► Reason for requesting the termination of your F-1 student immigration status:

\_\_\_ I will depart the United States within the 15 day grace period and complete my degree as an on-line student.

\_\_\_ I changed from F-1 status to another immigration status (H-1B, R-1, TN, etc) or am using the benefit of another immigration status (such as Advanced Parole or an EAD). I am attaching a copy of the new immigration status/benefit to this form.

► I hereby request the Office of International Student Services (OISS) to terminate my F-1 immigration status in the Student Exchange Visitor Information System (SEVIS). I understand that once this request form is submitted to the OISS, my I-20 will become invalid and I will not be able to reenter the United States in F-1 student status with the I-20. I also understand that I must depart the United States within 15 days after my F-1 status and SEVIS record are terminated. Finally, I understand that I will not be able to apply for Optional Practical Training (OPT) work authorization, which is a benefit of the F-1 student status.

Additionally, I understand that if I wish to continue my enrollment here at Regent as an on-campus student in an immigration status that permits “incidental” study (H-1B, L-1, TN, etc.), I must submit a letter from my employer/sponsor which indicates that I will be maintaining that status for the duration of my studies at Regent and that the studies are considered “incidental” by the employer/sponsor.
