1,023 volumes and spans four centuries. Careful research in the original catalog has revealed only a very few missing volumes two centuries later.

Other special collections held by the Law Library include the Ralph Johnson Bunche Personal Library, the John Brabner-Smith Library and Papers, the First Amendment & Civil Rights Collection, the Mary Elizabeth Menefee Collection of Law & Film, and a collection of early American political sermons.

ACADEMIC BOARDS

Alternative Dispute Resolution Board

The Alternative Dispute Resolution Board (ADR Board) focuses on the development of practical lawyering skills necessary to resolve disputes before trial, including Negotiations, Mediation, and Client Counseling. Alternatives to dispute resolution typically only cost a small fraction of the litigation process and are consistently utilized in a world where most conflicts never reach the courtroom.

The ADR Board is comprised of both second- and third-year law students. The Board sends teams to compete in a number of regional and national competitions in both the fall and spring semesters, including the ABA Negotiation Competition, ABA Mediation Competition, and ABA Client Counseling Competition.

The ADR Board also hosts an Intramural Negotiation Competition each spring, as well as the Regional ABA Negotiation Competition and the Regional ABA Mediation Competition on a rotating schedule, typically every two or three years.

Journal of Global Justice and Public Policy

The *Journal of Global Justice and Public Policy* is Regent's academic journal, presenting original legal research related to the student of international human rights. The *Journal* is led by a select team of law student editors with faculty guidance, who publish biannually and regularly sponsor conferences, symposia, and other events to promote issues of justice, human rights, and the rule of law.

Moot Court Board

The Moot Court Board is dedicated to equipping students with the skills to be effective advocates. Students are encouraged to build their advocacy on sound legal reasoning and their commitment to God.

The Moot Court Board has 12 Board Members and up to 14 Associate Members. Each year the Board works with the Appellate Advocacy program to host the Regent Cup and with the Legal Research, Analysis, and Writing department to host the 1L Competition. The Board also hosts undergraduate teams in the American Collegiate Moot Court Association competition and invites students from other law schools to compete in the Leroy R. Hassell, Sr. National Constitutional Law Moot Court Competition.

In addition to hosting these four competitions, the Board annually sends teams to up to eight regional and national interscholastic tournaments to compete against the best written and oral advocates in the country. Regent's moot court advocates consistently place in the top levels of each competition.

Regent University Law Review

The *Regent University Law Review* is fulfilling its vision to "provide a forum for a Christian perspective on law and the legal profession, especially through the application of biblical principles to law." It publishes two issues per year. Student editors and staff members, chosen on the basis of academic achievement and writing ability, edit the *Law Review* under the guidance of the law faculty.

Trial Advocacy Board

The Trial Advocacy Board's foundational mission is to assist in training law students in the art of trial advocacy and procedural litigation skills, while integrating Christian ideals into the courtroom, with the ultimate goal of molding students into effective Christian advocates. The Trial Advocacy Board will achieve this mission by providing the opportunity to attend and compete in national trial advocacy competitions, hosting periodic seminars and sponsoring an annual intramural trial advocacy competition.

STUDENT ORGANIZATIONS

American Bar Association (ABA), Law Student Division

The Law Student Division chapter has three objectives, all emphasizing service. First, the chapter serves students with educational needs. Second, the chapter suggests ways students, once they graduate and become attorneys, can serve their clients. Third, the chapter provides students with service opportunities in the community. The first two objectives are met through the *ABA Journal* and the *Student Lawyer*, publications members receive each month. The third objective is met

through activities and events planned by the chapter's Executive Committee. Further, all of these objectives can be met through membership in ABA sections.

American Inns of Court

The James Kent Chapter of American Inns of Court is part of an 800-year-old English tradition, brought to this country by Supreme Court Chief Justice Warren Burger to encourage passing down high standards of ethics and excellence within the legal profession. Through Regent's local chapter, selected third-year students are united with judges and respected senior lawyers in a formal mentorship program that encourages high standards of ethics and civility. Participating students receive firsthand insight into legal issues.

Black Law Students Association (BLSA)

The BLSA has two primary goals: to promote community service in neighboring black communities and to be a vehicle of spiritual, academic, and cultural awareness and support for black law students. The BLSA provides community service by tutoring youth offenders at the Norfolk Detention Home; in the future, it will add programs geared toward promoting awareness concerning voter rights, environmental justice, as well as other global issues.

Business Transactions Law Society (BTLS)

The BTLS serves the law school and Regent University by integrating the Christian faith with corporate, commercial, and transactional law. The BTLS partners with the law school, the university, and the community to provide law students with learning opportunities pertaining to business and transactional law career paths. The organization accomplishes this goal by sponsoring activities involving students, faculty, and members of the local bar.

Christian Legal Society (CLS)

Founded in 1961, CLS is a professional organization of over 3,000 attorneys, judges, law professors, law students, paralegals, and their families who desire to do justice with the love of God. The Society's diverse membership contributes to its unique mission: to nurture and equip a national network of skilled lawyers, law students, and interested lay people committed to loving and serving Jesus Christ and advocating reconciliation, justice, and religious freedom.

Council of Graduate Students (COGS)

The COGS is the student government organization for the university, and the law school has representatives on COGS. In cooperation with other student organizations within Regent University, the purpose of COGS is to foster and encourage a quality academic and professional environment; to facilitate the interchange of ideas and programs between respective schools and colleges; to promote the university's commitment to biblical principles and spiritual development; in everything to bring glory to God and His Son, Jesus Christ, through the Holy Spirit; and to advocate and represent the collective ideas, interests, and concerns of the student body to the administration and vice versa.

Federalist Society for Law and Public Policy Studies

The Federalist Society is a group of conservatives and libertarians interested in the current state of the legal order. It is founded on the principles that: the state exists to preserve freedom; the separation of governmental powers is central to the Constitution; and it is emphatically the province and duty of the judiciary to say what the law is, not what it should be. The Federalist Society seeks both to promote an awareness of these principles and to further their application through its activities.

Hispanic Law Students Association (HLSA)

The Hispanic Law Students Association at Regent University School of Law exists to encourage and support Hispanic and non-Hispanic students as they pursue their calling to serve and remain responsive to the social, political, and academic promotion of the Hispanic community. HLSA seeks to promote the recruitment, academic achievement, and retention of Hispanic law students at Regent University School of Law, thereby allowing the Regent community to flourish with greater diversity while fully-equipping Christian law students of every ethnicity to become leaders who will influence their communities for the glory of Jesus Christ.

Honor Council

The Honor Council has authority to consider allegations of student misconduct pursuant to the process established in the Regent University School of Law Honor Code. The council consists of students elected by their fellow students, and council members elect a Presiding Officer and Associate Presiding Officer to lead the council.

Intellectual Property and Entertainment Legal Society (IPELS)

The mission of IPELS is to provide a forum for Regent students and legal professionals to meet and discuss the subjects of entertainment, sports, and intellectual property law. The IPELS seeks to supplement the legal education of Regent's students by creating opportunities for dialogue with industry leaders and experts; symposia, lectures, panel discussions, and moot court competitions provide unique avenues for such interaction. Above all, the IPELS seeks to operate as a witness about the good news of Jesus Christ to the entertainment and sports law communities at large, while encouraging law students to be "salt and light" in the profession.

International Law Society (ILS)

The principal goal of the ILS is to bring student attention to the university's mission of *Christian Leadership to Change the World*. The ILS works to increase student, faculty, and staff understanding of the many and varied aspects of international law and global affairs. It is dedicated to promoting student involvement in international law through extracurricular activities and programs such as the Philip C. Jessup International Law Moot Court Competition. Although the ILS is based in the School of Law, it is open to all members of the Regent University community.

Law Wives Association

The Law Wives Association of Regent University has been established to support and encourage spouses of law students. Social events are regularly scheduled and are open to all students and their families. Opportunities for Christian fellowship are offered as well. Several spouses participate in Bible studies.

Newman Club

The Newman Club is an organization of Catholic students. The Club is committed to helping students develop spiritually. It sponsors weekly masses and an annual Red Mass on the university's campus. In addition to its spiritual emphasis, the Club provides an array of social activities as well as opportunities for students to perform community services.

Phi Alpha Delta (PAD)

Phi Alpha Delta Law Fraternity, International is a professional fraternity at Regent School of Law. PAD provides students with many opportunities, including networking, service, and academic, personal, and professional development. The George Washington Chapter of Phi Alpha Delta was chartered at Regent University on February 22, 2008. Currently, the chapter boasts one of the largest memberships at Regent, with over 70 members including three members of the faculty.

Public Interest Legal Advocates of Regent (PILAR)

The Public Interest Legal Advocates of Regent seek to provide a venue through which students can act to begin eliminating the inequality of legal resources in our country. PILAR also strives to foster lifelong participation in the law-related areas of the public sector by referring students to opportunities that match their career goals. PILAR is continually seeking to encourage a law school curriculum that: is supportive of public interest law students; has financial programs to assist students interested in public interest with summer and post-graduate employment; and develops relationships with organizations and alumni to provide resources for students.

Regent Students for Life

Regent Students for Life provides the Regent community the opportunity to discuss and engage the culture on all aspects of life: abortion, post-abortion, adoption, disability discrimination, euthanasia, stem cell research, genocide, RU486, abstinence, and much more. RSFL believes that God created life and that life is sacred and needs to be protected. RSFL believes the best way to begin protection of human life is through education and awareness and then activism. This group is an opportunity for educated, mannerly debate and discussion, for service to others, and for *all* Regent students, faculty, staff, and community members to come together as one body to serve those in need for Christ.

Republican National Lawyers Association Law Student Chapter (RNLA)

The purpose of the RNLA is to advance professionalism, advance open, fair and honest elections, advance career opportunity, advance Republican ideals, and fulfill Regent's mission of "Christian Leadership to Change the World."

Student Bar Association (SBA)

The Student Bar Association (SBA) is the student government at Regent University School of Law. Among the responsibilities granted to the SBA is providing law students with representative leadership to the law school and the university. The SBA also has a strong history of providing social and ministry occasions for the entire law school community, such as the Barrister's Ball and the Graduation Banquet. Studying law is a unique privilege, and the SBA seeks to provide students with the best law school experience attainable.

Virginia Bar Association Law School Council

The mission of the Virginia Bar Association (VBA) Law School Council at Regent is to act in accordance with the mission and goals upheld by the VBA. The Council is committed to serving the public and the legal profession by promoting the highest standards of integrity, professionalism, and excellence as future legal professionals. This is done through organizing volunteer opportunities to help the community, organizing networking events to allow law students and lawyers in a number of practice areas to come into contact, and planning events that will make students aware of the possible career opportunities to be found beyond law school.

THE OFFICE OF CAREER & ALUMNI SERVICES

The School of Law is dedicated to preparing students for their legal careers. The Office of Career & Alumni Services is dedicated to meeting the needs of law students in each year of study. Services include extensive individualized counseling, help with self-assessment, formal mock interviews, informal mock interviews, job postings, on-campus interviews, a resource library, and assistance in refining job search techniques.

Workshops are offered each semester addressing topics such as résumé and cover letter writing, networking, interview techniques, summer employment options, and fall recruitment strategies. Students and legal professionals from the Hampton Roads area participate in panel discussions and presentations on judicial clerkships, prosecutorial positions, public interest employment, and other areas of practice. The Office of Career & Alumni Services is dedicated to cultivating and augmenting a solid working relationship with the legal community at large. School of Law alumni have worked in diverse positions throughout the world, including serving as judges, legislators, executive branch officials, and other federal and state governmental officers, working in private practice and in business and industry, and working in the nonprofit and public interest sectors.

STUDENT PROFILE

The School of Law attracts students from all over the United States, making Regent a national law school. Applications from prospective students with LSAT scores above 150 and undergraduate GPAs above 3.0 are especially encouraged, as the law school has seen that such students are very likely to succeed in law school and pass the bar exam on their first attempt.

JURIS DOCTOR (90 CREDIT HOURS)

Students in the full-time program normally complete their degrees in three years. The School of Law, however, admits certain full-time students to its two-year program, which allows students to complete their J.D. degree in as soon as twenty-four months from the date the students have commenced law study at the law school. The part-time program is designed for students who desire to be employed for more than twenty hours per week during law school, or who for other reasons, need a more flexible course load. Depending on the number of course hours taken each semester, part-time students may complete the J.D. degree in four to five years.

Admissions Requirements

Refer to the “Admission to Regent Graduate Schools” section of this Catalog for additional information regarding admission procedures and requirements.

For admission requirements and further information, visit www.regent.edu/law. A major part of the application review process focuses on the applicant’s LSAT score(s) and academic history. In addition, the admission committee carefully considers the rigor of courses completed, the competitiveness of the institution attended, and grade trends. The committee also places significant importance on the applicant’s responses to the beliefs and values questions and the character and fitness questions on the application, as well as on the applicant’s personal statement and required two letters of recommendation. Applicants must subscribe to the Credential Assembly Service (CAS). The priority consideration date for submitting an application is February 1, although applications are accepted through June 1 or until the class is filled.

Degree Requirements

The J.D. degree requires a minimum of 90 credit hours; joint degrees students must earn a minimum of 83 credit hours. Candidates for the degree must complete the program with a minimum cumulative GPA of 2.00 on a 4.00 scale. All degree requirements for full-time students must be met within five calendar years from the date of entry into the School of Law. Part-time students have a maximum of six years to complete their degree requirements. Exceptions to the time limit are granted only in extraordinary circumstances (e.g., unexpected active duty service in the United States military).

Candidates for the J.D. degree must meet the residency, unit, grade, and course requirements in effect at the time of their admission. Students who withdraw and later re-enter the law school will be bound by the requirements in effect at the time of their readmission. A waiver of certain new or changed requirements may be granted for good cause shown.

The nature, content, and number of units awarded for courses are subject to change without notice. The curriculum is set forth below. Elective courses are offered according to faculty availability and student enrollment.

Transfer Students

Transfer students can only transfer up to 32 credit hours toward the J.D. degree.

Students choosing to take LAW 505-508 may take those courses in any sequence. One hour of credit will be granted for every two courses successfully completed in that series.

Joint Degrees

See the General Information section of the Catalog for the description of the joint degrees program. Courses in the School of Law are not normally taken concurrently with courses in other schools. However, several joint degrees are available.

Juris Doctor and MBA (School of Business and Leadership)

The law faculty and the business faculty recognize a great interdependence within the business and legal professions. The business professional who has an understanding of basic principles of law, as well as the specialized areas of law that relate to business will be in a much better position to make business decisions in the fast-moving and complicated business environment. The lawyer who represents businesses and has knowledge of the fundamental principles of business will be much better equipped to give counsel and advice to individuals, partners, corporate officers and directors. In addition, the lawyer will especially benefit from knowledge of business principles in the operation of the business of a law practice.

Juris Doctor and M.A. in Organizational Leadership (School of Business and Leadership)

Companies, organizations, and nations need proven, qualified leaders. True leaders distinguish themselves through their vision, their ability to conceive and implement strategies, and their ability to transform organizations and the lives of the people within them. The M.A. in Organizational Leadership teaches key organizational leadership elements such as ethics, motivation, creativity, vision, strategic planning, teamwork, group development, technology, customer service, and organizational development. The joint degree program in law and leadership provides unique training for future lawyers who are called to lead.

Juris Doctor and M.A. in Communication or M.A. in Journalism (School of Communication and the Arts)

The interpretation and use of legal information in our modern society is greatly influenced by various media journalistic skills. The worldviews of the people in a society are shaped by the content and manner of this information flow. The relativistic views of many current-day journalists have helped to undermine the foundations of our legal system by presenting the law as only an evolving set of values. Today we need journalists and those involved in media presentation who understand the historical roots of our legal system, as well as current legal theories and practices. A joint degrees program in law and communication or journalism gives students the opportunity to integrate knowledge of the law with communication skills and the media.

Juris Doctor and a Clinical M.A. Program (School of Psychology and Counseling)

The law and counseling faculties recognize a great interdependence between the counseling and legal professions. The lawyer who understands basic principles of counseling, as well as the specialized areas of law that relate to counseling, will be in a better position to work with and on behalf of clients. Likewise, the counselor or psychologist who understands the basic legal rules that relate to counseling and family relationships has a great advantage. This joint degrees program is designed to give counseling skills training to students in law who want or need such practical skills training. This interdisciplinary approach enriches careers by broadening the student's scope of understanding, as well as training and expertise to meet specific needs in legal services where legal remedies may be only a part of the solution.

Juris Doctor and M.A. in Practical Theology or MDiv (School of Divinity)

The law and divinity faculties recognize an interdependence between the professions of law and divinity. The lawyer who understands and operates within a Christian worldview and based on Christian ethical/character foundations of personal spiritual formation will be in a much better position to work with and better represent clients. Likewise, the various ministerial professionals who also understand basic legal rules that relate to ministry, both corporate and family, have a great advantage.

These joint degree programs are designed to provide divinity courses and ministerial skills training to students in law who want or need such training. This interdisciplinary approach enriches careers by broadening the student's scope of understanding as well as training and expertise to meet specific needs in legal services where legal remedies may be only a part of the solution.

Juris Doctor and M.A. in Government (Robertson School of Government)

The education offered in government school prepares students for service in government, politics, and policy making. Some government students may desire to add legal training for particular legal positions in government service or for specialization in law related to all governmental and political activity. The joint degrees program in law and government meets the needs of all these students. The law school teaches the technical skills to practice law; the government school offers training in policy analysis and political methods, integrating biblical and natural principles for government, economics, history, and natural science, as well as law.

Juris Doctor and Master of Public Administration (Robertson School of Government)

The education offered in government school prepares students for service in government, politics, policy making, and nonprofit organizations. Some government students may desire to add legal training to prepare for particular legal positions in government or nonprofit organizations or to obtain legal knowledge as it relates to all governmental and political activity. The joint degrees program in law and government meets the needs of all these students. The law school teaches the technical skills to practice law; the government school offers training in policy analysis and political methods, integrating biblical and natural principles for government, economics, history, and natural science, as well as law.

Master of Laws Degree (LL.M.)

LL.M. Program (24 hours)

LL.M. with a concentration in American Legal Studies (24 credit hours)

(Concentration delivered entirely online or entirely face-to-face.)

(For International Students)

Regent University School of Law's LL.M. with a concentration in American Legal Studies meets the need for international attorneys who wish to be trained in American law. Designed for graduates of accredited institutions outside the U.S. who have already earned a J.D.-equivalent law degree or are in the process of completing such a degree. Regent's LL.M. offers students a rigorous academic experience plus the unique benefit of studying American law from a Christian perspective.

In the online section of Regent's LL.M. with a concentration in American Legal Studies, students can earn an exceptional legal degree without the added expense of leaving home, job or family to study abroad. In both the on-campus and online sections, Regent's faculty and support staff are available to assist students by telephone, e-mail, or the internet. For more information concerning distance education at Regent, please refer to the Online Learning and Distance Education section of the Catalog that, among other things, provides computer hardware and software requirements.

Students in this LL.M. program normally complete their studies in one academic year (two semesters) if they study on campus. Students with this degree may, if allowed by the administering jurisdiction, be qualified to sit for the bar examination in one or more states in the United States. The degree is not structured, however, to prepare students substantively to take an American bar exam. Students must inform themselves of the specific requirements of particular state bar examination and admission requirements.

Admissions Requirements

- Applicants must possess an American JD degree or its international equivalent or must be in the process of completing such a degree, and must be able to prove that the degree qualifies, or will qualify, them to practice law in their home country or that they are, or will be, eligible for licensure.
- English proficiency on the TOEFL exam: 600 paper-based, 250 computer-based or 100 internet-based, unless the student's home institution conducts its course of study in English and certifies sufficient English proficiency to pursue an American LL.M. degree.
- Fall-term applications may be submitted after September 1 preceding the desired August enrollment with priority admission and financial aid consideration given to applications submitted by February 1.
- Spring-term applications may be submitted after February 1 preceding the desired January enrollment. Priority consideration will be given to applications for admission and financial aid submitted by June 15 preceding the desired January enrollment. Initial U.S. attendees are strongly encouraged to pursue fall admission.

- Late applications will be considered on a space available basis; however, international students who wish to study on campus must submit their applications by certain deadlines so that Regent is able timely to issue I-20s to these students. These deadlines are listed on the university website at http://www.regent.edu/admissions/international/requirements.cfm#important_dates.

- Specific admission requirements and further information concerning international student procedures and requirements are located at www.regent.edu/law and the “Admission to Regent Graduate Schools” section of this Catalog.

Degree Requirements

LL.M. students must complete a total of 24 hours for credit and maintain a cumulative law-school GPA of at least 2.0 to graduate. Students must have a J.D. or equivalent law degree from an accredited institution prior to having the LL.M. degree conferred.

Financial Aid for International Students

Regent University School of Law is committed to assisting international students through institutional scholarship. The amount of scholarship is determined on a per student basis that takes into consideration the student’s academic profile, leadership and employment experience, and other financial assistance. Students must be accepted to the law school prior to a scholarship decision. Students will be notified of a scholarship decision via email after acceptance.

Scholarship funds are applicable only toward law school tuition. Other cost-of-attendance expenses (room, board, fees, personal, travel, and health insurance) must be covered through funds secured by the student. For further assistance, please visit www.regent.edu/admin/finaid/international.cfm

LL.M. with a concentration in Human Rights

(Concentration delivered entirely face-to-face.)

The LL.M. with a concentration in Human Rights is designed for lawyers who desire advanced legal education regarding international, regional, and domestic human rights protection and promotion from a biblical perspective. Students normally complete their studies in one academic year (two semesters).

Admission Requirements

Refer to the “Admission to Regent Graduate Schools” section of this Catalog for additional information regarding admissions procedures and requirements. For specific requirements and further information, visit www.regent.edu/law. Master of Arts Degree (M.A.)

M.A. in Law Program (30 credit hours)

(The program may be completed entirely online, but some courses are available on campus, except for the Human Rights concentration, which cannot be completed entirely online.)

The Master of Arts in Law program is designed to address the need for further training in law in specialized fields without the time and expense commitment of a Juris Doctor program. The program can be completed in between one and three years depending on whether the student devotes full-time or part-time effort. This program is designed for achievers who want a credential, and therefore a competitive advantage, in the following types of positions:

- An entry level government position in Homeland Security (the National Security concentration) or criminal justice (the Criminal Justice concentration);
- An entry level position in a private for-profit company (the Business concentration) or non-profit agency (the Non-Profit Management concentration) or the Human Rights concentration;
- An entry level position in a human resources department in government or the private sector (the Human Resources concentration);
- A career as a financial planner or wealth management advisor (the Wealth Management & Financial Planning concentration);
- A career in which mediation skills are helpful (the Mediation Concentration);
- An entry level position dealing with governmental regulations (the Administrative and Regulatory Law concentration), and/or;
- An employment promotion in all areas listed above.

Through a combining of courses in the Law School and other Regent Graduate Schools, the Master of Arts in Law seeks to achieve practical learning outcomes to further current and future employment objectives.

Admission Requirements

Refer to the “Admission to Regent Graduate Schools” section of this Catalog for information regarding admissions procedures and requirements. For specific requirements and further information, visit www.regent.edu/law. All M.A. in Law students are required to complete UNIV 500 as a university admissions requirement. This requirement may not be exempted or waived.

Degree Requirements

Master of Arts in Law students must complete a total of 30 hours for credit and maintain a cumulative law school GPA of 3.0 to graduate. Designed for both full-time and part-time students, the M.A. in Law degree (except for the Wealth Management & Financial Planning concentration) consists of four 3-credit-hour core courses for a total of 12 credit hours. Students must also complete 18 hours of courses in a concentration, plus UNIV 500 as required for admissions (UNIV 500) requirement may not be exempted or waived. LAW 656 General Mediation (3) This traditionally graded course presents an overview of the history of mediation and introduces students to the process, value, limitation, and skills for third-party intervention in the settlement of non-family law conflicts consistent with Christian principles and professional codes of ethics, especially those for mediators in the Commonwealth of Virginia. Through literature, case review, discussions and simulations, the student explores biblical conflict resolution, the nature of conflict, reconciliation, conflict management styles, communication skills, and mediation theory and practice to develop skills a general mediator needs to facilitate a constructive resolution of conflict and help heal relationships if feasible. Prerequisites: LAW 511, 551, 554, 521, 522, 561, 562, 541, 542, 552, 553 and 655.

LAW 658 Civil Practice Clinic (3) This classroom and live client course provides students with "hands-on experience" in representing clients before administrative and judicial fora in matters. Students have direct responsibility for the management of a case from the initial interview to conclusion of representation under supervision of a licensed attorney. They also gain knowledge and skills in interviewing, fact-gathering, identifying and applying law to case facts, diagnosing a client's problems, developing case strategy, drafting legal instruments, assessing professional competence and responsibility in the attorney-client relationship, preparing for and conducting trials and negotiation and settlement. Coursework encompasses civil procedure, evidence, substantive law, law office management, ethics and professional responsibility. Prerequisites: LAW 511, 551, 554, 521, 522, 561, 562, 541, 542, 552, 553 and 652, permission of Instructor and Virginia Third-Year Practice Certificate.

LAW 660 Client Interviewing and Counseling (3) Exploration of client interviewing and counseling in the practice of law. Designed to help students: (1) improve their interpersonal and legal skills; (2) acquire effective client interviewing and counseling skills; and (3) consider the attorney-client relationship, different models of counseling, and the moral and ethical considerations that can arise when attorneys work with clients. Prerequisites: LAW 511 and completion of two semesters of law school.

LAW 661 Family Law (3) General introduction to the law and legal regulation of family associations. Focuses on the relationships of husband and wife, parent and child and, in that context, assists in developing a thorough understanding of biblical, historic and contemporary legal principles and rules governing the family and other intimate relationships. Probes contemporary topics related to law and the family in light of current legal and cultural settings. J.D. student prerequisites: LAW 521, 522, 561 and 562.

LAW 662 Wills, Trusts & Estates (3) Introduction to the basic legal principles of intestate succession; to the execution, construction, revocation and interpretation of wills; to the creation of trusts; to the fiduciary administration of trusts and estates; and to the acquisition of the basic legal principles of transferring family wealth. Prerequisites: LAW 521, 522, 561 and 562.

LAW 663 Gender & the Law (3) Considers and confronts legal problems regarding current women's issues. Presently, all materials available in this area have been written from a feminist jurisprudential perspective. In contrast, apply a Christian perspective to examine critically the position of women socially, economically, culturally and personally. Prerequisite: LAW 511, 551, 554, 521, 522, 561, 562, 541, 542, 552 and 553. LAW 661 is recommended but not required.

LAW 664 Elder Law (3) Deals with legal problems concerning care of the elderly. Addresses current jurisprudence and the status of the elderly and incapacitated, representation of the elderly, incapacitation planning, skilled care facility law and issues, cryogenics, rights and responsibilities, medical experimentation and Medicaid and Medicare planning and

management. Particular attention to ethical and moral issues raised by the course content encourages creative thinking in a pro-elderly, pro-life, pro-family jurisprudence. Prerequisites: LAW 662, which may be taken concurrently.

LAW 667 Family Mediation (3) This traditionally graded course presents an overview of the history of mediation and introduces students to the process, value, limitation, and skills for third-party intervention in the settlement of family and non-family conflicts consistent with Christian principles and professional codes of ethics, especially those for mediators in the Commonwealth of Virginia. Through literature, case review, discussions and graded simulations, the student explores biblical conflict resolution, the nature of conflict, reconciliation, conflict management styles, communication skills, family systems, the restructure of family roles and relationships during divorce, parenting plans, domestic violence, support, and the theory and practice of family mediation to help develop skills a mediator needs to facilitate a constructive resolution of family conflict and help heal relationships if feasible. MLAW 513 American Legal Thought (3) (1) The philosophical and theological sources and nature of American law and justice; (2) the role of lawyers in the American justice system; and (3) jurisprudential thinking about what lawyers do, including select substantive legal issues.

MLAW 521 Contract Law (3) Common law of contracts, and the principles controlling the formation, performance and termination of contracts (offer, acceptance, consideration, conditions, material breach, damages, third party beneficiaries, assignment, statute of frauds and statutory variances from the common law). Cross-listed with GOV 618 and EHEA 506.

MLAW 533 Juvenile Law (3) Discussion of problems related to minority status, including jurisdiction of the state, detention, responsibility for the crime, rights and responsibilities of the parents, and the constitutional, statutory and case law parameters of the juvenile law system.

MLAW 535 International Trafficking in Persons (3) Overview of the global problem of trafficking in persons for purposes of sexual exploitation and forced labor. The course examines the issue of trafficking from several perspectives: (i) the various international conventions that prohibit trafficking in persons; (ii) regional examples of trafficking and factors that contribute to it such as civil unrest and governmental corruption; and (iii) the United States legislative and foreign policy response to trafficking in persons. This course will focus on trafficking in persons as a human rights violation and the treatment of trafficked persons as a victim of a crime.

MLAW 542 Insurance Law & Planning (2) Considers principles of risk and insurance, income taxation and business use of insurance, analyzes and evaluates risk exposures and insurance needs, and the selection of insurance company and policy; finally, examines the following forms of individual insurance; life, long-term care, disability income, health insurance, and annuities.

MLAW 543 Prof. Conduct & Relationships (1) Focuses on communicating with a counseling financial planning clients; discerning client and planner attitudes, values, biases and behavioral characteristics; and learning the Certified Financial Planning Board's *Code of Ethics and Professional Responsibility and Rules of Conduct, Disciplinary Rules and Procedures, and Financial Planning Practice Standards*.

MLAW 544 Fundamentals of Estate Planning (3) Fundamental areas of estate planning, which include methods of property transfer at death, characteristics and consequences of property titling, incapacity and elder law, powers of appointment, fiduciaries, sources of estate liquidity, use of life insurance in estate planning, estate planning documents (including wills and trusts, and planning for non-traditional relationships), IRAs and retirement plans, income in respect of a decedent, the types, features, and taxation of trusts, qualified interest trusts, charitable gifts/transfers and gifting strategies, marital deduction, intra-family and business transfer techniques, deferring and minimizing estate taxes, generation-skipping transfer tax, federal estate and gift tax compliance and tax calculation, and postmortem estate planning techniques.

MLAW 545 Capstone in Financial Planning (3) Involves case analysis and the integration of financial planning, insurance planning, investment planning, taxation, retirement and employee benefits, and estate tax planning in comprehensive personal financial planning. Students will learn how to manage case scenarios to identify issues, analyze client financial situations, and make and implement recommendations. Prerequisite: UNIV 500 as required for admissions.

MLAW 552 American Legal System & Writing (3) American legal system and the skills necessary to succeed in that system, including reading cases and statutes, analyzing legal issues, and researching selected topics of American law. Course culmination is a legal research paper.

MLAW 557 Drafting Contracts (3) The law and techniques of contract formation and drafting. Provides experience in the imaginative thinking that a lawyer must pursue in integrating the expressed and implied agreements of the parties to a contract. Provides opportunities to learn to create legal documents that express the agreement not only clearly, but also in a manner that defies any contrary interpretation.

MLAW 561 Property Law & Policy (3) Nature of private property (both real and personal); landlord-tenant law; easements; covenants and servitudes; transfers of interests in real property; merchantable title; deeds; legal descriptions; conveyancing; recording systems; adverse possession; and land use controls.

MLAW 580CA Child Advocacy Practicum (1-3) Students work with professor on projects relating to the nature and regulation of policy making regarding children's issues, including current issues pending before state legislative and regulatory decision making bodies.

MLAW 583 Immigration Law & Procedure (3) Citizenship, acquisition and maintenance of major immigrant and non-immigrant classifications; admission into and exclusion or deportation from the U.S.; and structure and procedures of the Immigration and Naturalization Service, Board of Immigration Appeals, Department of State and Department of Labor.

SCHOOL OF PSYCHOLOGY & COUNSELING

DEAN'S MESSAGE

Our motto in the School of Psychology & Counseling (SPC) indicates our aspiration to be both “academically excellent” and “distinctively Christian.” We believe that these goals are synergistic. Our aim is produce leaders in psychology and counseling who can provide effective services to their clients in a manner richly informed by the best of the academic traditions in these fields and the Christian faith. Our focus has been on preparing professionals and paraprofessionals for practice oriented careers in a wide variety of settings. Many of our graduates have developed careers in explicitly Christian practices contexts. Many others work in the spectrum of secular mental health contexts such as private practice, school services, medical settings, or military clinics. All are trained to integrate faith and practice in sophisticated and ethical ways regardless of their practice settings. Our academic community consists of faculty, staff and students who share a commitment to provide a redemptive impact on the world through their careers.

William L. Hathaway, Ph.D.
Dean

MISSION AND PHILOSOPHY

The Regent University School of Psychology & Counseling provides leadership for exemplary educational programs. Its professional programs integrate sound practice skills, disciplinary competence, and biblically-based values to promote human welfare with a focus on service provision to individuals, family, church, and community.

Vision Statement -- Our efforts stem from two central passages of scripture, "Love the Lord your God with all your heart and with all your soul and with all your mind. This is the first and greatest commandment. And the second is like it: Love your neighbor as yourself," (Matthew 22:37-39); and "Love each other as I have loved you," (John 15:12). The methods and purposes of psychology and counseling are always to be held against these biblical standards.

We aim to educate graduates to provide healing and restoration to members of the local and world community through the application of biblical principles and professional excellence.

DISTINCTIVES OF THE SCHOOL

The School of Psychology & Counseling prepares graduates from a Christian worldview, while adhering to the highest standards of each discipline. Our professional programs prepare graduates in a distinctly Christian manner while meeting accreditation, certification and educational requirements for licensure. These programs are designed for individuals to take their knowledge into every corner of the world in order to assist people in the prevention and resolution of the problems of human living. A strong emphasis is placed on the restoration of relationships: individual to God, individual

to individual and restoration within the family, the church and the community. It is our goal that individuals who graduate from our programs will be exemplary, reflecting the character of Christ within their personal and professional lives.

ACCREDITATION

Regent University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACSCOC). <http://sacscoc.org/membershipInfo.asp>

The School of Psychology and Counseling has two additional accreditations: The American Psychological Association (APA), Office of Program Consultation and Accreditation, 750 First Street, NE, Washington, DC 20002-4242, 202-336-5979, www.apa.org/ed/accreditation/, has granted accreditation to the Doctoral Program in Clinical Psychology (Psy.D.), www.apa.org/ed/accreditation/clinpsymz.html; and The Council for Accreditation of Counseling and Related Educational Programs (CACREP), 5999 Stevenson Avenue, Alexandria, VA 22304, 703.823.9800 ext. 301, www.cacrep.org, has granted accreditation to the following programs in the Counseling Department: M.A. in Clinical Mental Health Counseling, M.A. in School Counseling, M.A. in Marriage, Couple, & Family Counseling; Doctoral Program in Counselor Education & Supervision (Ph.D.). <http://www.cacrep.org/directory/directory.cfm>

PROGRAM OVERVIEW

The SPC adheres to a Judeo-Christian worldview. The Judeo-Christian perspective provides a sound basis from which human behavior might be studied, and sets a standard by which counseling methods might most effectively be applied—one that recognizes the individual as a totality of body, soul and spirit. The research and experience of those who have pioneered the field are highly valued, as are biblical resources that contextually define and analyze the motives and patterns of human behavior.

The school designs each student's master plan of study to optimize employability in the various and diverse settings found in the field of counseling and psychology, such as:

- Community mental health agencies
- Church and parachurch organizations
- Public and private schools
- Colleges and universities
- Business and governmental settings
- Private practice groups and hospitals
- Health care organizations

Joint degrees with other Regent schools are available. See the General Information section of the catalog for the description of the joint degrees program.

All degree programs in the SPC, including the distance learning programs, require some level of in-residence study. For details see Residency information on the website for the specific degree program.

ACADEMIC POLICIES

Cross-Registration

Those students who elect to take a class in the SPC and are degree-seeking from one of the other Regent degree programs are considered cross-registered students. They must demonstrate that they have met any prerequisites for the course and obtain the signature of the professor teaching the course including advising to course content and relevance to desired degree outcome. Students may cross-register only if space remains available in the class. Degree-seeking students in the SPC have first preference for enrollment in SPC classes.

Cross-registered students may only take up to four courses (12 credit hours) in the SPC. Any exception to this policy can only be granted by the Dean or the Dean's designate, and must be petitioned for in the appropriate manner. An "Approval to Enroll in a Class in Another School" form, found on the web at www.regent.edu/admin/registrar/studentforms.cfm, must be completed by the student and signed by the appropriate professor prior to the student's registration through their home school.

Students who have previously applied for admission to the SPC, either by original degree-seeking application, non-degree application or as a joint degrees applicant, and have been denied admission to our school, will have to submit an Academic Petition to the SPC to be considered for cross-registration.

Failing Grades (B- or Below)

The general grading policy for each course in the SPC is that any grade below a B is considered not satisfactory for graduate level work. Receiving a grade of B- will result in the student retaking the course.

DEGREE PROGRAMS

PROGRAM CHANGES DISCLAIMER STATEMENT

Programs may choose to add or delete courses and course progressions from time to time; if a student is in a degree program over several years, there may be differences between what is offered and what is in the original catalog. Students will work with their individual advisors to ensure that they have met all requirements for graduation under the following stipulations:

The original numerical requirement for course credit hours must remain the same as stated in the catalog under which the student entered the program. The program may not add to the credit hour requirement unless the student is in a remedial situation that is clearly documented.

In the case of a student stopping out of a program and being readmitted, the student will be under the catalog of the year of readmission.

Students may, with approval, take more credit hours than required in their catalog. However, financial aid will not be available for courses outside of the approved degree program.

If a student has a required course that is no longer offered, the advisor will help the student find a substitute course at Regent or through the consortium.

Psy.D. in Clinical Psychology Program (124 credit hours beyond the bachelor's)

(Program delivered entirely face-to-face)

The Psy.D. program integrates scholarly and rigorous academic training, clinical practice and research within a Christian worldview. Students are prepared to compete for national internships as well as subsequent licensure in Virginia and other states with similar requirements.

The Psy.D. program is a terminal professional degree. The degree is designed to be responsive to society's need for Christian psychologists functioning in a variety of leadership roles. Graduates have the potential to serve in such diverse roles as clinical directors of agencies; hospital staff members; directors of Christian counseling centers and private practices; consultants to business and industry; academic instructors; supervisors of new clinicians; office-holders in local, state and national professional organizations; members of boards of directors of human services agencies; members of licensing boards; consultants to churches and schools; managed care case managers and administrators; and a variety of other roles.

The program is completed full-time in four years, plus one year of internship. Students entering at the master's level may be able to complete the coursework in three years with an additional year of internship for a total of four years. All students enrolled in Psy.D. are required to attend the program on a full-time basis. A fixed curriculum progression has also been established to ensure that students follow a logical and cumulative program of clinical training. While the Psy.D. program is designed to mentor general practitioners of clinical psychology, there is opportunity for each student to pursue more specialized interests through course electives and focused practice. This flexibility allows for students to adapt their training to meet the licensing requirements of many different states and jurisdictions. Before selecting such optional and individualized components of the program, each student should review the specific requirements of the jurisdiction in which they plan to practice.

The program coursework content includes biological, social, behavioral and affective bases of behavior, as well as study of individual differences. These courses provide a foundation for preparation as a clinical psychologist. The program has an integrative approach: integration of clinical work and coursework, integration of faith and practice and integration of multicultural, ethical and diversity issues in both didactics and practice. The program culminates in a 2,000-hour internship and the dissertation project.

The research sequence introduces the student to statistical methods, research design, program evaluation and outcome research in psychotherapy. These experiences prepare the student for completing the dissertation project requirement. The dissertation project may be empirical, theoretical or applied and is normally completed in the fourth year. The goal of the research sequence is to equip students with the knowledge and skills to effectively understand and apply research literature

to appropriate clinical areas. The Psy.D. program includes yearly assessments of students, as well as a candidacy exam. A comprehensive examination given in the third year serves to determine admission to doctoral candidacy.

Students are encouraged to apply to a wide variety of internship sites including the military, veteran's hospitals, state psychiatric hospitals and community and private outpatient clinics. The emphasis will be on obtaining the best American Psychological Association (APA) and Association of Psychology Postdoctoral and Internship Centers (APPIC) internships available for each student. The internship application process begins in the students' fourth year. These paid positions are located outside of the Virginia Beach area.

The faculty brings a wealth of experience and a diversity of theoretical background. Among these professionals are both full-time and adjunct faculty members. Despite a diversity of theoretical orientation, the faculty is united by a common commitment to a Christian worldview and to providing quality, professional training.

Ph.D. in Counseling & Psychological Studies (51 credit hours)

(Program delivered online)

The Ph.D. in Counseling & Psychological Studies degree is an advanced degree that prepares Christian scholars and leaders in mental health counseling, research, scholarship and psychological science. This interdisciplinary culminating degree in mental health counseling was initially conceived as a Ph.D. program for mental health scholars working in international settings who do not need North American professional accreditation but is also appropriate for scholars who seek to impact culture in ministry contexts outside of the formal professional organizations of psychology or counseling in any region. Course requirements for the Ph.D. in Counseling & Psychological Studies include a common core of 14 courses (39 credits). In addition, students are required to complete either the research concentration or the clinical concentration consisting of 4 courses (12 credits). The student concentration will be determined at admission based on their master's

coursework. Applicants entering the program with a clinical master's degree will take the research concentration. Applicants entering the program with research competencies in their master's degree will take the clinical concentration. Applicants do not have sufficient preparation in either clinical or research competencies at the masters level may be required to complete additional training in both areas.

Ph.D. in Counselor Education & Supervision Program (66 credit hours beyond the master's degree)

(Program delivered online with some required face-to-face components.)

The degree of Doctor of Philosophy at Regent University is awarded in recognition of high attainment in a special field of knowledge. Ph.D. students must pass the qualifying examination for the Ph.D. degree and present an acceptable dissertation within their field of study, which presents the results of independent, original research. The degree program's emphasis is on preparation for competent professional and scholarly performance.

The Ph.D. in Counselor Education & Supervision is unique in this country, offering a rigorous biblical worldview curriculum and clinical training program entirely in an e-learning (online) format, with three brief residencies. Students receive the education and training necessary to become leaders who will make a difference in the discipline of counseling

as college and university educators, advanced clinical practitioners and counseling professionals in a wide variety of career roles.

The Ph.D. in Counselor Education & Supervision represents the advanced degree in the pursuit of higher education in the discipline of counseling. Regent's doctoral program in Counselor Education & Supervision is both theoretical and experiential and is intended to prepare students to work as counselor educators, counselor supervisors, advanced practitioners in clinical settings and leaders in the field of counseling. The emphasis of the doctoral program is on training educators to teach counseling at the college and university level, with commensurate emphasis on the development of the advanced clinical skills, which are necessary to teach and supervise counseling effectively, as well as enhance the practice of the professional counselor.

The program requires the master's degree as a prerequisite. Students matriculate on a full-time basis in a lockstep course sequence the first two years of the program. Students may be able to complete the program within three and one-half to four years, including the capstone events of the one-year internship and completion of the dissertation project.

The program is offered online, with three mandatory brief residencies during which students will be required to come to a designated location, most likely the Virginia Beach Campus, for approximately 7 days each for intensive teaching, orientation, and workshop events as part of the required curriculum. These residencies are an essential component of coursework and are mandatory for all students. The program may be especially appealing to individuals who want or need the flexibility of an online, nonresident program to meet their current commitments to family or job.

The Ph.D. in Counselor Education & Supervision will prepare individuals for a wide variety of counseling leadership positions, including those who want to teach counseling and supervision at the college or university level; practicing professional counselors who want to provide supervision services; licensed professional counselors who want to advance the level of their clinical skills; individuals who want to assume leadership positions in the discipline of counseling (e.g., Director of Mental Health Services for an agency or non-profit organization); school counselors seeking promotion or leadership positions (e.g., Director of Guidance positions for school districts); individuals who want to do research and/or write professionally; and individuals who want to add consultation or program evaluation to their array of existing professional counseling services or develop a practice based on these professional counseling services.

Coursework has been developed along an educator/practitioner paradigm. The precepts underlying the education and training of counseling professionals at Regent University follow the developmental model. Students are trained to understand the individual in terms of where he or she is in the ongoing process of growth, development and passage through life stages, and explore with the individual any aspects of development in social, cognitive, emotional and behavioral spheres that might have been delayed or interrupted. The program integrates and applies Judeo-Christian principles throughout its curriculum, to educate students cognitively, clinically *and* spiritually to work in a diverse society.

The Ph.D. program accepts as a primary obligation extending the knowledge base of the counseling profession in a climate of scholarly inquiry, and it prepares students to generate new knowledge for the counseling profession through research. Students receive a thorough experience in research via three advanced level courses designed to develop and sharpen their researching and professional writing skills. Candidates for the Ph.D. degree must apply the knowledge gained from their doctoral courses to conceive, plan and present an acceptable dissertation. The dissertation demonstrates that the candidate has technical competence in the field and has done research of an independent character. It must add to or modify what was previously known, or present a significant interpretation of the subject based upon original investigation and research.

The program faculty members consist of both full-time and adjunct educators sought after because of their particular experience and expertise. All faculty incorporate curricular experiences that address the integration of faith and learning in the pursuit of developing in each individual student the highest level of competence in counseling knowledge and skill, and in the counselor's ethical responsibility to respect each client's spirituality level, always mindful not to impart one's own values and beliefs on others. Because of the multifaceted training available in the program, graduates are able to function as effective and ethical counseling professionals in both secular and Christian settings.

Clinical M.A. Programs

The clinical M.A. is available in three programs: Clinical Mental Health Counseling; School Counseling; or Marriage, Couple & Family Counseling. In this master's program, students designate one of the three programs which are offered on campus or online. Graduates of these programs will be prepared with the educational requirements for licensure in Virginia and in states with compatible requirements. The school counseling program is state-approved for licensure as a school counselor in Virginia and has reciprocity with 27 other states.

The Council for Accreditation of Counseling and Related Educational Programs (CACREP), a specialized accrediting body recognized by the Council for Higher Education Accreditation (CHEA), has conferred accreditation to the following programs offered by the School of Psychology & Counseling of Regent University: M.A. in Clinical Mental Health Counseling, M.A. in School Counseling, and M.A. in Marriage, Couple & Family Counseling, on campus or online.

All students enrolled in the counseling program as online students must attend two mandatory residencies during which students will be required to come to a designated location, most likely the Virginia Beach Campus, for approximately 7 days for intensive teaching, orientation, and workshop events as part of the required curriculum.

Competency Assessments

The School of Psychology & Counseling is committed to program effectiveness. As a means of fulfilling this commitment, and to ensure that students obtain mastery level skills, competency assessment probes have been developed throughout the training. These probes have been incorporated into several separate courses to allow students to demonstrate attainment of critical skills crucial to their development as counselors. Adequate performance on each probe is necessary

to assure progress through the program. In addition, each student in the community or school program will take, as an exit exam, the Counselor Preparation Comprehensive Examination (CPCE). While all students must take the exam, it will be a criterion for receiving the master's degree in counseling for those students.

Professional Development

Each student is expected to mature in several crucial areas that are considered essential to professional development. In each course, professors assess students' progress in each of these areas and help students take steps to remediate deficiencies. The areas are: general knowledge, subject knowledge, application skills, integration, workmanship, self-control/maturity, relationships, ethical practice and communication/expression.

Non-Clinical M.A. Program

(Program delivered online with an on-campus requirement.)

M.A. in Human Services Counseling Program (HSC) (30 Credit Hours)

This program is designed to offer human relations training to clergy and others in Christian ministry and/or organizational settings who desire counseling skills. Graduates of the program will be prepared to work in a variety of settings not requiring licensure. This program is offered online. Students completing the HSC Program are required to participate in a 4-day Residency. Participation can be completed face-to-face on campus, or online. The focus of the Residency experience will be in further sharpening individual/group counseling skills; addressing legal, ethical, and liability issues; and allowing for the benefit of some clinical supervision and feedback prior to graduation.

The purpose of this track is to provide training and practice in interpersonal skills using a biblical foundation of human nature. Its primary objective is to place into churches, the community, and work place, people who are skillful, caring and can help develop the spiritual and emotional well-being of those with whom they interact. The goal of the program is not to develop clinical professionals, but to train students who seek to help others within church, ministry, and care-giving settings.

For those students not seeking professional licensure, the HSC emphasis fulfills all requirements for joint degrees for all schools in the university. A listing of the courses that comprise the partner component of this joint degrees program may be obtained from the partner school.

M.A. in Pastoral Counseling (33 Credit Hours)

The M.A. in Pastoral Counseling degree is designed to offer training in pastoral counseling to those who desire to engage in counseling ministry. This online degree is appropriate both for clergy and lay pastoral counseling preparation and draws from the Christian psychology, mental health counseling, and clinical pastoral education fields. Pastoral counseling is a specialty in counseling ministry, not a licensed mental health field. Yet pastoral counselors are often the first line of assistance and gatekeepers to professional services for people seeking help in faith-based and other settings. The program offers training in the foundational skills, knowledge, and approaches needed for the pastoral care role.

Certificate of Graduate Studies (CGS)

The School of Psychology & Counseling offers a Certificate of Graduate Studies (CGS) in Trauma, School Counseling, Clinical Mental Health Counseling, Marriage, Couple & Family Counseling, or Addiction. The CGS is designed to give students who have earned, or who are in the process of earning a 60 credit Master's level degree in counseling, the opportunity to complete the additional coursework they need to pursue career opportunities, state licensure, or specialty certification. The requirements for state licensure and specialty certification vary by state. Students should research the requirements for the specialty that they are interested in pursuing to determine if the CGS will meet their needs.

Courses taken at Regent University in the course of completing an M.A. in Counseling degree can be counted toward the Certificate of Graduate Studies. It is possible to earn an M.A. in Counseling degree (60 credits), and a Certificate of Graduate Studies at the same time in as few as 66 credits, depending on the major and how a student manages elective course work.

Students are not eligible for federal financial aid for course work beyond the 60 credit hours required for the M.A. in Counseling degree. In most cases, this would mean that at least 6 credits of CGS coursework are not eligible for federal financial aid. Students should budget financial resources to fund the additional coursework required for the CGS.

A student who is not currently enrolled in the SPC who wishes to complete the Certificate of Graduate Studies must apply as a non-degree student through our admissions office. All courses must be taken at Regent University. Courses cannot be transferred in to the CGS programs. All requirements for the Certificate must be completed within a five-year period of time. Students who earn an M.A. in Counseling through the SPC cannot earn a CGS in the same subject as their major. For example, a student in the M.A. in Counseling program with a major in School Counseling cannot also earn a CGS in School Counseling.

COURSE DESCRIPTIONS

Optional Curricula

The academic programs at Regent University provide opportunities for students to pursue individual study under the guidance of a competent faculty member. Special courses and seminars that are not part of the listed catalog courses are taught periodically to supplement each school's regular course offerings. The following course numbers apply to various schools in the university. Consult with your advisor or dean's office for specific policies and procedures for these courses in your school.

575/675 Special Topics Courses (varies) Special interest courses are normally offered only once unless appropriate action is taken to add them to the regular catalog courses.

585/685 Seminar (varies) In-depth study and discussion of various specific topics related to each school. May include faculty presentations, student presentations, outside speakers and/or a combination of these. Seminars may be scheduled to meet throughout a term or for a shorter concentrated time.

589/689 Workshops (varies) Hands-on experience in a variety of areas. Faculty members combine theory and knowledge of a particular topic with practical application of that theory and knowledge in a classroom setting. May be scheduled to meet throughout a term or for a shorter concentrated time.

590/690 Independent Study (varies) Learning experience to research and evaluate subject matter or to conduct other comparable academic activities with minimum faculty guidance. Independent studies are available to students as faculty expertise, time and resources permit. May be chosen for one of the following reasons:

- The subject matter or academic activity is not included in regular course offerings and is pertinent to your degree interests.
- The subject matter of academic activity is significantly beyond the scope of scheduled course offerings.
- An independent study shall constitute a contract between student and teacher, and, as such, shall contain specific goals, expectations and evaluation criteria in written form. The quality and effort of the study shall be equivalent to that expected in the classroom.
- An independent study course shall be subject to the same academic policies as a regular course except that incomplete work shall be subject to the In Progress (IP) grade policy. The value of the independent study shall vary from one to four semester hours. Each school may establish limits to the total number of independent study credits that may be applied toward degree requirements. To register for an independent study, students must submit an approved Individual Study Form to the school registration representative and register for the independent study during the registration period for the term in which the student intends to begin the study.
